All payrolls were approved by the Chief School Administrator and were certified by the President of the Board of Trustees and the Board Secretary/School Business Administrator.

Salary withholdings, including benefits, were promptly remitted to the proper agencies.

Payrolls were delivered to the Secretary of the Board who then deposited them in separate bank accounts for net payroll and withholdings.
Financial Planning, Accounting and Reporting (continued)

Payroll Account (continued)

Findings:
1. One employee was paid $11,000 in excess of their contract during the fiscal year 2018. The same employee was also paid an additional $5,667 in excess of their contract in fiscal year 2019.

Recommendation:
It is recommended that:
1. The Business Office should establish internal control procedures to ensure an annual, or more frequent, review of the payroll records and employee contacts to ensure proper disbursement of Board-approved compensation.

Management Response:
Upon realization of the error prior to the audit, the School Business Administrator met with the employee and set up a payment plan for the employee to pay back the Charter School through payroll deductions.

Reserve for Encumbrances and Accounts Payable
A review of outstanding, issued, purchase orders was made as of June 30, 2018, for proper classification of orders as reserve for encumbrances and accounts payable.

No exceptions were noted during our review.

Classification of Expenditures
The coding of expenditures was tested for proper classification in accordance with N.J.A.C. 6A:23A-16.2(f) as part of our test of transactions of randomly selected expenditure items. We also reviewed the coding of all expenditures included in our compliance and single-audit-testing procedures. In addition to randomly selecting a test sample, our sample selection specifically targeted administrative coding classifications to determine overall reliability and compliance with N.J.A.C. 6A:23A-8.3. The auditors did not observe any error during testing; therefore, no additional procedures were deemed necessary to test the propriety of expenditure classification.

State Unemployment Insurance Account
The State Unemployment Insurance ("SUI") Account is used to reimburse the state of unemployment claims paid to prior employees by the state. A portion of an employee’s SUI taxes should be deposited into this account for payment of claims.

Board Secretary’s Records
Our review of the financial and accounting records maintained by the Board Secretary did not disclose any findings.
Treasurer’s Records

Our review of the financial and accounting records maintained by the Board Treasurer did not disclose any findings.

Elementary and Secondary Education Act (“E.S.E.A.”)/Improving America’s Schools Act (“IASA”) as Reauthorized by the No Child Left Behind Act of 2001 (“NCLB”)

The E.S.E.A./NCLB financial exhibits are contained within the Special Revenue Section of the CAFR documents the financial position pertaining to the projects under Title I of the Elementary and Secondary Education Act as amended and reauthorized.

The study of compliance for E.S.E.A. indicated no areas of noncompliance and/or questionable costs.

Other Special Federal and/or State Projects

The Charter School’s Special Projects were approved as listed on Schedule A and Schedule B located in the CAFR.

Our audit of the federal and state funds on a test basis indicated that obligations and expenditures were incurred during the fiscal year or project period for which the project was approved.

The financial exhibits are contained within the Special Revenue section of the CAFR. This section of the CAFR documents the financial position pertaining to the aforementioned special projects.

The study of compliance for the special projects indicated no areas of noncompliance.

TPAF Wages Social Security (“FICA”) Reimbursement

Our audit procedures included a test of the biweekly reimbursements filed with the Department of Education for Charter School employees who are members of the Teachers’ Pension and Annuity Fund (“TPAF”). No exceptions were noted.

TPAF Reimbursement to the State for Federal Salary Expenditures

The reimbursement to the state for the amount of the expenditure charged to the current year’s final report(s) for all federal awards for the Charter School to reimburse the state for the TPAF/FICA payments made by the state on behalf of the Charter School for those employees whose salaries are identified as being paid from federal funds was made subsequent to the end of the 60-day grant liquidation period, but prior to the 90 days required by N.J.S.A 18A:66-90. Accordingly, the expenditure was made in accordance with state law (90 days) and properly reported as obligated and not expended as an unliquidated balance in the current year’s final report(s) for all the federal awards.
### School Purchasing Programs

**Contracts and Agreements Requiring Advertisement for Bids**

*N.J.S.A. 18A:18A-1 et seq.* (Public School Contracts Law), the associated rules and related information on the statute, and school contracts in general, are available on the website [http://www.state.nj.us/dca/divisions/dlgs/programs/lpcl.html](http://www.state.nj.us/dca/divisions/dlgs/programs/lpcl.html).

The bid thresholds in accordance with *N.J.S.A. 18A:18A-2* and 18A:18A-3(a) are $40,000 (with a qualified purchasing agent) and $29,000 (without a qualified purchasing agent), respectively. The law regulating bidding for public school student transportation contracts under *N.J.S.A. 18A:39-3* is $18,800 for 2017-18.

The Charter School Board of Trustees has the responsibility of determining whether the expenditures in any category will exceed the statutory thresholds within the contract year.

Where the question arises as to whether any contract or agreement might result in violation of the statute, a solicitor’s opinion should be sought before a commitment is made.

Based on the results of our examination, the auditors did not note any individual payments, contracts, or agreements made for the performance of any work or goods or services, in excess of the statutory thresholds where there had been no advertising for bids in accordance with the provision of *N.J.S.A. 18A:18A-4*.

Resolutions were adopted authorizing the awarding of contracts or agreements for “Professional Services” per *N.J.S.A. 18A:18A-5*.

### Charter School Food Service

The financial transactions and statistical records of the Charter School food service fund were reviewed. The financial accounts, meal count records and eligibility applications were reviewed on a test-check basis.

Cash receipts and bank records were reviewed for timely deposit.

Expenditures should be separately recorded as food, labor and other costs. Vendor invoices were reviewed, and costs verified. Inventory records on food and supply items were currently maintained and properly applied in determining the cost of food and supplies used.

The cash disbursement records reflected expenditures for program-related goods and services. The appropriate revenue and expenditure records were maintained in order to substantiate the nonprofit status of the Charter School food service.

Net cash resources did not exceed three-months’ average expenditures.

Time sheets were reviewed, and labor costs verified. Payroll records were maintained on all Charter School food service employees authorized by the Board of Trustees. No exceptions were noted.
Charter School Food Service (continued)
The number of meals claimed for reimbursement was compared to sales and meal count records. As part of the claims review process, the Edit Check Worksheet was completed. Reimbursement claims were submitted/certified in a timely manner.

Applications for free and reduced-price meals were reviewed for completeness and accuracy. The free and reduced-price meal and free milk policy was reviewed for uniform administration throughout the school system. Sites approved to participate in Provisions I and II were examined for compliance with all counting and claiming requirements. The required verification procedures for free and reduced-price applications were completed and available for review.

Exhibits reflecting Child Nutrition Program operations are included in the section entitled Enterprise Fund, Section B of the CAFR.

Finding:

1. The Charter School reported students incorrectly for “free” or “reduced” lunch.
   a. October 15th Enrollment:
      i. Two students were approved for “free” lunch; however, were classified as paid.
      ii. One student was approved for “reduced” lunch; however, was classified as free.
      iii. One student was approved for “paid” lunch; however, was classified as reduced.
   b. Last Day of the Year Enrollment:
      i. Twelve students were approved for “free” lunch; however, they were classified as paid.
      ii. One student was approved for “reduced” lunch; however, was classified as free.
      iii. Two students were approved for “paid” lunch; however, they were classified as free.
      iv. One student was approved for “reduced” lunch; however, was classified as paid.

2. On the October 15th enrollment, seven students were reported as transferring out; however, copies of the lunch forms were not retained. Therefore, the lunch classification could not be determined.

3. On the last day of the year enrollment, two students were reported as transferring out; however, copies of the lunch forms were not retained. Therefore, the lunch classification could not be determined.

Recommendation:

It is recommended that the Charter School should add a quality control step to their existing policies and procedures to ensure the proper reporting of students for free, reduced, or paid lunch.
Charter School Food Service (continued)

Management Response:
The Charter School acknowledges that this finding is a systematic issue that continues each year as a result of parents not submitting forms timely. As enrollment counts approach, if a student’s form is not timely collected, the student is to automatically default to “paid”. The Charter School makes numerous attempts throughout the year to collect lunch forms from the parents.

Student Body Activities

No exceptions were noted during our review of the student activity funds.

Charter School Enrollment System/Charter School Aid

Our audit procedures included a test of enrollment information and noted no exceptions.

Follow-up on Prior-year Findings

In accordance with Government Auditing Standards, our procedures included a review of all prior-year recommendations including findings. Corrective action is still being taken on findings as it relates to the Charter School’s Food Services section, which is noted as a current year finding. The Charter School continues its efforts to address the findings through enforcements of policies and procedures.

Acknowledgment

We received the complete cooperation of all the officials of the Charter School and we greatly appreciate the courtesies extended to the members of the audit team.
