### EXPLANATORY NOTES Per Pupil Cost Calculations

#### Advertised Section of the School District Budget Statement for School Year 2016-17

This appendix provides the calculations required to determine the per pupil cost used for all cost per pupil calculations in the Advertised Section of the School District Budget Statement for School Year 2016-17. In each of the sections below, there will be a brief description of the data, source of data, and referenced line items.

#### Per Pupil Cost Calculations

For each per pupil cost indicator, the 2013-14 Actual per pupil cost (Column 1) and the 2014-15 Actual per pupil cost (Column 2) represents the total audited expenditures listed below divided by the actual average daily enrollment for the respective school year. The 2015-16 Original Budget per pupil cost (Column 3) represents the total original budgeted appropriations for the applicable lines listed below divided by total pupils on roll as of October 15, 2015 as reported in your original budget. The 2015-16 Revised Budget per pupil cost and the 2016-17 Proposed Budget per pupil cost represents the total budgeted appropriations for the applicable lines listed below divided by the total pupils on roll as of October 15, 2015 and total projected pupils on roll as of October 15, 2016 as reported in your Budget Statement for School Year 2016-17.
