To protect public health, certain diseases and conditions are required to be reported in a timely manner by specific health care providers, administrators, and laboratory directors (see New Jersey Administrative Code 8:57 and 8:58).

Laboratory directors: For specific reporting guidelines, see NJAC 8:57-1.7.

Health care providers required to report: physicians, advanced practice nurses, physician assistants, and certified nurse midwives.

Administrators required to report: persons having control or supervision over a health care facility, correctional facility, school, youth camp, child care center, preschool, or institution of higher education.

Quick Reference

Reporting Requirements

Communicable Diseases and Work-Related Conditions

Revised
July 2013
