

STATE OF NEW JERSEY  
DEPARTMENT OF CONSERVATION AND DEVELOPMENT  
ATLAS SHEET No. 30

SHEET 30  
DIVISION OF GEOLOGY AND TOPOGRAPHY  
HENRY B. KÜMMEL, State Geologist

ORIGINAL SURVEY, 1887  
PRINCIPAL CULTURE REVISED, 1910, 1926, 1934  
EDITION OF 1934

NOTE.—The curved lines are level lines drawn on the earth's surface. All points shown with any given line are at the same level and their height above mean sea level is shown by the figure on the line. The line or full from any line to the next is, as the figure will show, ten feet. Figures on any line show the actual elevation of the surface at a point indicated by a small cross. Figures on the blue ground indicate the depth of water at mean low tide.
