Hazardous Discharge Site Remediation Fund (HDSRF) grants and loans are available to public entities, private entities, and non-profit organizations (as described in section 501(c)(3) of the federal internal revenue code) that perform a remediation pursuant to NJDEP's Site Remediation and Waste Management Program requirements.

The HDSRF was established in July 1993 to provide funding to public and qualifying private entities for the remediation of a suspected or known discharge of a hazardous substance or hazardous waste. The HDSRF is funded through a constitutionally-dedicated portion of the New Jersey Corporate Business Tax, and is administered through a partnership between the NJDEP and the New Jersey Economic Development Authority (EDA). The NJDEP evaluates an applicant's preliminary eligibility requirements, and the estimated remediation costs. Upon the NJDEP’s recommendation for funding, the NJEDA evaluates an applicant's financial status, determines grant and/or loan eligibility and awards funding.

The instructions below are designed to assist in completing an application for an HDSRF grant or loan. The NJDEP encourages you to review the guidance that has been developed for the HDSRF program at http://www.nj.gov/dep/srp/finance/hdsrf/. The NJDEP will review the application and make a determination as to whether an applicant meets the statutory criteria for financial assistance pursuant to N.J.S.A 5810B 4-9 and 25.

General Instructions

1. **Applicability**: Use this form when you submit an application to the NJDEP for an HDSRF grant or loan to conduct a Preliminary Assessment (PA), Site Investigation (SI), Remedial Investigation (RI) or Remedial Action (RA).

2. **Updates**: The NJDEP may update this form periodically. Please ensure you are using the latest version of this form. Download the latest version of this form from the NJDEP Website: http://www.nj.gov/dep/srp/srra/forms/.

3. **Signature**: This form must be signed by the person responsible for conducting the remediation or the remediating party, and the Licensed Site Remediation Professional (LSRP) or the NJDEP licensed Subsurface Evaluator responsible for completion of the form and attached Exhibits.

   Please make sure you check the appropriate box on the top of the first page to indicate if a Licensed Site Remediation Professional (LSRP) or a Subsurface Evaluator is certifying the form. The Subsurface Evaluator option is only for unregulated heating oil tanks (UHOT) where you are a NJDEP licensed Subsurface Evaluator and the remediation is for unregulated heating oil tank system(s) and no other areas of concern. Insure that the corresponding signature page is included with the form.

4. **Filing**: **One original and one copy** of the HDSRF application must be submitted to the address below.

   Bureau of Case Assignment & Initial Notice
   Site Remediation Program
   NJ Department of Environmental Protection
   401-05H
   PO Box 420
   Trenton, NJ 08625-0420

Specific Instructions

*If the applicant was approved for the same type of HDSRF grant on this site within the last five (5) years and is submitting a supplemental application to complete the same phase of work, please go to “Instructions for Additional Funding” on page 5.*

**PART I**

Provide the Program Interest Name and Program Interest Number (if assigned), otherwise leave blank.

**Section A. Requested Funding Type and Amount**

Indicate the type of financial assistance for which you are applying with an “X” as well as the amount requested. (If applying for multiple grants or a grant and a loan, please fill out a separate application for each and check the type of financial assistance and amount requested for each.)
The following information outlines 1) who is an eligible applicant, and 2) the types of grants and loans for which each eligible applicant can apply.

**Eligible Applicants**

Eligible applicants include:

- Public entities defined as municipalities, counties, and redevelopment entities authorized to exercise redevelopment powers pursuant to section 4 of P.L.1992, c.79 (C.40A:12A-4), the “Local Redevelopment and Housing Law”.
- Private entities including individuals, corporations, companies, partnerships, firms or other private business entities.
- Non-profit organizations as defined in section 501(c)(3) of the federal internal revenue code.

**Types of Funding**

**Public Entities**

- **Brownfield Development Area Grant** is a grant to perform a Preliminary Assessment, Site Investigation, Remedial Investigation or up to 75% of a Remedial Action for a site that is part of a designated “Brownfield Development Area (BDA) Site.” Information regarding designated BDAs can be found at [http://www.nj.gov/dep/srp/brownfields/bda/](http://www.nj.gov/dep/srp/brownfields/bda/).
- **PA/SI/RI Grant** is a grant to perform a Preliminary Assessment, Site Investigation or Remedial Investigation. The public entity must hold a tax sale certificate or own real property (via foreclosure or other similar means) or have passed a resolution to acquire by voluntary conveyance.
- **75% Recreation and Conservation Grant** is a grant for up to 75% of the costs of the remedial action for projects involving the redevelopment of contaminated property for recreation and conservation purposes, provided that the use of the property for recreation and conservation purposes is included in the comprehensive plan for the development of contaminated property and a recreation/conservation easement will be placed on the property.
- **75% Renewable Energy Grant** is a grant for up to 75% of the costs of the remedial action for projects involving the redevelopment of contaminated property for renewable energy generation.
- **50% Affordable Housing Grant** is a grant for up to 50% of the costs of the remedial action for projects involving the redevelopment of contaminated property for affordable housing pursuant to P.L.1985, c.222 (C.52:27D-301 et al.), the “Fair Housing Act”.
- **25% Matching Grant Unrestricted Use Remedial Action** is a matching grant for up to 25% of the project costs for the implementation of an unrestricted use soil remedial action.
- **Loan** for the implementation of a Remedial Action, or **Loan** for sites that have been contaminated by a discharge of a hazardous substance or at which there is an imminent and significant threat of a discharge to a drinking water source, human health, or sensitive ecological area.

**Private Entities**

- **25% Matching Grant Unrestricted Use Remedial Action** is a matching grant for up to 25% of the project costs for the implementation of an unrestricted use soil remedial action.
- **Loan** for a private entity for remediation activities at sites that have been contaminated by a discharge of a hazardous substance/hazardous waste or at which there is an imminent and significant threat of a discharge to a drinking water source, human health, or sensitive ecological area; or **Loan** for a private entity, for remediation of real property located in a qualifying municipality as defined in section 1 of P.L. 1978, c.14., the “Fair Housing Act”; or **Loan** for a private entity that owns and plans to remediate a site within an environmental opportunity zone for which an exemption from real property taxes has been granted by the municipal government.

**Non-Profit Organization Pilot Program**

- **PA/SI/RI Grant** for a 501(c)(3) non-profit organization to perform a Preliminary Assessment, Site Investigation, or Remedial Investigation. These grants are for properties that the non-profit is planning to acquire (or owns) and redevelop, where the property is suspected of or known to have a discharge of a hazardous substance or hazardous waste.

**Section B. Applicant information**

Provide all requested information for the entity that is the “eligible applicant” for this funding request. Provide Social Security Number if applying as an individual (not a municipality, a corporation, or a non-profit). Provide Tax Identification Number if applying as a non-profit or corporation. Indicate Standard Industrial Classification (SIC) and North American Industry Classification (NAIC) codes if you are an industrial establishment.
Section C. Contact information
Provide the information for the contact person for this application. For a public entity application, provide a contact in that public entity, e.g., a local official or employee of the public entity that will oversee the HDSRF project. For a private entity application, the contact person can be the applicant or the person who prepares the application.

Section D. Site Ownership Information
Provide the information of the current property owner.

Section E. Site Information
Provide Name of Site and SRP Program Interest (PI) Number as identified on the NJDEP’s Known Contaminated Site List (http://www.nj.gov/dep/srp/kcsnj/). Provide the size of the property in terms of acreage, the street address, municipality and county in which it is located, zip code, and Block & Lot information.

Section F. Violations, Penalties and Fees
Provide explanation of all non-compliance activities, including outstanding penalties and fees.

Section G. Other Funding Sources
Identify any sources from which you have sought funding to address the contamination at the site. Indicate any pending claims you may have made to your insurance company(s), even if you are awaiting a decision. If you are pursuing insurance compensation, please provide a copy of the policy and, if settled, the settlement agreement.

Section H. Work Proposal
Attach a descriptive proposal for all the work to be completed as part of the funding request. For Site Investigations, Remedial Investigations and Remedial Actions, provide a figure that presents the site in a bird’s eye view and depicts all areas of concern, sample locations (existing and proposed) and remedial actions. All proposed tasks must be included.

Section I. Cost Estimate
Submit a detailed cost estimate consistent with DEP/SRP cost guidance (such as the current UST Cost Guide at http://www.nj.gov/dep/srp/finance/ustfund/ustf_costguide.htm) for each task in the work proposal. For disbursements to be authorized, invoices need to match the approved work proposals/cost estimates (or justification for the deviation needs to be provided) and enough detail must be provided in the invoices to match them to the cost proposals. For disbursement requests, it is recommended that a spreadsheet be provided, along with copies of the invoices, that compares the invoice tasks/costs with the approved proposal tasks/costs.

Section J. Financial Information
For private party and non-profit applications NJEDA requires financial information to be submitted. If applying as an individual (generally a homeowner with a leaking tank), three years of tax returns are required. If applying as a private entity or non-profit, you must submit business as well as personal financial statements for the past three years.

Section K. Complete the appropriate signature page.

The Subsurface Evaluator option is only for cases associated with unregulated heating oil tanks (UHOT) where you are a NJDEP licensed Subsurface Evaluator and the remediation is for unregulated heating oil tank system(s) and no other areas of concern.

Licensed Site Remediation Professional Information and Statement
• LSRP ID Number: Provide the Licensed Site Remediation Professional ID Number.
• Provide the name, phone number, email and mailing address (city/town, state, zip code) of the LSRP.
• The certification in this section shall be signed and dated by the LSRP.

Subsurface Evaluator Information and Statement
• The certification in this section shall be signed and dated by the Subsurface Evaluator. Include the evaluator’s name, UST certification number, the firm’s name, the firm’s UST certification number, address (city/town, state, zip code) and telephone number.
PART II

HDSRF General Certification

This certification is required to be completed by all applicants. It must be signed (with signature notarized) and certified by the appropriate person, as outlined below:

- for a corporation, by a principal executive officer, at least the level of vice president;
- for a partnership, by a general partner;
- for a sole proprietorship, by the proprietor;
- for a public entity, the contact person (administrator, township manager, etc.);
- for other than above (i.e. homeowner/individual), the person with legal responsibility for the site.

PART III

Subrogation of Rights

This certification is required to be completed by all applicants. The NJDEP requires the grant applicant to certify that no settlement agreements have been entered into and that the grant applicant is not currently pursuing or planning to pursue a settlement agreement that could potentially impair the rights afforded to the New Jersey Economic Development Authority or the New Jersey Department of Environmental Protection pursuant to N.J.S.A. 58:10B-8.1, the "Conditional grant or financial assistance from the Hazardous Discharge Site Remediation Fund; subrogation of rights".

PART IV

25% Matching Remedial Action Grant Certification

This certification is required to be completed by all public and private entity applicants applying for a 25% Matching Remedial Action grant for a remedial action using an unrestricted use remedy.

PART V

Municipal Questionnaire

This form is required only if the applicant is a Public Entity [i.e. municipality county, or redevelopment entity authorized to exercise redevelopment powers pursuant to section 4 of P.L.1992, c.79 (C.40A:12A-4)], the "Local Redevelopment and Housing Law".

PART VI

HDSRF Application Checklist

A checklist of supporting documentation is provided for each of the types of funding outlined in Part I. Use this checklist to ensure that all the necessary documents are submitted along with the application. Please note that for public entities and non-profits, a resolution that the public entity/non-profit is authorized to apply to HDSRF for the remediation of a discharge/suspected discharge is required. In addition, a comprehensive redevelopment plan or, a resolution indicating a commitment exists to develop the site within three years following completion of the remediation is required. The following additional documentation is required for the specific grant requests indicated:

- **Public entity & Non-profit PA/RI grant requests**: Proof of ownership interest (tax sale certificate, deed, or resolution to acquire by voluntary conveyance).
- **Recreation & Conservation Grant requests**: Documentation indicating the property is to be preserved for recreation/conservation by conveyance of a development easement, conservation easement, or other restriction/easement permanently restricting development.
- **Renewable Energy Grant requests**: Documentation indicating the property is to be redeveloped for a project that will generate renewable energy.
- **Affordable Housing grants requests**: Copy of the deed for the property indicating the inclusion of the appropriate restrictions for Affordable Housing.
Instructions for Additional Funding Request (Supplemental Funding Request)

If the applicant was approved for a prior grant from the HDSRF within the last five (5) years and is requesting additional funding from the **same type of grant or loan for the same phase of work for the same site**, complete only the following information for a subsequent submission:

**Public Entities**
1. Section A thru E of Part I
2. Work Proposal and Cost Estimate
3. Part II – General Certification
4. Part III – Subrogation of Rights
5. Part VI – Municipal Questionnaire

**Private Entity**
1. Section A thru E of Part I
2. Work Proposal and Cost Estimate
3. Part II – General Certification
4. Part III – Subrogation of Rights

**Non-Profit**
1. Section A thru E of Part I
2. Work Proposal and Cost Estimate
3. Part II – General Certification
4. Part III – Subrogation of Rights
