Insurance

Fire insurance coverage was carried in the amounts as detailed on Exhibit J-20, Insurance Schedule contained in the district's CAFR.

There is a Public Employees' Faithful Performance Blanket Position Bond with the School Alliance Insurance Fund covering all other employees with multiple coverage of $100,000.

Tuition Charges

The proper increase adjustments were made by the Board of Education to be in compliance with N.J.A.C. 6:23A-3.1(f)3.

Unemployment Compensation Insurance Fund

Effective January 1, 2011 the Board of Education converted from direct reimbursement method to the contribution method. The Unemployment Compensation Insurance Fund (Exhibit H-2) was established under the direct reimbursement method and is included in the fiduciary trust fund. This fund will remain to pay claims existing claims under the direct reimbursement method.

Financial Planning, Accounting and Reporting

Examination of Claims

An examination of claims paid during the period under audit did not indicate any discrepancies with respect to signatures, certifications or supporting documentation.
Financial Planning, Accounting and Reporting (Continued)

Payroll Account

The net salaries of all employees of the District were deposited in the Payroll Account. Employees' payroll deductions and employer's share of fringe benefits were deposited in the Payroll Agency Account.

All payrolls were approved by the Superintendent and were certified by the President of the Board and the Board Secretary/Business Administrator and the Chief School Administrator.

Salary withholdings were promptly remitted to the proper agencies, including health benefits premium amounts withheld due to the general fund.

Payrolls were delivered to the secretary of the board who then deposited with warrants in separate bank accounts for net payroll and withholdings.

The required certification (E-CERT1) of compliance with requirements for income tax on compensation of administrators to the NJ Department of Treasury was filed by the March 15 due date.

The Payroll Account records were maintained in satisfactory condition.

Reserve for Encumbrances and Accounts Payable

A review of outstanding issued purchase orders was made as of June 30 for proper classification of orders as reserve for encumbrances and accounts payable. My review did not indicate any material discrepancies to the classification of orders.

Obligations of Federal Grant Awards and Requests for Reimbursement of Expenditures against those Federal Grant Awards

No exceptions were noted during my examination of obligations of federal grant awards and requests for reimbursement of expenditures against those federal grant awards made during the period under audit.

Travel

No exceptions were noted in my study of compliance for travel expenses.

Classification of Expenditures

The coding of expenditures was tested for proper classification in accordance with N.J.A.C. 6A:23A-16.2(f) as part of my test of transactions of randomly selected expenditure items. I also reviewed the coding of all expenditures included in my compliance and single audit testing procedures. In addition to randomly selecting a test sample, my sample selection specifically targeted administrative coding classifications to determine overall reliability and compliance with N.J.A.C. 6A:23A-8.2. My review did not indicate any material discrepancies with respect to classification of expenditures.

Board Secretary/School Business Administrator's Records

The financial and accounting records of the Board Secretary/School Business Administrator's office were maintained in good condition. The cash reconciliation reports prepared by the Coordinator of Business Operations and Transportation were maintained in good condition.
**Elementary and Secondary Education Act (E.S.E.A.) as amended by the Every Student Succeeds Act (ESSA)**

The E.S.E.A./ESSA financial exhibits are contained within the Special Revenue Section of the CAFR. This section of the CAFR documents the financial position pertaining to the projects under Titles I, IIA, and IV of the Elementary and Secondary Education Act, as amended and reauthorized.

The study of compliance for E.S.E.A./ESSA did not indicate any exceptions.

**Other Special Federal and/or State Projects**

The District's Special Projects were approved as listed on Schedule A and Schedule B located in the CAFR.

My audit of the Federal and State funds on a test basis indicated that obligations and expenditures were incurred during the fiscal year or project period for which the project was approved.

The financial exhibits are contained within the Special Revenue Section of the CAFR. This section of the CAFR documents the financial position pertaining to the aforementioned special projects.

The study of compliance for special projects indicated no areas of noncompliance and/or questionable costs.

**T.P.A.F. Reimbursement**

My audit procedures included a test of the biweekly reimbursements filed with the Department of Education for district employees who are members of the Teachers Pension and Annuity Fund. No exceptions were noted.

**T.P.A.F. Reimbursement to the State for Federal Salary Expenditures**

The amount of the expenditure charged to the current year’s Final Reports for all federal awards for the school to reimburse the state for the TPAF/FICA payments made by the State on be-half of the school district for those employees whose salaries are identified as being paid from federal funds were made prior to the end of the 60 day grant liquidation period required by the Office of Grants Management. The expenditure was reviewed subsequent to the reimbursement and no exceptions were noted.

**Nonpublic State Aid**

The study of compliance for nonpublic state aid indicated no areas of noncompliance and/or questionable costs.

**School Purchasing Programs**

The bid thresholds in accordance with N.J.S.A. 18A:18A-2 and 18A:18A-3(a) are $40,000 (with a Qualified Purchasing Agent) and $29,000 (without a Qualified Purchasing Agent), respectively. The law regulating bidding for public school student transportation contracts under N.J.S.A. 18A:39-3 is $19,000.

The district board of education has the responsibility of determining whether the expenditures in any category will exceed the statutory thresholds within the contract year. Where question arises as to whether any contract or agreement might result in a violation of the statue, the solicitor’s opinion should be sought before a commitment is made.
School Purchasing Programs (Continued)

Based on the results of my examination, I did not note any individual payments, contracts, or agreements made for the performance of any work or goods or services, in excess of the statutory thresholds where there had been no advertising of bids in accordance with the provision of N.J.S.A.18A:18A-4.

Resolutions were adopted authorizing the award of contracts or agreements for “Professional Services” per N.J.S.A.18A:18A-5.

School Food Service

For the fiscal year ended June 30, 2018, the School District expended less than $100,000 in federal and/or state funds for its Child Nutrition Program.

Student Body Activities

The financial records for the Student Activity Fund were maintained in satisfactory condition.

Community Education and Recreation

The financial records for the Community Education and Recreation Fund were maintained in satisfactory condition.

Application for State School Aid

My audit procedures included a test of information reported in the October 15, 2017 Application for State School Aid (ASSA.) for on-roll, private schools for the handicapped, low-income and bilingual. I also performed a review of the School District procedures related to its completion. The information on the ASSA. was compared to the School District workpapers without exception. The information that was included as part of the workpapers was verified without exception. The results of my procedures are presented in the Schedule of Audited Enrollments.

The School District maintained workpapers on the prescribed state forms or their equivalent.

The School District has adequate written procedures for the recording of student enrollment data.

Pupil Transportation

My procedures included a test of on roll status reported in the 2017-2018 District Report of Transported Resident Students (DRTRS). The information that was included on the DRTRS was verified to the DRTRS Eligibility Summary Report without exception. The results of my procedures are presented in the Schedule of Audited Enrollments.

My procedures also included a review of transportation related contracts and purchases. Based on my review, the District complied with proper bidding procedures and award of contracts. No exceptions were noted in my review of transportation related purchases of goods and services.

Facilities and Capital Assets

My procedures included a review of the SDA grant agreement for consistency with recording SDA revenue and awarding of contracts for eligible facilities construction. No exceptions were noted.
Testing For Lead of all Drinking Water in Educational Facilities

The school district adhered to all the requirements of N.J.A.C. 26-1.2 and 12.4 related to the testing for lead of all drinking water in educational facilities.

Follow-up on Prior Years’ Findings

In accordance with government auditing standards, my procedures included a review of all prior year recommendations. There were no prior year audit findings.

Acknowledgment

I received the complete cooperation of all the officials of the Berlin Borough School District and I greatly appreciate the courtesies extended to the members of the audit team.
