

NJPEPL Process Step 1: Annual Planning and Goal-Setting Conference

Developing Administrator Goals

Directions: Review one of your goals from last year and answer the following:

1. How well was your administrator goal aligned with the district goals and your school goals?

2. On what data was this goal based?

3. Could this administrator goal be adapted into a multi-year goal?

4. Does your PDP address an aspect of your knowledge or practice that helped you achieve your administrator goal? If not, how could your PDP have been revised to provide support in this area?
