INDEPENDENT AUDITOR’S REPORT

Honorable President and Members
of the Board of Education of the
Middlesex County Vocational and Technical High Schools
County of Middlesex,
East Brunswick, New Jersey

We have audited, in accordance with generally accepted audit standards and Government Auditing Standards issued by the Comptroller General of the United States, the basic financial statements of the Board of Education of the Middlesex County Vocational and Technical School District in the County of Middlesex for the year ended June 30, 2018, and have issued the report thereon dated February 7, 2019.

As part of our audit, we performed procedures required by the New Jersey Department of Education, and the findings and results thereof are disclosed on the following pages, as listed in the accompanying table of contents.

This report is intended for the information and use of the Middlesex County Vocational and Technical School District Board of Education’s management and the New Jersey Department of Education. However, this report is a matter of public record and its distribution is not limited.

PKF O’CONNOR DAVIES, LLP
February 7, 2019
Cranford, New Jersey

David J. Gannon
Licensed Public School Accountant
No. 2305
Scope of Audit

The audit covered the financial transactions of the Board Secretary/School Business Administrator and Treasurer of School Moneys, the activities of the Board of Education and the records of the various funds under the auspices of the Board of Education.

Administrative Practices and Procedures

Insurance

Insurance coverage was carried in the amounts as detailed on Exhibit J-20, Insurance Schedule contained in the District’s CAFR.

There is a Public Employee’s Dishonesty Blanket Bond issued by the Zurich-American Insurance Company covering all other employees with multiple coverage of $250,000.

Tuition Charges

A comparison of tentative tuition charges and actual certified tuition charges was made. The actual costs were greater than or less than estimated costs. The District made a proper adjustment to the billings to sending Districts for the increase (decrease) in per pupil costs in accordance with N.J.A.C. 6A:23A-17.1(f)3.

Financial Planning, Accounting and Reporting

Examination of Claims

An examination of claims paid during the period did not indicate any discrepancies with respect to signatures, certification or supporting documentation.
Payroll Account and Position Control Roster

The net salaries of all employees of the Board were deposited in the Payroll Account. Employees’ payroll deductions and employer’s share of fringe benefits were deposited in the Payroll Agency Account.

All payrolls were approved by the Superintendent and were certified by the President of the Board and the Board Secretary/Business Administrator.

Salary withholdings were promptly remitted to the proper agencies, including health benefits premium withholding due to the general fund.

Payrolls were delivered to the Treasurer of school monies with a warrant made for the full amount of each payroll.

An inquiry and subsequent review of the Position Control Roster did not identify any inconsistencies between the payroll records, employee benefit records, the general ledger accounts to where wages are posted, and the Position Control Roster.

Reserve for Encumbrances and Accounts Payable

A review of outstanding issued purchase orders was made as of June 30 for proper classification of orders as reserve for encumbrances and accounts payable and no exceptions were noted.

Classification of Expenditures

The coding of expenditures was tested for proper classification in accordance with N.J.A.C. 6A:23A-16.2(f) as part of our test of transactions of randomly selected expenditure items. We also reviewed the coding of all expenditures included in our compliance and single audit testing procedures. In addition to randomly selecting a test sample, we also selected a sample of administrative coding classifications to determine overall reliability and compliance with N.J.A.C. 6A:23A-8.3. As a result of the procedures performed, a transaction error rate of 0% was noted and no additional procedures were deemed necessary to test the propriety of expenditure classification.

Board Secretary’s Records

Our review of the financial and accounting records maintained by the Board Secretary did not disclose any exceptions.
Treasurer’s Records

No exceptions were noted during our review of the financial and accounting records maintained by the Treasurer.

Elementary and Secondary Education Act (E.S.E.A.) as amended by the Every Student Succeeds Act (ESSA)

The E.S.E.A. financial exhibits are contained within the Special Revenue Section of the CAFR. This section of the CAFR documents the financial position pertaining to the projects under Titles I and II of the Elementary and Secondary Education Act as amended and reauthorized.

The study of compliance for E.S.E.A. indicated no instances of noncompliance and/or questionable costs.

Other Special Federal and/or State Projects

The district’s Special Projects were approved as listed on Schedule A and Schedule B located in the CAFR.

Our audit of the federal and state funds on a test basis indicated that obligations and expenditures were incurred during the fiscal year or project period for which the project was approved.

The financial exhibits are contained within the Special Revenue Section of the CAFR. This section of the CAFR documents the financial position pertaining to the aforementioned special projects.

The study of compliance for the special projects indicated no areas of noncompliance.

T.P.A.F. Reimbursement

Our audit procedures included a test of the biweekly reimbursement forms filed with the Department of Education for district employees who are members of the Teachers’ Pension and Annuity Fund. No exceptions were noted.
T.P.A.F. Reimbursement to the State for Federal Salary Expenditures

The amount of the expenditure charged to the current year’s Final Reports for all applicable federal awards for the school district to reimburse the State for the TPAF/FICA payments made by the State on behalf of the school district for those employees whose salaries are identified as being paid from federal funds was made prior to the end of the 90 day grant liquidation period required by the Office of Grants Management. The expenditures were reviewed subsequent to the reimbursement and no exceptions were noted.

School Purchasing Programs

Contracts and Agreements Requiring Advertisement for Bids

The bid thresholds in accordance with N.J.S.A. 18A:18A-2 and 18A:18A-3(a) are $40,000 (with a Qualified Purchasing Agent) and $29,000 (without a Qualified Purchasing Agent), respectively. The law regulating bidding for public school student transportation contracts under N.J.S.A. 18A:39-3 is $19,000 for 2017-18.

The District has the responsibility of determining whether the expenditures in any category will exceed the statutory thresholds within the contract year. Where question arises as to whether any contract or agreement might result in violation of the statute, the solicitor’s opinion should be sought before a commitment is made.

The results of our examination indicated that no individual payments, contracts, or agreements were made for the performance of any work or goods or services, in excess of the statutory thresholds where there had been no advertising for bids in accordance with the provision of N.J.S.A. 18A:18A-4.

Resolutions were adopted authorizing the awarding of contracts or agreements for “Professional Services” per N.J.S.A. 18A:18A-5.

School Food Service

The school food service program was not selected as a major federal and/or State program. However, the program expenditures exceeded $100,000 in federal and/or State support. Accordingly, we inquired of school management, or appropriate school food service personnel, as to whether the SFA had any Child Nutrition Program reimbursement overclaims or underclaims. No exceptions were noted.

We also inquired of school management as to whether the SFA’s expenditures of school food service revenues were limited to allowable direct and indirect costs. No exceptions were noted.
The Statement of Revenues, Expenses, and Changes in Fund Net Position (CAFR Schedule B-5) does separate program and non-program revenue and program and non-program cost of goods sold.

Net cash resources did exceed three months average expenditures by $69,037 at June 30, 2018, however, the District anticipated this occurring and advertised for bids for food service equipment. The bid was awarded at the June 13, 2018 Board meeting and the equipment was subsequently delivered after June 30, 2018. The amount of the equipment purchased under this bid was $85,065. Because of the timing of delivery of the equipment, it could not be recorded as an accounts payable and eliminate the excess over the three months average expenditures. However, since the District took corrective action, no finding and recommendation has been included in this report.

Student Body Activities

During our review of the student activity funds, there were no exceptions noted.

Application for State School Aid (ASSA)

Our audit procedures included a test of information reported in the October 13, 2017 Application for State School Aid (ASSA) for on-roll, private schools for the handicapped, low-income and bilingual. We also performed a review of the district procedures related to its completion. The information on the A.S.S.A. was compared to the District work papers without exception as presented in the accompanying Schedule of Audited Enrollments. The information included as part of the work papers was verified without exception. The results of our procedures are presented in the Schedule of Audited Enrollments.

The district maintained work papers on the prescribed state forms or their equivalent.

The district written procedures appear to be adequate for the recording of student enrollment data.

Pupil Transportation

The District is a receiving district and, therefore, is not required to file a District Report of Transported Resident Students (DRTRS).

Our procedures also included a review of transportation related contracts and purchases. Based on our review, the District complied with proper bidding procedures and award of contracts. No exceptions were noted in our review of transportation related purchases of goods and services.
Facilities and Capital Assets

Our procedures included a review of New Jersey Schools Development Authority ("NJSDA") grant agreements for consistency with recording the NJSDA revenue, transfer of local funds from the General Fund or from the capital reserve, and awarding of contracts for eligible facilities construction. No exceptions were identified.

Testing for Lead of All Drinking Water in Educational Facilities

The school district adhered to all the requirements of N.J.A.C. 26-1.2 and 12.4 related to the testing for lead of all drinking water in educational facilities.

The school district submitted the annual Statement of Assurance to the Department of Education, pursuant to N.J.A.C. 6A:26-12.4(g).

Follow-up on Prior Year's Findings

In accordance with government auditing standards, our procedures included a review of all prior year recommendations including findings. There were no prior year findings.

There were no Office of Fiscal Compliance ("OFAC") audit reports issued during the 2017-2018 fiscal year.

Acknowledgment

We received the complete cooperation of all the officials of the school district and we greatly appreciate the courtesies extended to the members of the audit team.
