Background\textsuperscript{4}

Request and Response:

On August 2, 2013, the Complainant submitted an Open Public Records Act (“OPRA”) request to the Custodian seeking the above-mentioned records. On August 13, 2013, the seventh (7\textsuperscript{th}) business day following receipt of said request, the Custodian responded in writing informing the Complainant that the records responsive to request items numbered 5 through 7, totaling thirteen (13) pages, are being disclosed in their entirety and that said records are the only records responsive to the Complainant’s request.

Denial of Access Complaint:

On September 24, 2013, the Complainant filed a Denial of Access Complaint with the Government Records Council (“GRC”). The Complainant asserts that on August 2, 2013, she submitted an OPRA request to the Bloomfield Board of Health/Health Department seeking eight

(8) request items. The Complainant further states that on August 13, 2013, she was denied access to request item numbers 4, 5 and 6 which sought the following records:

- “4. According to the Dec. 20, 2012 minutes of the BOH, in a resolution of the BOH it is stated that ‘the Board has also reached an agreement with the current caretaker of Memphis…….’ Please provide a copy of that agreement referenced received by the BOH from the current caretaker of Memphis.”

- “5. Copy of all agreements and or communications received by the BOH issued by the current caretaker of Memphis between the period of Sept. 1, 2012 to date and all agreements and communication received by the BOH for the same period issued by NTNN.”

- “6. Copy of transfer of ownership agreement/adoption agreement transferring OWNERSHIP of property known as Memphis from the town animal shelter/BOH to NTNN or anyone else.”

The Complainant states that the Custodian denied the records for request item number 4 by informing the Complainant that there was “no document pursuant to this request.” The Complainant further states that the Custodian denied the records for request item number 5 by informing the Complainant that the only records responsive to said request item were disclosed in response to request item number 6. The Complainant states that the Custodian denied the records for request item number 6 because the records disclosed were not responsive to the request.

The Complainant states that she knows the Custodian denied her access to responsive records because the Complainant filed an OPRA request on September 3, 2013 seeking a copy of a letter dated September 3, 2013 from Ronald J. Ricci, Esq. to Brian Aloia, Esq. which enclosed a copy of a December 20, 2012 resolution of the Board of Health containing an enclosure consisting of a one page letter dated January 2013 and signed by the purported caretaker. The Complainant attaches a copy of the letter and enclosure to her complaint and states that the letter “clearly indicates that Karen Lore lied and withheld public records in her response of Aug. 13, 2013.”

On October 3, 2013, the Complainant submitted an Amended Denial of Access Complaint to the GRC. The Complainant amends her September 24, 2013 complaint by eliminating request items numbered 4 and 6, and seeking only the records denied in response to request item number 5. The Complainant also states that she learned from an interview given by Ronald J. Ricci, Esq. to the Independent Press that the Custodian withheld other communications that were responsive to the Complainant’s August 3, 2013 OPRA request. Specifically, the Complainant states that the Custodian failed to disclose a February 11, 2013 communication to the Board of Health/Health Department/Jeff Coltenback which the Complainant states Mr. Ricci disclosed to reporter Daniel Jackovino for an article which subsequently appeared on September 13, 2013. The Complainant attaches to the Amended Denial of Access Complaint a copy of a
letter to Jeff Coltenback, copying Mr. Ricci, from an unknown sender. The letter is captioned “JEFF LETTER” and the subject is “Memphis update.”

Statement of Information:

On October 18, 2013, the Custodian filed a Statement of Information (“SOI”). The Custodian certifies she received the Complainant’s OPRA request on August 2, 2013, and responded to the request on August 13, 2013. The Custodian addressed all eight (8) of the Complainant’s request items in the SOI; however, the GRC will only consider the Custodian’s response to request item number 5 because that is the only request item containing records relevant to the complaint.

The Custodian certifies that an agreement was determined to be responsive to the request and was disclosed to the Complainant on August 13, 2013. The Custodian attaches an agreement dated September 20, 2012 to the complaint. The Custodian certifies that she did not have any other records responsive to the Complainant’s request on the date of the request. The Custodian’s Counsel certifies that on September 3, 2013, he received a record from the Neighbor to Neighbor Network, which he faxed to the Custodian on September 6, 2013. Counsel certifies that the record was not received by him or the Board of Health until after the Complainant’s OPRA request was received.

Additional Submissions:

On October 21, 2013, the Complainant submitted a one hundred twenty-three (123) paragraph affidavit in which she states that she challenges the truthfulness of the certifications made by both the Custodian and the Custodian’s Counsel contained in the SOI. The Complainant states that the Custodian is also the president of the Neighbor to Neighbor Network, and the gravamen of her affidavit is that the Custodian knew, or should have known, responsive records existed but that she unlawfully denied the Complainant access to those records, and as such the Complainant asserts that the Custodian and Custodian’s Counsel “intentionally, knowingly, and willfully made false written sworn statements” in the SOI.

Analysis

OPRA provides that government records made, maintained, kept on file, or received by a public agency in the course of its official business are subject to public access unless otherwise exempt. N.J.S.A. 47:1A-1. A custodian must release all records responsive to an OPRA request “with certain exceptions.” N.J.S.A. 47:1A-1. Additionally, OPRA places the burden on a custodian to prove that a denial of access to records is lawful pursuant to N.J.S.A. 47:1A-6.

Here, the Custodian submitted a Statement of Information wherein she and the Custodian’s Counsel certified that requested records were not in the agency’s possession at the time of the request and therefore could not be disclosed. The Complainant submitted an affidavit

6 Although Counsel did not certify that this record was responsive to the Complainant’s request, it appears in the context of the certification that it would have been a record responsive to the Complainant’s OPRA request.
wherein she swore upon information and belief that the Custodian and the Custodian’s Counsel falsified their certifications; however, the Complainant did not provide a foundation for such “information and belief.”

Accordingly, based on the insufficient and conflicting evidence in this matter, the GRC is unable to determine whether or not the Custodian unlawfully denied access to the requested records. Therefore, this complaint should be referred to the Office of Administrative Law for a hearing to resolve the facts. Also, this complaint should be referred to the Office of Administrative Law for determination of whether the Custodian or any other agency official knowingly and willfully violated OPRA and unreasonably denied access under the totality of the circumstances.

Conclusions and Recommendations

The Executive Director respectfully recommends the Council find that based on the insufficient and conflicting evidence in this matter; the GRC is unable to determine whether or not the Custodian unlawfully denied access to the requested records. Therefore, this complaint should be referred to the Office of Administrative Law for a hearing to resolve the facts. Also, this complaint should be referred to the Office of Administrative Law for determination of whether the Custodian or any other agency official knowingly and willfully violated OPRA and unreasonably denied access under the totality of the circumstances.
