

Data were collected on 1083 clients in 2011 who went through the Morris County Intoxicated Driver Resource Center program or were monitored by the Morris County IDRC. The following tables and graphs give demographic information about these clients. Clients' reported alcohol and other drug use characteristics are also described. Information was gathered from a mandatory self-administered questionnaire given during the IDRC classes and the counselors' supplemental entries into the New Jersey Substance Abuse Monitoring System (NJSAMS).
