**Please Note: Due to COVID-19, August 24, 2020, was the first sampling event of the year; not all stations were tested (these are marked n/a).*

If results are flagged with the indicator "QC," the calculated precision between the analytical and duplicate results is outside the quality control limit for this test. For additional details, contact John.Yagecic@drbc.gov.

n/a = data not available

ND = non-detect
