COVID-19 Quarantine Guidelines

For those who have been in close contact to someone with confirmed COVID-19.

Who needs to quarantine?
- Persons ≥ 12 years old who completed a primary series of COVID-19 vaccine but have NOT received a booster shot when eligible.
- Persons who have not completed a primary vaccine series.

Who does not need to quarantine?
- Persons ≥ 12 years old who completed a primary series of COVID-19 vaccine AND have received all recommended vaccine doses, including boosters.
- Children 5-11 years old who completed their primary series of a COVID-19 vaccine.
- Persons who had confirmed COVID-19 within the last 90 days.

Additional Steps

- Continue to wear a well-fitted mask or respirator when around others at home and in public through day 10.
- Delay travel when possible until a full 10 days after the last close contact.
- Do not go to places where you are unable to wear a mask, such as restaurants through day 10.
- Continue to monitor for symptoms. If symptoms develop, get tested and follow isolation recommendations.
- Avoid people who are immunocompromised or at high risk of severe disease through day 10.
