**Comprehensive Accountability Office Report-Paterson**

Chris Huber, Special Assistant to the Commissioner and Paula Bloom, Acting Deputy Assistant Commissioner, Division of Field Services provided an update on the Paterson Public School District’s progress in the transition to local control. Chris Huber stated the District’s Transition Plan for the Return of Local Control became effective on September 6, 2018.

They reported that the Department partnered with the Bloustein Local Government Research Center of Rutgers University to form a Comprehensive Accountability Office or CAO responsible for collecting and publishing data that corresponds to the Scorecard and demonstrates whether the District is making substantial and sustainable progress on the accountability metrics. In the following areas: Fundamental Consideration, Governance, Fiscal Management and Personnel, the CAO found that the District’s practices are substantially met and requires a continuing effort which means that it is premature to make a sustainability judgment.

The information provided by the Highly Skilled Professionals (HSP’s) complements the CAO’s report by providing anecdotal information and/or addressing section of the Transition Plan that are not on the Scorecard. The information provided by the HSP’s demonstrates that the District is developing and improving internal controls that support sustainability and successful implementation of the Transition Plan.
