

Data were collected on 844 clients in 2011 who went through the Gloucester County Intoxicated Driver Resource Center (IDRC) program or were monitored by the Gloucester County IDRC. The following tables and graphs give demographic information about these clients. Clients' reported alcohol and other drug use characteristics are also described. Information was gathered from a mandatory self-administered questionnaire given during the IDRC classes and the counselors' supplemental entries into the New Jersey Substance Abuse Monitoring System (NJSAMS).

**Gloucester County IDRC Client Demographics**

	N	%
<b>Gender</b>
