

NOTE: The curved lines are level lines drawn on the earth's surface. All points through which any given line passes are at the same level and their height above mean sea level is shown by the figure on the line. The line or fall from any line to the next is indicated by a small cross. The numbers shown at the borders are for N. J. Plane Coordinate Grid System. (The last three digits are omitted for 1:250,000 scale 1:100,000 scale.)
