## INDEPENDENT AUDITORS' REPORT

To the Board of Directors,  
New Jersey Medicare Supplement "Under 50" Program:

We have audited the accompanying special-purpose statement of income and expenses of the New Jersey Medicare Supplement "Under 50" Program (the "Program") administered by Horizon Blue Cross Blue Shield of New Jersey (the "Contracting Carrier"), for the year ended December 31, 2016. These financial statements are the responsibility of the Program's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

The accompanying special-purpose financial statements were prepared for the purpose of complying with the basis of accounting practices specified in Sub Chapter 23A of Chapter 4 of Title 11 of the New Jersey Administrative Code, as discussed in Note 2, and are not intended to be a presentation in conformity with accounting principles generally accepted in the United States of America.

In our opinion, the special-purpose financial statements referred to above present fairly, in all material respects, the income and expense of the Contracting Carrier for the year ended December 31, 2016, on the basis of accounting described in Note 2.

This report is intended solely for the information and use of the Board of Directors of the Program and the Program's management and is not intended to be and should not be used by anyone other than these specified parties.

**1. ORGANIZATION**

The New Jersey Medicare Supplement “Under 50” Program (the “Program”) is a New Jersey program created under Sub Chapter 23A of Chapter 4 of Title 11 of the New Jersey Administrative Code (“regulations”) during 1996. The Program began operations on January 1, 1997 and is administered by a Governing Board (the “Board”) through a Plan of Operation approved by the Commissioner of the New Jersey Department of Banking and Insurance (“NJDOBI”).

The purpose of the Program is to provide individual Medicare supplement insurance policies for New Jersey residents who are under 50 years of age and who are enrolled in Medicare due to disability or due to end stage renal disease. The program is regulated by the NJDOBI, but is not a state agency and receives no state funding.

Funding for the Program currently comes from premiums and carrier assessments. The premiums can be no greater than the lowest rate charged by the contracting carrier for Medicare Supplement Plan C. Each insurer and Health Maintenance Organization (“HMO”) providing health benefits plans or health maintenance organization subscriber contracts in New Jersey is liable for an assessment to pay its equitable share of any net loss paid by the Program in the preceding calendar year, unless the insurer or HMO has received an exemption or deferment from the Commissioner.

The assessment for each insurer or HMO is an amount which is the proportion of the net earned premiums of the insurer or HMO for all health benefits plans or subscriber contracts in the calendar year preceding the assessment bears to the total net earned premiums for all insurers and HMOs for contracts issued or renewed in the calendar year preceding the assessment, times net loss incurred by the Program in the preceding calendar year.

Insurance coverage for Program participants is provided by a contracting carrier. All net losses of the contracting carrier are reimbursed by the assessments. The current contracting carrier is Horizon Blue Cross Blue Shield of New Jersey.

Claims are accounted for on a cash basis and all other accounts are recorded using the accrual method.
