

New Jersey Resident Deaths by Year, Month, and County of Residence 2015-2019 Final Data 2020-2021 Provisional Data

Caveats for 2020 - 2021 Death Counts Presented In This Document

Provisional means "temporary." These counts will change.

The "as of" dates on the graph and 2020-2021 tables show when those data files were last updated.

The 2021 data in this document will be updated *at least* once a week.

Annual death data files are finalized about 15 months after the end of the data year. (*i.e., spring 2022 for 2020 deaths*)

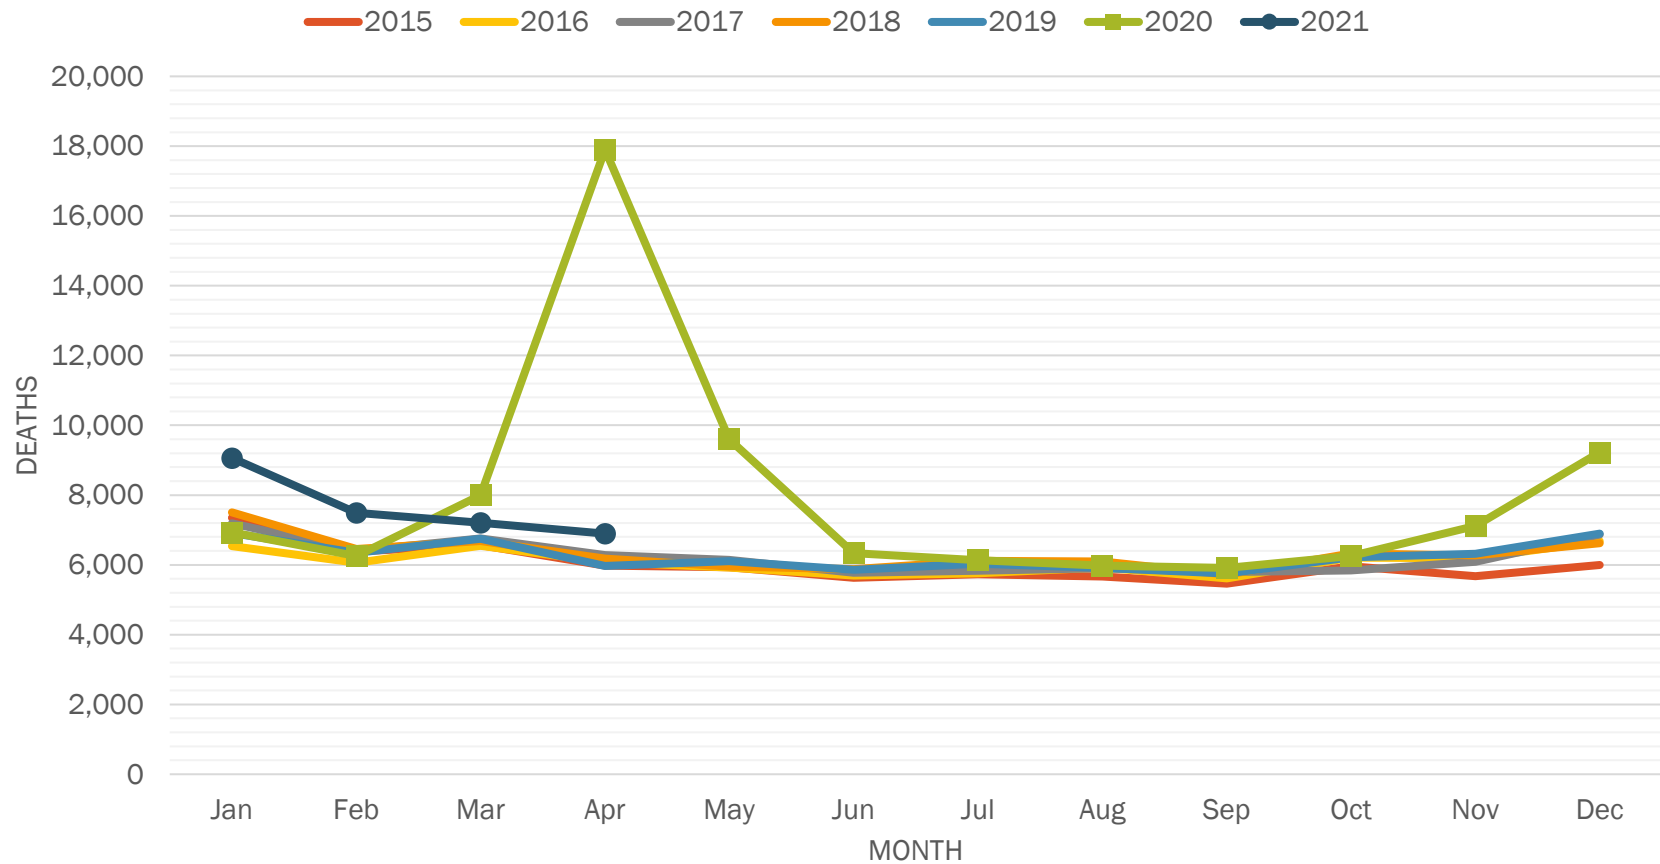

The purpose of this document is to show the effect of COVID-19 on monthly all-cause death counts for each New Jersey county and to compare those counts to monthly counts from previous years

More 2020-2021 death data: <https://nj.gov/health/chs/covid/index.shtml>

NJ Resident Deaths by Month and Year, Jan 2015 - Apr 2021*

*Provisional 2021 data as of 5/14/21 and 2020 data as of 5/12/21.

NJDOH is still receiving records for deaths that occurred out of state in 2020.
