CERTIFICATION OF COMPLETION OF AFFIRMATIVE FAIR HOUSING MARKETING

(to be completed at placed in service for projects over 25 units)

The NJHMFA Low Income Housing Tax Credit Qualified Allocation Plan requires owners of all projects over 25 units to affirmatively market their tax credit properties. In addition, the owner had to submit an Affirmative Fair Housing Marketing Plan at the time of initial application for tax credits. Before the Agency will issue the 8609(s) for this project, both the owner and rental agent must certify that the project was in fact affirmatively marketed to those least likely to apply. Attach copies of the actual marketing efforts (i.e. newspaper advertisement(s) that were printed and identify the newspapers in which the ads were run).
