Annual All Area Boat Launch Hangtag and Five-Area Boat Launch Hangtag

Vehicles that do not have trailers, (i.e. car-top carriers or pick-up trucks), will be issued a serially numbered mirror hangtag that will be displayed when the vehicle is parked in a boat launch area.

To be valid, the annual all area and five-area boat launch decals must be permanently affixed to the trailer that will be used to launch the boat. The decal must be placed on the left side of the trailer tong, just behind the hitch, and must be visible at all times and free from obstruction by ropes or other boating equipment.

While a boat launch decal/hangtag will allow free launching of a boat when daily boat launch fees are in effect, it will not guarantee a parking spot for your vehicle and trailer during high use periods. To ensure that you have a parking spot, it is encouraged that you arrive early at the boat launch area.

Once the boat launch decal has been permanently affixed to your boat trailer, a refund will not be given. Please ensure that you have the appropriate permit before affixing it to your trailer. In the event that you replace your trailer, a replacement decal will be issued to you at the area office where you purchased the original decal. You must provide remnants of the old decal that was taken off of the original trailer.

Separate Daily Boat Launch Fees of are in effect during the following periods:
