

## **Upcoming FREE Air Compliance & Enforcement (ACE) Training/Outreach Seminar**

### **Who would benefit from attending this compliance assistance event?**

Anyone who is interested in learning about, or who is subject to the Air Pollution regulations is encouraged to attend.

### **Seminar Description:**

This training will provide information on multiple air pollution topics. We will kick off the day with an update on what's new within the Air program. The morning presentations will include an update of the new GP 005A Emergency Generator General Permit, and an introduction to Risk Assessment and some of the ways we evaluate potential public health risks. The morning will conclude with our very own Top 10 list addressing the most common electronic submittal issues. Have a multi-media question? Now is your chance to ask it! In the afternoon we will have a Multi-Media panel discussion with a representative from Air, Hazardous Waste and Underground Storage Tanks present. Each member will be discussing "hot issues", reporting requirements, and common violations for their programs, as well as addressing questions from the audience.

### **When and where will this event take place?**

The Department is providing this free seminar from 8:15 a.m. to 4:00 p.m. on **April 9, 2014** at the:

**NEW JERSEY FORENSIC SCIENCE TECHNOLOGY CENTER  
1200 Negron Drive
