37 Belvidere Avenue
Washington, NJ 07882
(908) 223-1985

Main Contact: Ingrid Fernandez
ifernandez@fgcwc.org

New Jersey Regional Coalition Initiative

Seventeen regionally-based prevention coalitions are working together to reduce the use and misuse of alcohol and drugs among the citizens of New Jersey. These county-wide coalitions are committed to collaborating with community partners including municipal alliances, law enforcement, faith-based organizations, education departments, treatment agencies, local legislators, health departments, healthcare providers and other local level community agencies to make New Jersey a healthier place to live. The Regional Coalitions also coordinate their efforts with other Drug Free Community Support Programs in New Jersey.

The following is a list of New Jersey's Regional Coalitions and their respective counties:

- **Atlantic and Cape May Counties** – Cape Atlantic Bridge Coalition
- **Bergen County** – Bergen County Prevention Coalition
- **Burlington County** – Burlington County Coalition for Healthy Communities
- **Camden County** – Community Alliance Network (C.A.N.) Drug Free Community Coalition
- **Cumberland and Salem Counties** – Salem-Cumberland Regional Action Toward Community Health (SCRATCH)
- **Essex County** – Alcohol & Drug Abuse Prevention Team (ADAPT)
- **Gloucester County** – Gloucester County Regional Substance Abuse Prevention Coalition (GRASP)
- **Hudson County** – Hudson County Coalition for a Drug-Free Community (HCCDFC)
- **Hunterdon and Somerset Counties** – Safe Communities Coalition of Hunterdon and Somerset
- **Mercer County** – Prevention Coalition of Mercer County (PCMC)
- **Middlesex County** – The Coalition for Healthy Communities
- **Monmouth County** – Prevention Coalition of Monmouth County
- **Morris County** – Community Coalition for a Safe and Healthy Morris (CCSHM)
- **Ocean County** – DART Prevention Coalition
- **Passaic County** – United for Prevention in Passaic County (UPinPC)
- **Sussex and Warren Counties** – Coalition for Healthy and Safe Communities
- **Union County** – Health and Wellness Coalition of Union County (HAWC)

The following prevention priorities have been identified by the DMHAS' Prevention Strategic Planning Committee and through community needs assessments:

1. Reduce underage drinking
2. Reduce the use of illegal substances - with a special focus on reducing the use of opioids among young adults 18-25 years of age
3. Reduce prescription medication misuse across the lifespan
4. Reduce the use of new and emerging drugs of abuse across the lifespan

In 2018, Regional Coalitions have expanded their prevention efforts to focus on Young Athletes and the use/misuse of Opioids using the "Tackling Opioids through Prevention (T.O.P.)" Toolkit. To learn more about this initiative, please contact your local regional coalition.
