Dear New Jerseyans:

Welcome! The New Jersey Resources 2018 Directory is the annual edition published by the New Jersey Department of Human Services' Division of Disability Services (DDS). The Directory is intended to be a comprehensive resource identifying programs and services to individuals with disabilities, their families, caregivers, and advocates.

DDS developed the Directory to provide a single source for information about the various levels of government, community organizations and professionals working to assist people with disabilities. The publication provides access to up-to-date information that individuals with disabilities, along with their families, can use to help them thrive in their physical, professional and recreational lives.

The directory will be made available online in English, Spanish, and in audio format so that individuals and agencies can access the services they need. To view the online versions, please visit: www.state.nj.us/humanservices/dds/home/index.html

A certified Information and Referral Specialist can be reached to discuss any individual concerns and can provide direct assistance by phone at 1-888-285-3036 (toll free).

We hope that you find this resource of assistance.

Sincerely,

A handwritten signature in blue ink that reads "Carole Johnson".

MISSION STATEMENT

“The first place to call for disability-related information.”

Within the Department of Human Services, the Division of Disability Services (DDS) provides a single point of entry for people seeking disability related information in New Jersey. DDS works to streamline access to services and information that promote and enhance independent living for individuals with all disabilities by facilitating coordination and cooperation among local, county, and state government agencies. DDS promotes maximum independence and the full participation of people with disabilities within all aspects of community life. DDS serves individuals with all disabilities, statewide.

OFFICE OF INFORMATION AND ASSISTANCE SERVICES

INFORMATION AND REFERRAL SERVICES

Nationally Certified Information and Referral Specialists (I & R Specialists) are available during regular business hours, Monday through Friday, to provide information and to assist with navigating State and County Services available to individuals with disabilities. In addition to providing live assistance over the phone, I & R specialists attend public events throughout the State to disseminate information and answer questions.

MANAGED LONG TERM SERVICES AND SUPPORTS (MLTSS) ENROLLMENT ASSISTANCE

MLTSS refers to the delivery of long-term services and supports through New Jersey Medicaid’s NJ FamilyCare program. MLTSS is designed to provide the long term supports and services individuals need to remain in the community for as long as possible. DDS I & R Specialists initiate assessments for the determination of MLTSS eligibility for children, 20 years old and younger, who are not otherwise eligible for NJ Medicaid. (For more information on MLTSS, see page 8)

DDD/DDS CASE MANAGEMENT COLLABORATION

DDS’ I & R Specialists remain the primary contact for some adults registered with the Division of Developmental Disabilities (DDD) who live, either independently or with their families, and benefit from information regarding insurance, benefits, transportation, education, future employment and available resources that are provided by organizations other than DDD.

TRAUMATIC BRAIN INJURY FUND

The TBI Fund provides New Jersey residents of any age, who have survived a Traumatic Brain Injury, the opportunity to access the brain injury related services and supports they need to live in the community. The Fund subsidizes supports and services to foster independence and maximize quality of life when insurance, personal resources, and/or public programs are unavailable to meet those needs.

PERSONAL ASSISTANCE SERVICES PROGRAM (PASP)

PASP is a supplemental personal care program designed for New Jersey residents, ages 18 to 70, who have a permanent physical disability, are capable of directing their own services, and are either employed, preparing for employment, involved in community volunteer work, or attending school. PASP allows consumers to receive up to 40 hours of service per week, therefore enabling them to maintain their independence in the community. Personal assistants help with such tasks as light housekeeping, bathing, dressing, meal preparation and shopping. (See Page 51)

PERSONAL PREFERENCE PROGRAM (PPP)

This program is now administered by the Division of Medical Assistance and Health Services (DMAHS). (See Page 51)

SPECIAL PROJECTS AND INITIATIVES

NJ WORKABILITY

The WorkAbility program offers people with disabilities who are working and whose income would otherwise make them ineligible for NJ Familycare the opportunity to pay a small premium and receive full NJ Medicaid coverage. People with disabilities who are employed and are between the ages of 16 and 64 can qualify for the program with an annual gross earned income of up to approximately \$61,500. (See Page 49)

DISABILITY HEALTH AND WELLNESS INITIATIVES (DH&W)

The DH&W program, funded by various grant programs, works to collaborate with policy makers, health educators, public and private agencies, and experts in the field of health and wellness on projects that promote healthy living and prevention of secondary conditions for people with disabilities. The Division continuously seeks funding for initiatives that will help meet those needs. Recent project topics have included the following: *Addressing Violence Against Women with Disabilities*, *Emergency Food Provider Accessibility Project*, *Emergency Planning and Disaster Preparedness for People with Disabilities*, and a *Health & Wellness Guide*.

ACCESS AND FUNCTIONAL NEEDS (AFN)

Within the Department of Human Services, DDS serves as the lead for implementation of emergency preparedness and disaster response, recovery, and mitigation efforts that are inclusive of people with disabilities and others with access and functional needs. DDS provides guidance, tools, methods and strategies to assist in establishing equal physical, program, and communication access.

COMMUNITY DISCHARGE INITIATIVE

Individuals in hospitals or nursing homes wishing to return to the community may contact DDS for assistance with discharge planning and information in obtaining the supports necessary to live independently. No formal referral is necessary. Providers or individuals may call for information.

I CHOOSE HOME NEW JERSEY (ALSO KNOWN AS MONEY FOLLOWS THE PERSON)

In collaboration with other State agencies, DDS is working to promote I Choose Home – NJ, an initiative focused on providing opportunities for individuals who are eligible for Medicaid and have been living in an institutional setting for more than 90 days, to return to an independent community setting with necessary supports and services. For more information: www.ichoosehome.nj.gov 1-855-466-3005

THE ABLE ACT

The Achieving a Better Life Experience (ABLE) Act of 2014 established ABLE accounts, which are tax-advantaged savings accounts intended to allow qualified individuals with disabilities to save money for qualified disability related expenses, while still meeting eligibility for means tested public benefits such as Medicaid and SSI. The funds accumulated in

an ABLE account can be used to pay for things such as education, housing, transportation, employment training and support, assistive technology, personal support services, health care expenses, financial management, and more. The ABLE Act limits eligibility to individuals with significant disabilities, with an age of onset of disability prior to the age of 26. Each state administers and maintains ownership of its own ABLE program. While NJ DHS is working on fully implementing this program and securing a vendor, a qualified individual can take action now by opening an ABLE account in another state. There are many states that have launched ABLE programs that do not require residency in the administering state. These programs can be found at www.ablenrc.org.

STATUTORY ADVISORY BOARDS AND COUNCILS

DDS serves as staff to the mandated advisory councils listed below. Meetings are open to the public. Please visit our website for a list of current meeting dates and locations: www.state.nj.us/humanservices/dds/home/

TRAUMATIC BRAIN INJURY ADVISORY COUNCIL

The TBI Council holds quarterly public meetings to advise the Department of Human Services of issues relevant to brain injury services.

PERSONAL ASSISTANCE SERVICES ADVISORY COUNCIL

The PASP advisory Council meets quarterly to serve as a means for consumers to offer feedback that is used to review and evaluate the effectiveness of the PASP program and to recommend changes on a statewide level.

PUBLICATIONS

DDS publishes several guides/informational brochures which are available to you free of charge, including *New Jersey Resources* and the *New Jersey Guide to Accessible Parking*. Most publications are available in English and Spanish. Please contact us at **1-888-285-3036** to request a guide by mail or visit our website at: www.state.nj.us/humanservices/dds/home/

DISABILITY RIGHTS NEW JERSEY

Disability Rights New Jersey (DRNJ) is a private, non-profit, consumer-directed organization that serves as New Jersey's federally funded agency for people with disabilities.

The program was established to advocate for and advance the human, civil and legal rights of citizens of New Jersey with disabilities. DRNJ works to promote public awareness and recognition of indi-

viduals with disabilities as equally entitled members of society. DRNJ advocates for and provides education, training and technical assistance to individuals with disabilities, the agencies that serve them, attorneys, professionals, courts and others regarding the rights of individuals with disabilities.

In addition to protection and advocacy services, DRNJ maintains the Assistive Technology Advocacy Center (ATAC), which works to make assistive devices and services more accessible to individuals with disabilities throughout the state.

KEYS TO SUCCESSFUL SELF-ADVOCACY

-  **Make sure you have an accurate understanding of what is needed** - When seeking equipment or services, make sure you have all the details and product information. If insurance is being used, ask if there are preset guidelines or requisite information. This will save time during the application process.
-  **Be prepared to assist professionals** - Your family doctor may have limited experience in writing prescriptions for wheelchairs. Discuss your needs, and give as much detail as possible about what you are looking for and your specific needs.
-  **Understand your insurance benefits** - Review the terms of each program and policy. Pay careful attention to co-pays, service limits, replacement, and equipment ownership. These issues become especially important for parents with children, who will outgrow equipment, or whose functional abilities may change with time. Understand your rights to appeal an insurance company's decision in the event of a denial.
-  **Seek help from others who have succeeded** - Peer support is the greatest tool to an advocate. The information that you get from peers can be priceless. Learn from those who have done it before.
-  **Keep accurate notes** - Include dates, all contact names, and phone numbers.
-  **Understand the process** - Most agencies have waiting lists, processing periods, and paperwork to be done. This takes time.
-  **Follow up** - Stay vigilant and work collaboratively with your service providers to meet your needs.

DEPARTMENT OF HUMAN SERVICES

DHS provides support services for people with disabilities, seniors, individuals and families with low incomes; people who are blind, visually impaired, deaf, hard of hearing, or deaf-blind; parents needing child care services, child support and/or healthcare for their children; and families facing catastrophic medical expenses for their children.

COMMISSION FOR THE BLIND AND VISUALLY IMPAIRED (CBVI)

The Commission for the Blind and Visually Impaired (CBVI) provides services in the areas of education, employment, independent living and eye health to individuals who are blind or vision impaired, their families and the community. CBVI's programs are designed to enable individuals to achieve full inclusion and integration in society through success in employment, independent living, and social self-sufficiency. Services are made available through State and Federal funding and for the most part, are provided free of charge to residents of New Jersey.

DIVISION OF DEVELOPMENTAL DISABILITIES (DDD)

The Division of Developmental Disabilities (DDD) provides funding for services and supports that assist adults, age 21 and older, with developmental disabilities. Most services are offered in the community by community provider agencies. To receive DDD services, an individual must meet functional criteria eligibility and Medicaid eligibility. Functional criteria consist of a severe, chronic physical and/or intellectual disability that manifests in the developmental years (before age 22), is life-long, and substantially limits at least three of these life activities: self-care, learning, mobility, communication, self-direction, economic self-sufficiency and the ability to live independently. All individuals must maintain Medicaid eligibility in order to receive services through the Division.

Qualifying conditions may include cerebral palsy, epilepsy, spina bifida, autism or a neurological impairment.

DDD funds three types of services:

- Day services, including supports for people who are employed
- Residential services that support an individual in the community
- Services that support a family caring for a loved one at home

NJ FamilyCare provides health coverage to children, pregnant women, parents/caretaker relatives, single adults, childless couples, individuals who are elderly, blind, and have disabilities, and individuals qualified for long-term care services. NJ FamilyCare's comprehensive health coverage program provides a wide-range of services including: doctor visits, hospital services, prescriptions, tests, vision care, mental health care, dental, nursing home care and other healthcare services, depending on the person's eligibility category. Most NJ FamilyCare beneficiaries are enrolled in managed care. With managed care, a health plan (also known as an HMO) coordinates an individual's health care needs. See page 39 for HMO contact information.

Telephone: (800) 701-0710

MANAGED LONG TERM SERVICES AND SUPPORTS (MLTSS)

The Managed Long Term Services and Supports program or MLTSS is a New Jersey initiative intended to provide a new and better way to help seniors and individuals with disabilities live at home for as long as possible. MLTSS is designed to coordinate support services according to a participant's needs. Participants will receive their primary, acute, behavioral and long-term care needs through a NJ FamilyCare HMO. For more information about MLTSS, visit: www.nj.gov/humanservices/dmahs/home/mltss.html

To apply for MLTSS:

21 years or older: Contact your County Aging and Disability Resource Center (ADRC) or your County Board of Social Services. See pages 19 and 17, respectively, for a listing of those numbers by County.

Birth through age 20: Contact the Division of Disability Services (DDS) at 1-888-285-3036 and follow the prompts to speak with an Information and Referral Specialist. (See Page 1)

MLTSS includes services such as:

- Personal Care
- Respite
- Private Duty Nursing
- Care Management
- Home and Vehicle Modifications

- Home Delivered Meals
- Personal Emergency Response Systems
- Mental Health and Addiction Services
- Assisted Living
- Community Residential Services; and
- Nursing Home Care

DIVISION OF FAMILY DEVELOPMENT (DFD)

DFD provides leadership and supervision to the public and private agencies that deliver financial aid and support services to individuals and families. DFD oversees a number of programs to support New Jersey residents including: Work First New Jersey/Temporary Assistance for Needy Families (WFNJ/TANF) and Work First New Jersey/General Assistance (WFNJ/GA) which comprise the state's welfare program, NJ Supplemental Nutrition Assistance Program (SNAP), child support services and child care services.

Central Registry of Offenders Against Individuals with Developmental Disabilities

DHS maintains a confidential, web-based registry of paid caregivers and volunteers who have been determined to have abused, neglected or exploited an individual with a developmental disability. Individuals identified on the Central Registry are prohibited by law from working/volunteering with persons with a developmental disability. To learn more, please visit: www.state.nj.us/humanservices/staff/opia/central_registry.html

To report suspected abuse, neglect, or exploitation of an individual with an intellectual or developmental disability, please call: (800) 832-9173.

Program of All-Inclusive Care for the Elderly (PACE) in New Jersey: Can It Work for You?

Are you 55 years old or older and require a nursing home level of care but wish to remain in a community setting? You may be eligible for comprehensive medical and social services through a PACE program serving your area. (See Page 19 for More Information)

DEPARTMENT OF HEALTH

The Department of Health (DOH) is tasked with licensing and regulating state health care facilities, overseeing City and County health departments, and administering programs geared at prevention, wellness, and management of chronic diseases. Most recently, the DOH formed the Integrated Health Services branch, combining the State's Division of Mental Health and Addiction Services (DMHAS, formerly under the DHS) with the delivery of primary healthcare services. This and other divisions and programs most beneficial to individuals with disabilities have been listed below.

PROGRAM OF ALL INCLUSIVE CARE FOR THE ELDERLY (PACE)

PACE is an innovative program, funded by Medicare and Medicaid, that provides frail individuals, age 55 and older, comprehensive medical and social services coordinated and provided by a team of professionals in a community-based center and in their homes, helping program participants delay or avoid long-term nursing home care. To participate in PACE, an individual must be 55 years of age or older, require nursing home level of care but be able to live safely in the community at time of enrollment with the services of PACE, and reside in the service area of a PACE organization. You can leave a PACE program at any time. Six PACE agencies are currently operating in New Jersey and you must live in their coverage area to participate. For more information, contact the PACE agency serving your area.

ADULT PROTECTIVE SERVICES

The role of Adult Protective Services (APS) is to investigate complaints of suspected abuse, neglect, and/or exploitation of vulnerable adults aged 18 or older. A complaint to APS will generate a thorough assessment, which will include a private face-to-face interview with the potentially at-risk adult, to determine if intervention is warranted. All information generated by the investigation is confidential. A report of suspected abuse may be made to the Division of Aging Services Information and Referral toll-free number at 800-792-8820 or to the APS office in the county in which the individual lives.

RIGHTS AND LAWS

The Individuals with Disabilities Education Act (IDEA)

<https://sites.ed.gov/idea/>

Federal law mandating that all children, regardless of disability, are entitled to a free, appropriate education, without extra cost and in the least restrictive and least segregated environment possible.

The Rehabilitation Act of 1973

<https://www.access-board.gov/the-board/laws/rehabilitation-act-of-1973>

Federal law which mandates all federal government agencies, and agencies with federal government contracts, to take affirmative action to employ people with disabilities. It also protects otherwise qualified people with disabilities from being denied services or benefits from a program receiving federal money.

The Americans with Disabilities Act (ADA)

www.ADA.gov

Federal civil rights law which guarantees individuals with disabilities equal opportunity in employment, public accommodations, state and local government services, transportation, and telecommunications.

The Developmental Disabilities Assistance and Bill of Rights Act of 2000

<https://www.acl.gov/about-acl/authorizing-statutes/developmental-disabilities-assistance-and-bill-rights-act-2000>

Federal law mandating that an individual with a developmental disability has a right to appropriate treatment for his or her disability, and that treatment should be designed to maximize the individual's potential.

The Fair Housing Act

www.justice.gov/crt/fair-housing-act-2

Federal law which prohibits discrimination in the sale or rental of houses and apartments. It is also discriminatory to refuse to allow the modification of a home to provide physical access.

The Motorized Wheelchair Lemon Law

www.njconsumeraffairs.gov/News/Consumer%20Briefs/motorized-wheelchair-lemon-law.pdf

The Wheelchair Lemon Law requires manufacturers to give customers warranties of at least one year that cover defects which impair the use, value or safety of the chair or scooter. After three unsuccessful attempts at repairing the same problem with the wheelchair or motorized scooter or if the wheelchair or motorized scooter is out of service for a total of twenty days, the customer may be entitled to a replacement, refund, or early lease termination, minus a reasonable allowance for use.

The Snow Removal Act

www.njleg.state.nj.us/2006/Bills/PL07/287_.PDF

In a public parking area, the person who owns or controls the area shall be responsible for assuring that the restricted spaces remain free from obstruction. This includes shopping carts and other debris. Ice and snow must be removed within 24 hours after the weather condition has ceased.

New Jersey Accessible Parking Laws

See Appendix 1, pg 56

Open Public Records Act (OPRA)

www.nj.gov/opra/

Requires most branches of state, county, and municipal government to provide citizens with the opportunity to inspect, copy, or examine government records. It does allow public agencies to protect citizens' personal information.

Older Americans Act

www.aoa.gov

Federal civil rights law passed in 1965, which has since been amended. It created the Administration on Aging and provides funding for research and training projects. It also provides nutrition programs, health promotion and disease prevention, in-home services, and protection of the rights of older persons. The amended Act created the National Family Caregiver Support Program, which helps families care for elders who have illnesses or disabilities.

Mental Health Parity Act

www.nj.gov/mhstigmacouncil/community/legislation

Federal law which prevents group health plans of employers with more than 50 workers from placing dollar limits on mental health benefits that are lower than annual or lifetime dollar limits for medical and surgical benefits offered under the plan. This law does not, however, require group health plans to include mental health coverage.

Health Insurance Portability and Accountability Act (HIPAA)

www.hhs.gov/ocr/privacy

Federal law which establishes national standards to protect individuals' medical records and other health information. Insurance carriers, healthcare clearinghouses, and healthcare providers are required to comply with its privacy standards. It gives consumers the right to request to inspect, copy, or amend their medical records, and to limit disclosure of information.

Danielle's Law

www.njleg.state.nj.us/2002/Bills/S3000/2572_I1.PDF

New Jersey state law which requires staff working at public or private facilities for persons with developmental disabilities or brain injuries to call 911 in cases of medical emergency.

Air Carriers Access Act

www.transportation.gov/airconsumer/passengers-disabilities

Federal law which requires airlines to accommodate the needs of passengers with disabilities. It prevents airlines from refusing to transport a passenger solely because of a disability; limits the circumstances under

which passengers with disabilities must provide advance information about their disabilities to air carriers; states that assistive devices do not count against passenger baggage limits; and sets accessibility guidelines for airplane facilities. Airline personnel must provide routine physical assistance but are not required to provide what would customarily be regarded as personal care assistance. However, if a passenger requires an attendant, the airline must transport the attendant free of charge. The law does not require an airline to transport an individual who may endanger the health or safety of others. The Act mandates that a Complaints Resolution Officer (CRO) be immediately available to resolve disputes between airlines and passengers with disabilities.

The Work Incentives Improvement Act

www.ssa.gov/work/overview.html

The Ticket to Work and Work Incentives Improvement Act of 1999 increases beneficiary choice in obtaining rehabilitation and vocational services; removes barriers that require people with disabilities to choose between health care coverage and work; and insures that more Americans with disabilities have the opportunity to participate in the workforce and lessen their dependence on public benefits.

New Jersey Law Against Discrimination (NJLAD)

www.state.nj.us/lps/dcr/law.html

New Jersey state law which prohibits discrimination in employment, housing, places of public accommodation, and credit and business contracts on the basis of race, creed, color, national origin, nationality, ancestry, age, sex, familial status, marital status, domestic partnership status, affectional or sexual orientation, atypical cellular or blood trait, genetic information, liability for military service, mental or physical disability, perceived disability, or AIDS and HIV status. There are exceptions to these prohibitions.

Family Support Act

www.familysupportcoalition.org/the-family-support-act.php

The Family Support Act created family-driven Regional Family Support Planning Councils to assist families in making service decisions that best meet the needs of their members with disabilities.

The Fair Labor Standards Act

The FLSA establishes minimum wage, overtime pay, recordkeeping, and youth employment standards affecting employees in the private sector and in Federal, State, and local governments.

LEGAL ASSISTANCE

Civil Rights

The Division on Civil Rights, within the New Jersey Department of Law and Public Safety, is responsible for investigating allegations of discrimination and for seeking resolution through conciliation, hearings, or court orders. People with disabilities can file a complaint by calling the division or any of its enforcement branches. Complaints must be filed with the Division on Civil Rights within 180 days after the alleged act of discrimination.

MEDICARE

Medicare is a health insurance program, administered by the Centers for Medicare and Medicaid Services (CMS), for people 65 years of age or older, certain younger people with disabilities, and people with End-Stage Renal Disease.

Medicare coverage is divided into four parts: Part A, Part B, Part C and Part D. Part A helps to pay for care in hospitals, skilled nursing facilities, and hospice care. Part B helps pay for doctors, outpatient hospital care, and some other services not covered under Part A. Part C, also known as Medicare Advantage, is a managed care option through which enrollees get Parts A, B and D benefits. Part D, administered by private insurance companies approved by Medicare, provides coverage for prescriptions.

The Affordable Care Act (ACA)

The Affordable Care Act (ACA) offers affordable health insurance for eligible residents. Under the ACA, millions of Americans have benefited by having access to doctors, medical professionals and others. Marketplaces or "exchanges" offer consumers and small businesses a choice of standardized health plans. For the most part, these marketplaces serve people who are not offered insurance by a large employer. Enrollment periods are limited; however, special enrollment opportunities for those who need it are available throughout the year.

MENTAL HEALTH SERVICES

Crisis Assessment Response and Enhanced Services (CARES) Formerly known as the Statewide Clinical Consultation and Training (SCCAT)

This program serves individuals with developmental disabilities in mental health or behavioral crises. Their staff work out of regional offices, providing a 24/7 mobile response to people who are in crisis. Population served are individuals 21 and older with a dual diagnosis of a serious mental illness and a developmental disability. They work with individuals, their families, staff and mental health providers by offering:

- Direct response at the time of crisis in family homes, residential placements, day programs, and emergency rooms
- Technical support to families, sponsors, DD and mental health service providers
- Link-up with relevant resources
- Training for consumers, families, sponsors, and service providers
- Consultations at psychiatric inpatient units

HEALTH AND WELLNESS FOR PEOPLE WITH DISABILITIES

WELLNESS BASICS

- Include physical activity in your daily routine.
- Eat according to the FDA Food Pyramid at www.choosemyplate.gov
- Rest when needed, maintain a sleep schedule, and maintain good personal hygiene.
- Make medical appointments as needed and keep accurate records for follow-up.
- Take medication as directed. Don't deviate from regimen without medical clearance.
- Do a daily "wellness check". Look out for skin breakdown, sores and irritation.
- Make sure medical equipment such as wheelchairs and prosthetic devices "fit" properly.
- Avoid drug usage and limit alcohol and tobacco consumption.
- Maintain social interaction. Be part of the community.
- Keep up with "preventive" care. (Examples: Mammogram and pelvic exams for females and DRE and testicular exam for males.)
- Properly dispose of unused prescriptions, check with your local municipality on disposal locations.

HEALTH CARE SELF-ADVOCACY

- Keep an accurate updated list of your medications, providers, and insurance information.
- Make sure providers' offices are accessible. When in doubt, ask.
- Discuss your disability as well as your health needs with practitioners.
- Never be afraid to ask questions or get clarity as needed.
- Ask someone to accompany you to appointments as needed.
- Keep a list of concerns or questions in between appointments and bring it with you to your appointments.

FINANCIAL ASSISTANCE

SUPPLEMENTAL SECURITY INCOME

The Federal Social Security Administration administers the Supplemental Security Income (SSI) Program, under which persons age 65 years and older, or those who are blind or have disabilities (including children), receive maintenance payments from that agency and supportive services (including emergency assistance and payment for burial) through the county welfare agencies. In NJ, SSI recipients also receive NJ FamilyCare (Medicaid).

SOCIAL SECURITY DISABILITY INSURANCE

The Social Security Disability Insurance (SSDI) program pays benefits to workers that have a permanent disability and their families. To be eligible for SSDI, you must be determined to have a permanent disability and must have earned a minimum number of credits from work covered under Social Security. The required number of credits varies depending on your age at the time you became disabled.

(855) 465-8783 or (732) 982-8710

www.NJpoweron.org

The Temporary Relief for Utility Expenses (TRUE) Program and the Payment Assistance for Gas and Electric (PAGE) Program were established by the Board to provide relief on natural gas and electric bills for low to moderate income New Jersey households who are experiencing a temporary financial crisis. Eligible applicants cannot be receiving or be eligible for a Universal Service Fund (USF) benefit or a Low Income Home Energy Assistance Program (LIHEAP) benefit. TRUE and PAGE are administered by the Affordable Housing Alliance.

COMFORT PARTNERS (888) 773-8326

This program is designed to improve energy affordability for income eligible households through direct installation of free energy efficiency measures and education about steps everyone can take to save energy. Participants are asked to partner with the program to develop and carry out a household energy savings Action Plan.

LOW INCOME HOME ENERGY ASSISTANCE PROGRAM (LIHEAP) (800) 510-3102

LIHEAP is administered by the NJ Dept. of Community Affairs and helps NJ households pay for heating costs and certain medically-necessary cooling expenses. Renters who have their heating costs included in their rent may also qualify. Applications are accepted from October 1st through April 30th of each year.

www.energyassistance.nj.gov

NJ LIFELINE CREDIT PROGRAM (800) 792-9745

Lifeline is administered by the NJ Dept. of Human Services and provides a \$225 annual energy benefit to seniors and people with disabilities who meet the PAAD eligibility requirements or who receive SSI. The benefit is also available to customers who have electric and gas costs included in their rent.

NJ SHARES (866) NJSHARES (657-4273)

www.njshares.org

NJ SHARES is a non-profit corporation that provides assistance to income eligible NJ households in paying their energy, telephone and water bills. Applications for NJ SHARES grants can be made at any of the more than 270 participating social service agencies throughout the state.

UNIVERSAL SERVICE FUND (USF)

(866) 240-1347 or www.energyassistance.nj.gov

The USF, administered by the NJ Dept. of Community Affairs, was designed so that households most in need receive the highest benefit by using a percentage of income formula. Benefits appear as a credit on the household electric and/or gas bill (capped at \$1,800 per year).

Fresh Start: Fresh Start, a special program under USF, allows eligible New Jersey households participating in USF for the first time to earn forgiveness for pre-existing arrearages by making full, on-time payments for 12 months. You cannot apply for Fresh Start, but if you are eligible you will be enrolled by your utility company and receive information about the program in the mail.

WINTER TERMINATION PROGRAM (800) 624-0241

Administered by the BPU, the Winter Termination Program (WTP) protects specific categories of customers from having their gas or electric shut off between November 15th and March 15th. Those enrolled in specific programs (such as SSI, Temporary Assistance to Needy Families, USF and Lifeline) are protected by WTP, and an additional “catch-all” category is included for people unable to pay their utility bills because of circumstances beyond their control such as unemployment or illness.

TELEPHONE ASSISTANCE

The telephone assistance program provides a discount on your monthly bill. Eligibility is determined based on your income or participation in other assistance programs. In general, if you participate in any of the following programs you also may qualify for telephone assistance: Supplemental Security Income (SSI), Temporary Assistance to Needy Families/Work First New Jersey (TANF), General Assistance, Lifeline Utility Credit/Tenants Lifeline Assistance, Pharmaceutical Assistance to the Aged and Disabled (PAAD), Supplemental Nutrition Assistance Program, Home Energy Assistance Program (LIHEAP/HEAP), Medicaid, Federal Public Housing Assistance, National School Lunch Program. The New Jersey Early Intervention System receives state and federal funds through Part C of the Individuals with Disabilities Education Act. The ultimate goal is for children to maximize their potential to lead full, productive lives with their families and within their own communities.

New Jersey's Early Intervention System is a coordinated effort among the New Jersey Department of Health, the New Jersey Department of Human Services, the New Jersey Department of Education and the New Jersey Department of Children and Families. A State Interagency Coordinating Council, appointed by the governor, advises and assists the Department of Health as the lead agency in the development and implementation of early intervention for infants and toddlers with developmental delays or disabilities, and their families. Services are available to children, birth to three, in every county.

ELIGIBILITY

Each child's eligibility is determined by a multidisciplinary team, which includes the child's parents. If the child is not eligible for early intervention, recommendations may be made for referral to other appropriate resources. If the child is eligible, as determined by a medical diagnosis or developmental evaluation, an Individualized Family Service Plan (IFSP) to meet the needs of the child and the family will be developed by the team.

CRITERIA

- developmental delay of at least 1.5 standard deviations below the mean in two or more developmental areas (cognitive; physical, including gross motor, fine motor, vision and hearing; communication, social/emotional or adaptive); or
- developmental delay of at least 2.0 standard deviations below the mean in one developmental area; or
- a medically diagnosed physical or mental condition that has a high probability of resulting in developmental delay.

ACCESSING SERVICES

The county-based Regional Early Intervention Collaboratives are the system point of entry for referral to the early intervention system. With family agreement, anyone may call to make a referral. A service coordinator will be assigned to work with the family. The service coordinator will arrange evaluation for eligibility at no cost to the family.

REGIONAL COLLABORATIVES

The Regional Early Intervention Collaboratives (REICs) are independent, non-profit corporations established to provide a community-based, culturally competent and consumer-driven early intervention system. The collaboratives are responsible for child find, public awareness, initial referral, service coordination, training and technical assistance and family support.

The Individuals with Disabilities Education Act guarantees children with disabilities, ages 3 to 21, the right to a free, appropriate public education delivered in the least restrictive environment. The New Jersey Department of Education administers state and federally funded aid programs for more than 1.3 million public and private elementary and secondary school children, and is responsible for ensuring that local schools comply with state and federal laws and regulations.

SPECIAL EDUCATION PROGRAMS

The Office of Special Education Programs, under the jurisdiction of the Division of Student Services, is responsible for the provision of special education and related services.

CHILD STUDY TEAMS

A child study team consists of a school psychologist, a learning disability teacher-consultant and a school social worker. For children age three to five, the child study team includes a speech correctionist or speech-language specialist. The child study team, with consent from the child's parents, evaluates the child and determines his or her eligibility for special education services.

Upon completion of the evaluation and prior to placement in special education, an Individualized Education Program, with stated goals and objectives, is written with the participation of the parents. According to New Jersey Administrative Code, a full continuum of alternative placements shall be available to meet the needs of children with educational disabilities.

Resources for employment and training vary depending on an individual's skill level and employability. Services for people with disabilities include vocational evaluation and assessment, training, counseling, education, job placement assistance, supported employment and support for entrepreneurs with disabilities.

VOCATIONAL REHABILITATION

The Division of Vocational Rehabilitation Services (DVRS), within the Department of Labor and Workforce Development, provides services to individuals of employable age with disabilities. Eligibility generally is based on the presence of a mental or physical disability that is an obstacle to employment, and a reasonable expectation that the division's services will help the individual become employable.

Vocational rehabilitation counselors work with individuals and their families to develop and carry out a plan for training and placement. If financial need is established, the division will purchase other rehabilitative services from private providers, such as further evaluation or counseling, training at a vocational center or technical school and on-the-job training.

TICKET TO WORK AND WORK INCENTIVES IMPROVEMENT ACT

Social Security's Ticket to Work Program is a free and voluntary program available to people ages 18 through 64 who are blind or have a disability and who receive Social Security Disability Insurance (SSDI) or Supplemental Security Income (SSI) benefits. The goals of the program are to offer beneficiaries with disabilities expanded choices when seeking service and supports to enter, re-enter, and/or maintain employment; to increase the financial independence and self-sufficiency of beneficiaries with disabilities; and to reduce and, whenever possible, eliminate reliance on disability benefits. While participating in the Ticket to Work Program, beneficiaries can get the help they need to safely explore their work options without immediately losing their benefits. Beneficiaries also can use a combination of work incentives to maximize their income until they begin earning enough to support themselves.

SELF-EMPLOYMENT

The New Jersey Division of Vocational Rehabilitation Services has developed a common policy and regulations regarding self-employment as a work option for people with disabilities. Individuals with an interest in becoming self-employed should present this option to their vocational rehabilitation counselor. If a solid business plan is put together, there may be capital investment available for a variety of start-up needs.

Eligible clients of the Commission for the Blind and Visually Impaired can obtain capital to start and manage businesses through the Commission's Business Enterprise Program. Support primarily consists of training in business management and assistance in establishing vending locations. However, assistance for other business ventures is possible. A solid business plan is required.

PERSONAL CARE ASSISTANT SERVICE (PCA)

PCA services are non-emergent, on-going health related tasks performed by qualified staff in an eligible NJ FamilyCare member's home. The purpose of the program is to accommodate long-term/chronic or maintenance health care by providing assistance with activities of daily living and household duties essential to the individual's health and comfort. Eligible NJ FamilyCare recipients may receive up to a maximum of 40 hours of PCA services per week. The number of hours authorized is based upon medical necessity, as determined by a nursing assessment. To apply, contact your NJ FamilyCare Managed Care Organization.

PERSONAL PREFERENCE PROGRAM (PPP)

PPP offers an alternate way for individuals to receive their NJ FamilyCare Personal Care Assistant (PCA) services. Using a self-directed model, this program enables eligible NJ FamilyCare recipients to direct and manage their PCA services rather than receiving traditional PCA agency services. To enroll, contact your NJ FamilyCare Managed Care Organization (MCO) Care Manager.

PERSONAL ASSISTANCE SERVICES PROGRAM (PASP)

PASP is a state funded program that provides routine, non-medical assistance to adults with disabilities who are employed, preparing for employment, involved in community volunteer work, or attending school. PASP allows consumers to receive up to 40 hours of service per week, therefore enabling them to maintain their independence in the community. Personal assistants help with such tasks as light housekeeping, bathing, dressing, meal preparation, shopping, driving or using public transportation. Consumers are able to coordinate their own services by managing a budget, hiring workers and making purchases directly through their account with the assistance of a fiscal intermediary service organization (FISO) or "business agent". To apply, please contact your county PASP consultant. (See page 1)

KINSHIP NAVIGATOR/KINSHIP CARE

The Kinship Navigator/Kinship Care is a program for people who have taken on the responsibility of caring for their relatives' children. It is an information and referral program established to help relatives navigate their way through the various governmental systems to find the local supports they need, including support groups, cash assistance, medical coverage, housing assistance, child care resources, and respite services.

The telephone numbers of the four Kinship agencies and the counties they serve are listed below:

- CarePlus NJ: (201) 797-2660 x 5645 (Bergen, Hudson, Morris, Passaic, Sussex, and Warren Counties)
- The Salvation Army: 973-373-5045 (Essex County)

SIGNS OF CHILD ABUSE

Child abuse is harm to, or neglect of, a child by another person, whether adult or child. Child abuse happens in all cultural, ethnic, and income groups. Child abuse can be physical, emotional, verbal, sexual, or through neglect. Abuse may cause serious injury to the child and may even result in death.

Signs of possible abuse include:

Physical Abuse

- Unexplained or repeated injuries, such as welts, bruises, or burns
- Injuries that are in the shape of an object (belt buckle, electric cord, etc.)
- Injuries not likely to happen given the age or ability of the child. (For example, broken bones in a child too young to walk or climb.)
- Disagreement between the child's and the parent's explanation of the injury
- Unreasonable explanation of the injury
- Obvious neglect of the child (dirty, undernourished, inappropriate clothes for the weather, lack of medical or dental care)
- Fearful behavior

Emotional and Verbal Abuse

- Aggressive or withdrawn behavior
- Shying away from physical contact
- Afraid to go home with parents or adults

Sexual Abuse

- Child tells you he/she was sexually mistreated
- Child has physical signs, such as:
 - difficulty in walking or sitting
 - genital or rectal pain, itching, swelling, bruises or other injuries in the genital or rectal area, redness, or discharge
 - stained or bloody underwear
- Child has behavioral and emotional signs, such as:
 - difficulty eating or sleeping
 - soiling or wetting pants or bed after being potty trained
 - acting like a much younger child
 - excessive crying or sadness
 - withdrawing from activities and others
 - talking about or acting out sexual acts beyond normal sex play for age

REPORTING CHILD ABUSE/NEGLECT

In New Jersey, any person having reasonable cause to believe that a child has been subjected to neglect or acts of abuse should immediately report this information to the State Central Registry (SCR). **If the child is in immediate danger, call 911 as well as 1-877 NJ ABUSE.** A concerned caller does not need proof to report an allegation of child abuse and can make the report anonymously.

INFORMATION TO PROVIDE THE SCREENER

SCR screeners are trained caseworkers who know how to respond to reports of child abuse/neglect. Whenever possible, a caller should provide all of the following information:

- **Who:** The child and parent/caretaker's name, age and address, as well as the name of the alleged perpetrator and that person's relationship to the child.
- **What:** Type and frequency of alleged abuse/neglect, current or previous injuries to the child, and what caused you to become concerned.
- **When:** When the alleged abuse/neglect occurred and when you learned of it.
- **Where:** Where the incident occurred, where the child is now and whether the alleged perpetrator has access to the child.
- **How:** How urgent the need is for intervention and whether there is a likelihood of imminent danger for the child.

Calls can be placed to the hotline anonymously.

APPENDIX 1: ACCESSIBLE PARKING PLACARD OR PLATES

Accessible parking rights may be granted to individuals with both permanent and temporary mobility impairments.

Temporary Accessible Parking Placards:

- May be granted for short-term mobility impairments
- Require written medical certification from a qualified practitioner.
- Are valid for six months
- Are renewable one time at the discretion of the issuing authority
- Are issued by the Chief of Police of each municipality.

Permanent Accessible Parking Placards or Plates: To qualify for a permanent accessible placard or plates, you must:

- Have lost the use of one or more limb
- Have a permanent disability and be unable to move without the use of an assistive device
- Have your mobility limited as certified by a physician
- Have a permanent sight impairment of both eyes as certified by the N.J. Commission of the Blind (placard only)

Note: Non-disabled drivers who are transporting persons who meet the criteria above may also use the Accessible parking privileges, but only when the person with the qualifying disability is in the car. Also, plates or placard must be accompanied by the companion “person with a disability ID” card at all times.

Revisions to the NJ Accessible Parking Laws, effective August 1, 2013:

- The term “handicapped” was replaced with “person with a disability” to reflect person first language.
- Permanent person with a disability identification cards and placards are now required to be renewed every three years.
- The certification of a medical professional is required for the issuance and/or renewal of all persons with a disability ID cards/placards.
- All placards will be issued with a prominently printed and displayed expiration date.
- 1 in every 6 accessible parking spaces must be van accessible; this is an increase from the previous standard, which required 1 in every 8 spaces to be van accessible.

Important Notes:

- Parking in the access aisles, the striped areas adjacent to accessible parking spaces, is always illegal. That space is required for wheelchair accessibility, ramps, etc.

APPENDIX 2: SPECIAL NEEDS ADOPTION AND FOSTER CARE

NEW JERSEY SUBSIDIZED ADOPTION PROGRAM

Many children are waiting for loving homes. The NJ Subsidized Adoption Program offers financial assistance to suitable prospective adoptive parents who seek to adopt certain children, including children with disabilities.

CHILDREN WAITING FOR ADOPTION:

- Are older, or of a race or ethnic group for which adoptive homes are not readily available;
- May have a significant physical, intellectual or emotional disability;
- May need medical treatment or special services, equipment or training;
- May be part of a group of siblings who should be kept together;

- May be over five years old, living with a foster family for at least 12 months.

SUBSIDIES TO ADOPTIVE FAMILIES CAN PROVIDE:

- A regular monthly payment including clothing allowance to help parents meet daily needs.
- Payment covering the legal fees related to the adoption.
- NJ FamilyCare coverage for the child to assist with any condition that is not covered by the family’s insurance.
- A special subsidy for a specific medical, health or equipment need.
- Out of State Medical coverage (for most states).
- Post adoption counseling support services.

REQUIREMENTS OF ADOPTIVE FAMILIES

- Must be at least 18 years old and 10 years older than the child to be adopted
- You may be single, married, in a domestic partnership or civil union
- Must be a New Jersey resident, or reside in a state with a cooperative agreement

- Must be in reasonably good physical and emotional health with the long-term ability to provide day-to-day care for the child
- Must be financially able to support the needs and care of the adopted child

APPENDIX 3: PEOPLE FIRST LANGUAGE

In speaking or writing, remember that children or adults with disabilities are like everyone else except they happen to have a disability. Therefore, here are a few tips for improving your language related to disabilities:

- Emphasize abilities, not limitations.
- Do not label people as part of a disability group; don't say "the disabled", say "people with disabilities".
- Don't give excessive praise or attention to a person with a disability; don't patronize them.

- Choice and independence are important; let the person do or speak for him/herself as much as possible; if addressing an adult, say Bill instead of Billy.
- A disability is a functional limitation that interferes with a person's ability to walk, hear, talk, learn, etc.; use handicap to describe a situation or barrier imposed by society, the environment or oneself.

**It is the individual first,
then the disability.**

Say...

child with a disability
person with Cerebral Palsy
person who is deaf or hard of hearing
person with an intellectual disability
person with epilepsy or person with seizure disorder
person who has
without speech, non-verbal
developmental delay
mental illness
uses a wheelchair
with Down syndrome
has a learning disability
non-disabled
has a physical disability
congenital disability
condition
seizures
cleft lip
mobility impaired
medically involved, or has chronic illness
paralyzed
of short stature

Instead of...

disabled or handicapped person
palsied, or C.P., or spastic
deaf and dumb
retarded
epileptic
afflicted, suffers from, victim
mute, or dumb
slow
crazy or insane
confined to a wheelchair
Mongoloid
is learning disabled
normal, healthy
crippled
birth defect
disease
fits
hare lip
lame
sickly
invalid or paralytic
dwarf or midget

APPENDIX 5: SERVICE DOGS

The Americans with Disabilities Act defines a service animal as any guide or signal dog used to provide assistance to an individual with a disability.

Under the Americans with Disabilities Act (ADA) and the New Jersey Law Against Discrimination (NJLAD), a place of public accommodation cannot refuse admittance of a service dog when it is accompanying a person with a disability. The ADA/NJLAD requires that places of public accommodation (which include privately-owned businesses that serve the public) allow people with disabilities to bring service dogs into any area in which customers are generally allowed.

The ADA/NJLAD does not require that a service dog be certified or have special identification, but it is not inappropriate for a business to ask if a dog that does not have an identifying vest or a special harness is a service animal rather than a pet. The business may not, however, insist on proof of certification before permitting admittance of a service dog accompanying a person with a disability.

It is a violation of the ADA/NJLAD for a business to charge a cleaning or maintenance fee when a person with a disability has brought a service dog into the place of business. However, the owner of the animal has sole responsibility for its behavior and may be charged for any damages the animal causes as long as the business has a policy of charging non-disabled customers for damages that they cause. Likewise, it is not a violation of the ADA/NJLAD to exclude a service dog from a place of public accommodation if the animal behaves in a loud, threatening, or uncontrolled manner, creating a substantial disturbance or posing a direct threat to the safety of others.

APPENDIX 6: Disaster Preparedness Checklist for People with Disabilities

The following list is intended to provide suggestions for disaster preparedness planning that may be taken by individuals with disabilities:

Self-Networks

- Discuss your disability and needs with relatives and friends.
- Develop a network of people who know your needs and location, who will be able to assist you or alert emergency personnel on your behalf. Do not depend on only one person.

Medical Equipment and Supplies

- Evaluate equipment for repairs and obtain and keep spare parts.
- Order the full allotment of supplies that your insurance allows, such as protective briefs, leg bags, suction tubing, hearing aid batteries, etc. Stockpile unused items.
- Assemble a first aid kit. It should include: sterile adhesive bandages in assorted sizes, assorted sizes of safety pins, cleansing agents/soaps, latex gloves (2 pairs), 4-6 sterile gauze pads (2-inch and 4-inch), three triangular bandages, non-prescription drugs, three rolls each of 2 and 3 inch sterile roller bandages, scissors, tweezers, needle, moistened towelettes, antiseptic, thermometer, two tongue depressors, and a tube of petroleum jelly or other lubricant.

Medications and Medical Needs

- Create a list of current prescriptions, names and dosages. Remember to update this list, as needed.
- Keep a list of the names, addresses, and telephone numbers of doctors and pharmacists.
- Prepare a detailed description of your medical regimen and personal care needs.
- Order a full 30-day supply of necessary medications. Check with your insurance carrier.

Telecommunications

- Make sure your cell phone battery and any extra batteries are kept fully charged.
- Pre-arrange alternative methods to reach family, friends, or personal care attendants if ordinary communications are disrupted.

Personal Assistant Care

- Consider checking into a nursing home or hospital if a disaster is anticipated. Staff will be available to meet personal care needs. Also, back up generators will be operating to assist people who use power wheelchairs and/or ventilators.
- Contact your personal care attendant provider to discuss disaster preparedness and maintain a list of phone numbers of those who can assist in obtaining personal care for you.

Food and Water

- Two quarts of water per person are needed for drinking daily.
- Two quarts of water per person are needed for food preparation and sanitation daily.
- Keep a supply of canned, dehydrated, and no-cook foods.
- Keep cases of nutrients available for tube feeding.
- Keep foods for special dietary needs, such as diabetic and high caloric diets.

Service Dog

- The animal always should wear an identification tag with all necessary contact information.
- Keep shots and medical records current and service animal ID numbers available.
- Your animal will need plenty of food and water, kept in sturdy storage containers.
- Consider large capacity self-feeders and water dispensers.
- Keep contact information on your service animal's veterinarian available.
- Check with your local emergency management officials for companion animal procedures in emergency shelters.

APPENDIX 6: Disaster Preparedness (continued)

Power

- ___ Extended power outages may affect ventilators, heating and/or cooling units, which may be a matter of life or death for some people with disabilities.
- ___ Investigate emergency contingency plans in your building/community/municipality.
- ___ Explore care facilities, especially if you use a ventilator or have other complex medical needs.
- ___ Consider staying with friends or family out of your area if you anticipate possible power outages, especially if you have medical equipment that is dependent upon power.
- ___ Contact your local fire department and Red Cross for information and registries of people with disabilities.

Oxygen

- ___ Buildings where oxygen is kept must display an “Oxygen in Use” emblem.
- ___ Oxygen must be kept in containers specifically manufactured for that purpose.
- ___ Alert emergency response staff to the use of oxygen.
- ___ Oxygen is flammable, so avoid sparks and flame. Demand that people not smoke near an oxygen container.

Miscellaneous

- ___ Keep battery-operated flashlights and/or lanterns with lots of extra batteries.
- ___ Blankets and warm clothes should be packed in an emergency.
- ___ Keep the gas tank in your car full.
- ___ Have a battery-powered radio and extra batteries on hand.
- ___ Keep ample cash on-hand. ATMs and banks may not function during power outages.
- ___ Have a non-electric can opener.
- ___ Keep a supply of assorted plastic bags.

APPENDIX 7: TRAVELING WITH A DISABILITY

Air Carrier Access Rules (See page 35) lift many restrictions that formerly discriminated against passengers with disabilities, and all carriers are now required to have a Complaints Resolution Officer (CRO) immediately available to resolve disputes between carriers and passengers with disabilities. While airlines may not require passengers with disabilities to provide advance notice of their disability or intent to travel (except in some very specific circumstances), doing so may in some cases help to avoid inconvenience. The following is a list of suggestions for air travelers with disabilities:

PHYSICAL DISABILITY

- Ask the screener for assistance with your mobility aid and carry items.
- Let the screener know your level of ability and your need for physical assistance.
- Inform the screener about any special equipment or devices that you are using and where this equipment is located on your body.
- Ensure that all bags hanging from, or carried on, your wheelchair are put on the X-ray belt.
- Ask the screener to reunite you with your carry items and assistive devices after screening.
- Request assistance with removing your shoes when additional screening is necessary.

HEARING DISABILITY

- Ask the screener to write the information down or to look directly at you and repeat the information.

VISUAL DISABILITY

- Ask the screener to explain the security process to you step by step and to let you know where the metal detector is located.
- Ask the screener to let you know when you will be going through the metal detector and when there are obstacles that you will need to avoid.
- Ask the screener to find someone to escort you through the security process.
- Ask the screener to perform a hand inspection of equipment to prevent damage and to direct you toward your gate once the screening has been completed.

HIDDEN DISABILITY

- Advise screeners that you have a disability and may need some assistance, or need to move slower.
- Offer suggestions to screeners on the best way to approach you during a pat-down inspection.
- Notify the screener if you need to sit down before and/or during the screening process.

TRAVELING WITH MEDICAL SUPPLIES/DEVICES

- Notify the screener that you are carrying medical supplies with you.
- Medications must be properly marked with a professionally printed label identifying the medication or manufacturer's name or pharmaceutical label.
- Notify screeners if you are using any surgically implanted medical device (i.e., insulin pumps, prosthetics, or artificial joints).
- Advise screeners if you are experiencing low blood sugar and are in need of medical assistance.
- Pacemaker users may wish to carry a Pacemaker Identification Card (ID).
- Crutches, canes and walkers will need to go through the X-ray machine. The screener will perform a hand inspection of your equipment if it cannot fit through the X-ray machine. You can ask for a private screening for the inspection of your prosthetic device or body brace.
- Notify screeners if you need assistance, such as a chair or someone to assist you during the inspection of your prosthetic devices or body braces.
- Tools and appliances used to put on or take off prosthetic devices must be screened.

TRAVELING WITH SERVICE ANIMALS

- Carry appropriate identification. Identification may include: cards or documentation, presence of a harness or markings on the tags. Service dogs and their harnesses or vests are subject to inspection.
- Advise the screener how you and your dog can go through the metal detector as a team with the leash and/or harness. If necessary, remind the screener that you should not be separated from your dog.

APPENDIX 8: FAMOUS ADA CASES

BRAGDON V. ABBOTT (1998)

The Supreme Court found that, even when HIV has not progressed to AIDS, it still constitutes a disability, as the virus significantly impairs the life activity of reproduction.

PENNSYLVANIA DEPARTMENT OF CORRECTIONS V. YESKEY (1998)

The Court ruled that state prisons must comply with Title II of the ADA, as they are public entities.

WRIGHT V. UNIVERSAL MARITIME SERVICE CORP (1998)

The Supreme Court ruled that a general arbitration clause in a collective bargaining agreement does not require an employee to use the arbitration procedure for an alleged ADA violation.

ALBERTSONS, INC. V. KIRKINGBURG (1999)

The Supreme Court held that circumstances mitigating the determination of disability include not only devices and medications, but also an individual's ability to compensate for their impairment.

CLEVELAND V. POLICY MANAGEMENT SYSTEMS (1999)

The Supreme Court ruled that pursuing and/or receiving Social Security Disability Insurance benefits does not automatically prevent an individual from pursuing an ADA claim, nor do such SSDI benefits presume against the recipient's ADA success.

MURPHY V. UNITED PARCEL SERVICE (1999)

The Court found that a UPS worker's high blood pressure did not significantly limit his life activities when the worker was medicated, and that he was, therefore, not disabled.

OLMSTEAD V. L.C. (1999)

The Supreme Court ruled that to stop or to avoid discriminatory activity, the state may place people with disabilities in community settings rather than in institutions, when the state's treatment professionals find the placement appropriate, the affected person is not against the shift from an institutional to a community setting, and the placement can be reasonably accommodated.

SUTTON V. UNITED AIRLINES (1999)

The Supreme Court found that determination of disability must include measures that might mitigate a disability, such as, in this case, eyeglasses for those with visual impairments.

EEOC V. WAFFLE HOUSE, INC. (2002)

The Court ruled that a private arbitration agreement between an individual and that individual's employer does not prevent the EEOC from filing a court action in its own name and recovering monetary damages for the individual.

LANE V. TENNESSEE (2004)

The Court ruled that courthouses must adhere to Title II of the Americans with Disabilities Act - which guarantees access to public facilities and services - and that individuals may sue states for failing to provide access to courts.

SPECTOR V. NORWEGIAN CRUISE LINE (2004)

The Supreme Court ruled that foreign run and owned cruise ships serving US ports must comply with the public accommodations requirements of the American with Disabilities Act.

APPENDIX 10: Accessible Communication

New Jersey Relay

A free service administered by the NJ Board of Public Utilities (BPU) in collaboration with Sprint, to ensure equal communication access to telephone service for people who are deaf, deaf-blind, hard-of-hearing, or speech disabled. The service allows callers to communicate with standard (voice) telephone users through specially trained Relay Operators (OPR). Dial 711 to use NJ Relay.

COMMUNICATION OPTIONS AVAILABLE THROUGH NJ RELAY

Text Telephone Relay (TTY)

Allows individuals using a TTY to type their conversation to the OPR, who then reads the typed conversation to a standard telephone user. TTY equipment is also available with braille or large visual displays for individuals who are visually impaired.

Hearing Carry-Over (HCO)

Allows a speech disabled person with hearing capabilities to listen to a standard telephone user and type his/her conversation to the OPR, who will voice the message to the standard telephone user.

Video Relay Service (VRS)

Enables individuals who use sign language to com-

municate via a certified Video Interpreter via the internet, using any device equipped with a front facing camera or webcam. The interpreter voices the signed conversation over the phone – in real time – to the standard telephone users.

Internet Protocol Relay (IP Relay)

Enables individuals to use any device connected to the internet to type their conversation to an OPR who then reads the conversation to a standard telephone user. Spanish translation is also available.

Relay Conference Captioning (RCC)

Enables individuals to participate in meetings, phone calls, videoconferences and multi-party conference calls using live, real-time text streamed to a computer connected to the Internet.

Captioned Telephones (CapTel), Web CapTel, Wireless CapTel

Allows users to listen, speak directly to the caller, and read captions of the caller's response either through a captioned telephone device (CapTel), via a computer with internet access (Web CapTel), or wirelessly using a mobile device. Spanish translation is available.

For additional information, contact the NJ Division of the Deaf and Hard of Hearing at 609-588-2648 or visit www.njrelay.com.

GLOSSARY

A

Accessible: Usable to an individual with a disability

Accommodation: An adjustment, alteration, or addition to an environment, a situation, or a piece of equipment, which enables a person with a disability to utilize it in a manner equivalent to that of a person without a disability

Acquired Immune Deficiency Syndrome (AIDS):

A defect of the immune system caused by the blood-borne HIV virus, causing vulnerability to various infections, malignancies, and neurological diseases

Addiction: Genetically and/or psychosocially impaired ability to control the use of a substance, preoccupation with the substance, distorted perceptions about the substance, and continued use of the substance despite adverse consequences

Alzheimer's Disease: Brain disease of unknown cause in which nerve cells in the brain die, causing progressive, irreversible deterioration of memory and other intellectual functions, language skills, and ability to perform routine tasks

Amyotrophic Lateral Sclerosis (ALS): A progressive, degenerative disease of the motor neurons of the central nervous system, causing muscular weakness, atrophy, and spasticity. Ten percent of cases are genetic, the other ninety percent are of unknown origin

Anorexia Nervosa: Eating disorder primarily characterized by an excessive, voluntary loss of weight and refusal to maintain minimal normal body weight

Aphasia: A communication disorder that results from damage to the parts of the brain that contain language. Aphasia may cause difficulties in speaking, listening, reading, and writing, but does not affect intelligence.

Area of Refuge: Designated safe place for a person with a disability to await assistance during an emergency evacuation of a building or vessel

Arthritis: Disease of the joints and connective tissues, which can have numerous causes, creating pain, swelling, and limited range of movement

GLOSSARY

Asperger's Syndrome: A pervasive developmental disorder in which the individual often has above-average intellectual ability, but may experience ongoing difficulties with social interaction, empathy, logic, and understanding non-verbal cues.

Assistive Technology: Equipment or services which increase, maintain, or improve the functional capability of an individual with a disability

Asthma: Chronic respiratory disorder characterized by episodes of coughing, wheezing, and difficulty in breathing because of inflamed and obstructed bronchial tubes. Among the triggers are allergies, chemical irritation, and/or emotional stress

Attention Deficit Disorder (ADD): Neurological disorder characterized by distractibility, forgetfulness, inability to concentrate, poor attention span, and impulsiveness

Attention Deficit/Hyperactivity Disorder (ADHD): Neurological disorder which has the same characteristics as Attention Deficit Disorder, but which also includes hyperactivity

Autism: Neurological disorder of unknown origin which generally manifests before the age of 3. Social and communication skills are impaired, and symptoms such as self-injury, aggression, voluntary repetitive body movements, intense attachment to objects, and sensory processing difficulties may be present

Autoimmune Disorder: A variety of disorders which are the result of the body producing an inappropriate immune response against its own tissues. The causes are generally unknown, but symptoms can include episodic or chronic inflammation and pain, as well as tissue and/or organ damage

B

Bi-Polar Disorder: A mental disorder which is characterized by alternations between manic and depressive moods with consequent changes in thinking and behavior. Commonly called Manic-Depression

Blind: Legal blindness is regarded as visual acuity of 20/200 or less in the better eye with correction, or a field of vision no greater than 20 degrees at its widest point

Bulimia: Eating disorder characterized by episodes of binge eating, followed by compulsive purging, usually through vomiting, consumption of laxatives, and/or excessive exercise

C

Celiac Sprue: A genetic disorder which is characterized by an extreme sensitivity to gluten – the protein in some grains – which can produce damage to

the small intestine. This damage can impair absorption of nutrients, resulting in malnutrition.

Cerebral Palsy: Injury to the motor areas of the brain, at or prior to birth, resulting in a non-progressive impaired ability to control movement and posture

Chronic Fatigue Syndrome: Illness of uncertain cause characterized by fatigue, weakness, malaise, muscle pain, and lymph node swelling

Congenital: A condition which is present at birth, but which has a non-hereditary cause

Cognitive Disability: Impaired ability to think, concentrate, reason, and remember

Crohn's Disease: Condition of unknown origins, characterized by chronic painful inflammation of the intestinal tract

Communication Disorder: is impairment in the ability to receive, send, process, and comprehend concepts or verbal, nonverbal and graphic symbol systems

Cystic Fibrosis: A hereditary disease which affects the respiratory system, pancreas, and sweat glands. It is characterized primarily by the excessive production of thick mucus, which results in chronic respiratory infections and impaired breathing

D

Deaf: Hearing loss severe enough to prevent, with or without amplification, the processing of linguistic information. Specifically, a hearing deficiency above 25 db ISO in the 500-2000 frequency Hz range unaided in the better ear

Developmental Disability: Permanent cognitive and/or physical impairment, which occurs before the age of 22, and which substantially limits the individual in three or more major life activities

Diabetes: Condition characterized by abnormal blood sugar levels resulting from impaired functioning of the pancreas

Disability: A physical or mental impairment that substantially limits a major life activity, such as walking, talking, seeing, hearing, caring for oneself, breathing, learning, or working

Down Syndrome: Congenital disorder caused by an extra 21st chromosome, which causes intellectual developmental disabilities and distinctive physical characteristics

Dwarfism: Short stature, resulting from a genetic or medical condition. It is generally defined as an adult height of 4 feet ten inches or less. A common term for an individual with dwarfism is "little person"

GLOSSARY

E

Eating Disorder: Psychological disorder characterized by a distorted body image and a dysfunctional relationship with food, often resulting from feelings of low self-worth and powerlessness. The individual may overeat, undereat, and/or purge in an effort to self-soothe and to control body shape

Emphysema: Disease of the lungs, characterized primarily by labored and inefficient breathing, in which the air sacs (alveoli) become distended and therefore limited in their functioning

Epilepsy: Chronic condition produced by temporary changes in the electrical functioning of the brain, characterized by recurrent brief episodes of convulsive movements, alterations in consciousness, and/or sensory phenomena

F

Fetal Alcohol Spectrum Disorder: A preventable set of physical, craniofacial, mental, and neurobehavioral impairments associated with alcohol consumption by the mother during pregnancy

Fibromyalgia: Disease of unknown origin characterized by the persistent presence of non-physically damaging pain that moves throughout the muscles, joints, ligaments, and tendons of the body

G

Genetic Disorder: A pathological condition resulting from a defective inherited gene

H

Hemiplegia: Paralysis of one side of the body

Human Immunodeficiency Virus (HIV): Virus which can damage the immune system and lead to AIDS

Huntington's Disease: Genetic disease which causes a pre-programmed degeneration of brain cells. Initial symptoms, usually appearing in young to mid-adulthood, include mood swings, forgetfulness, and lack of coordination. They are followed by involuntary movements, deterioration of swallowing and speaking ability, and loss of cognitive ability

I

Intellectual Disability: A developmental disability which is characterized by below-normal intellectual/cognitive functioning, causing impairment in learning, social adjustment, maturation, and acquisition of life skills.

L

Learning Disability: A group of disorders which includes such conditions as dyslexia, developmental

aphasia, perceptual disabilities, brain injury, and minimal brain dysfunction, which may disrupt the process of listening, speaking, reading, writing, spelling, or doing mathematical calculations

Lupus: Chronic, progressive disease of unknown cause, which is primarily characterized by scaling and ulceration of the skin. In about 10% of affected individuals, symptoms may also include inflammation of the joints and mucous membranes and disruption of kidney and nervous system function

M

Medigap: Insurance which supplements Medicare benefits by paying some of the costs and covering some of the services not covered by Medicare

Multiple Chemical Sensitivity: Condition marked by a variety of symptoms, such as respiratory distress, migraines, nausea, fatigue, irritation of the mucous membranes and/or skin, cognitive difficulties, and/or disordered sleep. The onset generally occurs in response to a major or chronic chemical exposure, then broadens to include sensitivity to common chemicals and irritants found throughout the individual's environment

Multiple Sclerosis: Disease of the central nervous system which generally has its onset in young to mid-adulthood. Degradation of the sheaths of nerves causes relapses and remissions of weakness, pain, and/or numbness in the limbs, disrupted vision, and urinary tract dysfunction. It's cause is unknown

Muscular Dystrophy: Group of genetic diseases characterized by progressive weakness and degeneration of the skeletal or voluntary muscles which control movement

O

Obsessive-Compulsive Disorder: Psychological condition, which may have a neurological basis, characterized by repetitive ideas or impulses which may be unwanted, irrational, and performed against the person's wishes

P

Paraplegia: Paralysis of the legs and the lower trunk
Parkinson's Disease: Chronic disease of the central nervous system characterized by tremors, muscular weakness and rigidity, and an unsteady gait. Symptoms are caused by a deficiency of the brain chemical dopamine, but the cause of the deterioration of the dopamine-producing nerve cells is unknown

Pervasive Developmental Disorder (PDD): Umbrella term for five neurological disorders - Autism, Asperger's Syndrome, Childhood

GLOSSARY

Disintegrative Disorder, Rett's Syndrome, and PDD-Not Otherwise Specified, all of which impair social and communication skills

Post-Polio Syndrome: Array of possible symptoms which occur in about 25% of individuals who have been infected with polio. These symptoms generally manifest 20 to 40 years after the onset of the infection and after a recovery period of at least 10 years, and may include muscle pain, weakness, tics, respiratory difficulties, disordered sleep, gastrointestinal and/or swallowing problems, neuropathy, arthritis, scoliosis, and osteoporosis

Post-Traumatic Stress Disorder: Psychological condition which develops in response to an overwhelmingly traumatic event which is generally outside the range of usual human experience. Symptoms can include flashbacks, fear of dying, rage, and panic attacks

Q

Quadriplegia: Paralysis of all four limbs and the trunk. Also called tetraplegia

R

Reasonable Accommodation: Modification or adjustment to a job application process or work environment which allows a person with a disability to enjoy the same benefits and opportunities enjoyed by similarly situated people without disabilities

Reflex Sympathetic Dystrophy (RSD): Chronic nerve disorder that generally has its onset in the body at the site of an injury, and which often spreads to other areas of the body. Characterized by burning pain, extreme sensitivity to touch, tissue swelling, and pathological changes in bone and skin

S

Schizophrenia: Brain disease of unknown cause which typically has its onset in adolescence or young adulthood. Characterized by thought disorders, delusions, and hallucinations. An affected individual may experience excessive or lack of emotional expression, as well as paranoia and disrupted interpersonal relationships. Symptoms can in some cases be managed by medication and supportive counseling

Scleroderma: Disease of unknown cause in which the dermis layer of the skin is replaced by collagen, causing toughness and discomfort. This process can also involve the heart, lungs, kidneys, and intestinal tract, interfering with the functioning of these organs

Self-Determination: The entitlement of individuals with disabilities to control their own lives, pursue

self-defined goals, and participate fully in society

Service Animal: Animal trained to provide assistance to an individual with a disability

Sickle Cell Anemia: A genetic disorder of the blood, characterized by red blood cells that assume an abnormal rigid sickle cell shape. This decreases the cells' functionality, resulting in a variety of complications, such as anemia, pain, and frequent infections

Speech to Speech (STS): Telephone relay service mandated by the Federal Communications Commission, which provides translation for individuals with speech disabilities. A communication assistant, specially trained to understand the speech of people with a wide variety of speech disabilities, listens to the speaker who has the speech disability and restates verbatim to a third party what that person has said

Spina Bifida: Congenital condition caused by the failure of the spine to close properly during the first month of pregnancy. This may result in mobility impairment, bladder/bowel problems, and/or hydrocephalus

Spinal Cord Injury: Damage to the spinal cord, which results in temporary or permanent loss of sensation, motor control, and/or bladder and bowel control

Stroke: Sudden neurological impairment caused by a hemorrhage or blood clot in the brain. Temporary or permanent loss of vision, speech, mobility, and/or consciousness may result

T

Tourette Syndrome: A disorder of the nervous system which may cause "tics," which are repetitive involuntary movements and vocalizations. Tics can vary in severity, frequency, and type, and can be intensified by physiological and emotional stressors. Some individuals with this condition may also have other symptoms, such as obsessive compulsive disorder, anxiety disorder, and attention deficit disorder

Traumatic Brain Injury: Injury to the brain which may impair cognitive or physical functioning, disturb behavior or moods, and/or produce an altered state of consciousness

Triplegia: Paralysis of three limbs

V

Visually Impaired: Vision which is no better than 20/70 with correction, but not worse than 20/200 with correction. To have less visual acuity than 20/200 with correction constitutes legal blindness
