7	0*
8	0*
9	0*
10	0*
11	0*
12	0*

***Applications for waitlist will be accepted.**

PROGRAM:

Kittatinny Regional High School is a highly successful 7th through 12th grade school district located in beautiful Sussex County, New Jersey. Kittatinny serves students from five (5) local townships including Fredon, Hampton, Sandyston, Stillwater and Walpack. Opened in 1975, Kittatinny has expanded its facility to include a new 7th and 8th grade wing in 2001 with “state of the art” science labs and classrooms. Every classroom is equipped with the latest technology which is fully integrated with a Smart Board device for 21st Century instructional techniques. Kittatinny has recently upgraded our Video Productions/Television Lab and has built a beautiful Media Center where students can work collaboratively in work spaces. In 2018, there is a newly constructed STEM/Robotics area and we are currently in the process of building a new fitness/training center on campus. Recently, our school had a complete district-wide server update for all school technology that includes almost 900 IT endpoint units with complete Wi-Fi coverage on campus for in-class student use. To supplement our numerous academic offerings, Kittatinny has a diverse assortment of after school activities to connect students to our school in a non-academic way, which is a goal we have for each and every student. Over 80% of students at Kittatinny are involved in one or more of the 50 clubs, a full complement of Athletic activities including a Freshman Athletics Program, our award winning Band/Choral programs and, of course, our perennial State Champion Marching Band and Wrestling programs. Recently recognized by NJ Monthly as one of New Jersey’s “Most Improved Schools”, Kittatinny has broken the TOP 100 Bests High School in NJ once again by recently being ranked #95 in the State of New Jersey.

A Recognized NJ School of Excellence

Kittatinny Regional School District

District Choice Policies	Yes/No
a. The district accepts Tier 2 students.	Yes
b. The district gives enrollment preferences to students who have a sibling currently attending the choice district, provided they will enroll in a choice-approved grade/program and they meet any program-specific criteria and the district has seats available in the desired grades.	Yes
c. The district gives enrollment preference to choice students who have completed the terminal grade of the sending district (i.e., students who attend a choice district with grades that terminate before 12 th grade and with a natural progression to this choice district), provided they will enroll in a choice-approved grade/program and they meet any program-specific criteria.	Not Applicable
d. The district gives enrollment preference to resident students who move <u>before</u> the application deadline. If resident students move and file choice applications for the following year prior to the deadline, the district will give them enrollment preference (i.e., accept them ahead of other applicants, but after the enrollment preference students described in b. and c. above), PROVIDED that there are choice seats available in the choice-approved grades/programs and the students meet any program-specific criteria. <i>If the district has already reached its approved choice enrollment maximum, this preference will not apply.</i>	Yes
e. The district gives special consideration to resident students who move <u>after</u> the application deadline. Students in this situation may apply as late applicants and be added to the front of the district's waitlist, PROVIDED the students will enroll in a choice-approved grade/program and they meet any program-specific criteria. No additional choice seats above the maximum will be approved by the NJDOE to accommodate these students.	Yes

TRANSPORTATION NOTE TO PARENTS:

Transportation of choice students is not guaranteed. If a student is eligible for transportation (within 20 miles of the school) and the cost will exceed the maximum amount designated in the Annual Appropriations Act, the parent/guardian will be given aid in lieu of transportation and, in some cases, the option of receiving the transportation and paying the additional amount over the maximum. By Aug. 1, 2019, parents should receive notification of their transportation options from the resident district. For more information, read the [Transportation Procedures](#) for choice students.

Tier 1 students are students who are enrolled in a NJ public school in their resident school district during the time of application and for the entire year (2018-19) immediately preceding enrollment in a choice district. If a student moved during the school year and attended the resident public school of his/her old district of residence, he/she is also considered Tier 1. Choice districts must first fill their available seats with Tier 1 students. If the number of Tier 1 applications exceeds the number of choice seats available, the choice district must hold a lottery to randomly select students. Charter school students are considered to be Tier 1. To qualify as Tier 1 for kindergarten, a student must be attending a state-funded preschool in his or her resident district or a student resides in a district that does not offer a state-funded preschool program or a student has a sibling currently attending the choice district. Most students applying for kindergarten are in Tier 1.

Tier 2 students include NJ residents who have **not** attended their resident public school for the entire year immediately prior to enrollment in the desired choice district and do **not** otherwise meet the requirements for Tier 1. This would include students who have been attending public school outside their districts of residence or private school. **Choice districts are not obligated to accept Tier 2 students.** If a choice district accepts Tier 2 applicants, they may do so only after all of the qualified Tier 1 applicants have been accepted. If the number of Tier 2 applications exceeds the number of choice seats available, the choice district must hold a Tier 2 lottery to select students.
