

Let your taxes go to the dogs (and cats)... Contribute on your NJ tax return!!

New Tax Check-Off Option

- Every year too many dogs and cats are euthanized in NJ animal shelters and pounds, because not enough homes can be found for them all. Spaying and neutering reduces the number of animals born, helping to decrease the number of animals that end up in shelters/pounds.
- Be sure to enter the fund number for the “Cat and Dog Spay/Neuter Fund” on the “Other Designated Contribution” line of the NJ Resident 1040 tax form.
- Your contribution will help spay and neuter more of NJ’s dogs and cats!!
- Please also show your support by purchasing Animal Friendly License Plates!
