

A TOPOGRAPHICAL MAP OF THE NORTHEASTERN HIGHLANDS

INCLUDING THE COUNTRY LYING BETWEEN
DECKERTOWN, DOVER, PATERSON AND SUFFERN.

From Original Surveys and Levelings based on the
Triangulation of the U.S. Coast and Geodetic Survey.

Scale: 1 Mile to an Inch

GEORGE H. COOK, State Geologist, C. C. VERMILION, Topographer.

1888

NOTE: The colored lines are level lines drawn on the earth's surface. All points through which any given line passes, are at the same level and their height above mean sea level is shown by the figures on the line. The rise or fall from any line to the next is as the figures on the line. Figures not on any line show the actual elevation of the surface at a point indicated by a small cross.
