

AUTHORIZED INSTALLER CERTIFICATION

The authorized installer must certify that the purchase and installation of the retrofit device was in accordance with the manufacturer's instructions and NJAC 7:27-32.5 (if applicable) and the warranty requirements at NJAC 7:27-32.9. A Responsible Official from the organization must sign this document.

"I certify under penalty of law that the purchase and installation of the retrofit device was in accordance with the manufacturer's instructions."
