How to Get Involved

**Service Model**

The New Jersey Career Connections career navigation model is called **The Path to Employment** and consists of the steps: **Plan**, **Prepare**, and **Succeed**. Each step of the process provides information and activities that jobseekers can use as needed throughout their search for employment.

**Plan**

In the **Plan** stage, jobseekers are encouraged to assess their current skills and interests and explore the job market, as well as apply for funding assistance, if needed, and prepare a personal budget.

**Prepare**

Next, in the **Prepare** stage, jobseekers can consider activities such as researching and attending skills trainings, sharpening existing skills, building and enhancing a resume, and learning interview and job-search techniques.

**Succeed**

Ultimately, in the **Succeed** stage, jobseekers pursue their chosen job opportunities with confidence, applying the tools and skills they acquired throughout their New Jersey Career Connections experience to realize their career goals.
