

**NEW JERSEY INTERMEDIATE PROCESSING FACILITIES  
(SUBSET OF CLASS A RECYCLING CENTERS)**

Updated January, 2017

While Intermediate Processing Facility (IPF) is not a regulatory term, it typically refers to a particular type of Class A recycling center that receives, at a minimum, source separated commingled recyclable containers/papers and processes the recyclable materials through mechanical and manual means into their constituent components. The list includes processors of both dual stream and single stream recyclables. Intermediate Processing Facilities are not permitted by the NJDEP, however, they must be included in the County Solid Waste Management Plan for the county in which they intend to operate.

**Atlantic Coast Fibers** (Ocean County) – Dual Stream and Single Stream  
Address: 611 New Hampshire Avenue, Lakewood, NJ 08701  
Contact: Mark Rudman, Facility Manager, (732) 905-4457
