CHOICE PROGRAM:

The Lower Township School District is Cape May County’s largest elementary school system offering comprehensive, quality educational programs and services. A positive and productive school climate built on high behavioral expectations and rigorous academic goals assisting all students to meet the NJ Core Curriculum Standards and the Common Core State Standards.

Students participate in comprehensive social skills lessons and pledge to respect each other’s right to be physically and emotionally safe each day. Our anti-bullying message is reinforced through a variety of activities and projects that promote and reward positive behaviors and discourage negative conduct in all school settings. An annual on-going theme in each school is *Kindness and Respect for Ourselves, Others and the School*.

Technology integration in the classroom increases every year as reading, math, social studies, and science materials are provided in both written text and e-text enabling students and parents to access student materials in school or at home. Wireless connectivity is available throughout the district. This year, all K thru 6th grade students have classrooms equipped with interactive technology instruction.

Kindergarten through 6th grades have daily special area instruction in art, music, physical education, library/media and technology/STEM taught by visual and performing arts specialists.

Recognizing the importance of developing the whole individual, additional programs are offered at specific grade levels. Vocal or Instrumental music programs include chorus, band and strings. Field trips and cultural activities incorporated at each grade level connect curriculum enrichment and foster the development of leadership skills.

The district offers before- and after-school day care programs, participates in the National School Lunch Program, and provides Free Breakfast for all students. It is immediately evident to anyone visiting our schools that the focus is on student achievement and a positive learning environment. All school facilities are safe, well maintained, and provide an accepting environment where individuals are treated with respect and dignity.

Transportation Note to Parents

Transportation of choice students is not guaranteed. If a student is eligible for transportation (within 20 miles of the school) and the cost will exceed the maximum amount designated in the Annual Appropriations Act, the parent/guardian will be given aid in lieu of transportation and, in some cases, the option of receiving the transportation and paying the additional amount over the maximum. By Aug. 1, 2019, parents should receive notification of their transportation options from the resident district.

For more information, read the Transportation Procedures for choice students.

Tier 1 students are students who are enrolled in a NJ public school in their resident school district during the time of application and for the entire year (2018-19) immediately preceding enrollment in a choice district. If a student moved during the school year and attended the resident public school of his/her old district of residence, he/she is also considered Tier 1. Choice districts must first fill their available seats with Tier 1 students. If the number of Tier 1 applications exceeds the number of choice seats available, the choice district must hold a lottery to randomly select students. Charter school students are considered to be Tier 1. To qualify as Tier 1 for kindergarten, a student must be attending a state-funded preschool in his or her resident district or a student resides in a district that does not offer a state-funded preschool program or a student has a sibling currently attending the choice district. Most students applying for kindergarten are in Tier 1.

Tier 2 students include NJ residents who have **not** attended their resident public school for the entire year immediately prior to enrollment in the desired choice district and do **not** otherwise meet the requirements for Tier 1. This would include students who have been attending public school outside their districts of residence or private school. **Choice districts are not obligated to accept Tier 2 students.** If a choice district accepts Tier 2 applicants, they may do so only after all of the qualified Tier 1 applicants have been accepted. If the number of Tier 2 applications exceeds the number of choice seats available, the choice district must hold a Tier 2 lottery to select students.
