Containers ... used to store used oil at generator facilities shall be:

1. In good condition (no severe rusting, apparent structural defects or deterioration);
2. Not leaking (no visible leaks);
7:26A-6.4(d)5 - Upon detection of a release of used oil to the environment not subject to the requirements of 40 C.F.R. Part 280, Subpart F, or N.J.A.C. 7:14B, a generator shall perform the following cleanup steps:

i. Stop the release;
ii. Contain the released used oil;
iii. Clean up and manage properly the released used oil and other materials;
7:26A-6.4(d) 4 - Used oil generators shall label containers, tanks and pipes in accordance with the following:

i. Containers and aboveground tanks used to store used oil at generator facilities shall be labeled or marked clearly with the words "Used Oil";
CAUTION

DANGER

MAY CONTAIN FLAMMABLE PRODUCT
KEEP ALL SOURCES OF IGNITION, INCLUDING VEHICLES, AT LEAST 5 METRES AWAY.
MIXING PRODUCTS MAY CREATE HAZARDOUS WASTE.
Pedestal oil drain units

- Should be marked “Used Oil”

- Don’t clean parts over them
Used Oil Tanks

- marking fill pipes
- overfill protection
- secondary containment
7:26A-6.4(e) - Generators may burn used oil in used oil-fired space heaters provided that:

- Only Burn your own or DIY used automotive oils
- Oil has not been mixed w/HW, antifreeze, PCBs, solvents, etc.
- Generator has determined the Oil is “On-Spec”
- Heater has maximum capacity of <= than 0.5 million BTU
- The combustion gases vented to the ambient air
- The generator obtains an Air Permit
All models can be ceiling hung or mounted in any direction on optional workbench oil storage tank. Shown here is the complete system with 350 gallon tank. Other sizes available: 250 gal/500 gal UL if needed / Non UL Double or Single Wall.
Dear Mr./Ms. KING:

The New Jersey Department of Environmental Protection (Department) has received your registration for a used oil space heater, pursuant to N.J.A.C. 7:27-20.3.

The used oil space heater shall be installed and operated in accordance with Attachment I “New Jersey Department of Environmental Protection, Air Quality Permitting Program, Registration Conditions for Used Oil Space Heaters”.

The Effective Date of Registration is September 27, 2007. The operational authority under this Used Oil Spaceheater Registration will expire five (5) years from the effective date.

Six (6) months prior to the expiration of the operational authority under this Used Oil Spaceheater Registration, a renewal notification will be sent from the Department to the Permittee. For the operational authority to remain in effect, the Permittee must complete and return the Registration renewal invoice, with the appropriate fee, to the Department of Treasury.

This Used Oil Spaceheater Registration is issued under the authority of Chapter 106, P.L. 1967 (N.J.S.A. 26:2C-9.2). You may construct and operate the above referenced equipment, or equipment and control devices only in accordance with all provisions of the Used Oil Space heater Registration.
