1. Nature of Operations and Significant Accounting Policies

Healthfirst Health Plan of New Jersey, Inc. (HFNJ) was formed in July 2006 and is incorporated as a not-for-profit New Jersey health maintenance organization. HF Management Services, LLC (HFMS) is the sole corporate member of HFNJ. HFNJ received its license to operate a health maintenance organization effective December 2007 by the New Jersey Department of Banking and Insurance (DOBI) and contracted with the Centers for Medicare and Medicaid Services (CMS) effective January 2008 for Medicare Advance products. On September 1, 2009, HFNJ entered into a comprehensive risk contract agreement with the New Jersey Department of Human Services, Division of Medical Assistance and Health Services (DMAHS) for the provision of services under the New Jersey Medicaid and Family Care programs.

In June 2014, HFNJ sold certain non-financial assets relating to the Medicaid business to WellCare for approximately \$27.0 million. Subsequently, HFNJ did not renew its Medicare contract with CMS, terminating its contract effective December 31, 2014.

Effective December 31, 2014, HFNJ no longer actively markets itself as an insurer and began liquidation activities to wind-down its operations. HFNJ anticipates that it will be able to submit a proposal for the dissolution of HFNJ to DOBI, pending the resolution of certain matters.

A. Accounting Practices

The accompanying financial statements of HFNJ have been completed on a Statutory Accounting Practices ("NAIC SAP") basis in conformity of the NAIC Health Statement Instructions manual and the Accounting Policies and Procedures Manual. These practices are designed primarily to demonstrate the ability to meet claims of policyholders. The State of New Jersey adopted the use of National Association of Insurance Commissioners ("NAIC") *Accounting Practices and Procedures Manual*. The State of New Jersey has the right to prescribe or permit other specific accounting practices that deviate from NAIC SAP. HFNJ had no prescribed or permitted practices that deviate from NAIC SAP as of December 31, 2019 and 2018.

A reconciliation of the Company's net income and capital and surplus between NAIC SAP and practices prescribed and permitted by the State of New Jersey is shown below:

Statutory accounting practices differ in some respects from those accounting principles generally accepted in the United States of America ("GAAP"). The effect of these differences is presumed to be material to the statutory-basis financial statements and supplemental schedules. The significant differences between statutory accounting practices and GAAP are as follows:

Surplus Notes: Surplus notes are reported as capital and surplus rather than as liabilities. Interest on surplus notes is excluded from net income and is added to unassigned surplus.

Classification of Cash Equivalents: Cash, short-term investments and assets as restricted cash and other assets in the accompanying statutory-basis balance sheets and statutory-basis statements of cash flow represent cash balances and investments with initial maturities, when acquired, of one year or less. In addition the corresponding caption and cash flow includes cash equivalent type of investments with maturities, when acquired, of three months or less. Under GAAP, the corresponding caption of cash and cash equivalents includes cash balances and investments with initial maturities, when purchased, of three months or less.

Cash Flows from Operating Activities: Cash flows from operating activities are presented in the statements of cash flows using the direct method only. Under GAAP, an additional reconciliation of net (loss) income to cash flows from operations is required when the direct method is presented.

Non-admitted Assets: Certain assets, designated as "non-admitted," are comprised of Other Assets and Pharmaceutical Rebate Receivables that were confirmed by the Pharmacy Benefit Management Company but not collected within 90 days of the confirmation date, are excluded from other assets and health care receivables in the accompanying statutory-basis balance sheets and are charged directly to unassigned surplus (deficiency). Under GAAP, such assets are included in the other assets and health care receivables, net of allowance for doubtful accounts.

Liquidation Basis of Accounting: As noted previously, HFNJ began liquidation activities and expects that run-out operations will last approximately two years. Statutory accounting practices require entities, regardless if liquidation is imminent, to prepare financial statements that contemplate the realization of admitted assets and satisfaction of liabilities in the normal course of business. Under GAAP, a liquidation basis of accounting should be used beginning when liquidation is imminent, even though liquidation may take years to execute. A liquidation basis of accounting differs from the going concern basis of accounting, as all assets and liabilities are reported based on the estimated liquidation value. Accordingly, a liquidation basis of accounting requires many estimates and assumptions as there are substantial uncertainties in carrying out the orderly wind-down of operations. Additionally, under a liquidation basis of accounting, an entity is required to estimate the remaining costs to be incurred during the liquidation period and report such amount as of the liquidation commencement date as a reduction to net assets in liquidation.

A reconciliation of net income and capital and surplus of HFNJ as determined in accordance with the statutory accounting practices to amounts determined in accordance with GAAP is as follows:

| | | 12/31/2019 | 12/31/2018 |
|--|----|--|--|
| Net income (loss) - NAIC SAP Basis | \$ | 640,431 | \$ (1,163,012) |
| Interest on surplus notes | | (182,724) | (180,250) |
| Net income (loss) - GAAP Basis | \$ | 457,707 | \$ (1,343,262) |
| Capital and Surplus - NAIC SAP Basis Reclassification of surplus note Interest on surplus notes Other Receivables | s | 14,928,167 (3,473,659) (1,613,849) | \$ 14,262,824 (3,473,660) (1,431,125) 24,912 |
| Capital and Surplus - GAAP Bais | \$ | 9,840,659 | \$ 9,382,951 |

B. Use of Estimates in the Preparation of the Financial Statements

The preparation of financial statements of insurance companies requires management to make estimates and assumptions that affect amounts reported in the financial statements and accompanying notes. The most significant estimates included in the financial statements relate to reserves for contingent liabilities, accrued medical services, premium deficiency reserves, stop loss receivables and premium receivables. Actual results could differ from those estimates. Such

estimates and assumptions could change in the future as more information becomes known, which could impact the amounts reported and disclosed herein.

C. Accounting Policy

Premium Revenue

HFNJ ceased to have any Medicaid members subsequent to July 1, 2014 and Medicare members subsequent to January 1, 2015. Since HFNJ began liquidation activities to wind-down its operations,

There was no premium revenue or payments relating to uninsured plans and risk corridor. All activity in 2019 and 2018 is related to the run-out and wind down of the entity.

Healthcare Service Costs, Accrued Medical Services and Claims Adjustment Expenses

For the year ended December 31, 2019, medical expenses included retroactive adjustments to amounts recorded in prior years.

The unpaid claims liability within accrued medical services and unpaid claims adjustment expense liability is \$0 and \$0.07 as of December 31, 2019 and 2018.

Stop-Loss Insurance

There is no active policy for Medicaid after January 1, 2015 and for Medicare after July 1, 2014.

Assets as Restricted Cash and Other Assets

HFNJ, in accordance with N.J.A.C. 11:24-11.4, is required to maintain certain minimum deposits held in trust for the benefit of DOBI. Such deposit requirements are calculated annually by DOBI subsequent to the most recent calendar year and are based on the December 31 amounts of the most recent statutory filing.

HFNJ maintains a minimum insolvency deposit for administrative expenses to cover costs that DOBI would incur in any rehabilitation, liquidation or conservation of HFNJ. This deposit generally is equal to 20% of the minimum net worth requirement under N.J.A.C. 11:24-11.1.4(a,b), with a statutory minimum and maximum deposit adjusted for inflation. The December 31, 2019 deposit requirement was approximately \$2.2 million, as calculated by DOBI for which HFNJ held approximately \$2.2 million of securities that are included in assets as restricted cash and other assets in the accompanying statutory-basis balance sheets.

HFNJ also maintains a deposit to cover the claim reserves included in accrued medical services in the accompanying statutory-basis balance sheets. This deposit generally is equal to 50% of the highest calendar quarter of premiums of the most recent four quarters under N.J.A.C. 11:24-11.4(d). During 2014, HFNJ received approval from DOBI to begin to draw down on this deposit as a result of the sale of its Medicaid business and planned exit from Medicare. No reductions were made to the escrow deposit during December 31, 2019 and 2018. At December 31, 2019 and 2018, HFNJ had approximately \$5.7 million remaining in escrow, which is included in cash in the accompanying statutory-basis balance sheets.

The deposits remain an admitted asset of HFNJ for purposes of determining net worth of HFNJ.

Income Taxes

HFNJ is organized as a not-for-profit corporation under the laws of the State of New Jersey. HFNJ is a Section 501(c) (4) organization exempt from federal income tax under Section 501(a) of the Internal Revenue Code. HFNJ is also exempt from New Jersey corporation business tax pursuant to the Corporation Business Tax Act, N.J.S.A. 54:10A-3(e).

Retained Hospital Payments

The health care service agreements with HFNJ's Sponsors provide that a portion of the premium revenue allocated to each Sponsor, as a health care provider to HFNJ plan members, is retained by HFNJ as additional capital contributions for the purpose of providing applicable statutory financial reserves. The portion may be subject to periodic adjustment by HFNJ's Board of Directors.

HFNJ ceased to have any Medicaid members subsequent to July 1, 2014 and Medicare members subsequent to January 1, 2015. Thus, HFNJ recorded no premium revenue and does not require additional capital contributions, for the purpose of statutory financial reserve requirement. Thus, there was no change in retained payments during December 31, 2019.

Cash and Invested Assets

Cash and short-term investments include cash and investments with initial maturities of one year or less from the date of acquisition, and cash equivalents include cash and money market funds with initial maturities of three months or less from the date of acquisition, with a carrying value that is considered to be a reasonable approximation of fair value. In June 2014, HFNJ sold these non-financial assets relating to the Medicaid business to WellCare for approximately \$27.0 million, of which approximately \$2.7 million was placed in escrow as required by the asset purchase agreement. The sale of the Medicare non-financial assets was unable to be completed as planned in 2014, and HFNJ did not renew its Medicare contract with CMS, terminating its contract effective December 31, 2014. During 2015, a full reserve was placed against the escrow amount of approximately \$2.7 million, as a result of a related claim asserted by WellCare prior to the escrow release date.
