This endorsement entitles the holder to teach Japanese in all public schools.

**Degree Requirement**
- A minimum of a bachelor’s degree is required from a regionally accredited college/university.

**Cumulative GPA Requirement**
- New Jersey requires that candidates for certification achieve a cumulative GPA of at least 3.0 when a GPA of 4.00 equals an A grade for students graduating on or after September 1, 2016 (2.75 for those graduating before September 1, 2016) in a baccalaureate degree program, higher degree program or a State-approved post-baccalaureate certification program with a minimum of 13 semester-hour credits. Please note that there are GPA Flexibility Rules where a high praxis score may offset a GPA that is lower than 3.0, but higher than 2.75.

**Subject Matter Preparation**
- For certification as a Japanese teacher, current regulations require that applicants complete a minimum of 30 credits in a coherent sequence in the subject field of Japanese. A coherent sequence requires that at least 12 credits are completed at the advanced level of study (junior, senior or graduate level). Examples of courses accepted for Japanese include Japanese language and culture. Related courses may be accepted depending on the course description/content. Please provide a course description if a course is not taken from the Japanese Department. Courses in pedagogy/education are not accepted towards the subject matter preparation. The final determination as to which courses will be counted towards Japanese subject matter is based on professional and content standards found in the NJ Licensing Code. All credits must appear on a regionally accredited 2 or 4 year college/university transcript.

**Oral Proficiency Interview**
- The Oral Proficiency Interview (OPI) in Japanese with a score of “Intermediate High” or higher is required. You must possess linguistic competency in the designated world language as demonstrated on a Department-approved, nationally recognized test of oral language proficiency for spoken language, reading/writing proficiency for classical languages or receptive/expressive proficiency for American Sign Language. Information regarding this test may be found on the Language Testing International website or by calling Language Testing International by phone at (914) 963-7110.

**Second Language Acquisition & Related Methodologies**
- Please note that before a CEAS or standard certificate may be issued, a minimum of three semester-hour credits in second language acquisition theory and related methodologies offered by a regionally accredited two or four year college or university must be completed. Please choose from our list of approved courses.

**Professional Teacher Preparation**
- Current regulations for certification require that applicants complete a coherent sequence of study in professional education which may be completed in a provisional teacher program or an approved teacher preparation program. This is to advise that courses presented by the applicant in professional education must be a coherent sequence of courses that culminates in supervised clinical practice.

**Teacher Performance Assessment**
- Candidates seeking initial certification must pass a Commissioner-approved performance-based assessment of teaching if they graduated on or after September 1, 2017. The Verification of Program Completion form needs to be completed in its entirety by your college/university.
Physiology and Hygiene Requirement
- This requirement may be completed by presenting evidence of basic military training, OR by completing a course such as biology, health or nutrition that appears on a regionally accredited 2 or 4 year college or university transcript, OR by completing a 35 question True/False test administered in the county office of education. Please contact a county office of education after you apply online.

Fee Requirement
