

ENVIRONMENTAL NEW YEAR'S RESOLUTIONS

CONSERVE WATER

Watch your water usage by turning off faucets when not in use, taking shorter showers, and avoiding unnecessary water consumption.

REDUCE WASTE AND RECYCLE

Reduce waste by purchasing used items, products with less packaging, and reusable (rather than disposable) items. Make sure to recycle those materials collected in your local program.

SAVE ENERGY

Use less energy by turning off appliances when not in use, switching to energy saving bulbs, and investing in energy saving appliances.

TRAVEL GREEN

When possible, walk, bike or ride public transportation to reduce greenhouse gas emissions resulting from vehicular use.

CLEAN ENERGY

Promote renewable energy by installing solar panels to generate your own electrical power. Use of solar-powered products is also a good idea.

GET INVOLVED

Register your company with the New Jersey Sustainable Business Registry, join the New Jersey WasteWise Business Network and participate in the NJDEP Sustainable Business Initiative.
