TITLE 7. ENVIRONMENTAL PROTECTION  
CHAPTER 25. DIVISION OF FISH AND WILDLIFE RULES  
SUBCHAPTER 6.  
2018 – 2019 FISH CODE

**7:25-6.1 General provisions**

(a) Authority. This Code is adopted pursuant to the provisions of N.J.S.A. 13:1B-29 et seq. and the provisions of N.J.S.A. 23:1-1 et seq.

(b) Judicial notice. N.J.S.A. 13:1B-34 provides in pertinent part, "(C)opies of the State Fish & Game Code, and its amendments, duly certified by the chairman of the council, shall be received in evidence in all court or other judicial proceedings in the State."

(c) Time. The hours listed in this Code are EST or EDT at date.

(d) Fishing for all species of freshwater fish is permitted 24 hours daily except on those days that certain trout waters are closed for stocking during March, April and May, pursuant to N.J.A.C. 7:25-6.3 and 6.4.

(e) Freshwater fish in excess of the daily limit may be caught, when permitted, provided they are immediately returned to the water unharmed.

(f) Except as provided in N.J.A.C. 7:25-6.20, or when fishing from a boat, canoe, kayak or similar vessel, the number of rods, and lines or hand lines shall not exceed three per person.

(g) The possession and/or release of live potentially dangerous fish species, identified in N.J.A.C. 7:25-6.2, is strictly prohibited. Potentially dangerous fish species encountered while angling shall be destroyed. There are no season, minimum size or creel limits on these species.

(h) Except for Greenwood Lake and the Delaware River between New Jersey and Pennsylvania, for which limits are specified in N.J.A.C. 7:25-6.19 and 6.20, respectively, species of indigenous fish, identified in N.J.A.C. 7:25-6.2, that do not have specified daily creel limits, may not be taken or possessed at any time. For all other species of freshwater fish that do not have specified daily creel and possession limits, the daily creel and possession limit in waters other than Greenwood Lake and the Delaware River between New Jersey and Pennsylvania shall be 25 in total.

(i) The New Jersey Fish and Game Council may modify the fishing seasons, minimum size limits, and possession limits of migratory species of Alewife, American Eel, American Shad, Blueback Herring, Hickory Shad, and Striped Bass, by notice in order to maintain and/or to come into compliance with any fishery management plan approved by the Atlantic States Marine Fisheries Commission pursuant to 16 U.S.C. § 5104(b) or to maintain consistency with any Mid-Atlantic Fishery Management Council plan adopted by the National Marine Fisheries Service. The Division shall publish notice of any such modification in the New Jersey Fish and Wildlife Digest and the New Jersey Register, and through email to the Division's freshwater angler Listserv membership.

## 7:25-6.2 Definitions

The following words and terms, when used in this subchapter, shall have the following meanings, unless the context clearly indicates otherwise.

"Baitfish" means the following species:

- |                              |  |
|------------------------------|--|
| 1. Alewife (landlocked form) | <i>Alosa pseudoharengus</i> ;                                  |
| 2. American Eel              | <i>Anguilla rostrata</i> , greater than nine inches in length; |
| 3. Banded Killifish          | <i>Fundulus diaphanus</i> ;                                    |
| 4. Creek Chub                | <i>Semotilus atromaculatus</i> ;                               |
| 5. Fallfish                  | <i>Semotilus corporalis</i> ;                                  |
| 6. Fathead Minnow            | <i>Pimephales promelas</i> ;                                   |
| 7. Gizzard Shad              | <i>Dorosoma cepedianum</i> ;                                   |
| 8. Golden Shiner             | <i>Notemigonus crysoleucas</i> ;                               |
| 9. Margined Madtom           | <i>Noturus insignis</i> ;                                      |
| 10. Mummichog                | <i>Fundulus heteroclitus</i> ; and                             |
| 11. Tadpole Madtom           | <i>Noturus gyrinus</i> .                                       |

"Brook Trout Conservation Zone" means all waters within the northwest region of the State, delineated by Interstate 287 to the east, Route 202 to the south, the New York/New Jersey border to the north, and extending to, but not including the Delaware River to the west.

"Closed season" shall mean a period of time during which the taking of one or more species of fish is not permitted.

"Closed waters" means those waters in which angling is not permitted, particularly in reference to time.

"Code" means the State Fish Code.

"Creel or possession limit" means the total number of fish that are legally retainable. Most normally this is expressed on a daily basis.

"Creeled trout" shall mean any trout which a fisherman has in his possession.

"Director" means Director of the Division.

"Division" means the Division of Fish and Wildlife.

"Fathom" shall mean a unit of measure equal to six feet.

"Foodfish" for the purpose of N.J.A.C. 7:25-6.11 only, means the following species:

- |                  |                            |
|------------------|----------------------------|
| 1. American Eel  | <i>Anguilla rostrata</i> ; |
| 2. American Shad | <i>Alosa sapidissima</i> ; |

- |  |                                |
|--|--------------------------------|
| 3. Black Bullhead  | <i>Ameiurus melas</i> ;        |
| 4. Bowfin  | <i>Amia calva</i> ;            |
| 5. Brown Bullhead  | <i>Ameiurus nebulosus</i> ;    |
| 6. Common Carp   | <i>Cyprinus carpio</i> ;       |
| 7. Channel Catfish   | <i>Ictalurus punctatus</i> ;   |
| 8. Gizzard Shad  | <i>Dorosoma cepedianum</i> ;   |
| 9. White Catfish   | <i>Ameiurus catus</i> ;        |
| 10. White Perch  | <i>Morone americana</i> ;      |
| 11. White Sucker   | <i>Catostomus commersoni</i> ; |
| 12. Yellow Bullhead  | <i>Ameiurus natalis</i> ;      |
| 13. Yellow Perch   | <i>Perca flavescens</i> ; and  |
| 14. Any other marine fish species<br>that is legal for taking with net<br>in marine waters, except Striped<br>Bass, Alewife and Blueback<br>Herring. |                                |

"Indigenous fish" means the following species and all hybrids and strains thereof, including the young or eggs of any such species:

- |                             |                                |
|-----------------------------|--------------------------------|
| 1. Alewife                  | <i>Alosa pseudoharengus</i>    |
| 2. American Eel             | <i>Anguilla rostrata</i>       |
| 3. Banded Killifish         | <i>Fundulus diaphanus</i>      |
| 4. Blueback Herring         | <i>Alosa aestivalis</i>        |
| 5. Bullhead, Brown          | <i>Ameiurus nebulosus</i>      |
| 6. Bullhead, Yellow         | <i>Ameiurus natalis</i>        |
| 7. Catfish, White           | <i>Ameiurus catus</i>          |
| 8. Creek Chub               | <i>Semotilus atromaculatus</i> |
| 9. Creek Chubsucker         | <i>Erimyzon oblongus</i>       |
| 10. Dace, Blacknose         | <i>Rhinichthys atratulus</i>   |
| 11. Dace, Longnose          | <i>Rhinichthys cataractae</i>  |
| 12. Darter, Shield          | <i>Percina peltata</i>         |
| 13. Darter, Swamp           | <i>Etheostoma fusiforme</i>    |
| 14. Darter, Tessellated     | <i>Etheostoma olmstedii</i>    |
| 15. Eastern Mosquitofish    | <i>Gambusia holbrooki</i>      |
| 16. Eastern Mudminnow       | <i>Umbra pygmaea</i>           |
| 17. Fallfish                | <i>Semotilus corporalis</i>    |
| 18. Hogchoker               | <i>Trinectes maculatus</i>     |
| 19. Hogsucker, Northern     | <i>Hypentelium nigricans</i>   |
| 20. Lamprey, American Brook | <i>Lampetra appendix</i>       |
| 21. Lamprey, Sea            | <i>Petromyzon marinus</i>      |
| 22. Longnose Gar            | <i>Lepisosteus osseus</i>      |
| 23. Madtom, Margined        | <i>Noturus insignis</i>        |
| 24. Madtom, Tadpole         | <i>Noturus gyrinus</i>         |
| 25. Minnow, Cutlip          | <i>Exoglossum maxillingua</i>  |

26.	Minnow, Eastern Silvery	<i>Hybognathus regius</i>
27.	Mummichog	<i>Fundulus heteroclitus</i>
28.	Perch, Pirate	<i>Aphredoderus sayanus</i>
29.	Perch, White	<i>Morone americana</i>
30.	Perch, Yellow	<i>Perca flavescens</i>
31.	Pickereel, Chain	<i>Esox niger</i>
32.	Pickereel, Redfin	<i>Esox americanus</i>
33.	Pumpkinseed	<i>Lepomis gibbosus</i>
34.	Quillback	<i>Carpionodes cyprinus</i>
35.	Sculpin, Slimy	<i>Cottus cognatus</i>
36.	Shad, American	<i>Alosa sapidissima</i>
37.	Shad, Gizzard	<i>Dorosoma cepedianum</i>
38.	Shad, Hickory	<i>Alosa mediocris</i>
39.	Shiner, Bridle	<i>Notropis bifrenatus</i>
40.	Shiner, Comely	<i>Notropis amoenus</i>
41.	Shiner, Common	<i>Luxilus cornutus</i>
42.	Shiner, Golden	<i>Notemigonus crysoleucas</i>
43.	Shiner, Ironcolor	<i>Notropis chalybaeus</i>
44.	Shiner, Satinfine	<i>Cyprinella analostana</i>
45.	Shiner, Spotfin	<i>Cyprinella spiloptera</i>
46.	Shiner, Spottail	<i>Notropis hudsonius</i>
47.	Shiner, Swallowtail	<i>Notropis procne</i>
48.	Stickleback, Fourspine	<i>Apletes quadracus</i>
49.	Stickleback, Threespine	<i>Gasterosteus aculeatus</i>
50.	Stickleback, Ninespine	<i>Pungitius pungitius</i>
51.	Striped Bass	<i>Morone saxatilis</i>
52.	Sturgeon, Atlantic	<i>Acipenser oxyrinchus</i>
53.	Sturgeon, Shortnose	<i>Acipenser brevirostrum</i>
54.	Sucker, White	<i>Catostomus commersonii</i>
55.	Sunfish, Banded	<i>Enneacanthus obesus</i>
56.	Sunfish, Blackbanded	<i>Enneacanthus chaetodon</i>
57.	Sunfish, Bluespotted	<i>Enneacanthus gloriosus</i>
58.	Sunfish, Mud	<i>Acantharchus pomotis</i>
59.	Sunfish, Redbreast	<i>Lepomis auitus</i>
60.	Trout, Brook	<i>Salvelinus fontinalis</i>

"In-season stocking period" shall mean April 9, 2018, through May 25, 2018, for the 2018 trout season, April 8, 2019, through May 24, 2019, for the 2019 trout season, and April 13, 2020, through May 29, 2020, for the 2020 trout season, April 12, 2021, through May 28, 2021, for the 2021 trout season.

"Natural bait" means any bait that in its live, preserved or original form would be consumed by fish.

"Open waters" (all sections except N.J.A.C. 7:25-6.9) means those waters in which angling is permitted, particularly in reference to time.

"Open waters" (N.J.A.C. 7:25-6.9) means those waters not covered with ice.

"Opening day" shall mean 8:00 A.M. on April 7, 2018, for the 2018 trout season, 8:00 A.M. on April 6, 2019, for the 2019 trout season, 8:00 A.M. on April 11, 2020, for the 2020 trout season, and 8:00 A.M. on April 10, 2021, for the 2021 trout season.

"Oswego bass" or "black bass" shall mean largemouth and smallmouth bass.

"Possession" means all fish, live or dead, under the control of the fisherman. No more than the daily creel limit of any fish for one person may be held on a stringer or in a container. On board containers, in boats, may only contain the combined daily creel limit of any fish for each legal fisherman aboard.

"Potentially dangerous fish" means the following species:

- |                         |                             |
|-------------------------|-----------------------------|
| 1. Asian Swamp Eel      | Monopterus albus            |
| 2. Bighead Carp         | Hypophthalmichthys nobilis  |
| 3. Brook Stickleback    | Culaea inconstans           |
| 4. Flathead Catfish     | Pylodictis olivaris         |
| 5. Grass Carp (diploid) | Ctenopharyngodon idella     |
| 6. Green Sunfish        | Lepomis cyanellus           |
| 7. Snakeheads           | Channa spp.                 |
| 8. Oriental Weatherfish | Misgurnus anguillicaudatus  |
| 9. Silver Carp          | Hypophthalmichthys molitrix |
| 10. Warmouth            | Lepomis gulosus             |

"Pre-season closure" shall be the period from the period from midnight March 18, 2018, to 8:00 A.M. on April 7, 2018, for the 2018 trout season, the period from midnight March 17, 2019, to 8:00 A.M. on April 6, 2019, for the 2019 trout season, the period from midnight March 22, 2020, to 8:00 A.M. on April 11, 2020, for the 2020 trout season, and the period from midnight March 21, 2021, to 8:00 A.M. on April 10, 2021. Unless otherwise specified, this closure applies to all waters, both public and private, stocked with trout.

"Private Fishing Club" shall mean an incorporated or unincorporated organization that as an organization owns or leases a section of a river for the purposes of fishing that is not open to the general public."

"Set line" means a line(s) to which a hook(s) is attached placed in freshwaters of the State for the purpose of taking fish or turtles, that is secured to shore, or to a fixed or buoyant object, except as permitted when ice fishing. All rods, reels, or hand lines not under immediate control will be considered unattended and considered a set line. In accordance with N.J.S.A. 23:5-13, set lines are prohibited in any State water inhabited by Pickerel, Pike, Pike Perch, Black Bass, Oswego Bass, White Bass, Calico Bass, Perch, or Trout.

"Size limit" means the legal length of fish and may be expressed as a minimum size or a maximum size of a fish that may be retained. Length shall be the maximum total length.

"Snagging" means the hooking of fish other than inside the mouth, through the action of the fisherman.

"Trout" shall include the following species and all hybrids and strains thereof:

- |                                 |                       |
|---------------------------------|-----------------------|
| 1. Atlantic (landlocked) Salmon | Salmo salar           |
| 2. Brook Trout                  | Salvelinus fontinalis |
| 3. Brown Trout                  | Salmo trutta          |
| 4. Lake Trout                   | Salvelinus namaycush  |
| 5. Rainbow Trout                | Oncorhynchus mykiss   |

"Unattended" means user not available for questioning by officer at the time of inspection.

"Warmwater fish" includes the following species and all hybrids and strains thereof:

- |                        |                            |
|------------------------|----------------------------|
| 1. Banded Sunfish      | Enneacanthus obesus        |
| 2. Blackbanded Sunfish | Enneacanthus chaetodon     |
| 3. Black Crappie       | Pomoxis nigromaculatus     |
| 4. Bluegill            | Lepomis macrochirus        |
| 5. Bluespotted Sunfish | Enneacanthus gloriosus     |
| 6. Brown Bullhead      | Ameiurus nebulosus         |
| 7. Chain Pickerel      | Esox niger                 |
| 8. Channel Catfish     | Ictalurus punctatus        |
| 9. Largemouth Bass     | Micropterus salmoides      |
| 10. Longear Sunfish    | Lepomis megalotis          |
| 11. Mud Sunfish        | Acantharchus pomotis       |
| 12. Muskellunge        | Esox masquinongy           |
| 13. Northern Pike      | Esox lucius                |
| 14. Pumpkinseed        | Lepomis gibbosus           |
| 15. Redbreast Sunfish  | Lepomis auritus            |
| 16. Redear Sunfish     | Lepomis microlophus        |
| 17. Redfin Pickerel    | Esox americanus americanus |
| 18. Smallmouth Bass    | Micropterus dolomieu       |
| 19. Striped Bass       | Morone saxatilis           |
| 20. Walleye            | Sander vitreus             |
| 21. White Catfish      | Ameiurus catus             |
| 22. White Crappie      | Pomoxis annularis; and     |
| 23. White Perch        | Morone americana           |
| 24. White Sucker       | Catostomus commersoni      |
| 25. Yellow Bullhead    | Ameiurus natalis           |
| 26. Yellow Perch       | Perca flavescens           |

## 7:25-6.3 Trout

(a) Except as provided in N.J.A.C. 7:25-6.4, 6.5(a), 6.7 to 6.9, 6.19, 6.20 and (b)1 below, trout season shall commence 12:01 A.M. January 1 and extend to the pre-season closure. The trout season shall re-open on opening day and extend to include midnight December 31.

(b) Except as provided in N.J.A.C. 7:26-6.4, 6.5(a), and 6.7 to 6.9, (b)1 and (j) below, it shall be unlawful to fish for any species of fish during the pre-season closure in ponds, lakes, or those portions of streams that are listed herein for stocking.

1. Lake Hopatcong, Morris/Sussex County; Lawrence Brook, from Davidson's Mill Rd. bridge downstream to Farrington Lake dam, Middlesex County; Mountain Lake, Warren County; Swartswood Lake, Sussex County; Shenandoah Lake, and Prospertown Lake, Ocean County, will remain open to angling year-round. Trout taken during the pre-season closure must be returned to the water immediately and unharmed.

(c) There shall be a nine-inch minimum size for Brook Trout, Brown Trout, Rainbow Trout, or hybrids and strains thereof except as designated for Brook Trout in (e)1 below, and within special regulation trout fishing areas, N.J.A.C. 7:25-6.4 to 6.9. Except within the Pequest River drainage, purchased Brown and Rainbow Trout less than the nine-inch minimum size limit may be possessed, strictly for use as bait, provided a receipt of purchase, dated within 14 days, and indicating the place of purchase is in possession and provided upon request. No trout species, purchased or otherwise obtained, may be used as bait within the Pequest River drainage.

(d) Except as designated for Trophy Trout Lakes, N.J.A.C. 7:25-6.8, the minimum size limit for Lake Trout shall be 15 inches with a daily bag and possession limit of two.

(e) Except as provided in special regulation trout fishing areas, N.J.A.C. 7:25-6.4 through 6.9, the daily possession limit for Brook Trout, Brown Trout, Rainbow Trout, or their hybrids and strains thereof is as follows:

1. All Brook Trout caught within the Brook Trout Conservation Zone, regardless of size, shall be immediately released unharmed.
2. A person shall not take, kill or have in possession, in one day, more than four in total during the period extending from January 1 to the pre-season closure.
3. A person shall not take, kill or have in possession, in one day, more than six in total from opening day until May 31.
4. A person shall not take, kill or have in possession, in one day, more than four in total from June 1 until December 31.

(f) Except as provided in N.J.A.C. 7:25-6.4, 6.5(a), and 6.7, waters with listed stocking dates shall be closed to all fishing from 5:00 A.M. to 5:00 P.M. on listed dates; included in these waters are all feeder and tributary streams for a distance of 100 feet from the main channel.

(g) Except as provided in N.J.A.C. 7:25-6.4, 6.5(a), and 6.7, no person shall catch, take, kill or possess trout during the closed period (5:00 A.M. to 5:00 P.M.) on any of the waters listed for in-season closures.

(h) This subsection sets forth trout-stocked waters subject to in-season closures. Except as provided in N.J.A.C. 7:25-6.4, 6.5(a), and 6.7, these waters will be closed from 5:00 A.M. to 5:00 P.M. for stocking on the dates and at the locations indicated below. In the event of emergent conditions, the Division may suspend stocking of any or all of these waters.

1. Each Monday during the in-season stocking period.
  - i. Manasquan River--Route 9, Howell Twp. downstream to Allenwood-Lakewood Rd. (Rt. 21), Wall Twp.
  - ii. Metedeconk River, N. Br.--Aldrich Rd. Bridge to Ridge Avenue, Howell/Lakewood Twp.
  - iii. Metedeconk River, S. Br.--Bennetts Mills dam to twin wooden foot bridge, opposite Lake Park Boulevard, on South Lake Drive, Lakewood Twp.
  - iv. Rockaway River--Longwood Lake dam, Jefferson Twp. to Boonton Reservoir (also known as Jersey City Reservoir), Town of Boonton.
  - v. Toms River--Ocean County--Route 528, Jackson, Twp., to confluence with Maple Root Branch and Route 70 to County Route 571, Toms River/Manchester Twps.
2. Each Tuesday during the in-season stocking period.
  - i. Pohatcong Creek--Route 31, Washington Twp. to Delaware River.
  - ii. Raritan River, S. Br.-Mill dam located 200 feet upstream from Schooleys Mountain Rd. (Rt. 517), Long Valley to Raritan River N. Br.
3. Each Wednesday during the in-season stocking period.
  - i. Raritan River, N. Br.--Peapack Rd., Far Hills Borough/Bedminster Twp. to Raritan River S. Br.
4. Each Thursday during the in-season stocking period.
  - i. Paulinskill River and E. Br. and W. Br.--Limecrest Railroad Spur Bridge on E. Br., Sparta Twp., and Warbasse Junction Rd., Route 663, on W. Br., Lafayette Twp., to Columbia Lake.
  - ii. Ramapo River--State line to Pompton Lake, Oakland.
5. Each Friday during the in-season stocking period.
  - i. Big Flat Brook - 100 ft. above Crigger Rd., Stokes State Forest, Sandyston Twp. to Delaware River.

ii. Musconetcong River - Lake Hopatcong dam to Delaware River including all main stem impoundments, but excluding Lake Musconetcong, Netcong Borough.

iii. Pequest River - Pequest Rd., Green Twp. to Delaware River.

iv. Wanaque River--Greenwood Lake dam, West Milford, Twp. to Wanaque Reservoir dam, Wanaque Borough and section from Wanaque Avenue Bridge, Pompton Lakes Borough to Pequannock River, excluding Wanaque Reservoir and Monksville Reservoir.

(i) This subsection sets forth trout stocked waters for which no in-season closures will be in force. Road names referenced below, unless otherwise indicated, refer to the bridge where the road crosses the river. Municipal references are provided to assist in identifying the locations of upstream and downstream boundaries on streams and canals, to which pre-season stocking closures apply, and to describe general locations of ponds, lakes, and reservoirs. The municipal references are not intended to identify all municipalities through which the identified water passes.

1. Atlantic County

Birch Grove Park Ponds - Northfield

Hammonton Lake - Town of Hammonton

Heritage Pond - Absecon

2. Bergen County

Dahnert's Lake - Garfield

Hackensack River - Lake Tappan to Harriot Avenue, Harrington Park Borough

Hohokus Brook - Parsons Pond Rd., Franklin Lakes Borough/Mahway Twp. to Saddle River

Indian Lake - Little Ferry Borough

Mill Pond - (also known as Silver Lake) Park Ridge Borough

Pascack Brook - Woodcliff Lake dam to Emerson Rd., Harrington Park Borough

Potash Lake - Oakland

Saddle River - Lake Street, Upper Saddle River to West Century Rd., Fair Lawn

Tenakill Brook - Closter Borough, entire length

Whites Pond - Waldwick Borough

3. Burlington County

Crystal Lake - Willingboro Twp.

Laurel Pond - Mt. Laurel Twp.

Pemberton Lake - Pemberton Twp.

Rancocas Creek, Southwest Branch - Mill Street Park to Rt. 70, Medford Twp.

Sylvan Lake - Burlington Twp.

4. Camden County

Gloucester City Pond - Gloucester

Haddon Lake - Audubon Borough

Oak Pond - Sicklerville, Winslow Twp.

Rowand Lake - Clementon Borough

5. Cape May County
  - Ponderlodge Pond – Villas, Lower Twp.
  - Tuckahoe Lake – Tuckahoe, Upper Twp.
  
6. Cumberland County
  - Cohansey River – Dam at Seeley's Pond to powerline above Sunset Lake, Upper Deerfield Twp.
  - Giampietro Park Lake - Vineland
  - Mary Elmer Lake - Bridgeton
  - Maurice River - Willow Grove Lake dam to Sherman Avenue, Vineland
  - Shaw's Mill Pond - Down/Lawrence Twps.
  - South Vineland Park Pond - Vineland
  
7. Essex County
  - Branch Brook Park Lake - Newark
  - Diamond Mill Pond - Milburn Twp.
  - Rahway River W/Br - Campbells Pond to Essex St., Milburn Twp.
  - Verona Lake - Verona Twp.
  
8. Gloucester County
  - Greenwich Lake - Greenwich, Twp.
  - Grenloch Lake - Washington Twp.
  - Harrisonville Lake - Pilesgrove/South Harrison Twps.
  - Iona Lake - Franklin Twp.
  - Swedesboro Lake - (also known as Narraticon Lake) Swedesboro Borough
  - Westville Lake - Westville
  
9. Hudson County
  - North Hudson Park Lake - (also known as JJ Braddock Park Lake), North Bergen Twp.
  - West Hudson County Park Pond - Town of Harrison
  
10. Hunterdon County
  - Alexauken Creek - West Amwell Twp., entire length
  - Amwell Lake - East Amwell Twp.
  - Capoolong Creek - (also known as Cakepoulin Creek) Franklin Twp., entire length
  - Delaware-Raritan Feeder Canal - source to Wilburtha Rd., Ewing Twp. (Mercer)
  - Hakihokake Creek - Little York-Mount Pleasant Rd, Little York, Alexandria Twp. to Delaware River
  - Lokatong Creek - Rt. 12 bridge, Kingwood Twp. to Delaware Raritan Feeder Canal
  - Mannys Pond - Union Twp.
  - Mountain Farm Pond - Lebanon Twp.
  - Mulhockaway Creek - Pattenburg, source to Spruce Run Reservoir, Clinton/Union Twps.
  - Neshanic River - confluence of First and Second Neshanic Rivers to Route 514,

Raritan Twp.

Nishisakawick Creek - Frenchtown/Alexandria Twp., entire length

Rockaway Creek - Readington Twp., entire length

Round Valley Reservoir - Clinton Twp.

Sidney Brook - Franklin/Union Twps., entire length

Spruce Run - Glen Gardner and Lebanon Township, entire length

Stony Brook - See Mercer Co.

Wickecheoke Creek - Covered Bridge County Rt. 604, Sergeantsville to Delaware River

11. Mercer County

Assunpink Creek - Assunpink Site 5 dam upstream of Rt. 130 Bridge to Carnegie Rd., Hamilton Twp.

Colonial Lake - Lawrence Twp.

Delaware - Raritan Canal - Mulberry Street, Trenton, to Alexander Street, Princeton

Delaware - Raritan Feeder Canal - (See Hunterdon Co.)

Rosedale Lake - Hopewell Twp.

Stony Brook - Hopewell Twp., entire length

12. Middlesex County

Hook's Creek Lake - Cheesequake State Park, Old Bridge Twp.

Ireland Brook - 500 ft. upstream of Riva Ave to Farrington Lake, North Brunswick Twp.

Lake Papianni - Edison Twp.

Lawrence Brook - Davidson's Mill Pond dam to 2nd RR Bridge (Raritan Railroad) below Main St., Milltown Borough

Manalapan Lake - Monroe Twp.

Roosevelt Park Pond - Edison Twp.

13. Monmouth County

Echo Lake - Howell Twp.

Englishtown Mill Pond - (also known as Weamaconk Lake) Englishtown Borough

Franklin Lake - West Long Branch Borough

Garvey's Pond - Middletown Twp.

Hockhockson Brook - Rt. 18, Colts Neck Twp. to Garden State Parkway bridge (northbound), Tinton Falls Borough

Holmdel Park Pond - Holmdel Twp.

Mac's Pond - Manasquan Borough

Mingamahone Brook - Birdsall Rd. to Manasquan River, Howell Twp.

Mohawk Pond - Red Bank Borough

Shark River - Route 33, Wall Twp., to Remsen Mill Rd., Neptune/Wall Twp.

Spring Lake - Spring Lake Borough

Topanemus Lake - Freehold Twp.

Yellow Brook - Heyers Mill Rd. to Muhlenbrink Rd., Colts Neck Twp.

14. Morris County

Black River - Route 206 Chester, to the posted Black River Fish and Game club property at the lower end of Hacklebarney State Park  
Beaver Brook - Rockaway Twp/Borough, entire length  
Burnham Park Ponds (Upper and Lower) - Town of Morristown  
Drakes Brook - Mt. Olive/Roxbury Twps., entire length  
Hibernia Brook - Rockaway Twp., entire length  
India Brook - Mountainside Ave. to Rt. 24, Mendham Borough  
Lake Hopatcong - Hopatcong/Jefferson/Mt. Arlington/Roxbury  
Lake Musconetcong - Netcong Borough/Roxbury Twp./Stanhope Borough  
Mt. Hope Pond - Rockaway Twp.  
Passaic River - Black Brook confluence to Rt. 24, Chatham Borough  
Pequannock River - (See Passaic Co.)  
Pompton River - (See Passaic Co.)  
Russia Brook - Ridge Rd. to Lake Swannanoa, Jefferson Twp.  
Speedwell Lake - Town of Morristown  
Whippany River - Tingley Rd., Morris Twp., to Ridgedale Ave., Town of Morristown

15. Ocean County

Lake Shenandoah - Ocean County Park, Lakewood Twp.  
Pohatcong Lake - Borough of Tuckerton  
Prosperstown Lake - Jackson Twp.

Barbour Pond - Woodland Park Borough  
Clinton Reservoir - Newark Watershed, West Milford Twp.  
Green Turtle Lake - Long Pond Iron Works State Park, West Milford Twp.  
Oldham Pond - North Haledon Borough  
Pequannock River - Route 23, Smith Mills to Paterson-Hamburg Turnpike,  
Pompton Lakes/Riverdale Boroughs  
Pompton River - confluence with Ramapo River to NY Susquehanna R.R. bridge,  
Wayne Twp.  
Ramapo River - Pompton Lake dam to confluence with Pompton River  
Ringwood Brook - State line to Sally's Pond, Ringwood State Park, Ringwood Borough  
Sheppard Lake - Ringwood State Park, Ringwood Borough

17. Salem County

Harrisonville Lake - Pilesgrove/South Harrison Twps.  
Maurice River - Willow Grove Lake dam to Sherman Avenue, Vineland  
Schadler's Sand Wash Pond - Carneys Point Twp.

18. Somerset County

Lamington River - Rt. 523 (Lamington Rd.), Bedminster Twp. to Raritan River N. Br.  
Middle Brook, E/Br. - Bridgewater/Warren Twps., entire length

Passaic River - See Morris Co.

Peapack Brook - Peapack-Gladstone Borough, entire length

Raritan River - confluence of Raritan River N. Br. and S. Br. to Rt. 206 Bridge, Hillborough Twp./Somerville Borough

Rock Brook - Hillsborough/Montgomery Twps., entire length

Spooky Brook Park Pond - Franklin Twp.

19. Sussex County

Alm's House Pond - Frankford Twp.

Andover Junction Brook - Andover Borough, entire length

Big Flat Brook, Upper - Sawmill Pond, High Point State Park, Montague Twp. to 100

ft. above Crigger Rd., Stokes State Forest, Sandyston Twp.

Blue Mountain Lake - Delaware Water Gap National Recreation Area, Walpack Twp.

Clove Brook - source to Clove Acres Lake, Wantage Twp.

Culver's Creek- Frankford Twp., entire length

Dry Brook - Branchville Borough/Frankford Twp., entire length

Franklin Pond Creek - Hamburg Mountain Wildlife Management Area, Hardyston Twp/Franklin Borough, entire length

Glenwood Brook - Glenwood Lake dam to New York State line

Lake Aeroflex - Andover Borough

Lake Hopatcong - Hopatcong/Mt Arlington Boroughs, Jefferson/Roxbury Twps.

Lake Musconetcong - Netcong/Stanhope Boroughs/Roxbury Twp.

Lake Ocquittunk - Stokes State Forest, Sandyston Twp.

Little Flat Brook - Sandyston Twp., entire length

Little Swartswood Lake - Hampton Twp.

Lubbers Run - Byram Twp., entire length

Neldon Brook - Stillwater Twp., entire length

Papakating Creek - George Hill Rd., Frankford Twp. to Route 565, Lewisburg

Papakating Creek, W. Br. - Wantage Twp., entire length

Pond Brook - Stillwater Twp., entire length

Sawmill Pond - High Point State Park, Montague Twp.

Silver Lake - Hamburg Mountain Wildlife Management Area, Hardyston Twp.

Stony Lake - Stokes State Forest, Sandyston Twp.

Swartswood Lake - Stillwater Twp.

Wallkill River - Lake Mohawk Dam to Route 23, Hardyston Twp.

Wawayanda Creek - Vernon Twp., entire length

Wawayanda Lake - Vernon Twp.

20. Union County

Green Brook - Route 527, Berkeley Heights Twp., to Route 22, Scotch Plains Twp.

Lower Echo Lake - Mountainside Borough

Milton Lake - Rahway

Nomahegan Park Lake - Cranford Twp.

Passaic River - (see Morris Co.)

Rahway River - I-78 Bridge, Springfield, to Lawrence St. (Route 514), Rahway  
Seeleys Pond - Berkeley Heights Twp.  
Warinanco Park Lake - Roselle Borough

21. Warren County

Beaver Brook - Silver Lake Dam to Pequest River, White Twp.  
Blair Creek - Bass Lake dam, Hardwick Twp. to Blair Lake, Blairstown Twp.  
Blair Lake - Blairstown Twp.  
Brookaloo Swamp - Hope Twp., entire length  
Buckhorn Creek - Harmony Twp., entire length  
Columbia Lake - Knowlton Twp.  
Furnace Brook - Oxford Twp., entire length  
Furnace Lake - Oxford Twp.  
Honey Run - Knowlton-Hope Township Line to Beaver Brook, Hope Twp.  
Jacksonburg Creek - Blairstown Twp., entire length  
Lopatcong Creek - Route 519, Harmony Twp. to South Main Street,  
Phillipsburg  
Merrill Creek Reservoir - Harmony Twp.  
Mountain Lake - Liberty Twp.  
Pohatcong Creek - source to Route 31, Washington Twp.  
Pophandusing Creek - White Twp., entire length  
White Lake - Hardwick Twp.

(j) Private fishing clubs located within the upstream and downstream limits of trout stocked rivers identified in (h) and (i) above, may fish for trout during the pre-season closure provided:

1. Fishing is restricted to section(s) of the trout stocked river where the club leases or owns both sides of the river;
2. All fish, including trout, are immediately released unharmed;
3. Club property boundaries are clearly marked along the river;
4. The club obtains Fish Stocking Permit(s) for the stocking of trout;
5. By March 1, of each year, the club submits a letter indicating the intent to fish during the pre-season closure to the Bureau of Freshwater Fisheries PO Box 394 Lebanon, NJ 08833. The letter shall include the following enclosures:
  - (a) A map of the club property clearly depicting sections of the river that the club owns or leases on both sides of the river where catch and release will take place; and
  - (b) A copy of all Fish Stocking Permits issued to the club the previous year.

**7:25-6.4 Special regulation trout fishing areas--catch and release only**

(a) The following stream segments are designated as catch and release only areas for trout and are subject to the provisions at (b) below governing these areas on a year-round basis:

1. Big Flat Brook, Sussex County--from the concrete bridge on Route 206 downstream to

the Roy Bridge on Mountain Road, a distance of approximately four miles, including the section of the Flat Brook, from the junction of the Big Flat Brook and the Little Flat Brook downstream to the Roy Bridge.

2. Raritan River, S. Br., Hunterdon County--the stretch of water known as the "Ken Lockwood Gorge," a distance of approximately 2 1/2 miles.

(b) The following regulations shall apply to the above designated catch and release only waters.

1. Fishing in catch and release only areas is permitted year-round, including during pre-season and in-season fishing closures which may apply to the remainder of the respective rivers where these areas exist;
2. Only artificial lures and flies, with no more than three hook points in total, all of which must be barbless, may be used.
3. A person shall not have in possession while fishing any natural bait, live or preserved;
4. A person shall not have in possession, while fishing, any substance, either as a natural or synthetic compound, that contains a concentration of bait scent or such scent enhanced bait; and
5. A person shall not kill or have in possession while fishing any trout. All trout must be returned to the water immediately and unharmed.

#### **7:25-6.5 Special regulation trout fishing areas - Trout Conservation Areas**

(a) The following stream segments are designated as Year-Round Trout Conservation Areas and are subject to the provisions at (c) below governing these areas on a year-round basis:

1. Toms River, Ocean County--a one mile stretch of river from the downstream end of Riverwood Park in Dover Township, defined by markers, downstream to the Route 571 bridge; and
2. Musconetcong River, Hunterdon and Warren Counties--an approximate 1.2-mile stretch of the Musconetcong River near Point Mountain extending from the Penwell Rd. bridge downstream to the Point Mountain Rd. bridge.

(b) The following stream segments are designated as Seasonal Trout Conservation Areas and are subject to the provisions at (c) below governing these areas during the periods of January 1 up to, but not including, opening day and from the seventh Monday following opening day, through December 31.

1. Pequest River, Warren County--An approximate 1.0 mile portion, within the Pequest Wildlife Management Area, extending from the County bridge on Pequest Furnace Rd.

at Pequest upstream to the Conrail Railroad Bridge upstream of the Pequest Trout Hatchery Access Rd.

2. Pequannock River, Morris and Passaic Counties--An approximate 1.3 mile stretch of river extending from the railroad trestle located immediately downstream of Appelt Park, Bloomingdale to Hamburg Turnpike bridge, Pompton Lakes.

(c) The following regulations shall apply to the Year-Round and Seasonal Trout Conservation Areas designated at (a) and (b) above:

1. Fishing in Year-Round and Seasonal Trout Conservation Areas is permitted during their respective seasons specified in (a) and (b) above. Fishing in Year-Round Trout Conservation Areas is permitted year-round, including during pre-season and in-season fishing closures which may apply to the remainder of the respective rivers where these areas exist;
2. Only artificial lures and flies may be used;
3. A person shall not have in possession while fishing any natural bait, live or preserved;
4. A person shall not have in possession, while fishing, any substance, either as a natural or synthetic compound, that contains a concentration of bait scent or such scent enhanced bait;
5. Except as specified in (c)7 below for Brook Trout, a person shall not, take, kill or have in possession, while fishing, any trout less than 15 inches;
6. Except as specified in (c)7 below for Brook Trout, a person shall not take, kill, or have in possession, while fishing, any more than one legally sized dead, creeled or other-wise appropriated trout daily, except that no trout may be retained during pre-season and in-season closures, which apply to the remainder of the respective rivers where these areas exist. In Year-Round Conservation Areas designated in (a) above, additional trout may be caught provided they are immediately returned to the water unharmed; and
7. All Brook Trout, regardless of size, caught within the Brook Trout Conservation Zone must be immediately released unharmed.

#### **7:25-6.6 Special regulation trout fishing areas - Trout Stocked Wild Brown Trout Managed Waters**

(a) The following streams, or portions thereof, are designated as "Trout Stocked Wild Brown Trout Managed Streams:"

1. Hakiokake Creek - Little York-Mount Pleasant Rd, Little York, Alexandria Twp., Hunterdon to Delaware River

2. Lopatcong Creek - Rt. 519, Harmony Twp., Warren to Delaware River
3. Pophandusing Creek - White Twp., entire length
4. Raritan River, S. Br. - Mill dam located 200 feet upstream from Schooleys Mountain Rd. (Rt. 517), Washington Twp., Hunterdon, downstream to Lake Solitude dam, High Bridge Borough, excluding 2.5 mile catch and release only stretch within Ken Lockwood Gorge WMA
5. Saddle River - Lake Street, Upper Saddle River Twp., to West Century Rd., Fair-lawn/Paramus Boroughs, Bergen

(b) The following regulations shall apply to the Trout Stocked Wild Brown Trout Managed Waters designated at (a) above.

1. Wild Brown Trout Managed Waters are stocked with trout and subject to pre-season and in-season fishing closures which apply to the remainder of the respective rivers where these areas exist;
2. Except as specified in (b)3i below for Brook Trout, there shall be a nine-inch minimum size for Brook Trout and Rainbow Trout, and a 12-inch size limit for Brown Trout, or hybrids and strains thereof.
3. Except as specified in (b)3i below for Brook Trout, the daily possession limit for Brook Trout, Brown Trout, Rainbow Trout, or their hybrids and strains thereof is as follows:
  - i. All Brook Trout caught within the Brook Trout Conservation Zone, regardless of size, must be immediately released unharmed;
  - ii. A person shall not take, kill or have in possession, in one day, more than four in total during the period extending from January 1 to the pre-season closure, of which no more than two may be Brown Trout;
  - iii. A person shall not take, kill or have in possession, in one day, more than six in total from opening day until May 31, of which no more than two may be Brown Trout; and
  - iii. A person shall not take, kill or have in possession, in one day, more than four in total from June 1 until December 31, of which no more than two may be Brown Trout.

#### **7:25-6.7 Special regulation trout fishing areas - Wild Trout Streams**

(a) There are three classifications of wild trout stream; Native Brook Trout Streams, Wild Trout Streams, and Wild Brown Trout Enhancement Streams. Identification of the streams designated under each classification and the regulations applicable to each classification are specified in (b) through (g) below.

(b) The following streams, or portions thereof, are designated as "Native Brook Trout Streams." Listing of streams in this category does not convey the right to trespass or fish on private lands without the landowner's permission. These waters will not be stocked with trout. Unless otherwise noted, the entire length of the stream is included in the designation.

THIS IS A COURTESY COPY OF THIS RULE. ALL OF THE DEPARTMENT'S RULES ARE COMPILED IN TITLE 7 OF THE NEW JERSEY ADMINISTRATIVE CODE.

1. Beatty's Brook - Lebanon Twp., Hunterdon
2. Bear Swamp Brook - Mahwah Twp., Bergen
3. Hickory Run - Lebanon Twp., Hunterdon
4. Lake Ames Tributary - Picatinny Arsenal boundary to Lake Ames, Rockaway Twp., Morris
5. Primrose Brook - Harding Twp., Morris
6. Raritan River, S. Br. - Budd Lake dam to dam approx. 400 feet upstream of Flanders Drakestown Rd., Mt. Olive Twp., Morris
7. Rinehart Brook - Hacklebarney State Park, Chester Twp., Morris
8. Rocky Run - Lebanon Twp., Hunterdon
9. Stephensburg Brook - Washington Twp., Warren
10. Stony Brook - Stokes State Forest, Sandyston Twp., Sussex
11. Trout Brook - Hacklebarney State Park, Morris

(c) The following regulations shall apply to the Native Brook Trout Streams designated at (b) above.

1. Fishing in Native Brook Trout Waters is permitted year-round;
2. Only artificial lures and flies, with no more than three hook points in total, all of which must be barbless, may be used;
3. A person shall not have in possession, while fishing, any natural bait, live or preserved;
4. A person shall not have in possession, while fishing, any substance, either as a natural or synthetic compound, that contains a concentration of bait scent or such scent enhanced bait;
5. During the period extending from opening day to September 15 no person shall have in possession while fishing any more than two dead, creeled or otherwise appropriated Brown or Rainbow Trout, of any size. No trout may be killed or possessed during other times of the year.
6. All Brook Trout, regardless of size, must be immediately released unharmed.

(d) The following streams, or portions thereof, are designated as "Wild Trout Streams." Listing of streams in this category does not convey the right to trespass or fish on private lands without the landowner's permission. These waters will not be stocked with trout. Unless other-wise noted, the entire length of the stream is included in the designation.

1. Brass Castle Creek - Washington Twp., Warren
2. Dismal Brook - Mendham Twp., Morris
3. Dunnfield Creek - Worthington State Forest, Warren
4. Flanders Brook - Mt. Olive Twp., Morris
5. India Brook - Source to Mountainside Ave., Mendham Twp., Morris

6. Indian Grove Brook - Bernardsville Twp., Somerset
7. Ledgewood Brook - Roxbury Twp., Morris
8. Lomerson Brook, also known as Herzog Brook - Tewksbury Twp., Hunterdon
9. Merrill Creek - Merrill Creek Reservoir dam to Pohatcong Creek, Greenwich Twp., Warren
10. Raritan River, S. Br. - dam approx. 400 feet upstream of Flanders-Drakestown Rd. to 200 feet upstream from Schooleys Mountain. Rd. (Rt. 517), Washington Twp., Hunterdon
11. Stony Brook - Washington Twp., Morris
12. Teetertown Brook - Lebanon Twp., Hunterdon/Washington Twp., Morris
13. Turkey Brook - Mount Olive Twp., Morris
14. Van Campens Brook - source to upper water waterfall in Van Campens Glen, Delaware Water Gap National Recreation Area
15. West Brook - Source downstream to Windbeam Club Property, Ringwood Twp., Passaic
16. Whippany River - Source to Tingley Rd., Mendham Twp., Morris
17. Willoughby Brook - (also known as Buffalo Hollow Brook) Lebanon Twp., Hunterdon

(e) The following regulations shall apply to the Wild Trout Streams designated at (d) above.

1. Fishing in Wild Trout Streams is permitted year-round;
2. Only artificial lures and flies, with no more than three hook points in total, all of which must be barbless, may be used;
3. A person shall not have in possession while fishing any natural bait, live or pre-served;
4. A person shall not have in possession, while fishing, any substance, either as a natural or synthetic compound, that contains a concentration of bait scent or such scent enhanced bait.
5. Except as specified in (e)7 below for Brook Trout, a person shall not, take, kill or have in possession, while fishing, any trout less than 9 inches;
6. Except as specified in (e)7 below for Brook Trout, from opening day to September 15 a person shall not take, kill, or have in possession, while fishing, any more than two legal ly sized dead, creeled or otherwise appropriated trout. Trout may not be killed or possessed during other times of the year.
7. All Brook Trout, regardless of size, caught within the Brook Trout Conservation Zone must be immediately released unharmed.

(f) The following streams, or portions thereof, are designated as "Wild Brown Enhancement Streams." Listing of streams in this category does not convey the right to trespass or fish on private lands without the landowner's permission. These waters will not be stocked with trout. Unless otherwise noted, the entire length of the stream is included in the designation.

1. Beaver Brook - Town of Clinton/Clinton Twp., Hunterdon;
2. Burnett Brook - Chester/Mendham Twps., Morris;
3. Cold Brook - Tewksbury Twp., Hunterdon;
4. Hakihokake Creek - (also known as Little York Bk) source to Little York-Mount Pleasant Rd, Little York, Alexandria Twp., Hunterdon;
5. Jackson Brook - source to Hedden Park Lake, Mine Hill Twp., Morris;

6. Mill Brook - Randolph Twp., Morris;
7. Passaic River - source to Rt. 202, Bernardsville Twp., Morris;
8. Pequannock River - Oak Ridge Rd. bridge (Newark Watershed) to railroad bridge immediately upstream of Charlottesville Reservoir; and from Rt. 23 bridge at Smoke Rise to the Rt. 23 bridge at Smith Mills, Kinnelon Twp., Morris;
9. Rockaway Creek, N. Br. - Tewksbury Twp., Hunterdon;
10. Saddle River - state line to Lake St., Upper Saddle River Borough, Bergen;
11. Spring Mills Brook - Holland Twp., Hunterdon;
12. Van Campens Brook - upper waterfall in Van Campens Glen, located approx. 0.8 miles upstream of Old Mine Rd., to Delaware River, Delaware Water Gap Natural Recreation Area); and
13. Wanaque River - Wanaque Res. dam downstream to Wanaque Ave., Pompton Lakes Borough, Passaic.

(g) The following regulations shall apply to the "Wild Brown Enhancement Streams" designated at (f) above:

1. Fishing is permitted year-round.
2. Only artificial lures and flies, with no more than three hook points in total, all of which must be barbless, may be used.
3. A person shall not have in possession while fishing any natural bait, live or preserved;
4. A person shall not have in possession, while fishing, any substance, either as a natural or synthetic compound, that contains a concentration of bait scent or such scent enhanced bait.
5. Except as specified in (g)7 below for Brook Trout, a person shall not, take, kill or have in possession, while fishing, a Brown Trout less than 12 inches, or a Brook or Rainbow Trout less than nine inches.
6. Except as specified in (g)7 below for Brook Trout, from opening day to September 15 a person shall not take, kill, or have in possession while fishing any more than two legally sized dead, creel or otherwise appropriated Brook, Brown or Rainbow Trout. Trout may not be killed or possessed during other times of the year.
7. All Brook Trout, regardless of size, caught within the Brook Trout Conservation Zone must be immediately released unharmed.

#### **7:25-6.8 Special regulation trout fishing areas--Trophy Trout Lakes**

(a) The following lakes are designated as Trophy Trout Lakes:

1. Round Valley Reservoir; and
2. Merrill Creek Reservoir.

(b) The following regulations shall apply to the Trophy Trout Lakes designated in (a) above:

1. The minimum size of Brown Trout, Rainbow Trout and Atlantic (landlocked) Salmon and all hybrids and strains thereof shall be 15 inches. Daily bag and possession limit for Brown Trout, Rainbow Trout and Atlantic (landlocked) salmon shall be two in total.
2. There shall be no closed season for Brown Trout, Rainbow Trout and Atlantic (landlocked) salmon and all hybrids and strains thereof.
3. The minimum size for Lake Trout shall be 15 inches at Merrill Creek Reservoir with a daily creel and possession limit of two. The daily creel and possession limit shall be six fish, 15 inches to less than 24 inches in length, and one additional fish, 24 inches or greater, for a total of seven Lake Trout at Round Valley Reservoir.
4. During the period from midnight September 15 to December 1, the possession of Lake Trout is prohibited and all Lake Trout caught shall be immediately returned to the water unharmed.
5. A person shall not have in possession, while on the waters or adjacent lands of any designated Trophy Trout Lake, any fish, or any part thereof, which has been mutilated so that its size at capture cannot be determined, or so that it is unidentifiable as to species, except that this restriction shall not apply to fish which are being prepared for immediate on-site consumption.

#### **7:25-6.9 Special regulation trout fishing areas--Holdover Trout Lakes**

(a) The following lakes are designated as Holdover Trout Lakes:

1. Aeroflex Lake (Sussex);
2. Clinton Reservoir (Passaic);
3. Sheppard Lake (Passaic);
4. Tilcon Lake (Morris);
5. Wawayanda Lake (Sussex); and
6. White Lake (Warren).

(b) The following regulations shall apply to Holdover Trout Lakes designated at (a) above:

1. Fishing is permitted year-round.
2. There shall be a nine-inch minimum size limit for any species of Brown Trout, Rainbow Trout or hybrids and strains thereof.
3. The daily possession limit for Brown Trout, Rainbow Trout or hybrids and strains thereof is as follows:
  - i. A person shall not take, kill or have in possession, in one day, more than two in total during the period extending from January 1 to the pre-season closure.
  - ii. Trout taken during the pre-season closure must be returned to the water immediately and unharmed.
  - iii. A person shall not take, kill or have in possession, in one day, more than four in total during the period extending from opening day to May 31.

- iv. A person shall not take, kill or have in possession, in one day, more than two in total from June 1 until December 31.
4. The minimum length for Atlantic (landlocked) salmon shall be 12 inches with a daily bag and possession limit of two.

### **7:25-6.10 Baitfish**

(a) Any person, who has a fishing license or is under the age of 16 or over 70 years of age, may take up to 35 baitfish, except Alewife and/or Blueback Herring, per person per day from the freshwaters of the State. Alewife and Blueback Herring may only be possessed, taken, attempted to be taken, sold, or purchased in accordance with (b) through (d) below. Except as provided in (d) below, no person shall possess, in any location, more than one day's limit, regardless of when the fish were taken and whether the fish are intended to be used as bait or food.

(b) The possession, take, attempt to take, sale, or purchase of Alewife or Blueback Herring from any freshwater stream or river is prohibited.

(c) Up to 35 Alewife or Blueback Herring, no greater than six inches in length, may be taken for personal use from freshwater lakes in Morris, Passaic, Sussex, and Warren Counties, and from Spruce Run Reservoir, located in Hunterdon County. Landlocked herring taken from lakes within these counties may only be used on the lake from which they were taken, on the day they were taken. Any unused herring must be returned to the waterbody upon the conclusion of the angler's fishing trip on the day that they were taken. Landlocked herring taken pursuant to this subsection shall not be transported away from the shoreline of the lake by any mechanism. They shall not be sold.

(d) In freshwater lakes, other than those specified in (c) above, only purchased herring, no greater than six inches in length, may be possessed for up to seven days from date of purchase, when accompanied by a receipt. The receipt must list the name, address, and telephone number of the place of purchase, the date of purchase, and the quantity purchased. This receipt must be without erasures or alterations of any kind and must have a control number. Purchased herring may be possessed in excess of the daily limit.

(e) Except as provided for in trout-stocked waters listed in N.J.A.C. 7:25-6.3 through 6.9 and (f) below, baitfish, except for Alewife and Blueback Herring, up to the daily limit may be taken from freshwaters of the State by the following means: hook and line; dip net not more than 24 inches in diameter; minnow traps not larger than 24 inches in length with a funnel mouth no greater than two inches in diameter; a cast net no greater than eight feet in diameter, and an umbrella net no greater than 3.5 feet square.

1. Seines may also be used subject to the following limitations:
  - i. In lakes and ponds under 100 acres, the seine shall not be over 30 feet in length.
  - ii. In lakes at or over 100 acres, the seine shall not be over 50 feet in length.
  - iii. In streams, the seine shall not exceed 30 feet in length, or one-half the width of the stream at the point of use, whichever is less.

(f) In trout-stocked waters and special regulation areas, listed in N.J.A.C. 7:25-6.3 to 6.9, it is prohibited to net, trap, or attempt to net or trap baitfish from the pre-season closure through June 15 except where the taking is otherwise provided for in this subchapter. For the remainder of the year, baitfish, except for Alewife and Blueback Herring, up to the daily limit, may be taken with a seine not over 10 feet in length and four feet in depth or a minnow trap not larger than 24 inches in length with a funnel mouth no greater than two inches in diameter or an umbrella net no greater than 3.5 feet square. The use of cast nets is not permitted in these waters at any time.

(g) Baitfish other than alewife (anadromous and landlocked) and blueback herring may be taken from the freshwaters of the State, in numbers greater than the daily limit for the purpose of sale under special permit issued by the Division in its discretion. Alewife may be taken from lakes, 250 acres or greater, in numbers greater than the daily limit for the purpose of sale, under special permit issued by the Division in its discretion.

1. In lakes and ponds under 100 acres, a seine not over 30 feet in length may be used, and in lakes over 100 acres, a seine not over 50 feet in length may be used. Minnow traps not larger than 24 inches in length with a funnel mouth no greater than two inches in diameter, and an umbrella net no greater than 3.5 feet square may be used in any of the freshwaters of the State.

2. To obtain a special permit, an application may be obtained from:

New Jersey Division of Fish and Wildlife  
Bureau of Freshwater Fisheries  
PO Box 394  
Lebanon, New Jersey 08833

3. Applications shall be directed to:

New Jersey Division of Fish and Wildlife  
Bureau of Freshwater Fisheries  
PO Box 394  
Lebanon, NJ 08833-0394

4. The permittee shall agree to:

- i. Submit harvest reports by the 15th day of the following month;
- ii. Return species, other than baitfish, to the water immediately and unharmed;
- iii. Display name and address on any devices left in the water unattended;
- iv. Operate only one device per permit;
- v. Be present during the operation of the device;
- vi. Not transfer the permit to other operators;

- vii. Notification of, and permission from, the owner of the waterbody named in the application or the administering agency if that waterbody is publicly owned; and
- viii. Comply with any local ordinances or other State laws or regulations.

### **7:25-6.11 Nets and alternative gear**

(a) Except as provided for the taking of baitfish, it shall be illegal to take fish from the freshwaters of the State by means of nets except under special permit issued by the Division at its discretion and as hereafter provided for in the tidal freshwaters of New Jersey, other than the Delaware River:

1. No person shall catch or take or attempt to catch and take fish of any kind or description by means of a net, or use a net of any character except for fyke nets and bait seines used for the purpose of taking of baitfish, from Saturday at 2:00 P.M. until the following Sunday at 12 midnight.
2. It shall be legal to take and sell foodfish as defined in N.J.A.C. 7:25-6.2 by the means identified in (a)2i through v below. American Shad may only be taken from the Delaware River.
  - i. Haul seines, the mesh of which shall not be less than two and three quarter inches stretched while being fished and not to exceed 70 fathoms in length, whether singly or attached, for all species may be used from November 1 to April 30. Permits for haul seines exceeding 70 fathoms in length will be issued for the Delaware River, upstream of the wing dam at Lambertville, only for permittees which have obtained approval from the Division prior to January 1, 2004. All permits issued by the Division after January 1, 2004 will restrict seines to a length not to exceed 70 fathoms in this section of the Delaware River.
  - ii. Fykes, with leaders shall not exceed 30 feet in length and no part of the net or leaders to be larger than three inches stretched mesh or less than three quarter inch stretched measure while being fished, for all species may be used from November 1 to April 30.
  - iii. Miniature fykes or pots for the taking of carp, catfish, suckers and eels, the same not to exceed 16 inches in diameter may be used from March 15 to December 15. All other species of fish which may be caught must be immediately returned, unharmed, to the waters from which they were taken.
  - iv. Drifting gill nets, the smallest of which shall be five and one quarter inches stretched measure while being fished and shall not exceed 100 feet in length, for all species may be used from March 1 to June 15. Drifting gill nets may not be used in freshwater rivers or streams where migratory Alewife or Blueback Herring are known to occur.
  - v. Gill nets with a mesh not smaller than two and three quarters stretched measure, while being fished and not exceeding 200 feet in length may be used from May 1 to June 10 for the purpose of taking White Perch. Gill nets may not be used in freshwater rivers or streams where migratory Alewife or Blueback Herring are known to occur.
3. Not more than one gill net or hauling seine shall be used from a boat.

4. To obtain a special permit, an application may be obtained from:

New Jersey Division of Fish and Wildlife  
Bureau of Freshwater Fisheries  
PO Box 394  
Lebanon, New Jersey 08833

5. Applications shall be directed to:

New Jersey Division of Fish and Wildlife  
Bureau of Freshwater Fisheries  
PO Box 394  
Lebanon, New Jersey 08833

6. The permittees shall agree to:

- i. Submit annual harvest reports, including species, and number of fish harvested, by date, by December 31;
- ii. Return species, other than foodfish, to the water immediately and unharmed;
- iii. Legibly display name and address on any and all devices left in the water unattended;
- iv. Operate only one device per permit;
- v. Be present during the operation of the device;
- vi. Not transfer the permit to other operators;
- vii. Notify and obtain permission from the owner of the water body or access to the water body named in the permit; and
- viii. Comply with any local ordinances and other State laws or regulations.

#### **7:25-6.12 Snagging prohibited**

The snagging of any fish species is prohibited. Any fish so hooked must be immediately returned to the water. This shall not apply to fish so taken through the ice.

#### **7:25-6.13 Warmwater fish**

(a) (Reserved)

(b) (Reserved)

(c) (Reserved)

(d) During the period of April 15 through June 15, the possession of Largemouth and Smallmouth Bass is prohibited and all bass caught shall be immediately returned to the water unharmed.

(e) The minimum length for Largemouth and Smallmouth Bass shall be 12 inches with a daily creel and possession limit of five in total, except for Alloway Lake (Salem County), Assunpink Lake (Monmouth County), Boonton Reservoir (Morris County), Delaware Lake (Warren County), Parvin Lake (Salem County), and Splitrock Reservoir (Morris County) where the minimum length for Largemouth and Smallmouth Bass shall be 15 inches with a daily creel and possession limit of three in total and Ryker Lake where the minimum length shall be 15 inches with a daily creel and possession limit of two in total.

(f) There is no closed season for Northern Pike, Muskellunge, and Tiger Muskie except, during the period of March 20 through May 20, the possession of Muskellunge and Tiger Muskie taken from Echo Lake Reservoir (Passaic County), Mercer Lake (Mercer County), Mountain Lake (Warren County), and Monksville Reservoir (Passaic County) is prohibited and all Muskellunge and Tiger Muskie caught from these waters shall be immediately returned to the water unharmed.

(g) The minimum length for Northern Pike shall be 24 inches, with a daily creel and possession limit of two. The minimum length for Muskellunge and Tiger Muskie shall be 40 inches, except for Echo Lake Reservoir (Passaic County), Lake Hopatcong (Morris), and Monksville Reservoir (Passaic) where the minimum length shall be 44 inches. The daily creel and possession limit for Muskellunge and Tiger Muskie shall be one in total.

(h) During the period of March 1 through April 30, the possession of Walleye is prohibited and all Walleye caught shall be immediately returned to the water unharmed.

(i) The minimum length for Walleye shall be 18 inches with a daily creel and possession limit of three.

(j) Except as provided in N.J.A.C. 7:25-6.19 and 6.20, the minimum length for Chain Pickerel and Redfin Pickerel shall be 15 inches.

(k) The daily creel and possession limit for Chain Pickerel and Redfin Pickerel shall be five in total. There is no closed season.

(l) The minimum length for Channel Catfish shall be 12 inches with a daily creel and possession limit of five. There is no closed season.

(m) The minimum length for Black Crappie and White Crappie shall be eight inches. The daily creel and possession limit for these species shall be 10 in aggregate. There is no closed season.

(n) For Ryker Lake, the daily creel and possession limit for sunfish and for Yellow Perch shall be 10 and the minimum size for sunfish shall be seven inches. For Rainbow Lake, the daily creel limit for sunfish shall be 10 and the minimum size shall be seven inches.

(o) Except as provided for the Delaware River in N.J.A.C. 7:25-6.20, American Shad may not be taken or possessed at any time.

(p) Striped Bass may be taken or possessed during the period of March 1 to December 31.

(q) The daily creel and possession limit for Striped Bass is two, one fish at least 28 inches and less than 43 inches in length, and one fish at least 43 inches in length.

(r) Hybrid Striped Bass (Striped Bass x White Bass) may be taken in the Raritan River downstream of the Duke Island Park dam during the period of March 1 to December 31.

(s) The minimum length for Hybrid Striped Bass (Striped Bass x White Bass) shall be 16 inches and the daily creel and possession limit shall be two, except for the Raritan River downstream of the Duke Island Park dam where the daily creel and possession limit shall be two, one fish at least 28 inches and less than 43 inches in length, and one fish at least 43 inches in length.

(t) Eels may not be taken from non-tidal waters of this State by use of eel baskets, fykes, or traps of any kind, except that eel weirs may be operated under permit of the Division, for purposes of sale, in accordance with N.J.S.A. 23:3-55. The minimum length for American Eel shall be nine-inches with a daily creel and possession limit of 25.

(u) Mud Sunfish, Blackbanded Sunfish, Bluespotted Sunfish, and Banded Sunfish may not be taken or possessed at any time.

(v) Except for Greenwood Lake and the Delaware River between New Jersey and Pennsylvania, for which limits are specified in N.J.A.C. 7:25-6.19 and 6.20, respectively, the daily creel and possession limit for Brown Bullhead, Pumpkinseed, Redbreast Sunfish, Yellow Bull-head, Yellow Perch, White Catfish, White Perch, and White Sucker shall be 25 in total.

#### **7:25-6.14 Ice fishing**

(a) Except as provided in N.J.A.C. 7:25-6.3, ice fishing shall be permitted whenever ice is present.

(b) A person, while fishing through the ice, may use not more than five devices for the taking of fish. Devices may consist of any combination of ice supported tip-ups, fishing rods, or hand lines. Each device may have only one single line attached.

1. Ice supported tip-ups or hand lines may have only one single pointed hook attached.
2. The line from a fishing rod may have attached either one single pointed hook, or an artificial lure with not more than three single hooks and one burr of three hooks. On artificial lures, single hooks may not measure more than 1/2 inch from point to shaft, and hooks on burrs may not exceed 1/2 inch from point to point.

(c) Natural and artificial bait may be used with any ice fishing device.

(d) All devices that are not hand-held must be clearly marked with the name and address of the user and shall not be left unattended.

(e) All established creel, season, and size limits apply.

### **7:25-6.15 Bow and arrow fishing**

Except as provided for trout-stocked waters, identified in N.J.A.C. 7:25-6.3, and for Greenwood Lake and the Delaware River between New Jersey and Pennsylvania, for which limits are specified in N.J.A.C. 7:25-6.19 and 6.20, it shall be legal to take Carp, including Bighead, Common, Grass, and Silver, American Eels, Flathead Catfish, American Shad (Delaware River only), Gizzard Shad, snakeheads, and suckers, or any hybrids of any of these species, at any time by use of bow and arrow with line attached, provided a person has a proper fishing license. For the purpose of this section, a bow means any longbow, recurved bow, compound bow, or crossbow, that is hand-held. Crossbows shall have a stock length of 25 inches, minimum draw pull weight of 75 pounds, and a working safety. Crossbows may not be permanently mounted. Crossbows must be uncocked in transport and while not actively engaged in fishing.

### **7:25-6.16 Closed waters**

(a) During the period of March 1 through June 30, it is illegal to fish, place any contrivance for the taking of fish, or attempt to catch or kill fish by any manner or means in any fish ladder, or within 100 feet or as posted feet of any fish ladder entrance or exit or 100 feet upstream from the crest of the spillway at Deal Lake.

(b) It is illegal to fish or attempt to catch or kill fish by any manner or means in waters within the boundaries of the State Fish Hatcheries, except where specifically permitted, that is, the Musconetcong River and Pequest River.

### **7:25-6.17 Emergency closure notice**

It shall be illegal to fish or attempt to catch or kill fish by any manner or means in any waters for which the Director of the Division, upon approval of the Fish and Game Council, issues an Emergency Closure Notice. Such notice shall be effective and/or rescinded immediately upon public notification. It shall be based upon imminent threat to the wellbeing of the fishery resource and/or its users, and may include any exceptions to the total ban on fishing that the Director deems practical.

### **7:25-6.18 Wanton waste of fish prohibited; tagging and marking of fish**

(a) Fish, of any species, taken, by any means, which are purposely killed, become part of the fisherman's daily creel or possession limit and must be removed from the waters from which they were taken, and adjacent lands, pursuant to N.J.S.A. 23:5-28. This section shall not apply to those fish which are released while still alive, by the angler, and subsequently die as a result of stress or hooking mortality.

(b) No person may tag or mark and release fish without first obtaining a special permit issued by the Division after a determination that the action will provide information that will be beneficial to the management of the fisheries resource and will not detract from any studies being planned or conducted by the Division or other scientific or educational organization. "Educational or scientific organization" means a governmental unit or a private institution that provides environmental or natural resource education to its students or a governmental unit or private institution whose primary service is the evaluation of environmental or natural resource conditions.

1. Required permit information shall be as follows:

- i. The permittee's name;
- ii. The permittee's address;
- iii. The species of fish to be tagged or marked;
- iv. The type of tag or mark to be used;
- v. The location in which the marked fish will be released; and
- vi. The purpose of the tagging or marking of fish.

2. Applications shall be directed to:

New Jersey Division of Fish and Wildlife  
 Bureau of Freshwater Fisheries  
 PO Box 394  
 Lebanon, NJ 08833-0394

3. The permittee shall agree to:

- i. Submit a report of the results of the tagging study to the Division;
- ii. Display permittee's name and address or phone number on fish tags;
- iii. Notification of, and permission from, the owner of the waterbody named in the application or the administering agency if that waterbody is publicly owned; and
- iv. Comply with any local ordinances or other State laws or regulations.

### **7:25-6.19 Greenwood Lake**

(a) In cooperation with the New York State Department of Environmental Conservation, Division of Fish and Wildlife, the following regulations for Greenwood Lake, which lies partly in Passaic County, New Jersey, and partly in Orange County, New York, are made a part of the New Jersey State Fish and Game Code and will be enforced on the whole lake by the conservation authorities of both states.

1. Species	Season	Size Limit	Daily Bag Limit
Trout	No closed season	No minimum	3
Largemouth bass and	third Saturday	12 inch	5 in total

1. Species	Season	Size Limit	Daily Bag Limit
smallmouth bass	in June until Dec. 1 Dec. 1 until third Saturday in June	minimum	Catch and release only
Chain pickerel	No closed season	15 inch minimum	5
Muskellunge and any hybrid thereof taken before April 1, 2019	No closed season	36 inch minimum	1
Muskellunge and any hybrid thereof taken on or after April 1, 2019	No closed season	<del>36 inch</del> minimum	11
Walleye	Jan. 1-last day of February and May 1-December 31	18 inches	3
Channel catfish	No closed season	12 inches	5
Black crappie and white crappie	No closed season	8 inches	10 in total
Yellow perch	No closed season	No minimum	50
Sunfish	No closed season	No minimum	50
American Eel	No closed season	9 inches	25
All other species	No closed season	No minimum	No limit

2. On Greenwood Lake, it shall be legal for any ice fisherman to use up to five tip-ups and two hand-held devices for the taking of fish. All devices that are not hand-held must be plainly marked with the name and address of the angler. The ice fishing season is from ice-in to ice-out (when ice is present in a sufficient quantity to support fishing activities).
3. On Greenwood Lake, fishing will be permitted 24 hours a day.
4. Either New York or New Jersey fishing licenses will be honored on all of Greenwood Lake.
5. Bow and arrow fishing for carp, suckers, herring, catfish and eels by properly licensed fishermen, will be permitted on Greenwood Lake.

**7:25-6.20 Delaware River between New Jersey and Pennsylvania**

(a) In cooperation with the Pennsylvania Fish and Boat Commission, the following regulations for the Delaware River between New Jersey and Pennsylvania are made a part of the New Jersey State Fish and Game Code and will be enforced by the conservation authorities of each state.

1. Species	Season	Size Limit	Daily Bag
Trout	8:00 A.M. on the first Saturday after April 11 to Oct. 15	No minimum	5
American Shad	No closed season	No minimum	3
Hickory Shad	Closed season	Closed season	Closed season
Largemouth Bass and Smallmouth Bass	Jan. 1 to the first Friday after April 10, and the first Saturday after June 11 to Dec. 31	12 inch minimum	5 in total
Walleye	No closed season	18 inch minimum	3
Channel Catfish	No closed season	12 inch minimum	5
Chain Pickerel	No closed season	12 inch minimum	5
Muskellunge and any hybrid thereof	No closed season	40 inch minimum	1
Northern Pike	No closed season	24 inch minimum	2
Baitfish, fish bait	No closed season	No minimum	50
Alewife and Blueback Herring (anadromous forms)	Closed		
Shortnose Sturgeon	Closed-endangered species		
Atlantic Sturgeon	Closed		
Striped Bass and Striped Bass x White Bass	Downstream of Calhoun Street	at least 28 inches and less	1

hybrid	Bridge season open March 1-30 and June 1-Dec 31.	than 43 inches	
			AND
		at least 43 inches	1
	Upstream of Calhoun Street Bridge season open March 1-Dec. 31	at least 28 inches and less than 43 inches	1
			AND
		at least 43 inches	1
All other freshwater species	No closed season	No minimum	25

2. Angling may be done with three rods each with one line or two lines or one of each. Not more than three single hooks or three burrs of three hooks each may be used per line.
3. Ice fishing shall be legal whenever ice is present. Open (unfrozen) water creel and size limits shall apply. The maximum size of the ice hole shall not exceed 10 inches in diameter. Five tip-ups or any combination of five devices that will include tip-ups of not more than two rods and lines or two hand lines or one of each may be used.
4. Spears (not mechanically propelled), longbows, and recurved, compound, or crossbows may be used to take shad, carp, suckers, catfish, and snakeheads by properly licensed fishermen, except within 50 rods (825 feet) of an eel weir. All arrows must have line attached. Crossbows shall have a stock length of 25 inches, a minimum draw pull weight of 75 pounds, and a working safety. Crossbows must be hand held and may not be permanently mounted. Crossbows must be uncocked in transport and while not actively engaged in fishing.
5. Bait fish may be taken and possessed for personal uses only but not to exceed 50 per day. The minimum length for American Eel shall be nine-inches with a daily creel and possession limit of 25.
6. Eel weirs for the catching of carp, catfish, eels, and suckers only, may be operated under permit from the Division of Fish and Wildlife, for the purposes of sale, at any time of the year and at any time of day.
7. Hook and line fishermen are hereby restricted to the use of non-offset circle hooks while fishing with any natural bait during the months of April and May downstream of the Calhoun Street Bridge to the Commodore Barry Bridge. This restriction shall apply only

to hooks of size 2 and larger and shall not apply to hooks of smaller sizes (such as those normally used for white perch fishing).

**7:25-6.21 (Reserved)**

**7:25-6.22 Snapping turtles, bull frogs, and green frogs**

(a) Any person who has a fishing license or is under the age of 16 or over 70 years of age, may in the waters of the State, take snapping turtles, bull frogs, and green frogs by means of spears, angling with hook and line, dip nets not more than 24 inches in diameter, traps, or by hand. Except under commercial harvest permits specified in (d) below, turtles may not be sold. Turtles may not be taken with a gun or bow and arrow. The use of set lines is prohibited.

(b) The daily limit for snapping turtles shall be one with a minimum carapace length of 12 inches and the daily limit for both bull frogs and green frogs shall be 15 in total.

(c) A person shall not take, attempt to take, kill, or have in possession snapping turtles from May 15 to June 30, or from October 31 to April 1. A person shall not take, attempt to take, kill, or have in possession bull frogs and green frogs from April 1 to June 30. Turtle eggs may not be taken at any time. Turtles may not be taken from land at any time.

(d) Snapping turtles, bull frogs, and green frogs may be taken in numbers greater than the daily limit under special permit issued by the Division, for the purposes of sale, at its discretion. Permits for snapping turtles will only be issued to permittees who have received a permit(s) from January 1, 2010, to December 31, 2014, and have submitted a harvest report(s) prior to January 1, 2015, indicating the harvest of at least one turtle during that time period. In addition to any other Federal, State, or local requirements that may be applicable to any sale authorized under this section, any sale must comply with Department of Health rule N.J.A.C. 8:23-2.1.

1. To obtain a special permit an application may be obtained from the Division at:

New Jersey Division of Fish and Wildlife  
PO Box 420  
Trenton, NJ 08625

2. Applications shall be directed to:

New Jersey Division of Fish and Wildlife  
PO Box 420  
Trenton, NJ 08625

3. The permittee shall agree to:

- i. Submit annual harvest reports, including the date, waterbody, species, number, and approximate total weights of snapping turtles, bull frogs, or green frogs harvested, and the name, address, and telephone number of purchaser(s), by December 31 of the current permit year. The annual harvest reports shall additionally include the date, waterbody, and number and approximate total weight of sub-legal and legal sized snapping turtles released;
- ii. Display his or her name and address on any traps left in the water unattended;
- iii. Notify and obtain permission from the owner of the waterbody where the trap is set;
- iv. Set no more than 30 traps and tend all traps at least once every 24 hours;
- v. Not transfer the permit to other operators;
- vi. Use only those traps that provide a means of escape, or survival, of species of turtles other than snapping turtles;
- vii. Set traps in a manner that allows at least the topmost two inches of the trap to remain exposed, at all times, above the surface of the water;
- viii. Use flotation devices that have sufficient strength to support the weight of the trap and keep it afloat for at least 24 hours;
- ix. Comply with any local ordinances and other State laws or regulations;
- x. Not harvest from any water subject to a Department of Environmental Protection fish consumption advisory, for the general population, for any fish species of "do not harvest," "do not eat," or "no more than one meal per year";
- xi. Only harvest snapping turtles with a minimum carapace length of 12 inches;
- xii. Submit a written explanation for the failure to trap or harvest snapping turtles within approved permit timeframe; and
- xiii. Report sightings of any State endangered or threatened species of turtle by completing and submitting a Division Sighting Report Form; available at <http://www.state.nj.us/dep/fgw/ensp/pdf/rptform.pdf>.

(e) Those species of frogs and turtles listed as State endangered or threatened may not be pursued, taken, killed, or possessed. The possession of other species of frogs and turtles not regulated in this Code is regulated under N.J.S.A. 23:2A-6.

### **7:25-6.23 Special limited fishing licenses**

(a) The Director of the Division may issue a permit to organizations that provide care for disabled persons authorizing those disabled persons to fish in a specified body of water, on a designated date, provided they are escorted by the staff of the organization, without a license or stamp as required by Title 23 of the New Jersey Statutes. This permit allows the taking of any species at any location at any time, subject to the following requirements. For the purposes of this section, an "organization that provides care for the disabled" shall mean a governmental or licensed private care facility that is responsible for the physical or mental developmental health of persons who have a lifelong need of supervised care. "Disabled person" shall mean a person who has a condition that substantially limits one or more of the major life functions such as caring for themselves, or limited mental development that prevents a person's caring for themselves, seeing, hearing, or speaking.

(b) Applications shall be made to the Division of Fish and Wildlife, Bureau of Freshwater Fisheries, PO Box 400, Trenton, New Jersey 08625-0400. Applications, in the form of a letter of request, shall be submitted at least 21 days prior to the event upon the organization's letterhead stationery. Applications shall contain the date or dates of the proposed event, the body of water involved, the number of disabled persons who will be authorized by the permit, and the number of care providers. Angling under the authority of this permit shall be in accordance to season, size, creel limit and equipment restrictions. The permit shall be issued when the Director determines that the event will provide a natural resource educational experience for disabled persons consistent with the goals of the Division.

#### **7:25-6.24 Permits issued to educational or scientific organizations**

(a) Educational or scientific organizations may apply to the Director, subject to approval by the Fish and Game Council, for a permit that shall authorize their participation in fisheries notwithstanding the requirements of N.J.A.C. 7:25-6. This permit would allow the taking of any species at any location at any time, subject to the requirements of this section. This permit shall satisfy any licensing requirement associated with such activity. Such permit shall be effective and/or rescinded immediately upon public notification. For the purposes of this section, "educational or scientific organization" shall mean a governmental unit or private institution that provides environmental or natural resource education to its students or a governmental unit or private institution whose primary service is the evaluation of environmental or natural resource conditions.

(b) An application for a scientific collecting permit shall be made on an application form obtained from and filed with the Division in accordance with (c) below. Applications shall include:

1. The applicant name;
2. The applicant address;
3. The applicant telephone number;
4. The dates of proposed sampling;
5. The body or bodies of water involved;
6. The purpose of the activity;
7. A listing of any equipment that is expected to be used;
8. The species to be collected;
9. The disposition of species collected;
10. The names of persons who will be authorized by the permit; and
11. If the activity is related to research or environmental study or assessment, a copy of the project proposal must be attached to the application.

(c) Application forms may be obtained from and, when complete, shall be submitted to the Division at:

New Jersey Division of Fish and Wildlife  
Bureau of Freshwater Fisheries  
PO Box 394  
Lebanon, New Jersey 08833

(d) The Director shall grant the permit, subject to the requirements of this section, after a determination that the event will provide a natural resource educational experience or a scientific investigation consistent with the goals of the Division that cannot otherwise be accomplished in conformance with N.J.A.C. 7:25-6.

(e) The permittee shall agree to:

1. Abide by all permit conditions;
2. With the exception of sampling for educational purposes, notify the nearest regional law enforcement office 48 hours prior to sampling;
3. Notify and obtain permission from the owner of the waterbody prior to sampling;
4. Use standardized sampling protocols, as applicable;
5. Not transfer the permit to other persons;
6. Submit a report of field data by December 31;
7. Submit a copy of the final report, as soon as it becomes available, to New Jersey Division of Fish and Wildlife, Bureau of Freshwater Fisheries, PO Box 394, Lebanon, New Jersey 08833; and
8. Comply with any local ordinances and other State laws or regulations.

#### **7:25-6.25 Water lowering**

(a) Except as otherwise permitted in this section, no person shall shut off water to, or draw off waters from any pond, stream or lake, public or private within the State.

(b) Water withdrawals authorized for water supply purposes pursuant to N.J.A.C. 7:19 or for agricultural, aquacultural or horticultural uses pursuant to N.J.A.C. 7:20A shall not require a water lowering permit pursuant to this section.

(c) Water lowering permits are issued for the sole purpose of protecting the State's aquatic biological resources.

(d) An application for a water lowering, including all information required by this section, shall be submitted at least 60 days prior to the requested lowering date. In the event the lowering is required due to unsafe or hazardous dam conditions, as determined by the Department's Division of Dam Safety, the dam owner or the owner or operator of the outlet structure shall submit a completed application form within 15 days of notification from the Division of Dam Safety. The application shall include a copy of the written documentation received from the Department's Division of Dam Safety.

(e) Application forms may be obtained from and, when complete, shall be submitted to the Division at:

New Jersey Division of Fish and Wildlife  
Bureau of Freshwater Fisheries  
P.O. Box 394

Lebanon, New Jersey 08833

(f) An application for a water lowering permit shall include the following information, as well as any supplemental information required by this section:

1. Applicant name;
2. Applicant address;
3. Applicant phone number;
4. Waterbody location;
5. Reason the lowering is requested;
6. Date requested to begin;
7. Refill date;
8. Water body size;
9. Maximum depth;
10. Extent of drawdown requested;
11. Method of water release;
12. Department of Environmental Protection permits applied for relative to the project;
13. Applicant signature;
14. Property owner's certification; and
15. Contact information for agent acting on behalf of the applicant, if applicable.

(g) For applications submitted for flood control purposes, the application shall additionally include a written justification identifying the need for the water lowering, flood storage capacities gained and their beneficial impacts to the community, as well as the adverse impacts of repeated lowerings on the associated waterway.

(h) If information submitted to the Division is incomplete, the Division may either deny the application or request that the applicant provide additional information within a specified timeframe. Failure to provide the additional information within the time frame specified shall result in denial of the application.

(i) Except as provided in (s) below, the following time restrictions shall apply:

1. Lowering may not occur from February 1 to March 15, when reproducing populations of rainbow trout may be adversely impacted;
2. Lowering may not occur from March 1 to June 30, when anadromous fish populations may be adversely impacted;
3. Lowering may not occur from March 15 to June 15, when trout maintenance waters and/or the stocking of trout may be adversely impacted by the lowering;
4. Except when the extent of the lowering requires the collection and relocation of aquatic biota, lowering may not occur from April 1 to June 15, when warmwater fish populations, which include pickerel are present, otherwise lowering may not occur from May 1 to June 15;
5. Except in the event the Division determines that the lowering will have no adverse impacts to aquatic biota present, lowerings may not occur from July 1 to September 15;

6. Lowering may not occur from September 15 to March 15, when reproducing populations of brook and brown trout may be adversely impacted;
7. Lowering may not occur from September 15 to December 1, when reproducing populations of lake trout may be adversely impacted;
8. For waterways located north of Route 195, water levels must be lowered to the full approved extent by November 1; or
9. For waterways located south of Route 195, water levels must be lowered to the full approved extent by November 15.

(j) Additional timing restrictions may be imposed pursuant to (i) above to minimize impacts to growth, spawning, breeding, and or hibernation, of threatened or endangered species, in accordance with N.J.A.C. 7:25-4.13 and 4.17, which may also be adversely affected by the lowering.

(k) In the event multiple timing restrictions would apply, the Director will assess the impacts to the spawning, breeding, growth and hibernation of biota present and determine the most appropriate timing for the lowering.

(l) Except as otherwise provided in this section, an application for a water lowering permit shall be approved if the Director determines that the lowering is necessary, timing restrictions, pursuant to (i) above, are satisfied and the applicant demonstrates, to the satisfaction of the Director, that impacts to aquatic biota, as a result of the lowering, have been minimized to the maximum extent possible. In determining whether to approve a water lowering permit application, the Director shall consider potential impacts to growth, spawning, stocking, breeding and hibernation of biota, as well as impacts to endangered species dependent upon the waterbody, or otherwise affected by the lowering.

(m) A water lowering permit shall be authorized by the Division when a draw down is required due to unsafe or hazardous dam conditions, as determined by the Department's Division of Dam Safety. Emergency water lowering permits issued pursuant to this subsection will be exempt from timing restrictions, as specified in (i) through (k) above. The permittee, however, must abide by all other permit conditions, including the collection and relocation of biota if determined necessary by the Division.

(n) In no event shall a water lowering permit be approved if maximum minimization of impacts continues to result in the potential for significant mortality to the aquatic biota present.

(o) In the event the Division determines the lowering is necessary, and the extent and duration necessary poses an unavoidable threat to aquatic biota present, permittees may be required to collect and relocate aquatic biota to waters designated by the Division, or hold biota for reintroduction purposes. Appropriate timing restrictions shall still apply. A scientific collecting permit, scientific holding permit and/or stocking permit may also be required for the collection, relocation or retention of biota.

(p) For the duration of the lowering, permittees are responsible for the welfare of aquatic biota and are required to alleviate harmful conditions that may result from either the water level manipu-

lation or from unforeseen changes in environmental conditions, including, but not limited to, unseasonably warm temperatures or periods of low water.

(q) The following general conditions shall apply to any permit for water lowering:

1. The permittee shall notify the Division 24 hours prior to lowering, and again 24 hours prior to refilling;
2. Initial water lowering shall not begin prior to the effective date of the water lowering permit, and refilling must commence no later than the expiration date;
3. At no point shall the water lowering exceed the amount specified on the permit;
4. For water lowering to be accomplished by a release of water from the waterbody, the rate of release at the time of lowering must be controlled to prevent any over-bank flow of the primary downstream channel, or increased turbidity; and
5. During the period that the waterbody is lowered downstream flow must be maintained at a flow equivalent, including amount and rate of flow, to conditions present immediately upstream of the waterbody for which the permit is issued.

(r) Requests to modify the expiration date of an existing water lowering permit must be submitted by the permittee in writing. Requests to extend the permit's expiration date must be submitted at least 21 days prior to the original expiration date. Requests shall include the permit number, waterbody name, location, owner, the change requested and the reason the modification is necessary. Requests shall be submitted to the Division at:

New Jersey Division of Fish and Wildlife  
Bureau of Freshwater Fisheries  
P.O. Box 394  
Lebanon, New Jersey 08833

1. In determining whether to approve a modification to an existing water lowering permit, the Director shall consider the impacts to the growth, spawning, stocking, breeding and hibernation of biota present, as well as impacts to endangered species dependent upon the waterbody, that may result from the change.

(s) For water lowering permits issued for flood control purposes, lowering may begin within 24 hours prior to a forecasted storm event of one inch of rain or more in the area. Permits are valid from January 1 to December 31. A written log, including the date, extent of lowering, forecasted amount of rain, source of the weather forecast, resulting water elevation after the rain event, the duration and the date the waterbody level was returned to full pool, must be recorded and submitted to the Division.

#### **7:25-6.26 Fish stocking; fish culture facilities**

(a) No person may release any live indigenous or exotic fish, or their eggs, into the aquatic environment without a permit. For the purposes of this subchapter, indigenous and exotic fish shall include all fish species, their subspecies and hybrids.

(b) An application for a fish stocking permit must be submitted at least four weeks prior to the requested stocking date. Applications may be obtained from and, when complete, shall be submitted to the Division at:

New Jersey Division of Fish and Wildlife  
Bureau of Freshwater Fisheries  
P.O. Box 394  
Lebanon, New Jersey 08833

(c) An application for a fish stocking permit shall include the following information, as well as any supplemental information required by this section:

1. Applicant name;
2. Applicant address;
3. Applicant phone number;
4. If different, pond owner's name and address;
5. Pond owner's signature;
6. Waterbody location;
7. Water body size;
8. Fish species present in the waterbody;
9. Waterbody access, public or private;
10. Species of fish requesting to stock;
11. Number of fish requesting to stock;
12. Size range of fish requesting to stock;
13. Source of fish;
14. If stocking is relative to an event or tournament, date of event;
15. If the fish are marked or tagged, the type of tag to be used;
16. Anticipated stocking date;
17. Applicant signature; and
18. If requesting to stock grass carp, the following additional information is required:
  - i. Percent of weed cover;
  - ii. Description of weed problem, including species; and
  - iii. Photographs of inlet and outlet structures.

(d) If information submitted to the Division is incomplete, the Division may either deny the application or request that the applicant provide additional information within a specified timeframe. Failure to provide the additional information within the time frame specified shall result in denial of the application.

(e) An application for a fish stocking permit shall be approved if the Director determines that the introduction of the fish species, the number of fish proposed to be introduced, and the source of the fish proposed to be introduced will not create a potential risk to the freshwater resources of the State, and the proposed fish stocking is consistent with Division management plans and established stocking programs.

(f) The permit must be in the possession of the individual(s) performing the stocking on the day of the stocking event.

(g) Except for triploid grass carp for weed control purposes, the stocking of carp, including koi or goldfish, is prohibited. Any carp, including koi and goldfish and potentially dangerous fish collected as a result of a permitted lowering must be destroyed.

(h) Only sterile triploid grass carp may be approved for stocking, strictly for the purposes of biological weed control, provided:

1. The waterbody is less than 10 surface acres in size;
2. Inlet or outlet structures in the impoundment are situated and constructed in a way that prevents escape of fish from the impoundment and are permanently affixed; and
3. No more than a total of 100 grass carp may be stocked into any single impoundment.

(i) Permits will not be approved to stock any species of fish in the Pequest Wildlife Management Area, or any trout species within the Pequest River drainage. The Pequest State Trout Hatchery or Hackettstown State Fish Hatchery will be the only sources approved for stocking within these areas.

(j) Permits will not be approved to stock esocids in Budd Lake, Echo Lake Reservoir, Farrington Lake, Mercer Lake, Monksville Reservoir, Mountain Lake, or Spruce Run Reservoir. Permits will not be approved to stock any species of fish within Trout Brook (Hackettstown). The Hackettstown State Fish Hatchery will be the only source approved for stocking within these areas.

(k) Except for fish taken from one waterbody and reintroduced to another waterbody pursuant to N.J.A.C. 7:25-6.25, the source of all fish to be introduced to the waters of the State must be from an approved fish culture facility. A list of approved fish culture facilities shall be provided by the Division with the application for a fish stocking permit.

(l) To be approved, fish culture facilities must:

1. Submit a completed "Fish Health History Request" form to the Division on an annual basis. The Fish Health History Request form shall include the following information, as well as any supplemental information required by this section:
  - i. Name of the fish culture facility;
  - ii. Address of the facility;
  - iii. Identification of the owner of the facility;
  - iv. Contact information for facility;
  - v. Fish species offered for sale;
  - vi. Origin of all fish stocks;
  - vii. Occurrence of disease outbreaks within the facility;
  - viii. Confirm that fish health inspections were performed at the facility over the last year;
  - ix. Origin of any eggs brought into the facility; and
  - x. For facilities offering triploid grass carp, contact information for the agency that performed triploid certification;

2. Obtain a Fish Health History Request form from, and when complete, submit to, the Division at:

New Jersey Division of Fish and Wildlife  
Office of Fish and Wildlife Health and Forensics  
605 Pequest Road  
Oxford, NJ 07863;

3. Provide documentation that all non-salmonid stocks of fish have been inspected and found free of the viral diseases including Viral Hemorrhagic Septicemia (VHS), Infectious Pancreatic Necrosis (IPN), and Spring Viremia of Carp (SVC). Any agent causing cytopathic effects (CPE) in cell lines and associated with fish mortality must be reported. Additionally, documentation shall be provided that all non-salmonid stocks have been inspected and found free of bacterial diseases including enteric redmouth caused by *Yersinia ruckeri* and furunculosis caused by *Aeromonas salmonicida*;
4. Provide documentation that all salmonid stocks of fish have been inspected and found free of Infectious Pancreatic Necrosis virus (IPN), Infectious Hematopoietic Necrosis (IHN), Viral Hemorrhagic Septicemia (VHS), Bacterial kidney disease (BKD), Bacterial Furunculosis (BF), Bacterial redmouth (BRM), and whirling disease, *Myxobolus cerebralis*. Any agent causing cytopathic effects (CPE) in cell lines and associated with fish mortality must be reported;
5. Provide documentation that a complete health inspection, including parasitological examination, has been performed on all fish stocks that have been obtained from the wild;
6. Perform any inspections required by this subsection using methods recommended by the American Fisheries Society Fish Health Section Blue Book, <http://www.afs-fhs.org/bluebook/bluebook-index.php>, or The World Organization for Animal Health, also known as Office International des Epizooties (OIE). Additional information is provided at the American Fisheries Society website at <http://www.fisheries.org/units/fhs/>, or the website of the World Organization for Animal Health at [http://www.oie.int/eng/en\\_index.htm](http://www.oie.int/eng/en_index.htm).
  - i. An accredited inspector, as defined by the American Fisheries Society Fish Health Section Blue Book, must select and submit sample lots of fish. The inspector must not be affiliated with the private fish culture facility;
  - ii. Sixty fish per species per lot must be inspected in the facility or, alternatively, a site inspection of 150 total fish, representative of the species reared at the facility. For the site inspection, the inspector shall identify and select the most susceptible species to the pathogens of interest and select moribund fish when available;
  - iii. For facilities rearing both salmonid and non-salmonid species on site, either 60 fish per species per lot must be inspected, or a site inspection of 300 fish is required, including a representative sample of 150 salmonid and 150 non-salmonid fish. For whirling

disease testing, if fish are held in a shared water supply, only 60 of the most susceptible species need to be tested;

iv. Facility personnel must notify the Division of imported lots of fish not represented on the current year's annual fish health inspection report; and

v. A separate health inspection is required for imported lots of fish not represented on the facility's annual fish health inspection report prior to, and within 12 months of, stocking;

7. Accept the responsibility for, and cost of any fish health inspections required for approval;
8. Keep accurate records of fish health inspections and transfers of fish into and out of the facility. These records shall be open for inspection by Division employees or representatives, at reasonable hours; and
9. If located west of the continental divide or outside of North America, or if the fish culture facility identifies its source of fish, or eggs, as from a facility located within this area:
  - i. In addition to fish health requirements specified in (1)1 through 8 above, for salmonids provide documentation that all stocks of fish reared in the hatchery have been inspected and found free of Proliferative Kidney Disease (PKD), caused by the myxozoan parasite *Tetracapsuloides bryosalmonae*, and *Ceratonova Shasta*, formerly known as *Ceratomyxa shasta*; and
  - ii. Supply only fertilized eggs that have been subjected to iodine disinfection. No salmonid fish (fry, fingerling, or adult) other than certified, disinfected eggs may be brought into New Jersey from areas where Infectious Hematopoietic Necrosis (IHN) or Viral Hemorrhagic Septicemia (VHS) viruses are enzootic in salmonid stocks.

#### **7:25-6.27 Revocation of permits; penalties**

(a) Violation of any condition of a permit issued under this subchapter may result in revocation of the permit.

(b) A permittee who violates any condition of a permit issued under this subchapter may be subject to penalties under N.J.S.A. 23:4-1 and 5-11, or any other applicable statute.

#### **7:25-6.28 Requests for adjudicatory hearings**

(a) Any person, subject to the limitation on third party appeal rights set forth in P.L. 1993, c.359 (N.J.S.A. 52:14B-3.1 through 3.3), who believes himself or herself to be aggrieved with respect to a permit decision made by the Division may request an adjudicatory hearing pursuant to the Administrative Procedure Act, N.J.S.A. 52:14B-1 et seq., and the Uniform Administrative Procedure Rules, N.J.A.C. 1:1.

(b) A request for an adjudicatory hearing must be received by the Department within 30 calendar days after the person requesting the hearing receives notice of the Division's decision. If the De-

partment does not receive a hearing request within the allotted time, it shall deny the hearing request.

(c) A person requesting a hearing shall provide the following information in writing to the Department at the address in (f) below:

1. The name, address, and telephone number of the person requesting the hearing;
2. A copy of the decision document;
3. A description of any facts or issues which the petitioner believes constitute a defense to the decision made by the Division;
4. Information supporting the request and specific reference to or copies of other written documents relied upon to support the request;
5. An estimate of the time required for the hearing (in days and/or hours); and
6. A request, if necessary, for a barrier-free hearing location for physically disabled persons.

(d) If the person fails to include all of the information required by (c)1 through 6 above, the Department may deny the hearing request.
