Dear Ms. Bush:

Re: Approval of the Flood Mitigation Plan Developed by the Delaware River Basin Commission

This office is pleased to advise you that the Federal Emergency Management Agency has approved the Flood Mitigation Plan for municipalities in the non-tidal New Jersey section of the Delaware River Basin pending adoption by the Delaware River Basin Commission and all participating communities. Upon adoption, please send a copy of the resolutions to this office.

Be advised that starting in FY 2009, the Flood Mitigation Assistance program will be administered under 44 CFR Part 79 and communities may only be eligible for FMA project grants if they have a FEMA-approved All-Hazards Plan.
