MISSION STATEMENT

Adopted by the Board of Trustees in 1982

Prologue

Founded in 1969 as a public, four-year college within the New Jersey system of higher education, Richard Stockton College of New Jersey offers baccalaureate level programs in the arts, sciences, and professional studies. A residential college whose students are drawn from throughout the state, Stockton is located at the edge of New Jersey's Pine Barrens, 12 miles northwest of Atlantic City.

Mission

At Stockton we seek to help our students develop the capacity for continuous learning and the ability to adapt to changing circumstances in a multicultural and interdependent world by insisting on breadth, as well as depth, in our curriculum. We believe that the breadth inherent in an interdisciplinary approach to liberal education both prepares students for inevitable career changes, and enriches their lives.

We insist on excellence in teaching and dedication to learning. These, indeed, are the guiding principles of our mission. Moreover, we recognize a responsibility not only to transmit received ideas to our students but to participate in the development of new ideas. Accordingly, we encourage continuous research, learning, and professional development for our faculty and staff.

Quality academic programs are best created, developed, and maintained by a high degree of faculty and student responsibility for, and participation in, the educational process. For that reason, the College is committed to faculty-wide involvement in general education and in teaching such academic skills as writing, quantitative analysis, and logical reasoning. Breadth, then, is not only a desirable outcome for our students, but a requisite for the faculty who teach these students. To teach beyond the traditional bounds of one's area of formal expertise, across disciplinary lines, and to interrelate the traditional disciplines, requires an extraordinary effort from faculty. It is imperative that the executive administration and the trustees provide the resources and the atmosphere which will make such exceptional effort both possible and appreciated.

Our insistence upon breadth of education for all students does not preclude an emphasis on depth of study in the major disciplines but rather, supplements it. Our academic programs must offer students a real understanding of the ideas and methods of their disciplines, including those most recently developed. Exposure to many disciplines and intensive investigation of one discipline should prepare graduates to move into appropriate fields of employment, or to continue with graduate academic or professional study.

At Stockton we believe that co-curricular activities complement the academic curriculum and, along with classroom education, help students develop the capacity for making intelligent choices. While we offer students assistance in and out of the classroom, we emphasize and encourage student initiative in their co-curricular life, and in all aspects of college life, in keeping with our belief that students share the responsibility for their education.

We value diversity and the differing perspectives it brings. Accordingly, we are unequivocally committed to implementing the principles of affirmative action in the composition of our student body, faculty, and staff.

Just as students must receive an education that is sufficiently broad to permit flexible response to changes in society, so too the University must be able to change and adapt to differing circumstances and needs in our society. In order to best fulfill our mission, we must all recognize the limitations of our resources, and respond by a prudent and flexible allocation of those resources.

Finally, Stockton is committed to the positive development of southern New Jersey. Through research and community service, we actively seek to take advantage of and to improve the unique physical and human environment in which the College is located.

GRADUATE EDUCATION MISSION STATEMENT

Adopted by the Board of Trustees February 18, 1998

The Richard Stockton College of New Jersey provides quality graduate programs which promote advanced inquiry and application of new knowledge, foster advanced-level career opportunities, and transmit our cultural and intellectual heritage in all its diversity. Its graduate programs are consistent with the College's commitment to the liberal arts and support the undergraduate program through enriched resources, the discovery of new approaches to teaching and learning, and the creative use of new technologies. Through accessible graduate education the College responds to the State and regional needs.

Harvey Kesselman, Interim President

(The Mission Statement is under review by the Stockton University Board of Trustees to reflect a change in name from "Richard Stockton College of New Jersey" to "Stockton University". The change in status to university was approved by the State of New Jersey on February 13, 2015, and the change in name to Stockton University was approved by the board of trustees on February 18, 2015.)

Annual Institutional Profile Report September 16th, 2015

A. Accreditation Status

1. Institutional Accreditation

In June 2012, the Commission on Higher Education Middle States Association of Colleges and Schools (CHE/MSA) reaffirmed full accreditation for Stockton. In addition, Stockton received two commendations for its progress to date and the excellent quality of its self-study process. Stockton received exceptionally high marks in all categories, including quality of teaching and learning outcomes, faculty accomplishment and student services. The University is not required to send any progress or monitoring report during its reaccreditation term. In recent years, Stockton is one of the few NJ institutions in their self-study processes that resulted in such distinctive designation. The evaluation team's report confirms the University's superior performance and acknowledges the fulfillment of its mission to maintain an environment for excellence for New Jersey students.

The next MSA evaluation process for Stockton will be the Periodic Review Report, due on June 1, 2017.

2. Professional Accreditation & Certification

- Council on Social Work Education
- National Association of State Directors of Teacher Education and Certification with the approval by New Jersey Department of Education
- Teacher Education Accreditation Council (TEAC)
- Commission on Collegiate Nursing Education (CCNE) and the New Jersey Board of Nursing
- American Physical Therapy Association (APTA)
- National Environmental Health Sciences and Protection Accreditation Council
- Academy of Criminal Justice Sciences
- Association of University Programs in Health Administration
- Accreditation Council for Occupational Therapy Education (ACOTE), and the American Occupational Therapy Association (AOTA)
- Council on Academic Accreditation in Audiology and Speech-Language Pathology
- American Chemical Society
- New Jersey State Association of Chiefs of Police Accreditation Program

B. Number of Students Served

1. Number of Undergraduate Students by Attendance Status, Fall 2014

C. Characteristics of Undergraduate Students

1. Mean Math, Verbal and Writing SAT Scores, Fall 2014

The guidelines of accountability reporting require that institutions report SAT data in two ways; by admit status and for all three admit types combined. In this regard, the mean SAT score (Math and Verbal) for regular admits was 1109, for special admits 922, and for EOF admits 967. Total SAT scores for all admit types combined were 1080.

Mean Math ,Verbal and Writing SAT for First-Time Freshmen, by Admission Status and Overall, Fall 2014													
	Full-Time Students Part-Time Students												
	Math	N	Verbal	N	Writing	N	Math	N	Verbal	N	Writing	N	
Regular Admits	565.1	891	543.5	891	538.2	891							
EOF Admits	496.1	69	470.7	69	459.9	69							
Special Admits	464.0	115	458.4	115	465.9	115	650.0	1	650.0	1	630.0	1	
All Admits	549.9	1,075	529.8	1,075	525.5	1,075	650.0	1	650.0	1	630.0	1

^{*}This year's Scholarly Activity Report does not include Day of Scholarship presentations in order to reduce the volume of entries. External funding activity will be highlighted in a future supplemental publication.

Community Engagement and Service Learning.

Below are representative examples of community engagement and service learning at Stockton.

Community Engagement - Activity Report

- The Stockton Center for Community Engagement (SCCE) maintained its website, distributed two online newsletters providing an update of activities, and published a substantial annual report. SCCE continued to draw on community and institutional knowledge to facilitate connections between students, faculty, and community needs in mutually beneficial ways. SCCE launched numerous new projects including the Homework Completion Program at Stanley S. Holmes Village in Atlantic City, Stockton's Food Drive, an English Learner's Program, and the pilot Adopta-Town initiative in Tuckerton and Little Egg Harbor. SCCE also launched a one-year Diversity and Professionalism training for the staff of the Atlantic County Department of Family and Community Development. Furthermore, SCCE successfully maintained the Campus Kitchen at Atlantic City.
- The SCCE Faculty Fellows and Student Fellows programs continued this year. Two Faculty Fellows and ten Student Fellows contributed to the mission and vision of SCCE during AY 2014-2015. In addition, Presidential Initiatives Funds were secured to purchase a 2015 Dodge Grand Caravan to transport students to SCCE projects and facilitate commute to meetings in the community.
- Community relationships with faculty continue to be fostered through the SCCE Faculty Fellows program approved by the Office of the Provost. Dr. Jennifer Barr, Professor of Business Studies, and Dr. Joseph Rubenstein, Professor of Anthropology, completed their second year fellowship. Both engaged in numerous activities as SCCE Faculty Fellows during AY 2014-15. For example, Dr. Barr co-facilitated a brown-bag workshop with Dr. Joseph Rubenstein entitled "SCCE Fellows: Reflecting on the First Two Years" about infusing engagement into pedagogy and scholarship. Dr. Barr led two service-learning teams from Strategic Marketing and developed an Adopt-a-Town project during the spring 2015 semester for Tuckerton Seaport that included a detailed marketing plan as well as

retail recommendations. Dr. Rubenstein developed SCCE's Student Community Garden initiative and solidified our relationship with AtlantiCare Health Systems. Working with AtlantiCare and community activist Cookie Till, the Student Fellows worked on three gardens in Atlantic City and helped build and maintain a community garden at Hamilton Methodist Church in Atlantic City.

- New SCCE Faculty Fellows Emary DiGiorgio and Amy Yingyi Situ-Liu will continue to work with faculty in discovering ways to blend engaged teaching, service, and scholarship through faculty workshops, meetings with community partners and planning sessions during AY 2015-2016.
- SCCE expanded external and internal requests for assistance in community engagement. Several faculty, staff, and community members contacted SCCE to facilitate their community-related activities. Most of these requests led to memoranda of agreement between the SCCE and external partners such as Saint Mary's Episcopal Church, Ministerio Por Gracia Sois Salvos, the Police Athletic League of Atlantic City (PAL), the Atlantic City Police Department, and the Atlantic City Housing Authority. Additionally, SCCE facilitated communications between the Executive Director of the PAL and ARHU Dean Dr. Lisa Honaker to offer a two-week arts camp at the PAL this summer. SCCE also facilitated the approval of two resolutions by the Atlantic City Board of Education for NAMS faculty and students to provide an Underwater Robotics Program in two Atlantic City schools—Dr. Martin Luther King and Atlantic City High School.
- SCCE Student Fellows play an essential role in SCCE's initiatives and projects, as they offer continuity to these projects and lead Stockton student volunteers. During AY 2014-2015, SCCE increased the number of Student Fellows from five to 10 to meet the growth of SCCE's community partnerships. This growth has expanded opportunities for Student Fellows to make an impact in the community. During AY 2014-2015, these student leaders assisted in project coordination in Atlantic County including tutoring at the newly created Homework Completion Program in collaboration with the Atlantic City Police Department and the Housing Authority at Stanley S. Holmes Village. They also contributed to an English Learner's Program in Pleasantville. Student Fellows also supported nonprofit agencies; after-school and mentoring programs such as the Boys and Girls Club; the African American Heritage Museum of Southern New Jersey; and food recycling, meal preparation, and delivery to needy families in Atlantic City, Pleasantville, Absecon, and Galloway through the Campus Kitchen at Atlantic City. SCCE Student Fellows also contributed to the creation of a rain garden in Little Egg Harbor as part of the Adopt-a-Town initiative.

Service Learning

The Office of Service-Learning continued to create sustainable and reciprocal relationships with students, faculty and community partners in an effort to work more efficiently and collectively for the greater good in AY 14-15. During the academic year alone, the Office of Service-Learning worked collaboratively with 160 community partners, 70 separate faulty and 100 academic courses. The representation of courses and faculty members offering service-learning includes all schools at Stockton and the largest student involvement can be found by Health Science, Business, Criminal Justice and Psychology majors.

During the fall and spring semesters, 2,019 students engaged in service-learning – equitant to 1:8 students at Stockton. The hours students spent involved in service-learning work last year is equivalent to \$1,036,958 worth of paid employment to community agencies in our area (based on New Jersey's equivalent rate for volunteerism). The office hosted or co-hosted 6 "Days of Service," including the 11th Annual Fall and Dr. Martin Luther King, Jr., events, comprising over 1,700 volunteers and approximately 10,000 hours of service. Additional programs that support the service-learning pedagogy continued including 56 Dialogue and Reflection Programs, The New York Times program to campus reading over 21,000 copies of the newspaper, and providing \$2,000 in "micro-grants" by the Activist In Resident Program to fund service projects organized by students. For more details, refer to the Office of Service-Learning website at www.stockton.edu/servicelearning.

I. Major Capital Projects- June 2014- July 2015

Campus Stairs & Elevators

This project replaced 9 exterior stairs and 5 elevators within the spine of the main Galloway campus. Construction began in May of 2015 and will be complete in August 2015.

Parking Lot 0

The university will add over 200 surface parking spaces to the main Galloway campus. Within the project will be the addition of 8 handicap parking spaces and the reconstruction of pedestrian ramps and walkways. Construction is scheduled to be complete by the end of August 2015.

Unified Science Center 2 & New Academic Classroom Building

Over the last year plans have been developed to construct a new Science Building as well as a new Academic Classroom Building. Designs of both buildings are almost complete and are being prepared for bidding. It is anticipated that construction of both facilities will begin in the fall of 2015 and be complete in the spring of 2017.
