Honorable President and Members

ADMINISTRATIVE FINDINGS -
FINANCIAL, COMPLIANCE AND PERFORMANCE

Scope of Audit
The audit covered the financial transactions of the Board Secretary/School Business Administrator, the activities of the Board of Education, and the records of the various funds under the auspices of the Board of Education.

Administrative Practices and Procedures

Insurance
Fire insurance coverage was carried in the amounts as detailed on Exhibit J-20, Insurance Schedule contained in the School District's CAFR.

Tuition Charges
A comparison of tentative tuition charges and actual certified tuition charges was made. The actual costs were less than estimated costs. The School District made a proper adjustment to the billings to sending districts for the decrease in per pupil cost in accordance with N.J.A.C.6A:23A-17.1(f)3.

Financial Planning, Accounting and Reporting

Examination of Claims
A sample examination of claims paid during the period under the review did not indicate any discrepancies with respect to signatures, certification or supporting documentation.

Payroll Account
The net salaries of sampled employees of the board were deposited in the Payroll Account. Employee's payroll deductions and employer's share of fringe benefits were deposited in the Payroll Agency Account.

Sampled payrolls were approved by the Superintendent and were certified by the President of the Board and the School Business Administrator/Board Secretary.

Sampled salary withholdings were promptly remitted to the proper agencies, including health benefits premium amounts withheld due to the general fund.

Payrolls were delivered to the School Business Administrator/Board Secretary who then deposited with warrants in separate bank accounts for net payroll and withholdings.
Employee Position Control Roster

A sample inquiry and subsequent review of the Position Control Roster found no inconsistencies between the payroll records, employee benefit records (e.g. pension reports and health benefit coverage reports), the general ledger accounts to where wages are posted (administrative versus instruction), and the Position Control Roster.

Reserve for Encumbrances and Accounts Payable

A sample of outstanding issued purchase orders was made as of June 30 for proper classification of orders as reserve for encumbrances and accounts payable. No exceptions were noted.

Classification of Expenditures

The coding of expenditures was tested for proper classification in accordance with N.J.A.C. 6A:23 A-16.29(f) as part of our test of transactions of randomly selected expenditure items. We also reviewed the coding of a sample of expenditures included in our compliance and single audit testing procedures. In addition to randomly selecting a test sample, our sample selection specifically targeted administrative coding classifications to determine overall reliability and compliance with N.J.A.C. 6A:23A-8.3. As a result of the procedures performed, a transaction error rate of 0% percent overall was noted and no additional procedures were deemed necessary to test the propriety of expenditure classification.

Board Secretary's Records

Our review of the financial and accounting records maintained by the board secretary were found to be in satisfactory condition.

Treasurer's Records

Our review of the financial and accounting records maintained by the Treasurer of School Monies were found to be in satisfactory condition.

Elementary and Secondary Education Act (E.S.E.A.)/Improving America’s Schools Act (I.A.S.A.) as Reauthorized by the No Child Left Behind Act of 2001.

The E.S.E.A. / N.C.L.B. financial exhibits are contained within the Special Revenue Section of the CAFR. This section of the CAFR documents the financial position pertaining to the projects under Titles I, II and III of the Elementary and Secondary Education Act as amended and reauthorized.

T.P.A.F. Reimbursement

Our audit procedures included a sample test of the biweekly reimbursements forms filed with the Department of Education for district employees who are members of the Teachers Pension and Annuity Fund. No exceptions were noted.

T.P.A.F. Reimbursement to the State for Federal Salary Expenditures

The amount of the expenditure charged to the current year’s Final Report(s) for all federal awards for the school district to reimburse the State for the TPAF/FICA payments made by the State on-behalf of the school district for those employees whose salaries are identified as being paid from federal funds was made prior to the end of the 90 day grant liquidation period required by the Office of Grants Management. The expenditure was reviewed subsequent to the reimbursement and no exceptions were noted.
School Purchasing Programs

Contracts and Agreements Requiring Advertisement for Bids

N.J.S.A.18A:18A-1 et seq. (Public School Contracts Law), the associated rules and related information on the statute, and school contracts in general is available on the website: http://www.state.nj.us/dca/divisions/dlgs/programs/lpcl.html

Current statute is posted on the New Jersey Legislature website at: http://lis.njleg.state.nj.us/cgi-bin/om_isapi.dll?clientId=1319801&depth=2&expandheadings=off&headigswithhits=on&infobase=statutes.nfo&softpage=TOC_Frame_Pg42

The bid thresholds in accordance with N.J.S.A. 18A:18A-2 and 18A:18A-3(a) are $40,000 (with a Qualified Purchasing Agent) and $29,000 (without a Qualified Purchasing Agent), respectively. The law regulating bidding for public school student transportation contracts under N.J.S.A. 18A:39-3 is $18,800 for 2017-18.

The district board of education has the responsibility of determining whether the expenditures in any category will exceed the statutory thresholds within the contract year. Where question arises as to whether any contract or agreement might result in violation of the statute, the Solicitor's opinion should be sought before a commitment is made.

Based on the results of our tests on sample basis, we did not note any individual payments, contracts, or agreements made for the performance of any work or goods or services, in excess of the statutory thresholds where there had been no advertising for bids in accordance with the provision of N.J.S.A. 18A:18A-4.

Resolutions were adopted authorizing the awarding of contracts or agreements for "Professional Services" per N.J.S.A. 18A:18A-5.

School Food Service

The financial transactions and statistical records of the school food service fund were reviewed on sample basis. The financial accounts, meal count records and eligibility applications were reviewed on a sample basis.

Cash receipts and bank records were reviewed on a sample basis for timely deposit.

The district utilizes a food service management company (FSMC) and is depositing and expending program monies in accordance with N.J.S.A. 18A:17-34, and 19-1 through 19-4.1. Provisions of the FSMC contract/addendum were reviewed and audited. The FSMC contract includes an operating results provision which guarantees that the food service program will return a profit of at least $10,000.00. The operating results provision has been met.

Expenditures should be separately recorded as food, labor and other costs. Vendor invoices were reviewed on sample basis and costs verified. Inventory records on food and supply items were currently maintained and properly applied in determining the cost of food and supplies used.

The cash disbursements records reflected expenditures for program related goods and services. The appropriate revenue and expenditure records were maintained in order to substantiate the non-profit status of the school food service.

Net cash resources did not exceed three months average expenditures.

Time sheets were reviewed on a sample basis and labor costs verified. On a sample basis, payroll records were maintained on school food services employees authorized by the board of education/board of trustees. No exceptions were noted.
School Food Service (Continued)

The number of meals claimed for reimbursement was compared to sales and meal count records. As part of the claims review process the Edit Check Worksheet was completed. Reimbursement claims were submitted/certified in a timely manner.

Applications for free and reduced price meals were reviewed on sample basis for completeness and accuracy. The number of free and reduced price meals claimed as served was compared to the number of valid applications/or to the list of directly certified students on file, times the number of operating days, on a school-by-school basis. The free and reduced price meal and free milk policy was reviewed for uniform administration throughout the school system. Sites approved to participate in Provisions I and II were examined for compliance with all counting and claiming requirements. The required verification procedures for free and reduced price applications were completed and available for review.

USDA Food Distribution Program (food and/or commodities) were received and a single inventory was maintained on a first-in, first-out basis. No exceptions were noted.

The Statement of Revenues, Expenses, and Changes in Net Position (CAFR Schedule B-5) does separate program and non-program revenue and program and non-program cost of goods sold.

The School District maintains the detailed revenue and expenditure information necessary in order to execute the USDA mandated Non-Program Food Revenue Tool at least annually.

Exhibits reflecting Child Nutrition Program operations are included in the section entitled Enterprise Funds, Section G of the CAFR.

Student Body Activities

Our review of the financial and accounting records for student activities indicated they were in satisfactory condition.

Application for State School Aid (ASSA)

Our audit procedures included a sample test of information reported in the October 13, 2017 Application for State School Aid (A.S.S.A.) for on-roll, private schools for the handicapped and low-income, and bilingual. We also performed a review on a sample basis of the School District’s procedures related to its completion. The information on the ASSA was compared to the School District workpapers without exception. The information that was included on the workpapers was verified without exception. The results of our procedures are presented in the Schedule of Audited Enrollments

The School District maintained workpapers on the prescribed state forms of their equivalent.

The School District written procedures appear to be adequate for the recording of student enrollment data.
Pupil Transportation
Our audit procedures included a sample test of on roll status reported in the 2017-2018 District Report of Transported Resident Students (DRTRS). The information that was included on the DRTRS was verified to the DRTRS Eligibility Summary Report without exception. The results of our procedures are presented in the Schedule of Audited Enrollments.

Our procedures also included a sample of transportation contracts and purchases. Based on our sample, the School District complied with proper bidding procedures and award of contracts. The bid specifications for the purchase of buses were in compliance with applicable statutes. No exceptions were noted in our sampling of transportation related purchases of goods and services.

Facilities and Capital Assets
Our review of the financial and accounting records for capital assets indicated they were in satisfactory condition.

Miscellaneous
The School District complied with its most recent continuing disclosure agreements in relation to prior year bond issuances.

Follow-up on Prior Year Findings
In accordance with audit requirements prescribed by the Office of School Finance, Department of Education, State of New Jersey, our procedures included a review of all prior year findings reported in the prior year’s Auditor’s Management Report on Administrative Findings – Financial, Compliance and Performance. There were no prior year findings.

Office of Fiscal Accountability and Compliance (OFAC) Findings
There were no Office of Fiscal Accountability and Compliance (OFAC) audit reports issued during the fiscal year ended June 30, 2018.

Acknowledgment
We received the complete cooperation of all the officials of the school district and we greatly appreciate the courtesies extended to the members of the audit team.
