

# Enforcement-Permitting Coordination

How we work together to solve Air issues

---

May 4, 2022

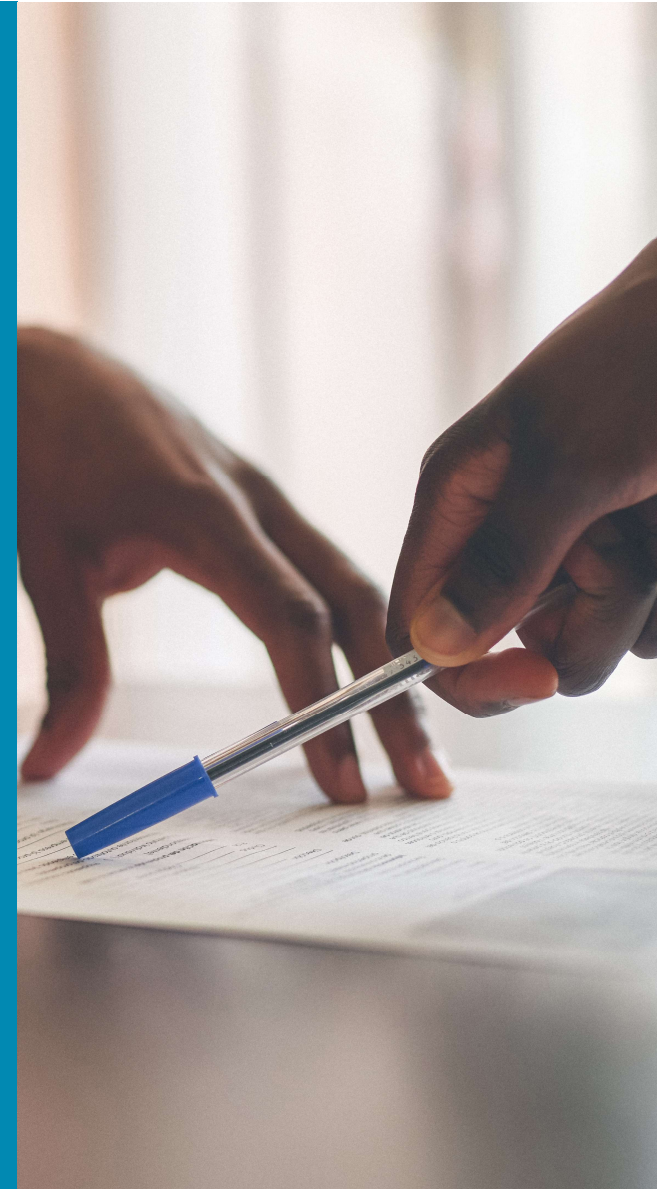

- 
- Monthly Chiefs meeting (internal)
  - Monthly Directors (DAQ-DAE) meeting
  - Case to case (ad hoc) at all levels (internal)
  - Pre-application meeting
  - Site visit

## How we interact

## Some Tips...

- Pay attention during permit application/modification
- Read/re-read draft permit
- This is the time to negotiate (not for GP)
- Read/re-read final permit
- When inspector shows up, it's inspection time (not permit condition negotiation time)

## Permit Applicability...

Determination resides with Bureau of Stationary Sources –

Follow instructions (steps) for Air Permit applicability found on the link below:

<https://www.state.nj.us/dep/aqpp/permitguide.html>
