Scope of Audit

The audit covered the financial transactions of the Board Secretary/School Business Administrator, the activities of the Board of Education, and the records of the various funds under the auspices of the Board of Education.

Administrative Practices and Procedures

Insurance

Fire insurance coverage was carried in the amounts as detailed on Exhibit J-20, Insurance Schedule contained in the District's CAFR.

(A) There is a Public Employees' Faithful Performance Blanket Position Bond with Western Surety Company covering all other employees with multiple coverage of $10,000. There is also an employee dishonesty crime coverage with the School Alliance Insurance Fund covering all employees with coverage of $500,000.

Tuition Charges

A comparison of tentative charges and actual certified tuition charges was made. The actual costs were more than estimated costs. The Board made a proper adjustment to the billings to sending districts for the increase in per pupil costs in accordance with N.J.A.C. 6A:23A-17.1(f)3.

Financial Planning, Accounting and Reporting

Examination of Claims

An examination of claims paid during the period under review did not indicate any discrepancies with respect to signatures, certification or supporting documentation.
Financial Planning, Accounting and Reporting, (continued)

Payroll Account and Position Control Roster

The net salaries of all employees of the Board were deposited in the Payroll Account. Employees' payroll deductions and employer's share of fringe benefits were deposited in the Payroll Agency Account.

All payrolls were approved by the Superintendent and were certified by the President of the Board and the Board Secretary/School Business Administrator.

Salary withholdings were promptly remitted to the proper agencies, including health benefits premium amounts withholding due to the General Fund.

Payrolls were delivered to the Secretary of the Board who then deposited with warrants in separate bank accounts for net payroll and withholdings.

The required certification (E-CERT1) of compliance with requirements for income tax on compensation of administrators (superintendent, assistant superintendents, and business administrator) to the NJ Department of Treasury was filed by the March 15 due date.

Reporting of employee compensation for income tax related purposes did comply with federal and state regulations regarding the compensation which is required to be reported.

The Board of Education made a merit bonus payment that a quantitative merit criterion or a qualitative merit criterion had been satisfied with prior approval by the District Board of Education and Executive County Superintendent, as required by N.J.A.C. 6A:23A-3.1(e)10.iv.

Position Control Roster

The Position Control Roster was reviewed and compared to payroll records, employee benefit records and charges made to the general ledger to ensure proper and consistent financial reporting and that employee benefits are only offered to current employees.

Reserve for Encumbrances, Liability for Accounts Payable

A review of outstanding issued purchase orders was made as of June 30, for goods not yet received or services not yet rendered and it was determined that no blanket purchase orders were included in the balance of the reserves for encumbrances. Also, unpaid purchase orders included in the balance of accounts payable were reviewed for propriety and to determine that goods were received and services were rendered, as of June 30.

The coding of expenditures was tested for proper classification in accordance with N.J.A.C. 6A:23A-16.2(f) as part of our test of transactions of randomly selected expenditure items. We also reviewed the coding of all expenditures included in our compliance and single audit testing procedures. In addition to randomly selecting a test sample, our sample selection specifically targeted administrative coding to determine overall reliability and compliance with N.J.A.C. 6A:23A-8.3. As a result of the procedures performed, a transaction error rate of 0.35% was noted and no additional procedures were deemed necessary to test the propriety of expenditure classification.
Financial Planning, Accounting and Reporting, (continued)

**Finding 2018-001:** During our test of transactions, it was noted that the District misclassified and misbudgeted expenditures for the following: Compensated Absences, Salaries and Travel.

**Recommendation:** The District should reference The Uniform Minimum Chart of Accounts for New Jersey Public Schools, 2018 Edition and other available reference materials, such as the Budget Guidelines for the proper classifications required to be in compliance with N.J.A.C. 6A:23-2.3(f).

**Board Secretary's Records**

Our overview of the financial and accounting records maintained by the Board Secretary disclosed the following items:

**Finding 2018-002 (CAFR Finding 2018-001):** The District received an increase in state aid; however, a board resolution accepting the revised state aid in the amount of $77,157, which was to be approved by 2/3 affirmative vote of the authorized membership of the Board was not prepared.

**Recommendation:** The District should ensure that actual budgetary basis state aid revenue is equal to state aid revenue as presented in the revised State Aid Notice received by the District. A board resolution reflecting 2/3 affirmative vote of the authorized membership of the board must support the revised State Aid.

**Fixed Assets**

The capital asset records were updated for the additions and disposals of capital assets made during the year.

**Elementary and Secondary Education Act (E.S.E.A.) as Amended by the Every Student Succeeds Act (ESSA)**

The E.S.E.A. financial exhibits are contained within the Special Revenue Section of the CAFR. This section of the CAFR documents the financial position pertaining to the projects under Titles I, II, III and IV of the Elementary and Secondary Education Act as amended and reauthorized.

The study of compliance for E.S.E.A. indicated no areas of noncompliance and/or questionable costs.

**Other Special Federal and/or State Projects**

The District's Special Projects were approved as listed on Schedule A and Schedule B located in the CAFR.

Our audit of the federal and state funds on a test basis indicated that obligations and expenditures were incurred during the fiscal year or project period for which the project was approved.

The financial exhibits are contained within the Special Revenue Section of the CAFR. This section of the CAFR documents the financial position pertaining to the aforementioned special projects.
Financial Planning, Accounting and Reporting, (continued)

Finding 2018-003 (CAFR Finding 2018-002): There were instances in which the individual student applications contained errors and omissions of information included in the District prepared EXAID work papers. A few of the applications did not have an intensive service selected and the amount submitted for reimbursement in the application was entered incorrectly.

Recommendation: The District should review the individual student on-line forms prior to final submission of the EXAID application to ensure the forms are complete and the information agrees to the work papers prepared.

The study of compliance for the special projects indicated no areas of noncompliance.

T.P.A.F. Reimbursement

Our audit procedures included a test of the biweekly reimbursements filed with the Department of Education for the district employees who are members of the Teachers Pension and Annuity Fund. No exceptions were noted.

T.P.A.F. Reimbursement to the State for Federal Salary Expenditures

The amount of the expenditure charged to the current year's Final Reports for all federal awards for the school district to reimburse the State for the TPAF/FICA payments made by the State on-behalf of the school district for those employees whose salaries are identified as being paid from federal funds was made prior to the end of the 90 day grant liquidation period required by the Office of Grants Management. The expenditure was reviewed subsequent to the reimbursement and no exceptions were noted.

Nonpublic State Aid

Project completion reports were finalized and transmitted to the State Department of Education by the due date.

School Purchasing Programs

Contracts and Agreements Requiring Advertisement for Bids

N.J.S.A. 18A:18A-2 contains definitions for terms used throughout N.J.S.A. 18A:18A-1 et seq. It includes as subsection (p) the term ‘competitive contracting’, which is defined as “the method described in N.J.S.A. 18A:18A-4.1 through 18A:18A-4.5 and in rules promulgated by DCA at N.J.A.C. 5:34-4 of contracting for specialized goods and services in which formal proposals are solicited from vendors; formal proposals are evaluated by the purchasing agent or counsel or school business administrator; and the board of education awards a contract to a vendor or vendors from among the formal proposals received.” Also, subsection (aa) defines the term ‘concession’ to exclude vending machines.
School Purchasing Programs, (continued)

Contracts and Agreements Requiring Advertisement for Bids, (continued)

N.J.S.A. 18A:18A-3(a) sets forth the bid threshold and requires award by board resolution. There is a higher threshold when there is a “Qualified Purchasing Agent” (QPA) in the district as defined at N.J.A.C. 5:34-1.1 and certified upon approval of an application submitted to DCA. Pursuant to N.J.S.A. 18A:18A-3(b), the bid threshold may be adjusted by the Governor, in consultation with the Department of Treasury, every five years.

N.J.S.A. 18A:18A-4.4 provides boards of education the authority to pass a resolution authorizing the use of competitive contracting. “In order to initiate competitive contracting, the board of education shall pass a resolution authorizing the use of competitive contracting each time specialized goods or services enumerated in sections 45 of L. 1999, c.440 are desired to be contracted.”

Effective July 1, 2015 and thereafter, the bid thresholds in accordance with N.J.S.A. 18A:18A-2 and 18A:18A-3(a) are $40,000 (with a Qualified Purchasing Agency) and $29,000 (without a Qualified Purchasing Agent), respectively. The law regulating bidding for public school student transportation contracts under N.J.S.A. 18A:39-3 is currently $19,000.

The board of education has the responsibility of determining whether the expenditures in any category will exceed the statutory thresholds within the contract year. Where question arises as to whether any contract or agreement might result in violation of the statute, the Solicitor's opinion should be sought before a commitment is made.

The results of our examination indicated that no individual payments, contracts or agreements were made for the performance of any work, goods or services in excess of the statutory thresholds where there had been no advertising for bids in accordance with the provisions of N.J.S.A. 18A:18A-4.

Resolutions were adopted authorizing the awarding of contract or agreements for "Professional Services" per N.J.S.A. 18A:18A-5.

School Food Service

The financial transactions and statistical records of the School Food Service Fund were reviewed. The financial accounts, meal count records and eligibility applications were reviewed on a test-check basis.

Cash receipts and bank records were reviewed for timely deposit.

The number of meals claimed for reimbursement was compared to sales and meal count records. As part of the claims review process the Edit Check Worksheet was completed. Reimbursement claims were submitted/certified in a timely manner. During our review of meals claimed, no exceptions were noted.

Applications for free and reduced price meals were reviewed for completeness and accuracy. The number of free and reduced price meals claimed as served was compared to the number of valid applications times the number of operating days, on a school by school basis. The free and reduced price meal was reviewed for uniform administration throughout the school system. The required verification procedures for free and reduced price applications was completed and available for review.
School Food Service, (continued)

The District utilizes a food service management company (FSMC) and is depositing and expending program monies in accordance with N.J.S.A. 18A:17-34, and 19-1 through 19-4.1. Provisions of the FSMC contract/addendum were reviewed and audited. The FSMC contract includes an operating results provision which guarantees that the food service program will return a profit of at least $10,000. The operating results provision has been met. All vendor discounts, rebates and credits from the FSMC were tracked and credited to the Food Service Account and reconciled to supporting documentation at least annually.

Expenditures were separately recorded as food, labor and other costs. Vendor invoices were reviewed and costs verified. Inventory records on food supply items were currently maintained and properly applied in determining the cost of food and supplies used. No exceptions were noted.

The cash disbursements records reflected expenditures for program related goods and services. The appropriate revenue and expenditure records were maintained in order to substantiate the non-profit status of the school food service. Net cash resources did not exceed three months average expenditures.

The Statement of Revenues, Expenses, and Changes in Fund Net Position (CAFR Schedule B-5) does separate program and non-program revenue and program and non-program cost of goods sold.

U.S.D.A. Food Distribution Program commodities were received and a separate inventory was maintained on a first-in, first-out basis. No exceptions were noted.

The school district maintains the detailed revenue and expenditure information necessary in order to execute the U.S.D.A. mandated Non-Program Food Revenue Tool at least annually.

Exhibits reflecting Child Nutrition Program operations are included in the section entitled Enterprise Funds, Section G of the CAFR.

Student Body Activities

During our review of the Student Activity Funds, no exceptions were noted.

Application for State School Aid

Our audit procedures included a test of information reported in the October 15, 2017 Application for State School Aid (A.S.S.A.) for on-roll, private schools for the handicapped, bi-lingual and low-income. We also performed a review of the district procedures related to its completion. The information on the A.S.S.A. was compared to the district workpapers without exception. The information that was included on the workpapers was verified without exception. The results of our procedures are presented in the Schedule of Audited Enrollments.

The District maintained workpapers on the prescribed state forms or their equivalent.

The District has adequate written procedures for the recording of student enrollment data.
Pupil Transportation

Our audit procedures included a test of on roll status reported in the 2017-2018 District Report of Transported Resident Students (DRTRS). The information that was included on the DRTRS was verified to the DRTRS Eligibility Summary Report without exception. The results of our procedures are presented in the Schedule of Audited Enrollments.

Our procedures also included a review of transportation related contracts and purchases. Based on our review, the district complied with proper bidding procedures and award of contracts. No exceptions were noted in our review of transportation related purchases of goods and services.

Testing for Lead of All Drinking Water in Educational Facilities

The school district adhered to all the requirements of N.J.A.C. 26-1.2 and 12.4 related to the testing for lead of all drinking water in educational facilities.

The school district did submit the annual Statement of Assurance to the Department of Education, pursuant to N.J.A.C. 6A:26-12.4(g).

Follow-up on Prior Year Findings

In accordance with government auditing standards, our procedures included a review of all prior year recommendations. Corrective action had been taken on all prior year findings, with the exception of the comments preceded with an “*”.

Acknowledgment

We received the complete cooperation of all the officials of the school district and we greatly appreciate the courtesies extended to the members of the audit team.

Respectfully submitted,

AUDIT RECOMMENDATIONS SUMMARY
FOR THE FISCAL YEAR ENDED JUNE 30, 2018

RECOMMENDATIONS:

1. Administrative Practices and Procedures

None

2. Financial Planning, Accounting and Reporting

Finding 2018-001: During our test of transactions, it was noted that the District misclassified and misbudgeted expenditures for the following: Compensated Absences, Salaries and Travel.

Recommendation: The District should reference The Uniform Minimum Chart of Accounts for New Jersey Public Schools, 2018 Edition and other available reference materials, such as the Budget Guidelines for the proper classifications required to be in compliance with N.J.A.C. 6A:23-2.3(f).

Finding 2018-002 (CAFR Finding 2018-001): The District received an increase in state aid; however, a board resolution accepting the revised state aid in the amount of $77,157, which was to be approved by 2/3 affirmative vote of the authorized membership of the Board was not prepared.

Recommendation: The District should ensure that actual budgetary basis state aid revenue is equal to state aid revenue as presented in the revised State Aid Notice received by the District. A board resolution reflecting 2/3 affirmative vote of the authorized membership of the board must support the revised State Aid.

Finding 2018-003 (CAFR Finding 2018-002): There were instances in which the individual student applications contained errors and omissions of information included in the District prepared EXAID work papers. A few of the applications did not have an intensive service selected and the amount submitted for reimbursement in the application was entered incorrectly.

Recommendation: The District should review the individual student on-line forms prior to final submission of the EXAID application to ensure the forms are complete and the information agrees to the work papers prepared.
