ADMINISTRATIVE FINDINGS – FINANCIAL, COMPLIANCE AND PERFORMANCE

GENERAL COMMENTS

Scope of Audit

The audit covered the financial transactions of the Board Secretary/School Business Administrator and the Treasurer of School Moneys, the activities of the Board of Trustee’s, and the records of the various funds under the auspices of the Board of Trustee’s.

Administrative Practices and Procedures

Insurance

Insurance coverage was carried in various amounts as detailed on Exhibit J-20, Insurance Schedule contained in the Charter School’s CAFR. This includes public official bonds.

Tuition Charges

A review of financial statements indicated that the Charter School charged no tuition for any student attending the Charter School.

Financial Planning, Accounting and Reporting

Examination of Claims

An examination of claims paid during the period under review did not indicate any discrepancies with respect to signatures, certification or supporting documentation.

Payroll Accounts

The net salaries of all employees of the School were deposited in the Payroll Account. Employees payroll deductions and employees share of fringe benefits were deposited in the Payroll Agency Account.

All payrolls were approved by the President of the Board and the Board Secretary/Business Administrator.

Salary withholdings were promptly remitted to the proper agencies, including health benefit withholding due to the general fund.

Payrolls were delivered to the Secretary of the Board who then deposited with warrants in separate bank accounts for net payroll and withholdings.

Reserve for Encumbrances, and Accounts Payable

A review of outstanding issued purchase orders was made as of June 30 for proper classification of orders as reserve for encumbrances and accounts payable. No exceptions were noted during our review.

Classification of Expenditures

The coding of expenditures was tested for proper classification in accordance with the N.J.A.C. 6A:23A-16.2(f) as part of my test of transactions of randomly selected expenditure items. I also reviewed the coding of all
expenditures included in my compliance and single audit testing procedures. In addition to randomly selecting a test sample, my sample selection specifically targeted administrative coding classifications to determine overall reliability and compliance with N.J.A.C. 6A:23A-8.3. As a result of the procedures performed, a transaction error rate of 0% overall was noted and no additional procedures were deemed necessary to test the propriety of expenditure classification.

a) **General Classification Findings**

No exceptions or discrepancies were noted in the general classification of expenditures.

b) **Administrative Classification Findings**

No exceptions or discrepancies were noted in the administrative classification of expenditures.

**Board Secretary’s Records**

My review of the financial and accounting records maintained by the business office disclosed no exceptions or discrepancies, except as noted below:

**Findings:**

It was noted that the reimbursement forms for were not submitted on a timely basis for Federal programs which resulted in a delay of receipt of the funds. The forms were subsequently submitted and all reimbursements were received.

**Recommendations:**

All Federal reimbursement forms must be submitted on a timelier basis.

**Findings:**

It was noted that one of the banks that the School had utilized during the year did not have GUPDA (Government Unit Deposit Protection Act) status.

**Recommendations:**

The school must utilize a new bank in order to have full coverage protection under GUPDA.

**Elementary and Secondary Education Act (E.S.E.A.)/Improving America's Schools Act (IASA) as reauthorized by the No Child Left Behind Act of 2001**

The E.S.E.A./NCLB financial exhibits are contained within the Special Revenue Section of the CAFR. This section of the CAFR documents the financial position pertaining to the projects under various Titles of the Elementary and Secondary Education Act as amended and reauthorized.

The study of compliance for E.S.E.A. indicated no following areas of compliance and/or questionable costs.
Other Special Federal and/or State Projects

The school’s other Special and/or State Projects were approved as listed on Exhibit K-3 and Exhibit K-4 located in the CAFR.

My audit of the federal and state funds on a test basis indicated that obligations and expenditures were incurred during the fiscal year or project period for which the project was approved.

The financial exhibits are contained within the Special Revenue Section of the CAFR. This section of the CAFR documents the financial position pertaining to the aforementioned special projects.

The study of compliance for the special projects indicated no areas of non compliance.

T.P.A.F. Reimbursement

My audit procedures included a test of the biweekly reimbursements filed with the Department of Education for the Ethical Community Charter School of Jersey City employees who are members of the Teachers Pension and Annuity Fund. No exceptions were noted, except as noted below:

Findings:

It was noted that the TPAF reimbursement forms were not submitted on a timely basis which resulted in a delay of receipt of the funds. The forms were subsequently submitted and all reimbursements were received.

Recommendations:

All TPAF reimbursement forms must be submitted on a timely basis.

School Purchasing Programs

Contracts and Agreements Requiring Advertisement for Bids

NJ.S.A. 18A:18A-l et seq. (Public School Contracts Law), the associated rules and related information on the statute, and school contracts in general (as of June 2007) is available on the website http://www.state.nj.us/dca/divisions/dlgs/programs/lpcl.html.

Current statute is posted on the New Jersey Legislature website at:

http://lis.njleg.state.nj.us/cgibin/om_isapi.dll?clientID=1319801 &depth=2&expandheadings=off&headingswithhits=on&infobase=statutes.nfo&softpage=TOC_Frame_Pg42

Bid thresholds in accordance with NJ.S.A. 18A:18A-2 and 18A:18A-3(a) are $40,000 (with a Qualified Purchasing Agent) and $29,000 (without a Qualified Purchasing Agent), respectively. The law regulating bidding for public school student transportation contracts under NJ.S.A. 18A:39-3 is currently $18,300 for 2017-2018.

The charter school board of trustees has the responsibility of determining whether the expenditures in any category will exceed the statutory thresholds within the contract year. Where question arises as to whether any contract or agreement might result in violation of the statute, the solicitor's opinion should be sought before a commitment is made.
Based on the results of my examination, I did not note any individual payments, contracts, or agreements made for the performance of any work or goods or services, in excess of the statutory thresholds where there had been no advertising for bids in accordance with the provision of NJ.S.A. 18A: 18A-4, amended.

Resolutions were adopted authorizing the awarding of contracts or agreements for "Professional Services" per NJ.S.A. 18A:18A-5. My review of the contracts and agreements found that the school was in compliance as to bid advertisements and awards.

**School Food Service**

The financial transactions and statistical records of the School Food Services Fund were maintained in satisfactory condition. The financial accounts, meal count record and eligibility applications were reviewed on a test-check basis. The number of meals claimed for reimbursement was verified against meal count records. There were no modifications noted. Reimbursement vouchers were properly computed and timely filed.

Cash receipts and bank records were reviewed for timely deposit.

Expenditures were separately recorded as food, labor and other costs. Vendor invoices were reviewed and costs verified. Inventory records on food supply items were currently maintained and properly applied in determining the costs of food and supplies used.

The cash disbursement records reflected expenditures for program related goods and services. The cash disbursement records reflected expenditures for program related goods and services. The appropriate revenue and expenditure records were maintained in order to substantiate the nonprofit status of the school food service.

The number of meals claimed for reimbursement was compared to sales and meal count records. As part of the claims review process the Edit Check Worksheet was completed. Reimbursement claims were submitted/certified in a timely manner.

Applications for free and reduced price meals were reviewed for completeness and accuracy. The number of free and reduced price meals claimed as served was compared to the number of valid applications and/or to the list of directly certified students on file, times the number of operating days, on a school by school basis. The free and reduced price meal and free milk policy was reviewed for uniform administration throughout the school system. The required verification procedures for free and reduced price applications were completed and available for review.

The school utilized an outside service to prepare and serve the meals. The outside service was paid based upon a per diem rate.

Exhibits reflecting Child Nutrition Program operations are included in the section entitled Enterprise Funds, Section G of the CAFR.

No exceptions were noted.

**Enrollment Counts and Submissions to the Department**

My audit procedures included a test for information reported on October 15, 2017, and the last day of school for on-roll, special education, bilingual and low-income. No exceptions were noted.
The Charter School maintained work papers on the prescribed state forms or their equivalent. In addition, the Charter School maintained written procedures that appear to be adequate for the recording of student enrollment data.

**Follow-up on Prior Year Findings**

There were no prior year findings.
ACKNOWLEDGEMENT

I received the complete cooperation of all the officials of the school and I greatly appreciate the courtesies extended to me.

Respectfully submitted,
