SHEILA Y. OLIVER  
Lt. Governor

## CERTIFICATION OF THE MAY 17, 2018 AMENDMENT TO THE CAMDEN COUNTY DISTRICT SOLID WASTE MANAGEMENT PLAN

### BY ORDER OF THE COMMISSIONER:

#### A. Introduction

The New Jersey Solid Waste Management Act (N.J.S.A. 13:1E-1 et seq.) established a comprehensive system for the management of solid waste in New Jersey. The Act designated all twenty-one (21) of the State's counties, and the Hackensack Meadowlands District, as Solid Waste Management Districts, and mandated that the Boards of Chosen Freeholders and the Hackensack Meadowlands Development Commission (previously known as the New Jersey Meadowlands Commission, and now known as New Jersey Sports & Exposition Authority or NJSEA) develop comprehensive plans for waste management in their respective districts. On July 17, 1980, the Department of Environmental Protection (Department or DEP) approved the Camden County District Solid Waste Management Plan (County Plan).

The Act further provides that a District may review its County Plan at any time and, if found inadequate, a new County Plan must be adopted. The Camden County Board of Chosen Freeholders (County Freeholders) completed such a review and on May 17, 2018 adopted an Amendment to its approved County Plan.

The May 17, 2018 Amendment (Amendment) proposes County Plan inclusion of the Heritage Crystal-Clean LLC Class D Recycling Facility (HCC) to be located at 1005 Sherman Avenue, Block 1102, Lot 9, in Pennsauken Township to receive, store and transfer up to 500 tons per day of used oil, oily water, used anti-freeze, and Universal waste (specifically spent mercury lamps and devices, and used batteries).

The Amendment was considered complete for review by the Department on June 18, 2018 and copies were distributed to various administrative review agencies for review and comment, as required by law. The Department has reviewed this Amendment and has determined that the Amendment adopted by the County Freeholders on May 17, 2018 is approved as provided in N.J.S.A. 13:1E-24.

**B. Findings and Conclusions with Respect to the Camden County District Solid Waste Management Plan Amendment**

Pursuant to N.J.S.A. 13:1E-24a(1), I have studied and reviewed the May 17, 2018 amendment to the County Plan according to the objectives, criteria, and standards developed in the Statewide Solid Waste Management Plan and I find and conclude that the Amendment proposing inclusion of the HCC is consistent with the Statewide Solid Waste Management Plan. In this regard, the County Freeholders are notified of the elements of the May 17, 2018 Amendment which are included below.

**Elements of the May 17, 2018 Amendment**

**Element: Facility Operations**

The Amendment to the County Plan proposes County Plan inclusion of the HCC to be located at 1005 Sherman Avenue, Block 1102, Lot 9, in Pennsauken Township to receive, store and transfer up to 500 tons per day of used oil, oily water, used anti-freeze, and Universal waste (specifically spent mercury lamps and devices, and used batteries). HCC anticipates that some non-hazardous waste streams including, but not limited to, oily rags, absorbents, oil filters, and other non-hazardous wastes will be bulked at this facility from drums to roll-offs to improve processing efficiency. While not subject to Class D recycling facility permitting, the facility will also receive spent/used aqueous-based cleaners or naphtha-based solvents from HCC customers that use HCC supplied parts washing machines.

HCC parts cleaning solvents will be bulked from drums to tank or railcar for transport. The facility will serve as a consolidation hub for HCC for "drummed waste" which is received from various HCC branches and subsequently sent to downstream treatment, storage, and disposal facilities located outside the State of New Jersey.

The HCC facility will operate from 6:30 a.m. to 3:00 p.m. Monday through Friday and will accept up to 500 tons/day with an average of 8-10 inbound and outbound trucks/day and a maximum of 40 to 60 trucks per day. Bulk products including used oil, used antifreeze, and solvents will be shipped out using 2-3 railcars/week.

**Element: Regulatory Requirements**

The owner or operator of a used oil recycling facility must obtain a Class D Recycling Center General Approval prior to commencement of regulated recycling activities and shall also follow all pertinent regulations found at N.J.A.C. 7:26A-3.1 et seq. and the design and operational standards at N.J.A.C. 7:26A-4.1.

Recycling centers are subject to the provisions of N.J.A.C. 7:27-5, "Prohibition of Air Pollution." This regulation prohibits the release of odors and other air contaminants which interfere with the enjoyment of life and property. In addition, the owner or operator of a recycling center may require an air quality preconstruction permit and operating certificate in accordance with N.J.A.C. 7:27-8.2(c) dependent upon the equipment and type of operations conducted at the Facility. Facilities operating diesel and gas vehicles are subject to the provisions of N.J.A.C. 7:27-14 and N.J.A.C. 7:27-15 requiring that vehicles comply with idling regulations.

Finally, if any operation of a recycling center will discharge pollutants as defined in N.J.A.C. 7:14A-1.2, the owner or operator of that recycling center must secure a New Jersey Pollutant Discharge Elimination System Permit and /or Treatment Works Approval for pollutant discharges prior to operation.

**C. Certification of the Camden County District Solid Waste Management Plan Amendment**

In accordance with N.J.S.A. 13:1E-1 et seq., specifically N.J.S.A. 13:1E-21, which establishes specific requirements regarding the contents of the district solid waste management plans, I have reviewed the May 17, 2018 Amendment to the approved County Plan and certify to the County Freeholders that the May 17, 2018 Amendment is approved as further specified below.

The County Plan inclusion of the HCC to be located at 1005 Sherman Avenue, Block 1102, Lot 9, in Pennsauken Township to accept up to 500 tons per day of used motor oil, used anti-freeze, and E-waste (electronics, mercury lamps & devices, and used batteries), is approved.

This Certification shall not be construed as an expression of the Department's intent to issue a recycling center approval to the owner or operator of any recycling center for used oil. A recycling center approval shall only be issued where the applicant has submitted an administratively complete application, as per N.J.A.C. 7:26A-3.5, where all the substantive criteria for approval set forth in N.J.A.C. 7:26A-3.2, 3.3, and 3.4 are satisfied, where a fee has been paid in accordance with N.J.A.C. 7:26A-2, and where none of the criteria for denial of a recycling center approval are met, as per N.J.A.C. 7:26A-3.12.

**D. Other Provisions Affecting the Plan Amendment**

**1. Compliance**

All owners and/or operators of recycling centers approved by the Department and operating within the District and affected by the amendment contained herein shall operate in compliance with this Amendment and all other approved provisions of the County Plan. Any recycling center owner and/or operator who fails to comply with the provisions contained herein shall be deemed to be in violation of N.J.S.A. 13:1E-1 et seq., in violation of N.J.A.C. 7:26A1 et seq., and in violation of their approval to operate a recycling center issued thereunder by the Department and shall be subject to the provisions and penalties of N.J.S.A. 13:1E-9 and 12, N.J.A.C. 7:26A-9.1 et seq., and all other applicable laws.

**2. Certification to Proceed with Implementation of Amendment**

This document shall serve as the Certification by the Commissioner of the Department to the County Freeholders and pursuant to N.J.S.A. 13:1E-24c and f., the County Freeholders shall proceed with the implementation of the approved components of the Amendment certified herein.

**3. Definitions**

For the purpose of this Amendment and unless the context clearly requires a different meaning, the definitions of terms shall be the same as those found at N.J.S.A. 13:1E-3 and -99.12, N.J.A.C. 7:26-1.4, -2.13, and N.J.A.C. 7:26A-1.3.

**4. Effective Date of Amendment**

The approved components of the Amendment to the County Plan contained herein shall take effect immediately.

**5. Reservation of Authority**

Nothing contained herein shall be construed as a limitation on any other action taken by the Department pursuant to its authority under the law. The County Plan, including any amendment made thereto, shall conform to the Statewide Solid Waste Management Plan, with appendices, which includes the Department's planning guidelines, rules, regulations, orders of the Department, and includes the compilation of individual county plans and amendments as they are approved.

**E. Certification of Approval of the Amendment by the Commissioner of the Department of Environmental Protection**

In accordance with the requirements of N.J.S.A. 13:1E-1 et seq., I hereby approve the Amendment, as outlined in Section C. of this Certification, to the Camden County District Solid Waste Management Plan which was adopted by the Camden County Board of Chosen Freeholders on May 17, 2018.
