The Legislature finds and declares that: continuing care retirement communities are becoming an important and increasingly preferred alternative for the long-term residential, social and health care needs of New Jersey’s senior citizens; because senior citizens often expend a significant portion of their savings in order to purchase care in the retirement community and thereby expect to receive care at the retirement community for the rest of their lives, tragic consequences can result to senior citizens when a continuing care provider becomes insolvent or unable to provide responsible care; and there is a need for full disclosure concerning the terms of agreements made between prospective residents and the continuing care providers and the operations of the providers; therefore, it is the policy of this State that providers of continuing care shall register with and be monitored by the State Department of Community Affairs.

a. “Application fee” means the fee an individual is charged, in addition to an entrance fee or any other fee, to cover the provider’s reasonable cost for processing the individual’s application to become a resident at the facility. A reasonable application fee shall be established pursuant to regulations adopted by the department.

b. “Commissioner” means the Commissioner of Community Affairs.

c. “Continuing care” means the provision of lodging and nursing, medical, or other health related services at the same or another location to an individual pursuant to an agreement effective for the life of the individual or for a period greater than one year, including mutually terminable contracts, and in consideration of the payment of an entrance fee with or without other periodic charges. A fee which is less than the sum of the regular periodic charges for one year of residency is not considered an entrance fee for the purposes of this act. A transfer of a sum of money or other property, by or on behalf of a resident, to a trust account which is managed by the facility or an independent trustee for the benefit of the resident is not considered an entrance fee for the purposes of this act if the transfer is not a condition of admission or of continued stay, and the principal amount and any interest thereon are the exclusive and sole property of the resident or the individual acting on behalf of the resident.

f. “Facility” means the place or places in which a person undertakes to provide continuing care to an individual.

§ 52:27D-339. Liquid reserves

a. Each provider shall establish and maintain liquid reserves in an amount equal to or exceeding the greater of:

(1) The total of all principal and interest payments due during the next 12 months on account of any mortgage loan or other long-term financing of the facility; or

a. The commissioner may require a provider to establish and maintain in escrow, on a current basis with a bank, trust company or other escrow agent approved by the department, a portion of all entrance fees received by the provider in an aggregate amount not to exceed the total of all principal and interest payments due during the next 12 months on account of any first mortgage loan or other long-term financing of the facility. The provider may invest the funds in the escrow account, with the earnings thereon payable to the provider. If the provider so requests in writing, the escrow agent shall release up to 1/12 of the original principal balance of the escrow account. The escrow agent shall not so release funds more than once during any calendar month, and then only after the escrow agent has given written notice to the commissioner at least 10 days prior to the release. b. This section is applicable only when the commissioner has cause to believe that additional protection is necessary to secure the provider's performance of the terms of all resident agreements.

§ 52:27D-341. Filing of lien

Prior to the issuance of a certificate of authority pursuant to this act, or at any other time the commissioner determines it is in the best interest of residents of a facility, the commissioner may file a lien on the real and personal property of the provider or facility to secure the obligations of the provider pursuant to existing and future contracts for continuing care. A lien filed under this section is effective for a period of 10 days following its filing and may be extended by the commissioner, if the commissioner finds that the extension is advisable for the protection of residents of the facility.

The commissioner may foreclose on the lien upon the liquidation of the facility or the insolvency or bankruptcy of the provider. In this event, the commissioner shall use the proceeds thereof for full or partial satisfaction of obligations of the provider pursuant to contracts for continuing care in effect at that time.

The lien provided for in this section is subordinate to the lien of any first mortgage on the real property of the facility, and if the commissioner determines and so states in writing that it is advisable for the efficient operation of the facility, the lien may be subordinated to the claims of other persons.

History

§ 52:27D-342. Release from escrow

The commissioner shall require a provider to establish an interest bearing escrow account with a bank, trust company or other escrow agent approved by the commissioner, as a condition of issuing a certificate of authority. The provider shall place in the escrow account any entrance fees or payments in excess of 5% of the then existing entrance fee for the living unit that are received by the provider prior to the date the resident is permitted to occupy the living unit in the facility. The fees or payments are subject to release from the escrow account in the following manner:

a. If the entrance fee gives the resident the right to occupy a living unit which has been previously occupied, the entrance fee and any interest earned thereon shall be released to the provider when the living unit becomes available for occupancy by the new resident.

b. If the entrance fee applies to a living unit which has not been previously occupied, the entrance fee and any interest earned thereon shall be released to the provider when the commissioner is satisfied that:

(1) Aggregate entrance fees received or receivable by the provider pursuant to executed continuing care agreements equal at least 50% of the sum of the entrance fees due at full occupancy of the portion of the facility under construction, except that entrance fees receivable pursuant to an agreement shall be counted only if the facility has received a deposit of 35% or more of the entrance fee due from the individual signing the contract;

(2) The aggregate entrance fees received or receivable pursuant to the preceding paragraph plus anticipated proceeds of any first mortgage loan or other long-term financing commitment and funds from other sources in the actual possession of the provider are equal to at least 50% of the aggregate cost of constructing or purchasing, equipping and furnishing the facility plus at least 50% of the funds necessary to fund start-up losses as estimated by the provider in the statement of anticipated source and application of funds submitted pursuant to subsection j. of section 7 of this act; and

(3) The provider has received a preliminary commitment for any permanent mortgage loan or other long-term financing described pursuant to subsection j. of section 7 of this act and any conditions of the commitment prior to disbursement of funds thereunder, other than completion of the construction or closing of the purchase of the facility, are substantially satisfied.

c. If the funds in the escrow account established pursuant to this section and any interest earned thereon are not released within 36 months, or a greater time if so specified by the provider with the consent of the commissioner, the escrow agent shall return the funds to the individuals who made payments to the provider.

d. Nothing in this section shall require the provider to place any nonrefundable application fees charged to prospective residents in escrow.
e. In lieu of any escrow required pursuant to this section, a provider is entitled to post a letter of credit from a financial institution, negotiable securities or a bond by a surety authorized to do business in this State, in a form approved by the commissioner and in an amount not to exceed the amount required by paragraph (1) of subsection b. of this section. The provider shall execute the letter of credit, negotiable securities or bond in favor of the commissioner on behalf of individuals who are entitled to a refund of entrance fees from the provider.

f. A provider may apply to the commissioner for a waiver of the applicable escrow requirements of this section when a provider constructs additional living units in an amount that does not exceed 10% of the facility’s existing living units for continuing care residents.

The provider shall apply for the waiver in writing to the commissioner. The commissioner may grant the waiver, which may be effective for a period of one year or longer, at the discretion of the commissioner, if the construction of additional units meets the requirements of this subsection.

g. Upon receipt of a notice from the provider that an individual is entitled to a refund of an entrance fee, the escrow agent shall return the funds held in the escrow account to the individual.

(2) A statement on a form provided by the commissioner specifying all services which are to be provided to the resident by the provider, including, in detail, all items which the resident will receive, such as food, shelter, nursing care, pharmaceuticals and burial, and whether the items will be provided for a designated period of time or for life;

(3) A description of the health and financial conditions upon which the provider may have the resident relinquish his space in the designated facility;

(4) A description of the health and financial conditions required for a person to continue as a resident;

(5) A description of the circumstances under which the resident shall be permitted to remain in the facility in the event of financial difficulties of the resident. The stated policy may not be less than the terms stated in subsection e. of this section;

(6) A statement of the fees that will be charged if the resident marries a person who is not a resident of the facility, the terms concerning the entry of a spouse into the facility and the consequences if the spouse does not meet the requirements for entry;

(7) A statement providing that the agreement may be canceled upon giving at least 60 days' notice by the provider or the resident, except that if an agreement is canceled by the provider because there has been a good faith determination in writing, signed by the medical director and the administrator of the facility, that a resident is a danger to himself or others, only notice that is reasonable under the circumstances is required;

(8) A statement providing in clear and understandable language, in print no smaller than the largest type used in the body of the agreement, the terms governing the refund of any portion of the entrance fee;

(9) A statement of the terms under which an agreement is canceled by the death of the resident, which statement may contain a provision stating that upon the death of the resident the moneys paid for the continuing care of the resident shall be considered earned and become the property of the provider; and

(10) A statement providing for at least 30 days' advance notice to the resident before any change in fees or changes in the scope of care or services are effective, except for changes required by State or federal assistance programs.
A resident has the right to rescind a continuing care agreement without penalty or forfeiture, except those costs specifically incurred by the facility at the request of the resident and set forth in writing in a separate addendum signed by both parties to the agreement, within 30 days after making an initial deposit or executing the agreement. A resident shall not be required to move into the facility designated in the agreement before the expiration of the 30 day period.

c. If a resident dies before the occupancy date, or through illness, injury or incapacity is precluded from becoming a resident under the terms of the continuing care agreement, the agreement shall be automatically rescinded and the resident or the resident’s legal representative shall receive a full refund of all moneys paid to the facility, except those costs specifically incurred by the facility at the request of the resident and set forth in writing in a separate addendum signed by both parties to the agreement.

d. No agreement for care shall permit dismissal or discharge of the resident from the facility prior to the expiration of the agreement without just cause for the removal. For the purposes of this act, “just cause” means but is not limited to a good faith determination in writing, signed by the medical director and the administrator of the facility, that a resident is a danger to himself or others while remaining in the facility. The written determination shall state: (1) that the determination is made in good faith; (2) the reasons supporting the determination that the resident is a danger to himself or others; (3) the basis for the conclusion that there is no less restrictive alternative to dismissal, discharge or cancellation, as the case may be, for abating the dangerousness of the resident; and (4) the basis for the conclusion that the danger is such that a notice period of less than 60 days is appropriate.

If a facility dismisses a resident for just cause, the resident shall be entitled to a refund of his unearned entrance fee, if any, in the same manner as provided in subsection e. of this section. A resident may request a hearing to contest a facility’s decision to dismiss or discharge the resident. The hearing shall be held pursuant to the “Administrative Procedure Act,” P.L. 1968, c. 410 (C. 52:14B-1 et seq.).

e. It shall not be deemed just cause if the resident is unable to pay monthly maintenance fees until the entire unearned entrance fee plus, where applicable, any third-party insurance benefits received, are earned by the facility. For the purpose of this subsection, the unearned portion shall be the difference between the entrance fee paid by, or on behalf of, the resident and the cost of caring for the resident based upon the per capita cost to the facility. In lieu of calculating the actual per capita cost of caring for a resident, a facility may provide, in the agreement for continuing care, that the per capita cost of caring for the resident shall be calculated as follows:

   1) No more than 2% of the entrance fee for each month the resident occupies, or is entitled to occupy, a bed in the residential unit of the facility;

   2) No more than 4% of the entrance fee for each month the resident occupies, or is entitled to occupy, a bed in the nursing unit of the facility; and

   3) No more than 10% of the entrance fee as a one-time charge for processing and refurbishment.

   If these entrance fees are exhausted within 90 days of the date of failure to pay, the facility may not require the resident to leave before 90 days from the date of failure to pay, during which time the resident shall continue to pay the facility a reduced fee based upon the resident’s current income.

f. No act, agreement or statement of a resident or of an individual purchasing care for a resident under any agreement to furnish care to the resident shall constitute a valid waiver of any provision of this act intended for the benefit or protection of the resident or the individual purchasing care for the resident.

g. An agreement entered into prior to the effective date of this act or prior to the issuance of a certificate of authority to the provider is valid and binding upon both parties in accordance with the terms of the agreement.

h. The provider shall designate and make knowledgeable personnel available to prospective residents to answer questions about any information contained in the agreement for continuing care. The provider shall also advise prospective residents to seek the independent advice of an attorney or financial advisor of their choice concerning the agreement. The agreement shall state on the cover or top of the first page in bold print the following: “This matter involves a substantial financial investment and a legally binding contract. In evaluating
the disclosure statement and the contract prior to any commitment, it is recommended that you consult with an attorney and financial advisor of your choice, if you so elect, who can review these documents with you.”

Department of community affairs erred in issuing findings of fact, finding that a resident had violated the agreement for residence in a continuing care facility, because the findings of fact were issued as defined in N.J. Stat. Ann. § 52:27D-344d, when in reality, N.J. Stat. Ann. § 52:27D-344a(7) mandated that the resident was entitled to a hearing prior to the issuance of such findings. Seabrook Village v. § 52:27D-345. Residents’ organizations; quarterly meeting

a. Residents living in a facility which holds a certificate of authority issued pursuant to this act [C.52:27D-330 et seq.] have the right of self-organization. No retaliatory conduct shall be permitted against a resident for organization or membership or participation in a residents’ organization; for the resident’s lawful efforts to secure or enforce his rights under the continuing care agreement, the laws of the State of New Jersey or its governmental subdivisions, or of the United States; or for the resident’s good faith complaint to a governmental authority of the provider’s alleged violation of any health or safety law, regulation, code or ordinance or State law or regulation which has as its objective the regulation of the facility or the delivery of health care services.

b. The board of directors or other governing body, or a designated representative who is not the chief executive officer or other staff member, of a continuing care facility shall hold quarterly meetings with the residents or their elected representatives of the facility, for the purpose of free discussion of subjects which may include income, expenditures and financial matters as they apply to the facility and proposed changes in policies, programs and services. Any questions on these subjects may be raised at each quarterly meeting, except for confidential personnel matters, and shall be answered or explained promptly when possible, or within a reasonable period of time. Residents shall be given at least seven days’ notice of each quarterly meeting.

c. The provider shall designate and make knowledgeable personnel available to address resident complaints about the operation and management of the facility.

d. The board of directors or other governing body of a facility shall consult and discuss with the representatives of the residents any proposed action that might significantly affect the well-being of the residents or the financial stability of the facility, before taking the proposed action.

e. The board of directors or other governing body of a facility shall include at least one resident as a full voting member of the board or body. Resident members shall be nominated by the elected representatives of the residents and selected by the board of directors or other governing body. If the board of directors or other governing body governs more than one facility, the occupancy of each seat on that body that is reserved for a resident member shall rotate among the facilities governed by that body on a term-by-term basis.

§ 52:27D-346. Bankruptcy proceedings

a. The commissioner may apply to a court of competent jurisdiction or to the federal bankruptcy court, if that court had previously taken jurisdiction over the provider or facility, for an order authorizing the commissioner to appoint a trustee to rehabilitate or to liquidate the facility if, after notice and hearing pursuant to the “Administrative Procedure Act,” P.L. 1968, c. 410 (C. 52:14B-1 et seq.), the commissioner determines that:

   (1) A portion of a provider’s reserve fund escrow as required pursuant to this act has been or is proposed to be released;

   (2) A provider is or will be unable to meet the pro forma income or cash flow projections filed pursuant to section 7 of this act, except in a manner that may endanger the ability of the provider to fully meet its continuing care contract obligations;

   (3) A provider has failed to maintain the reserves required under this act; or

   (4) A provider is bankrupt or insolvent, or in imminent danger of becoming bankrupt or insolvent.

b. An order to rehabilitate a facility shall direct the commissioner or trustee to take possession of the property of the provider and to conduct the business thereof, including the employment of managers or agents that the commissioner or trustee deems necessary and to take those steps the court directs toward removal of the causes and conditions which have made rehabilitation necessary.

c. If the court finds, upon petition of the commissioner, trustee or provider, or on its own motion, that the objectives of an order to rehabilitate a facility have been accomplished and that the facility may be returned to the provider’s management without further jeopardy to the residents, creditors and owners of the facility, and to the public, the court may, upon a full report and accounting of the conduct of the facility’s affairs during the rehabilitation and the facility’s current financial condition, terminate the rehabilitation and order return of the facility and its assets and affairs to the provider’s management.

d. If the commissioner determines that further efforts to rehabilitate the provider would be useless, the commissioner may apply to the court for an order of liquidation.

e. The court may issue an order of liquidation upon application to the commissioner, whether or not a prior order to rehabilitate the facility had been issued. The order shall act as a revocation of the certificate of authority issued to the facility pursuant to this act. The order shall direct the commissioner or a trustee to marshal and liquidate all of the provider’s assets located within the State.

f. In applying for an order to rehabilitate or liquidate a facility, the commissioner shall give due consideration in the application to the manner in which the welfare of persons who have previously contracted with the provider for continuing care may be best served.

   In furtherance of this objective, the proceeds of any lien obtained by the commissioner pursuant to this act may be:
(1) Used in full or partial payment of entrance fees;
(2) Used on behalf of residents of a facility that is being liquidated; or
(3) Paid, on behalf of those persons, to other facilities operated by providers who hold a certificate of authority issued pursuant to this act.

g. The court shall refuse or vacate an order for rehabilitation if the provider posts a bond by a surety authorized to do business in this State and executed in favor of the commissioner on behalf of persons who may be found entitled to a refund of entrance fees from the provider or other damages in the event the provider is unable to fulfill the terms of its contracts to provide continuing care at the facility. The amount of the bond shall be equal to the reserve funding which would otherwise need to be available to fulfill the provider’s obligations, as determined by the court.

h. The commissioner or his designee shall attempt to keep residents of the community informed about his actions to rehabilitate or liquidate the facility and, when appropriate, the commissioner or his designee shall meet with residents of the facility.

§ 52:27D-347. Liability for damages

a. A provider or person acting on behalf of the provider is liable to the person who contracts for the continuing care for damages, including repayment of all fees paid to the provider, facility or person who violates this act plus interest thereon at the legal rate, court costs and reasonable attorney’s fees, if the provider or person acting on behalf of the provider:

   (1) Enters into a contract for continuing care at a facility which does not have a certificate of authority issued pursuant to this act;
   (2) Enters into a contract for continuing care at a facility without having first delivered a disclosure statement to a person contracting for continuing care pursuant to this act; or
   (3) Enters into a contract for continuing care at a facility with a person who has relied on a disclosure statement which omits a material fact required to be stated therein pursuant to this act.

The reasonable value of care and lodging provided to the resident by or on whose behalf the contract for continuing care was entered into prior to discovery of the violation, misstatement or omission or the time the violation, misstatement or omission should reasonably have been discovered shall be deducted from the amount of repayment due the person.

b. A provider is liable under this section whether or not the provider has actual knowledge of the violation, misstatement or omission. A person acting on behalf of the provider is liable under this section only if the person has actual knowledge of the violation, misstatement or omission.

c. A person may not file or maintain an action under this section if before filing the action, the person received an offer to refund all amounts paid to the provider, facility or person violating this act plus interest from the date of payment, less the reasonable value of care and lodging provided prior to receipt of the offer, and the person failed to accept the offer within 30 days of its receipt. At the time a provider makes a written offer of rescission, the provider shall file a copy with the commissioner and obtain the approval of the commissioner for the offer. The offer shall be written in clear and understandable language and shall explain the limitation on court action provided pursuant to this subsection. Subject to the provisions of this subsection, nothing in this act shall prohibit any person from seeking injunctive or other relief from the provider in a court of law or equity in this State.

d. A person shall not institute an action to enforce a liability created under this act more than six years after the violation is discovered or could have been discovered in the exercise of due diligence.

e. Except as expressly provided in this act, civil liability in favor of a private party shall not arise against a person by implication from or as a result of the violation of this act or an order issued pursuant to this act. This act shall not limit a liability which may exist by virtue of any other law if this act were not in effect.
L. 1986, c. 103, 18.
§ 52:27D-348. Investigatory powers

a. The commissioner or his designee may, as often as he reasonably deems necessary, conduct an investigation to determine whether any person has violated or is about to violate any provision of this act or to aid in the enforcement of this act or in the prescribing of rules and forms hereunder.

b. For the purpose of any investigation or proceeding under this act, the commissioner or his designee may administer oaths and affirmations, subpoena witnesses, compel their attendance, take evidence and require the production of any books, papers, correspondence, memoranda, agreements or other documents or records which the commissioner deems relevant or material to the inquiry.

§ 52:27D-351. Violations, enforcement; penalties

(a) If the commissioner determines or has cause to believe that a person has engaged in any act or practice which constitutes a violation of P.L.1986, c.103 (C.52:27D-330 et seq.) or P.L.2013, c.167 (C.52:27D-360.1 et al.), the commissioner may take any or all of the following actions, as appropriate:

(1) Issue a temporary cease and desist order upon the determination by the commissioner in writing, and based upon a finding of fact that the public interest will be irreparably harmed by delay in issuing an order, including therein a provision that, upon written request made within five business days following issuance of the order, a hearing will be held within 10 days of that request to determine whether or not the temporary cease and desist order shall become permanent. A copy of any temporary or permanent cease and desist order shall be sent to the person by certified mail;

(2) Bring an action in the Superior Court to enjoin the act or practice and to enforce compliance with P.L.1986, c.103 (C.52:27D-330 et seq.) and P.L.2013, c.167 (C.52:27D-360.1 et al.) if it appears that a person has engaged or is about to engage in an act or practice constituting a violation of a provision of P.L.1986, c.103 (C.52:27D-330 et seq.) or P.L.2013, c.167 (C.52:27D-360.1 et al.), or a rule or order of the department. Upon a proper showing, the court may grant a permanent or temporary injunction, restraining order, or writ of mandamus and may appoint a receiver or conservator for the defendant or the defendant’s assets. The commissioner shall not be required to post a bond; or

(3) Levy and collect civil penalties in the amount of not less than $250, and not more than $50,000, for each violation of P.L.1986, c.103 (C.52:27D-330 et seq.) or P.L.2013, c.167 (C.52:27D-360.1 et al.), or any rule adopted pursuant thereto or order issued thereunder, and compromise and settle any claim for a penalty in such amount in the discretion of the commissioner as may appear appropriate and equitable under the circumstances of the violation. Each day during which a violation continues after the effective date of a notice to terminate issued by the commissioner shall constitute an additional, separate, and distinct violation. If an administrative order levying a civil penalty is not satisfied within 30 days of its issuance, the commissioner may sue for and recover the penalty with costs in a summary proceeding under the “Penalty Enforcement Law of 1999,” P.L.1999, c.274 (C.2A:58-10 et seq.) in the Superior Court.

(a) Except as set forth in subparagraph (b) of this paragraph, the initial penalty levied for any violation shall not exceed $250 per violation, or $250 per unit in the case of any violation of department rules for facility certification, and a subsequent penalty for the same act or omission shall not exceed 10 times the amount of the last previous penalty or the statutory maximum, whichever is less.

(b) The limitations set forth in subparagraph (a) of this paragraph shall not apply to any violation involving either dishonesty in dealings with residents or prospective residents, or willful disregard of the rights of residents.
N.J. Stat. § 52:27D-351

b. For the purposes of actions that the commissioner may take under subsection a. of this section, the following shall have the same effect as a violation of P.L.1986, c.103 (C.52:27D-330 et seq.) or sections 1 through 7 of P.L.2013, c.167 (C.52:27D-360.1 et seq.):

(1) Directly, or through an agent or employee, knowingly engaging in false, deceptive, or misleading advertising, promotional, or sales methods to offer or dispose of a unit;

(2) Making any material change in the plan of disposition of the continuing care retirement community subsequent to the certificate of authority without obtaining prior approval from the department;

(3) Disposing of any unit, which is capable of being certified, or interest in a continuing care retirement community which has not been certified with the department; and

(4) Violating any lawful order or rule of the department.

c. The commissioner shall promulgate regulations pursuant to the “Administrative Procedure Act,” P.L.1968, c.410 (C.52:14B-1 et seq.), regarding the implementation of this section.

§ 52:27D-360.3 Rights of residents of community

a. Unless a resident has violated the continuing care agreement or facility rules, or the facility has cancelled the agreement with sufficient notice and cause, or if the facility for sound business reasons decides to raze or to otherwise cease operating the structure, or the part of it, in which the resident’s unit is located, a resident may occupy the resident’s chosen unit for as long as the resident can function independently, with or without the assistance of an aide or aides. Any determination that the resident can no longer function independently, with or without the assistance of an aide or aides, shall be made by the director of medical services of the facility and be subject to the requirements of section 4 of P.L.2013, c.167 (C.52:27D-360.4), and the facility shall notify the resident in writing of any right that the resident may have to appeal that determination.

b. Each resident shall have privacy within their unit, except that personnel must be admitted for contracted services or to respond to an emergency or complaint.

c. Any resident may serve or participate in a local, State, or national residents’ association, or other similar organization without discrimination or reprisal.

d. Each resident shall retain and be able to exercise all constitutional, civil, and other rights to which they are entitled by law.

e. Each resident shall be treated with respect, courtesy, consideration, and dignity.

f. Any resident or legal representative of the resident may refuse medication or treatment after being fully informed of the possible benefits or risks.

g. Each resident has the right to express complaints without fear of interference, discharge, or reprisal, and the right to contact the Office of the Ombudsman for the Institutionalized Elderly, or any advocate or agency which provides health, social, legal, or other services to advocate on behalf of residents if the resident feels that their rights are being violated.

h. Each resident has the right to expect the facility to promptly investigate and try to resolve all concerns the resident expresses. A record shall be kept of all written complaints made to the facility’s senior management concerning residents’ rights. This record shall be available to only the particular resident or the resident’s legal representative, immediate family members, the residents’ physicians, and agents of the State of New Jersey. Each resident may file a complaint with an appropriate agency, including the appropriate State office, without fear of reprisal from the facility.

i. The facility shall not modify or reduce the scope of provided services, with the exception of modifications required by State or federal assistance programs, without providing the residents with a minimum of 30-days’ prior notice of the modification or reduction. All services to be provided shall be listed in a form designated by the department pursuant to N.J.A.C.5:19-6.4(a)(2).

j. Each resident is entitled to 30-days’ advance written notice prior to the increase of any fees.

k. A resident may choose any outside physician as their primary care physician.
A resident may hire a private caregiver or companion at the resident’s own expense and responsibility, as long as the caregiver or companion complies with the facility’s policies and procedures.

Each resident is entitled to view or receive a copy of their own medical record, free of charge.

Each resident may participate personally, or through a legal representative, in all decisions regarding their own health care.

Each resident or legal representative of the resident shall receive, upon request, a complete explanation of their medical condition, any recommended treatment, and the possible benefits or risks involved.

A resident may appoint a legal representative with a durable power of attorney to handle financial matters if the resident is unable to do so.

Pursuant to section 4 of the “New Jersey Advance Directives for Health Care Act,” P.L.1991, c.201 (C.26:2H-56), a resident may execute an advance directive concerning the use of life-sustaining treatment, and may appoint a legal representative with a durable power of attorney to act on behalf of the resident with regard to health care decisions. The resident has the right to expect that the provisions of the advance directive will be executed to the fullest extent possible.

Each resident shall receive every service, as contracted in the continuing care agreement that was executed upon the resident’s admission, unless waived in writing by the resident, with the exception of changes required by State or federal law or permitted in the continuing care agreement.

A resident shall have the right to receive guests and visitors at the facility, and the right to allow guests to stay for a reasonable temporary period of time in a guest apartment or unit in the facility, subject to reasonable policies and procedures of the facility.

A resident may leave and return to the resident’s independent living unit at will, provided the resident informs the facility if the resident will be temporarily absent overnight, or for a longer period of time. The facility shall notify residents in writing as to whether they will be charged a per diem fee during any such time that they are absent from the facility.

A resident has the right to refuse to perform work or services for the facility without coercion, discrimination, or reprisal by the facility.

A resident who is insured by a health maintenance organization has the right to be referred by their primary care physician to the nursing care unit that is part of the resident’s facility instead of any other unit, provided that the unit has the capacity to provide the services needed and that it is in the best interests of the resident, and further provided that the facility accepts the applicable reimbursement rate. This right also applies to any resident being discharged from a hospital or similar facility.

b. Each resident shall have the right to receive a copy of the facility’s annual disclosure statement, including certified financial statements, once they have been filed with the department.

c. A resident who is experiencing financial difficulties may thoroughly investigate with the facility any financial assistance which may be available to allow the resident to remain at the facility. The facility shall provide sustaining charitable assistance, unless the facility can demonstrate that:

   (1) providing this assistance would adversely affect the financial health of the facility;

   (2) the resident has violated the terms of the continuing care agreement or providing this assistance would violate the terms of the continuing care agreement; or

   (3) providing this assistance would cause the facility to violate a covenant in a loan agreement.

§ 52:27D-360.7. Cancellation of agreement, returning of refundable entrance fee limited, disposition of personal property

a. (1) A resident may, upon 60-days' written notice of the intent to vacate, cancel the continuing care agreement for any reason.

(2) Upon vacating the unit, a resident or resident’s estate cancelling a continuing care agreement also shall provide written notice to the owner or manager of that facility that the unit is vacated. The notice shall declare that all personal property of the resident or estate thereof has been removed.

(3) After a unit is vacated, the facility may restore the unit to its original condition. The facility may remove any personal property of the prior resident that remains in the unit beginning on the twenty-first day following the date upon which notice of vacancy was received.

(4) In the case of a continuing care agreement that provides for a refundable entrance fee, the facility shall assign the vacated unit a sequential refund number among all the available units with refundable entrance fees once the unit is restored pursuant to paragraph (3) of this subsection, but not later than 60 days after the date that all the conditions for issuing a sequential refund number, as provided in the continuing care agreement, are fulfilled.

b. Upon cancellation of the continuing care agreement by either the resident or the facility, the resident shall have the right to receive a refund of the amount of any entrance fee as provided in the continuing care agreement. The amount of the entrance fee shall be set forth in a clear and conspicuous manner in the continuing care agreement.

c. A resident shall be provided at least 60-days’ written notice from the facility if the resident’s continuing care agreement is being cancelled due to a violation of the facility’s rules or regulations. Notification may be waived if the facility can demonstrate just cause for terminating the continuing care agreement in accordance with N.J.A.C.5:19-6.5(c). The resident may challenge the facility’s notice of continuing care agreement cancellation by requesting a hearing in the same manner as for a hearing in a contested case pursuant to section 9 of P.L. 1968, c.410 (C.52:14B-9).

d. In a continuing care agreement that provides for a refundable entrance fee, when a resident permanently vacates the facility, or, in the case of two residents occupying the same residence, when both vacate at the same time, the facility shall provide to the resident or residents or the legal representative of the resident’s estate, whichever is applicable, a refund of the refundable entrance fee amount without interest, as set forth in the agreement. Any unpaid fees or charges incurred by the resident including unpaid monthly service fees, as well as the amount of any charitable assistance that the facility has provided to the resident, may also be deducted from the remaining balance of the refund of the entrance fee. Any balance to the resident shall be payable based upon the order of the sequential refund number assigned to a unit pursuant to paragraph (4) of
subsection a. of this section and the availability of funds from the proceeds of the resale of all vacated units with refundable entrance fees.

e. When an entrance fee deposit is refundable, it shall be paid to either the resident, the resident’s named beneficiary, or the legal representative of the resident’s estate, whichever is applicable. A resident shall have the right to change, in writing, the named beneficiary for the entrance fee refund at any time.

f. Notwithstanding the provisions of subsection d. of this section to the contrary, a facility may apply to the Commissioner of Community Affairs for approval to implement an alternative methodology for making refund payments of refundable entrance fees, which approval shall not be granted unless the facility can demonstrate that the use of the alternative methodology is resident-focused and provides for a more equitable and timely payment of refundable entrance fees.
