PROGRAM OVERVIEW

The Department of Community Affairs (DCA) is dedicated to helping local governments improve the quality of life in every one of the State's 564 municipalities. Through a variety of programs, DCA's Division of Local Government Services (DLGS) works with counties and municipalities to streamline government operations and reduce costs and property taxes.

In 2018, Governor Phil Murphy launched the Shared Services Program with the appointment of two "Czars," former mayors Nicolas Platt and Jordan Glatt, to promote shared services throughout the State.

In 2019, DLGS established the Local Assistance Bureau (LAB) to provide direct support to local government entities in a variety of ways. This includes a key collaboration with the Czars and local governments to identify and implement shared services opportunities across the state.

The Local Efficiency Achievement Program (LEAP) is a natural extension of this mission.

Sharing services offers numerous benefits for participating communities. It reduces costs, delivers municipal services in a more efficient manner, and generates increased value for each dollar spent while ensuring local government entities remain responsible stewards of the public trust.

The LEAP affords an unprecedented opportunity to partner with the DLGS to incentivize shared services implementation across New Jersey's local government entities, advancing the mission of the Shared Services Program. The LEAP facilitates exploring and establishing shared services. The LEAP provides counties, municipalities, school districts, authorities, and fire districts assistance for the study or implementation of promising shared services projects undertaken pursuant to the Uniform Shared Service and Consolidation Act. The program is available to all New Jersey local government entities.

The LEAP is comprised of three primary components: Challenge Grants, Implementation Grants, and County Coordinator Fellowship Grants.

DLGS is responsible for administering the LEAP. Eligible entities are invited to apply for grant funds under each of the LEAP Grants. All information needed to apply is contained in these guidelines and the application package.

LEAP County Coordinator Fellowship Grants allocate up to \$75,000 to each county for the purpose of hiring a new employee or designating an existing employee (in good standing), to act as a county coordinator fellow. The fellow will work with the county and each local government entity within the county or any entity with whom they may be able to share services to identify and advance shared service opportunities. For those counties already employing or engaging coordinators, this grant is still available to supplement the coordinator function.

The guidelines and funding levels will be reviewed annually and are subject to change with each funding cycle. Additionally, DCA reserves the right, in its sole discretion, to adjust the amount awarded under the LEAP County Coordinator Fellowship Grant by the amount of unexpended

funds available in other LEAP Grants or transfer unexpended County Coordinator Fellowship Grant funds to other LEAP Grants.

ELIGIBLE APPLICANTS

New Jersey counties are eligible to receive LEAP County Coordinator Fellowship Grant funding.

FUNDING AVAILABLE

Funding for the LEAP County Coordinator Fellowship Grant originates from \$10 million appropriated through the state budget, P.L. 2022 c. 49, for Shared Services and School District Consolidation Study and Implementation Grants from the Property Tax Relief Fund.

Each county is invited to apply for up to \$75,000 in grant monies to offset the direct salary costs related to the appointment of a shared services coordinator fellow who may be an existing employee, or newly hired, and who is dedicated to shared service initiatives. The fellow shall be a full-time employee whose employment may be dedicated to full-time or part-time shared service initiatives. A county with a full-time employee dedicated solely to shared service initiatives shall receive up to \$75,000 in grant funding. A county with a full-time employee dedicated to shared service initiatives at least 20 hours per week, on average, shall receive up to \$37,500 in grant funding. Renewal of the LEAP County Coordinator Fellowship Grant in future budget years is subject to available appropriations.
