# iRecord and Technology Updates

# IT Updates

## 2022 Accomplishments

- Electronic signatures
- Expansion of Agency with Choice model beyond initial cohorts, including *Send Referral* being made available for all eligible participants.
- Additional columns were added to Search Grid, as requested. Examples: Last Monthly Contact Type, Current Plan End Date.
- Electronic Visit Verification features.
- Rate Changes:
  - 1/1/22 – DSP Rate Increase
  - 7/1/22 – Day Rate Increase
  - 7/16/22 – Residential Services Increase

# IT Updates

## iRecord Lag Time

- iRecord lag time: Division's IT met with Microsoft, multiple DHS IT and OIT Teams and other companies they use for firewalls, traffic and network routing, etc.
- Changes will be ongoing and aligned with other maintenance/outages.
- There should now be a better experience for most of iRecord users.

# IT Updates

## iRecord Due Lists

- SCA Due-Lists: some SCAs, especially large ones, are having issues with Due-Lists. This is often caused by the significant number of items that need to display for a specific staff member. IT will address this by archiving many of the old, outdated reminders. Example: a Monthly Contact from a couple of years ago was never completed. This should resolve the Due-List issue.

# Updates: iRecord

## **!New!** iRecord Feature - Emergency Backup Plan (1 of 6)

- Emergency plan documentation has long been a needed component of iRecord.
- A new tile has been added for Support Coordinator documentation of an emergency back-up plan with individuals and families in the event that current supports are no longer available.
- Roll-out occurred on April 7, 2023.
- Updates were made on April 13, 2023 and additional updates may be made to the tile and the User Guide in coming months.
- Macro (initial, anniversary, NJ CAT reassessment, etc.) plans currently in progress can not be approved until the emergency back up plan tile is complete. Emergency tile completion is not required for micro plans.

# Updates: iRecord

## **!New!** iRecord Feature - Emergency Backup Plan (2 of 6)

iRecord introduces a new tile on Demographics within Safety & Supports, known as the **Emergency Backup Plan**. The Support Coordinator or Support Coordination Supervisor will need to update the information before the approval of a new plan term.

The screenshot displays the iRecord interface for a user named James Harmony. The interface is organized into several sections:

- Header:** James Harmony, Demographics, Plans, Documents, Tools, Notes.
- Left Panel (User Profile):** ID: 705779, Age: 32, DOB: 08/26/1990, County: Burlington, Program: CCP, SSN: \*\*\*-\*\*-3617, Medicaid ID: 152081365701, Medicaid Type: Categorically Needy Disability As..., DDD Status: Eligible For DDD Services, Eligibility: Age, FC, Medicaid.
- Demographics Section:** Personal, Medical, Safety & Supports (highlighted with a yellow arrow), Health & Nutrition, Employment, Contact.
- Safety & Supports Section:** Support Settings (No Reported Support Setting Needs), Communication (Non-verbal, Limited verbal, ASL, Primary Language: English), Religious/Cultural Information (No Reported Religious/Cultural Preference or Restriction).
- Emergency Backup Plan Section:** (Highlighted with a red border and a yellow arrow) No Information Available.
- Behavior/Sensory Needs Section:** Behaviors: Other (James has tantrums and outbursts, it...), Elopement (Although the NJCAT states that Jam...), Fears/Phobias (James has a fear of roller coasters, n...).

## **!New!** iRecord Feature - Emergency Backup Plan (5 of 6) Health Care Proxy

- Designation of Healthcare Representative Form (Proxy Directive) is for individuals who have the capacity for decision-making and who are their own guardian, it is strongly encouraged to identify an alternate decision-maker in the event the individual becomes unable to make decisions.
- The NJ Department of Health has a [Designation of Healthcare Representative Form](#), or proxy directive, which is a document that identifies a person to make healthcare decisions for an individual if they become unable to make those decisions themselves. This form does not need to be notarized, but does need to be completed prior to a health crisis. Please note that if an individual loses capacity, this form can not be used.
- The form can be found on [The NJ Department of Health website](#).

# IT Updates

## What's Coming

- Duplicative Services will be manageable within iRecord plans! iRecord will be updated to allow SCs to input non-DDD-paid services such as Medical Day Programs and funds will show as 'obligated'/blocked.
- Service limits enforced directly in iRecord – This includes Day Hab, Supported Employment, Prevocational Training, and Career Planning. Each one has different rules and may include exceptions being sent through the Service Review Unit.
- On the "Document Review" tile, the actual file name will be displayed when downloading the assessment file.
- A medical screen refresh is coming soon, this includes being able to track annual physical and dental visit dates.
- Additional Electronic Signature capabilities – stay tuned!

# Division Updates

# Updates: Executive Order

## **!!New!! Executive Order On Testing and Vaccination Requirements**

**April 3, 2023** Governor Murphy signed an executive order (EO) that removes the requirement for vaccination/weekly testing of staff exempted from vaccination in Licensed Residential, Certified Day, and Support Coordinators.

The Division's updated policy continues to recommend vaccination and that employers track the vaccination status of staff but the Division does not require this. Please note that this is for Licensed Residential, Certified Day, and Support Coordinators only. Healthcare settings (namely Nursing Homes and DCs) have related Federal requirements still in play around vaccination.

# Self-Directed Employees: Updates

Esther McCarthy, Waiver and Quality Unit

# SDE Updates

## SDE Manual Updates

Two new sections related to Self-Directed Employee (SDE) Wage Ranges:

- The Division offers the choice for individuals to utilize SDEs for several services. Some of these services (i.e. Community Based Supports, Individual Supports and Respite) are provided as a discreet service by Direct Support Professionals (DSPs) employed by service providers. These services are denoted in Appendix H of the respective manual with the caption *DSP Service Applies*.
- The Division supports comparable wages between SDEs and DSPs performing these services and uses data from the *National Core Indicators Staff Stability Survey* and the *U.S. Bureau of Labor Statistics* to inform this process.

# SDE Updates

## SDE Manual Updates

Section 8.3.2.0.1 describes the parameters for SDE wages for Community Based Supports (Supports Program), Individual Supports (Community Care Program), and Respite (Both Programs).

- The Reasonable and Customary (R & C) wage range (not requiring additional DDD approval) for an SDE is the prevailing minimum wage up to \$25 per hour.
- If an individual has an enhanced medical or behavioral care need requiring SDEs to possess a higher level of education (i.e. Licensed Practical Nurse or education related to behavioral disorders) the Enhanced R & C wage range for an SDE is the prevailing minimum wage up to \$35 per hour.
- If an individual has an enhanced medical or behavioral care need requiring SDEs to possess a higher level of education (i.e. Registered Nurse) the Enhanced R & C wage range for an SDE is the prevailing minimum wage up to \$48 per hour.

# SDE Updates

## SDE Manual Updates

The Enhanced R&C wage range may be granted in the following circumstances:

- The individual has a documented enhanced medical care and/or enhanced behavioral care need; and
- The individual requires care provided by an SDE whose education is closely related to the documented enhanced medical and/or enhanced behavioral care need of the individual.

# SDE Updates

## SDE Manual Updates

Enhanced Medical Care Need(s): Care need that, as determined by the Division, cannot be supported without SDE possessing higher level of education.

- Documentation must include any of the following: Information within (AENF);
- SDE shift notes/service documentation of medical care;
- Support Coordination Monitoring Tools that contain discussion/documentation of care need;
  - As applicable, documentation (including but not limited to) of: Medically based hospitalizations;
  - Significant increase/change in medical need;
  - Whether the individual has been assessed for medical needs that require skilled nursing care;
- Other information specific to the individual circumstance.

# SDE Updates

## SDE Manual Updates

Enhanced Behavioral Care Need(s): Care needs that, as determined by the Division, cannot be supported without the SDE possessing a higher level of education.

- Documentation including the following: Information within the (AENF);
- SDE shift notes/service documentation documenting the care provided to an individual;
- SCMT that contains discussion/documentation of care needs;
  - As applicable, documentation (Including but not limited to) of: Emergency Room/Mental Health Screening;
  - Hospitalization(s) for reasons related to their behavioral health needs;
  - Aggression towards self/others, including staff, resulting in injury;
  - Elopement by the individual;
  - Legal involvement.
- Other information specific to the individual circumstance.

# SDE Updates

## SDE Manual Updates

### Establishing Enhanced R&C Wage

- Eligibility for the Enhanced R&C wage must be determined by the Division before it can be offered to an SDE. This entails:
  - The Division verifying that there is documentation of an enhanced medical and/or behavioral need; and
  - The Division determining that the SDE meets the required Education/Credentialing Factors as described in this section.
- Individuals/guardians who believe their identified SDE meets the criteria for an enhanced wage should work with their Support Coordinator to submit the [Enhanced Reasonable and Customary Wage Request Form](#). They should indicate Combined Approval as the request type in Section 1 and complete the entire form.

# Waiver Manual Updates

## SDE Manual Updates

- The Division recognizes that there may be instances where approval for the Enhanced R&C wage range may be needed in order to identify an SDE. In these circumstances, please indicate Pre-Approval as the request type in Section 1 and follow the corresponding instructions completing sections 1, 2 and 3.
- Once Pre-Approval is obtained, the individual/guardian may then solicit an SDE using the Enhanced R&C wage range and assume the Enhanced R&C wage will be granted contingent on the selected SDE meeting the SDE Education requirements as determined by the Division.

# Waiver Manual Updates

## SDE Manual Updates

- Upon selection of an SDE, re-submission of the [Enhanced Reasonable and Customary Wage Request Form](#) for Final Approval will need to occur so that the Division can verify that SDE possesses the required education. Upon receipt of a sufficiently detailed submission, the Division will review and render an expedited determination in this regard.
- Salary Increases: Salary increases above the maximum standard(s) provided will not be granted. For this reason, it is recommended that individuals/families not establish an hourly wage at the maximum amount so that they have the ability to provide pay increases over time within the established wage range.

## Principles of Employment for People with Intellectual & Developmental Disabilities

New Jersey became an Employment First State, as announced by Governor Christie, on April 19, 2012. Employment First initiatives provide a fundamental change in philosophy, policy, and expectations related to employment of people with disabilities.

In order for New Jersey to meet the raised expectations associated with being an Employment First State, it is essential that we embrace the following principles:

1. Competitive employment in the general workforce is the **first** and **preferred** post education outcome for people with any type of disability.
2. People are "ready" to work as soon as they express an interest in doing so. The Supported Employment process should start soon after a person expresses this interest in working.

New Jersey became an Employment First State, as announced by Governor Christie, on April 19, 2012.

7. Supported Employment relies on the place and train model (on-the-job training) as the preferred method for people with disabilities to learn their jobs and gain employment skills. Post-secondary education and vocational training in the skills and competencies necessary to work in specific industries is also encouraged.
8. All job supports will be ongoing, as needed, and based on the individual.
9. The Supported Employment process must be a collaborative effort led by the individual and supported by his/her network of stakeholders.
10. Benefits and additional services/supports are the safety net that supplements competitive employment, not the other way around.

Adapted from "New Jersey's 10 Principles of Supported Employment"

NJ DHS/DDD

- Competitive employment in the general workforce is the first and preferred post education outcome for people with any type of disability.
- People are "ready" to work as soon as they express an interest in doing so.
- It is presumed that all people with disabilities can and should work.

In accordance with New Jersey's Employment First Policy: "Competitive employment in the general workforce is the first and preferred post education outcome for people with any type of disability." the Division of Developmental Disabilities (DDD) will refer every individual who wants to work to the Division of Vocational Rehabilitation Services (DVRS) or the Commission for the Blind & Visually Impaired (CBVI), except when one of the following criteria is met:

- The individual is already competitively employed in the general workforce and does not need employment supports at this time, or has moved onto Long-Term Follow-Along (LTFA), Division funded Supported Employment services.
- The individual is of retirement age (65 or older).
- Medical condition or behavioral support need exceeds the supports or services available from DVRS/CBVI at this time (due to substantiated concerns about harm to self or others, which cannot be appropriately mitigated by supports/services). Please explain:
- The individual/legal guardian understands that employment is the preferred post education outcome. The individual/LG is not interested in pursuing employment at this time. Please explain what will assist the individual to be ready to pursue employment:

NJ Division of Developmental Disabilities | Employment Non-Referral Form - F6 | March 2023 Page 1 of 1

The Team has concluded DVRS/CBVI supports/services are not necessary at this time because individual is:

- Already competitively employed and does not need Long-Term Follow-Along Supports.
- Retirement age.
- Experiencing medical/behavioral concerns which limit individual's ability to work at this time.
- Not interested in pursuing employment at this time.

# Long Term Follow Along

In accordance with the Memorandum of Understanding between DDD, DVRS, & CBVI:

A CBVI/DVRS counselor will inform the Support Coordinator in the event an individual receiving services is moving to Long-Term Follow Along (LTFA) and/or competitive integrated employment services/supports become unavailable through the CBVI/DVRS so these supported employment services can be funded by DDD and incorporated into the Individual Service Plan.

# Updates: Employment Forms
