Independent Auditors’ Report

Honorable President and Members
of the Board of Education
Delaware Township School District
County of Hunterdon, New Jersey

We have audited, in accordance with auditing standards generally accepted in the United States of America and Government Auditing Standards issued by the Comptroller General of the United States, the basic financial statements of the Board of Education of the Delaware Township School District in the County of Hunterdon for the year ended June 30, 2018, and have issued our report thereon dated February 4, 2019.

As part of our audit, we performed procedures required by the New Jersey Department of Education, and the findings and results thereof are disclosed on the following pages, as listed in the accompanying Table of Contents.

This report is intended for the information of the Delaware Township School District’s management and the New Jersey Department of Education. However, this report is a matter of public record and its distribution is not limited.

Sincerely,

Michael Holk, CPA, PSA

February 4, 2019
Flemington, New Jersey
Scope of Audit

The audit covered the financial transactions of the Board Secretary/School Business Administrator and the Reconciler of Accounts, the activities of the Board of Education, and the records of the various funds under the auspices of the Board of Education.

Administrative Practices and Procedures

Insurance

Fire insurance coverage was carried in the amounts as detailed on Exhibit J-20, Insurance Schedule contained in the School District CAFR. Adequacy of insurance coverage is the responsibility of the Board of Education.

Surety bond coverage in force during the period was:

<table>
<thead>
<tr>
<th>Name of Employee</th>
<th>Position</th>
<th>Amount</th>
</tr>
</thead>
<tbody>
<tr>
<td>Susan Joyce</td>
<td>Secretary/Business Administrator</td>
<td>$ 180,000</td>
</tr>
</tbody>
</table>

Financial Planning, Accounting and Reporting

Examination of Claims

An examination of claims paid during the period under review did not indicate any material discrepancies with respect to signatures, certification or supporting documentation.

During the examination of claims paid during the period under review, receiving signatures were sometimes not evident. The District should consider obtaining receiving signatures on all claims paid.

Payroll Account

The net salaries of all employees of the Board were deposited in the payroll account. Employees' payroll deductions and employer's share of fringe benefits were deposited in the payroll agency account.

All payrolls were approved by the Superintendent and were certified by the President of the Board, the Board Secretary/Business Administrator, and the Chief School Administrator.

Salary withholdings were promptly remitted to the proper agencies, including health benefits premium amounts withheld due to the general fund.
Employee Position Control Roster

A review of the Position Control Roster found no inconsistencies between the payroll records, employee benefit records (e.g., pension reports and health benefit coverage reports), the general ledger accounts to where wages are posted (administrative versus instruction), and the Position Control Roster.

Reserve for Encumbrances and Accounts Payable

A review of outstanding issued purchase orders was made as of June 30, for goods not yet received or services not yet rendered, and it was determined that no blanket purchase orders were included in the balance of the reserves for encumbrances. Also, unpaid purchase orders included in the balance of accounts payable were reviewed for propriety and to determine that goods were received, and services were rendered, as of June 30.

The District should consider reviewing the open encumbrances as of June 30 to ensure no items should be classified as accounts payable.

Classification of Expenditures

The coding of expenditures was tested for proper classification in accordance with N.J.A.C. 6A:23A-16.2(f) as part of our test of transactions of randomly selected expenditure items. We also reviewed the coding of all expenditures included in our compliance and single audit testing procedures. In addition to randomly selecting a test sample, our sample selection specifically targeted administrative coding classifications to determine overall reliability and compliance with N.J.A.C. 6A:23A-8.3.

An examination of classification of expenditures during the period under review did not indicate any material discrepancies with respect to proper classification.

Board Secretary's Records

Finding 2018-001
The District did not appear to classify all deposits accurately.

Recommendation
The District should implement procedures to ensure receipts of checks and cash are classified correctly.

Treasurer or Reconciler of Account’s Records

Our review of the records of the Reconciler of Accounts did not disclose any exceptions.
Elementary and Secondary Education Act (E.S.E.A.) as amended by Every Student Succeeds Act (ESSA)

The E.S.E.A. financial exhibits are contained within the Special Revenue Section of the CAFR. This section of the CAFR documents the financial position pertaining to the projects under Titles I and VI of the Elementary and Secondary Education Act as amended and reauthorized.

Other Special Federal and/or State Projects

The District's special projects were approved as listed on Schedule A and Schedule B located in the CAFR.

Our audit of the federal and state funds on a test basis indicated that obligations and expenditures were incurred during the fiscal year or project period for which the project was approved.

The financial exhibits are contained within the Special Revenue Section of the CAFR. This section of the CAFR documents the financial position pertaining to the aforementioned special projects.

TPAF Reimbursement

Our audit procedures included a test of the bi-weekly reimbursements filed with the Department of Education for District employees who are members of the Teachers’ Pension and Annuity Fund. No exceptions were noted.

TPAF Reimbursement to the State for Federal Salary Expenditures

No reimbursement is due to the State to reimburse for the TPAF/FICA payments made by the State on-behalf of the District. The District had no employees with applicable salaries identified as being paid from federal funds.

Nonpublic State Aid

The District did not receive any Nonpublic State Aid during the fiscal year 2018.
School Purchasing Programs

Contracts and Agreements Requiring Advertisement for Bids

N.J.S.A. 18A:18A-3 States:

“A. When the cost or price of any contract awarded by the purchasing agent in the aggregate, does not exceed in a contract year the total sum of $17,500, the contract may be awarded by a purchasing agent when so authorized by Resolution of the Board of Education without public advertising for bids and bidding therefor, except that the Board of Education may adopt a Resolution to set a lower threshold for the receipt of public bids or the solicitation of competitive quotations. If the purchasing agent possesses a qualified purchasing agent certificate pursuant to Subsection B. of Section 9 of P.L.1971, c.198 (C.40A:11-9) the Board of Education may establish that the bid threshold may be up to $25,000. Such authorization may be granted for each contract or by a general delegation of the power to negotiate and award such contracts pursuant to this section.”

“B. Commencing in the fifth year after the year in which P.L.1999, c.440 takes effect, and every five years thereafter, the Governor, in consultation with the Department of the Treasury, shall adjust the threshold amount and the higher threshold amount which the Board of Education is permitted to establish as set forth in Subsection A. of this section or the threshold amount resulting from any adjustment under this subsection, in direct proportion to the rise or fall of the index rate as that term is defined in N.J.S.18A:18A-2, and shall round the adjustment to the nearest $1,000. The Governor shall notify all local school districts of the adjustment no later than June 1 of every fifth year. The adjustment shall become effective on July 1 of the year in which it is made.”

N.J.S.A. 18A-4 States:

“Every contract for the provision or performance of any goods or services, the cost of which in the aggregate exceeds the bid threshold, shall be awarded only by Resolution of the Board of Education to the lowest responsible bidder after public advertising for bids and bidding therefor, except as is provided otherwise in this chapter or specifically by any other law.”

The bid thresholds in accordance with N.J.S.A. 18A:18A-2 and 18A:18A-3(a) are $40,000 (with a Qualified Purchasing Agent) and $29,000 (without a Qualified Purchasing Agent), respectively. The law regulating bidding for public school student transportation contracts under N.J.S.A. 18A:39-3 is $19,000 for 2017-18.

In accordance with N.J.S.A. 18A:18A-3A and N.J.A.C. 5:34-5 et seq. the Board of Education has appointed a “Qualified Purchasing Agent” which allows the Board of Education to increase the bid threshold and to grant the authorization to negotiate contracts below the bid threshold.
School Purchasing Programs (continued)
Contracts and Agreements Requiring Advertisement for Bids (continued)

The Board of Education has the responsibility of determining whether the expenditures in any category will exceed the statutory thresholds within the contract year. Where question arises as to whether any contract or agreement might result in violation of the statute, the solicitor’s opinion should be sought before a commitment is made.

Our examination of the minutes indicated that contracts were awarded for the following:

<table>
<thead>
<tr>
<th>Before and aftercare</th>
<th>Food services management</th>
<th>Homebound instruction</th>
</tr>
</thead>
<tbody>
<tr>
<td>Masonry repairs</td>
<td>Auditors</td>
<td>School physician</td>
</tr>
<tr>
<td>Occupational &amp; physical therapy</td>
<td>Speech therapist</td>
<td>Nursing services</td>
</tr>
</tbody>
</table>

As the system of records did not provide for an accumulation of payments for categories for the performance of any work or the furnishing or hiring of any materials or supplies, the results of such an accumulation could not reasonably be ascertained. Expenditures were reviewed, however, to determine whether any clear-cut violations existed.

Based on the results of our examination, we did not note any individual payments, contracts, or agreements made for the performance of any work or goods or services, in excess of the statutory thresholds where there had been no advertising for bids in accordance with the provision of N.J.S.A. 18A:18A-4.

Resolutions were adopted authorizing the awarding of contracts or agreements for "Professional Services" per N.J.S.A. 18A:18A-5.

Our examination indicated the following purchases were made using state contracts:

<table>
<thead>
<tr>
<th>Office supplies</th>
<th>Teaching supplies</th>
</tr>
</thead>
<tbody>
<tr>
<td>Technology equipment &amp; supplies</td>
<td></td>
</tr>
</tbody>
</table>

Purchases were also made through cooperative agreements for the following:

<table>
<thead>
<tr>
<th>Gas</th>
<th>Insurance</th>
</tr>
</thead>
<tbody>
<tr>
<td>Electric generation</td>
<td>Paper supplies</td>
</tr>
<tr>
<td>Internet access</td>
<td>Maintenance supplies</td>
</tr>
<tr>
<td>Telephone service</td>
<td>Teaching supplies</td>
</tr>
<tr>
<td>Technology equipment &amp; supplies</td>
<td>Computer supplies</td>
</tr>
<tr>
<td>Electrical services</td>
<td>Flooring</td>
</tr>
</tbody>
</table>

The District should obtain a political disclosure form for all contracts in excess of $17,500 that are not awarded pursuant to a “fair and open” process (N.J.S.A. 19:44A-20.7).
Unemployment Compensation Insurance Trust Fund

The Board has adopted the direct reimbursement method and has established an unemployment compensation insurance trust fund.

School Food Service

The financial transactions and statistical records of the school food service fund were reviewed. The financial accounts, meal count records and eligibility applications were reviewed on a test-check basis.

Cash receipts and bank records were reviewed for timely deposit.

The District utilizes a Food Service Management Company (FSMC) and is depositing and expending program monies in accordance with N.J.S.A. 18A:17-34, and 19-1 through 19-4.1. Provisions of the FSMC contract/addendum were reviewed and audited. The FSMC contract does not include an operating results provision which guarantees that the food service program will breakeven. All vendor discounts, rebates, and credits from vendors and/or the FSMC were tracked and credited to the Food Service Account and reconciled to supporting documentation at least annually.

Expenditures were separately recorded as food, labor and other costs. Vendor invoices were reviewed, and costs verified. Inventory records on food and supply items were currently maintained and properly applied in determining the cost of food and supplies used.

The cash disbursements records reflected expenditures for program related goods and services. The appropriate revenue and expenditure records were maintained in order to substantiate the non-profit status of the School Food Service.

Net cash resources did not exceed three months average expenditures.

The number of meals claimed for reimbursement was compared to sales and meal count records. Reimbursement claims were submitted/certified in a timely manner.

Applications for free and reduced-price meals were reviewed for completeness and accuracy. The number of free and reduced-price meals claimed as served was compared to the number of valid applications/or to the list of directly certified students on file, times the number of operating days, on a school-by-school basis. The free and reduced-price meal and free milk policy was reviewed for uniform administration throughout the school system. Sites approved to participate in Provisions I and II were examined for compliance with all counting and claiming requirements. The required verification procedures for free and reduced-price applications were completed and available for review.

The Statement of Revenues, Expenses, and Changes in Fund Net Position (CAFR Schedule B-5) does separate program and non-program revenue and program and non-program cost of goods sold.
School Food Service (continued)

The School District did provide the detailed revenue and expenditure information necessary in order to execute the USDA mandated Non-Program Food Revenue Tool at least annually.

Exhibits reflecting Child Nutrition Program operations are included in the section entitled enterprise funds, Section G of the CAFR.

Student Body Activities

During our review of the student activity funds' cash receipts, it was noted that not all cash receipts appear to be promptly turned over to the business office or deposited timely.

We suggest the District implement procedures to ensure teachers turn over receipts to the business office timely and cash receipts be deposited timely.

Application for State School Aid

Our audit procedures included a test of the information reported in the October 13, 2017 Application for State School Aid (ASSA) for on-roll, private schools for the handicapped, low-income, and bilingual. We also performed a review of the District procedures related to its completion. The information on the ASSA was compared to the District workpapers. The results of our procedures are presented in the Schedule of Audited Enrollments.

The District maintained work papers on the prescribed state forms or their equivalent.

The District’s written procedures appear to be adequate for the recording of student enrollment data.

Pupil Transportation

Our audit procedures included a test of on roll status reported in the 2017-18 District Report of Transported Resident Students (DRTRS). The information that was included on the DRTRS was verified to the DRTRS Eligibility Summary Report without exception. The results of our procedures are presented in the Schedule of Audited Enrollments.

Our procedures also included a review of transportation related contracts and purchases. No exceptions were noted in our review of transportation related purchases of goods and services.

Facilities and Capital Assets

Our review of facilities and capital assets did not disclose any exceptions.
Testing for Lead of All Drinking Water in Educational Facilities

The School District adhered to all the requirements of N.J.A.C. 26-1.2 and 12.4 related to the testing for lead of all drinking water in educational facilities.

The School District did submit the annual Statement of Assurance to the Department of Education, pursuant to N.J.A.C. 6A:26-12.4(g).

Miscellaneous

The District should consider noting the cost of aides when approving sending tuition contracts in the minutes. The District should consider noting the bill list total in the minute approvals.

The School District should continue to comply timely with disclosure requirements made in relation to prior years bond issuances. These obligations generally include filing audit reports, budgets, and certain operating data with various depositories.

Follow-up on Prior Year Findings

In accordance with government auditing standards, our procedures included a review of all prior year recommendations including findings. Corrective action had been taken on all prior year findings.
