Financial Planning, Accounting, and Reporting

Examination of Claims

An examination of claims paid during the period under review did not indicate any discrepancies with respect to signatures, certification or supporting documentation.

Payroll Account

The net salaries of all employees of the Board were deposited in the Payroll Account. Employees’ payroll deductions and employer’s share of fringe benefits were deposited in the Payroll Agency Account.

All payrolls were approved by the designee of the Charter School and were certified by the President of the Board, the Board Secretary/Business Administrator and the Chief School Administrator.

Salary withholdings were promptly remitted to the proper agencies, including health benefits withholding due to the general fund.
Financial Planning, Accounting, and Reporting - continued

Payrolls were delivered to the secretary of the board who then deposited with warrants in separate bank accounts for net payroll and withholdings.

Reserve for Encumbrances and Accounts Payable

A review of outstanding purchase orders was made as of June 30, 2018, for proper classification of purchase orders as Reserved for Encumbrances or Accounts Payable. No exception was noted in this area.

Travel Policy

Classification of Expenditures

The coding of expenditures was tested for proper classification in accordance with N.J.A.C. 6A:23-2.2(g) and line item details as described in the Budget Summary Key as part of our test of transactions of judgmentally selected expenditure items.

We also reviewed coding of all expenditures included in our Compliance and Single Audit testing procedures. In addition to the selected expenditures items, we specifically targeted administrative coding classifications to determine overall reliability and compliance with N.J.A.C. 6A:23-8.2. As a result of the procedures performed, we noted no deviations in expenditure of administrative coding classifications.

Board Secretary’s Records

We reviewed the Board Secretary’s financial and accounting records maintained by the Business Office and noted that monthly reports are provided to the Board for review and approval.

Treasurer’s Records

Monthly reports and reconciliation of accounts were prepared presented to the Board.

Elementary and Secondary Education Act (ESEA) as amended by Every Student Succeeds Act (ESSA)

The ESEA financial exhibits are contained within the Special Revenue Section of the CAFR. This section of the CAFR documents the financial position pertaining to the projects under Titles I and VI of the ESEA as amended and reauthorized.
Financial Planning, Accounting, and Reporting - Continued

Other Special Federal and/or State Projects

The Charter School’s special projects were approved as listed on Schedules A and B in the CAFR. Our audit of the federal and state funds on a test basis indicated that obligations and expenditures were incurred during the fiscal year or project period for which the project was approved.

The financial exhibits are contained within the Special Revenue Section of the CAFR. This section of the CAFR documents the financial position pertaining to the aforementioned special projects.

Teachers’ Pension Annuity Fund (TPAF) Reimbursement

Our audit procedures included a test of the bi-monthly reimbursements filed with the Department of Education for Charter School employees who are members of the Teachers’ Pension and Annuity Fund. No exceptions noted.

TPAF Reimbursement to the State for Federal Salary Expenditures

The reimbursement to the State for the amount of the expenditure charged to the current year’s Final Report(s) for all federal awards for Charter School to reimburse the State for the TPAF/FICA payments made by the State on behalf of the Charter School for those employees whose salaries are identified as being paid from federal funds was made subsequent to the end of the 60-day grant liquidation period, but prior to the 90 days required by N.J.S.A. 18A:66-90. Accordingly, the expenditure was made in accordance with State law (90 days) and properly reported as obligated and not expended and as an unliquidated balance in the current year’s Final Report(s) for all federal awards.

School Purchasing Programs

Contracts and Agreements Requiring Advertisement for Bids

The bid thresholds in accordance with N.J.S.A. 18A:18A-2 and 18A:18A-3(a) are $40,000 (with a Qualified Purchasing Agent) and $29,000 (without a Qualified Purchasing Agent), respectively. The law regulating bidding for public school student transportation contracts under N.J.S.A. 18A:39-3 is $19,000 for 2017-18.

The district board of education/charter school board of trustees has the responsibility of determining whether the expenditures in any category will exceed the statutory thresholds within the contract year. Where question arises as to whether any contract or agreement might result in violation of the statute, the solicitor’s opinion should be sought before a commitment is made.
School Purchasing Programs - Continued

Based on the results of our examination, we did not note any individual payments, contracts, or agreements made for the performance of any work or goods or services, in excess of the statutory thresholds where there had been no advertising for bids in accordance with the provision of N.J.S.A. 18A:18A-4.

Resolutions were adopted authorizing the awarding of contracts or agreements for "Professional Services" per N.J.S.A. 18A:18A-5.

School Food Service

The Charter School food service is administered by the Jersey City Public Schools (School District). The financial transactions, lunch applications for free and reduced meals, and statistical records related to the school food service are maintained by the School District.

Charter School Enrollment System/Charter School Aid

Our audit procedures included tests of information reported on October 15th and the last day of the school year for enrolled, special education, bilingual and low-income students. We also performed a review of the Charter School’s procedures related to its completion. We noted the exceptions below:

Finding 2018-001

In our review of enrollment information as reported in the CHE and as per school records, we noted four students that were classified in the incorrect district per review of the proof of addresses on file.

In our review of student lunch applications in conjunction with state enrollment procedures, we noted that there was a student classified as "denied" in CHE but should have been classified as "free" based on the completed application and income information on file and the Master Eligibility List (MEL).

Recommendation

We recommend that the Charter School reviews the System entries for accurate posting of student information in the System and improve filing of student records. Reconciliation and review procedures of information should also be conducted on a periodic basis.

Facilities and Capital Assets

The Charter School has inventory records of assets. No exception was noted in this area.
Miscellaneous

Testing for Lead of All Drinking Water in Educational Facilities

The Charter School adhered to all the requirements of N.J.A.C. 26-1.2 and 12.4 related to the testing for lead of all drinking water in educational facilities. The Charter School submitted the annual Statement of Assurance to the Department of Education, pursuant to N.J.A.C. 6A:26-12.4(g).

Follow-up on Prior Year Findings

In accordance with Government Auditing Standards, our procedures included a review of all prior year recommendations including findings. Corrective action plan had been taken on all prior year findings with the exception of the findings identified with an asterisk (*).

Acknowledgment

We received the complete cooperation of all the officials of the Charter School and we greatly appreciate the courtesies extended to the members of our audit team.

Respectfully submitted,
