I. Purpose and Intent

This Request for Proposals (RFP) is issued by the New Jersey Department of Human Services (DHS), Division of Mental Health and Addiction Services (DMHAS) for the Projects for Assistance in Transition from Homelessness (PATH) program which serves adults with a serious mental illness or have a co-occurring serious mental illness and substance use disorder who are homeless or at risk of homelessness. Total annualized funding is $54,134 subject to State and federal appropriations. DMHAS anticipates making one award in Hunterdon County. This funding opportunity is not an expansion of services. It is a rebidding of existing funding.

The following summarizes the RFP schedule:

5/3/17 Notice of Funding Availability
5/22/17 Mandatory Bidders Conference
6/19/17 Deadline for receipt of proposals - no later than 4:00 p.m.
7/27/17 Preliminary award announcement
8/3/17 Appeal deadline
8/10/17 Final award announcement
10/1/17 Anticipated contract start date

PATH services will facilitate the delivery of mental health and related supportive services through street outreach and case management service delivery to the target homeless populations in Hunterdon County. The legislation contained within the Public Health Services Act Title 42 of the U.S. Code “The Public Health and Welfare,” Chapter 6a “Public Health Service,” Subchapter III-A, Part C-Projects for Assistance in Transition from Homelessness, identifies the target population of individuals who:

1. Are suffering from serious mental illness, or are suffering from serious mental illness and from substance abuse; and
2. Are homeless or at imminent risk of becoming homeless.

The term “homeless individual” is defined as follows: Individuals and families who lack a fixed, regular, and adequate nighttime residence; includes a subset for an individual who resided in an emergency shelter, or a place not meant for human habitation, or who is exiting an institution where he or she temporarily resided; as well as individuals who are fleeing or are attempting to flee domestic violence, dating violence, sexual assault, stalking, or other dangerous or life threatening conditions that relate to violence against the individual or a family member.

An individual is determined to be at “imminent risk for homelessness” when meeting one or more of the following criteria: doubled up living arrangement where the individual’s name is not on the lease, living in a condemned building without a place to move, arrears in rent/utility payments, having received an eviction notice without a place to move, living in a temporary or transitional housing that carries time limits, and persons living in substandard conditions.
The objectives of the PATH program include but are not limited to:

A. Increasing the number of homeless persons contacted through street outreach.
B. Increasing the percentage of those contacted through street outreach who accept PATH services.
C. Increasing the percentage of enrolled PATH consumers who are linked to community mental health treatment services, housing and other community services.

No funding match is required; however, bidders will need to identify any other sources of funding, both in-kind and monetary, that will be used. Bidders may not fund any costs incurred for the planning or preparing a proposal in response to this RFP from current DHS/DMHAS contracts.

II. Background and Population to be Served

Projects for Assistance in Transition from Homelessness (PATH) program was authorized by the Stewart B. McKinney Homeless Assistance Amendments Act of 1990, Public Law 101-645. In 1991, Federal PATH funds were allocated in the form of block grants to provide financial assistance to the States to support services for individuals who are suffering from serious mental illness or serious mental illness and co-occurring substance use disorder, and who are homeless or at imminent risk of becoming homeless. The program funds community-based outreach, mental health, substance abuse, case management and other support services, as well as a limited set of housing services.

PATH is administered by the Center for Mental Health Services (CMHS) Homeless Programs Branch, a component of the Substance Abuse and Mental Health Services Administration (SAMHSA) within the U.S. Department of Health and Human Services, in accordance with the Public Health Service Act, Title V, Part C, Section 521, as amended, 42 U.S.C 290cc-21 et seq. PATH allocations are made annually on a formula grant basis to States, based on the number of individuals residing in urbanized areas in the State as a percentage of the total United States population in urban areas. The New Jersey State PATH program is then administered by DMHAS to contracted service providers within a majority of the counties in the state. The state provides additional state appropriations to enable PATH service delivery in the remaining counties, including Hunterdon County.

The goal of the PATH program is to provide outreach, case management and other services that will enable adults, ages 18 and over, who are homeless or at imminent risk of homelessness and have a serious mental illness, to engage in mental health treatment to improve their mental health functioning. PATH programs should serve as the front door to services developed through the Continuum of Care process and to mainstream mental health, primary healthcare, and substance abuse service systems. Providers are expected to serve a high percentage of literally homeless persons (a
person who lacks housing, is living in a place not meant for human habitation, or is in an emergency shelter) and are required to actively participate in the Continuum of Care process through the local County Emergency Assessment System (CEAS) committee, as well as provide outcome and performance data through the Homeless Management Information System (HMIS).

During the Point in Time (PIT) Count in January of 2016, there were 133 literally homeless individuals identified in Hunterdon County. The 2016 PIT Count report indicates that 54.8% of chronically homeless individuals reported having a disability of serious mental illness.

III. Who Can Apply?

To be eligible for consideration for this RFP, the bidder must satisfy the following requirements:

- The bidder must be a non-profit entity or governmental entity;
- For a bidder that has a contract with DMHAS in place when this RFP is issued, that bidder must have all outstanding Plans of Correction (PoC) for deficiencies submitted to DMHAS for approval prior to submission;
- The bidder must be fiscally viable based upon an assessment of the bidder's audited financial statements. If a bidder is determined, in DMHAS' sole discretion, to be insolvent or to present insolvency within the twelve (12) months after bid submission, DMHAS will deem the proposal ineligible for contract award;
- The bidder must not appear on the State of New Jersey Consolidated Debarment Report at http://www.state.nj.us/treasury/revenue/debarment/debarsearch.shtml or be suspended or debarred by any other State or Federal entity from receiving funds;
- The bidder shall not employ a member of the Board of Directors in a consultant capacity and
- The bidder must attend the Mandatory Bidders conference as described in the RFP.

IV. Contract Scope of Work

Services that may be supported under this proposal include the following:

A. Outreach - The processes involved in bringing into treatment individuals who do not access traditional services. Effective outreach utilizes strategies aimed at engaging persons to participate in the needed array of services. Outreach involves identification of individuals in need, screening, development of rapport, offering support while assisting with immediate and basic needs, and referral to appropriate resources. Outreach results in increased access to and utilization of community services by people who are homeless and have mental illnesses. Active outreach is defined as face-to-face interaction with literally homeless
people in streets, wooded areas, under bridges, and in other nontraditional settings. In active outreach, workers seek out homeless individuals. Outreach may include methods such as distribution of flyers and other written information, public service announcements, and other indirect methods. Outreach may also include “in-reach”, defined as when outreach staff is placed in a service site frequented by homeless people, such as a shelter, community resource or drop in center, and direct, face to face interactions occur at that site. In this form of outreach, homeless individuals seek out outreach workers.

B. Screening & Diagnostic Services - A continuum of assessment services that ranges from brief eligibility screening and Risk of Hospitalization Assessment to comprehensive clinical assessment.

C. Case Management Services – Coordination of evaluation, treatment, housing, and/or care of consumers, tailored to individual needs and preferences. Case Managers assist the individual in accessing needed services, coordinate the delivery of services in accordance with the case plan, and follow-up and monitor progress. Activities may include financial planning, access to entitlement assistance, representative payee services and linkage and referral to mental health services, substance use treatment, medical services, dental services, food, clothing, emergency shelter, permanent and other relevant housing and support services, etc.

D. Community Mental Health Services - Community based supports designed to stabilize and provide ongoing supports and services for individuals with mental illnesses/co-occurring disorders or dual diagnoses. These services include Counseling, Outpatient Services, Psychiatric Evaluations, Medication Monitoring, Co-occurring Mental Health and Substance Use Treatment Services.

E. Alcohol and Drug Treatment Services – Preventative, diagnostic and other outpatient treatment services as well as support for people who have a psychological and/or other physical dependence on one or more addictive substances, and a co-occurring mental illness.

F. Referrals for Primary Health Services, Community Mental Health Services, Substance Use Treatment Services, Job Training, Education Services and Relevant Housing Services - Services intended to link persons to primary health care, mental health treatment, substance use treatment; job training, income supports, education, housing, and other needed services not directly provided by the PATH program service provider.

G. Housing Services - Specialized services designed to increase access to and maintenance of stable housing for PATH enrolled individuals who have significant or unusual barriers to getting or keeping housing.

H. Security Deposits - Provision of funds for individuals enrolled in PATH who are in the process of acquiring rental housing but who do not have the assets to pay the
first and last month’s rent or other security deposits required to move into the residence. Up to 20% of the agency PATH budget can be used for security deposits, repair, expansion and one-time rental payments to prevent eviction.

I. Costs associated with matching eligible homeless individuals with appropriate housing situations - Expenditures made on behalf of individuals enrolled in PATH to meet the costs, other than security deposits and one-time rental payments, of establishing a household. These may include items such as rental application fees, furniture and furnishings, and moving expenses. These may also include reasonable expenditures to satisfy outstanding consumer debts identified in rental application credit checks that otherwise preclude successfully securing immediately available housing.

J. One-time rental payments to prevent eviction – One-time rental payments are made for individuals enrolled in PATH who cannot afford to make the payments themselves, who are at risk of eviction without assistance and who qualify for this service on the basis of income or need.

K. Minor Renovation - Services or resources provided to make essential repairs to a housing unit in order to provide or improve access to the unit and/or eliminate health or safety hazards.

L. Technical Assistance in Applying for Housing Services - Targeted training, guidance, information sharing, and assistance to, or on behalf of, individuals enrolled in PATH who encounter complex access issues related to housing.

Applicants are encouraged to include special assistance to clients funding in their program budget.

Federal Government Performance and Results Act (GPRA) Measures include the following which are taken into consideration in determining program commitments:

- Enrollment of 58% of eligible persons outreached
- Successful linkage of 66% of enrolled persons to Community Mental Health Services

Contract commitments will be negotiated based upon representations made in response to this RFP. The agency awarded funding through this RFP will be expected to contract to deliver approximately the following levels of service:

- Outreach to 45 homeless individuals in Hunterdon County
- Serve 27 Enrollees
- Link and/or provide to 18 enrollees Community Mental Health Services
- Link 13 enrollees to Financial Benefits
- Link 11 enrollees to Permanent Housing
- Link 8 enrollees to Transitional or Temporary Housing
- Link 5 enrollees to Substance Use Treatment Services
- Link 9 enrollees to Medical/Dental Services
- Link 3 enrollees to Habilitation/Rehabilitation Services (job training, education)
- Provide approximately 3000 face to face units of service to enrollees

Service levels and outcomes are reported to DMHAS via the Quarterly Contracted Monitoring Reports in the Foothold AWARDS Homeless Management Information System (HMIS). The awarded agency will also be required to report level of services and outcome data in an Annual Report to SAMHSA.

The awarded PATH projects must at a minimum meet 90% of contracted outcome measures. Failure to deliver contract commitments may result in a reduction of compensation or termination of contract.

These outcome measures must be formalized and conducted as part of the agency Performance Improvement activities. Regular evaluation of program level of service data reported in HMIS must be formalized and conducted as part of the agency Quality Assurance Procedures to ensure accuracy of program Quarterly Contracted Monitoring Reports and Annual Survey Reports. Please note that funding awarded through the RFP includes costs associated with HMIS license and fees ($750). Training staff in the use of the HMIS system will be provided through the New Jersey Housing and Mortgage Agency.

It is expected that agency whose proposal is developed under this initiative will require intensive systems coordination with multiple entities. Applicants must demonstrate their ability to identify and engage eligible adults through proactive and county-wide outreach and collaboration with an array of community providers and resources. The provision of outreach services to street and sheltered homeless persons outside of normal working hours is recommended. The employment of peer staff is also recommended.

Applicants must also demonstrate their ability to directly provide (or link consumers with) the community based mental health services while assuring the availability of other necessary services through affiliation or coordination agreements that would facilitate linkages to services identified above. Affiliating parties may include, but are not limited to:

- Peer Support Organizations/Provider Programs
- Housing Providers (emergency shelter, transitional housing, supportive housing, public housing authorities and/or private landlords)
- Community Mental Health Service Providers
- Substance Abuse Treatment Service Providers
- Local Hospital Emergency Services
- Local Jails/Police/Transit Authorities

• Soup Kitchens
• County Board of Social Services/Social Security Administration
• Veteran Services
• Primary Care Providers

V. General Contracting Information

Bidders must currently meet or be able to meet the terms and conditions of the Department of Human Services (DHS) contracting rules and regulations as set forth in the Standard Language Document (SLD), the Contract Reimbursement Manual (CRM), and the Contract Policy and Information Manual (CPIM). These documents are available on the DHS website at: http://www.state.nj.us/humanservices/ocpm/home/resources/manuals/index.html).

Bidders are required to comply with the Affirmative Action Requirements of Public Law 1975, c. 124 (N.J.A.C. 17:27) and the requirements of the Americans with Disabilities Act of 1991 (P.L. 101-336).

Budgets should be reasonable and reflect the scope of responsibilities in order to accomplish the goals of this project. One time funds may be available to support necessary equipment, supplies, and other related start-up costs, if applicable. Although DMHAS does not have a dedicated source to fund one-time needs, requests for one-time funds will be entertained, and are part of the competitive aspect of the RFP process. Upon completion of the RFP process and award announcements, any one-time requests included in proposals will be addressed during the contract negotiation process. Successful awardees may be required, at DMHAS’ discretion, to accept used but serviceable equipment in lieu of funds for new equipment.

All bidders will be notified in writing of the State’s intent to award a contract. All proposals are considered public information and will be made available for a defined period after announcement of the contract awards and prior to final award, as well as through the State Open Public Records Act process at the conclusion of the RFP process.

The contract awarded as a result of this RFP may be renewable for one (1) year at DMHAS’ sole discretion and with the agreement of the awardee. Funds may only be used to support services that are specific to this award; hence, this funding may not be used to supplant or duplicate existing funding streams. Actual funding levels will depend on the availability of funds and satisfactory performance.

In accordance with DHS Policy P1.12 available on the web at www.state.nj.us/humanservices/ocpm/home/resources/manuals/index.html, programs awarded pursuant to this RFP will be separately clustered until the DMHAS determines,
in its sole discretion, that the program is stable in terms of service provision, expenditures, and applicable revenue generation.

Should service provision be delayed through no fault of the provider, funding continuation will be considered on a case-by-case basis based upon the circumstances creating the delay. In no case shall the DMHAS continue funding when service commencement commitments are not met, and in no case shall funding be provided for a period of non-service provision in excess of three (3) months. In the event that the timeframe will be longer than three (3) months, DMHAS must be notified so the circumstances resulting in the anticipated delay may be reviewed and addressed. Should services not be rendered, funds provided pursuant to this agreement shall be returned to DMHAS.

The bidder must comply with all rules and regulations for any DMHAS program element of service proposed by the bidder. Additionally, please take note of Community Mental Health Services Regulations, N.J.A.C. 10:37, which apply to all contracted mental health services. These regulations can be accessed at http://www.state.nj.us/humanservices/providers/rulefees/regs/.

2. A description of the bidder's Americans with Disabilities Act (ADA) accessibility to its facilities and/or offices for individuals with disabilities.
3. Indicate accessibility of facility to public transportation.
4. Location of facility in relation to proximity to known target population centers.

Budget (35 points)
DMHAS will consider the cost efficiency of the proposed budget as it relates to the scope of work. Therefore, bidders must clearly indicate how this funding will be used to meet the program goals and/or requirements. In addition to the required Budget forms, bidders are asked to provide budget notes.

The budget should be reasonable and reflect the scope of responsibilities required to accomplish the goals of this project. All costs associated with the completion of the project must be delineated and the budget notes must clearly articulate budget items including a description of miscellaneous expenses and other costs.

1. A detailed budget using the Annex B Excel template is required. The standard budget categories for expenses include: A. Personnel, B. Consultants and Professionals, C. Materials & Supplies, D. Facility Costs, E. Specific Assistance to Clients, and F. Other. Supporting schedules for Revenue and General and Administrative Costs Allocation are also required. The Excel budget template will be emailed to all attendees from the Mandatory Bidders Conference. The budget must include two (2) separate, clearly labeled sections:
   a. Section 1 – Full annualized operating costs to satisfy the scope of work detailed in the RFP and revenues excluding one-time costs; and
   b. Section 2 - Proposed one-time costs (see Section V)

2. Budget Notes that detail and explain the proposed budget methodology and estimates and assumptions made for expenses and the calculations/computations to support the proposed budget. The State’s proposal reviewers need to fully
understand the bidder's budget projections from the information presented in its proposal. Failure to provide adequate information could result in lower ranking of the proposal. Budget Notes, to the extent possible, should be displayed on the Excel template itself.

3. The name and address of each organization – other than third-party payers – providing support and/or money to help fund the program for which the proposal is being submitted.

4. For all proposed personnel, the template should identify the staff position titles and staff names for current staff and total hours per workweek.

5. Identify the number of hours per clinical consultant.

6. Staff fringe benefit expenses, which may be presented as a percentage factor of total salary costs, should be consistent with the bidder's current fringe benefit package.

7. If applicable, General & Administrative (G&A) expenses, otherwise known as indirect or overhead costs, should be included if attributable and allocable to the proposed program. Since administrative costs for existing DMHAS programs reallocated to a new program do not require new DMHAS resources, a bidder that currently contracts with DMHAS should limit its G&A expense projection to “new” G&A only, not to exceed the agency’s current G&A rate.

8. Written assurance that if the bidder receives an award pursuant to this RFP, it will pursue all available sources of revenue and support upon award and in future contracts, including agreement to obtain approval as a Medicaid-eligible provider. Please note that funds awarded pursuant to this RFP will remain clustered, and to the extent revenue exceeds projected amounts, a commensurate reduction in DMHAS funding will occur.

Appendices
The following items must be included as appendices with the bidder's proposal, limiting appendices to a total of 45 pages:

1. Bidder mission statement;
2. Organizational chart;
3. Job descriptions of key personnel;
4. Resumes of proposed personnel if on staff, limited to two (2) pages each;
5. A description of all pending and in-process audits identifying the requestor, the firm’s name and telephone number, and the type and scope of the audit;

The documents listed below are also required with the proposal, unless the bidder has a current contract with DMHAS and these documents are current and on file with DMHAS.
1. Most recent single audit report (A133) or certified statements (submit only two [2] copies); and
2. Any other audits performed in the last two (2) years (submit only two [2] copies).

VIII. Submission of Proposal Requirements

DMHAS assumes no responsibility and bears no liability for costs incurred by the bidder in the preparation and submittal of a proposal in response to this RFP. The narrative portion of the proposal should not exceed 20 pages, be single-spaced with one (1") inch margins, and no smaller than twelve (12) point Arial, Courier or Times New Roman font. For example, if the bidder's narrative starts on page 3 and ends on page 23 it is 21 pages long, not 20 pages. DMHAS will not consider any information submitted beyond the page limit for RFP evaluation purposes.

The budget notes and appendix items do not count towards the narrative page limit. Proposals must be submitted no later than 4:00 p.m. on June 19, 2017. All bidders are required to submit one (1) original and five (5) copies of the proposal narrative, budget and appendices (six [6] total proposal packages) to the following address:

For U.S. Postal Service delivery:

Alicia Meyer, RFP Coordinator
Division of Mental Health and Addiction Services
PO Box 700
Trenton, NJ 08625-0700

OR

For private delivery vendor such as UPS or FedEx:

Alicia Meyer, RFP Coordinator
Division of Mental Health and Addiction Services
222 South Warren Street, 3rd Floor
Trenton, NJ 08608

The bidder may mail or hand deliver its proposal, however, DMHAS is not responsible for items mailed but not received by the due date. Note that U.S. Postal Service two-day priority mail delivery to the post office box listed above may result in the bidder's proposal not arriving timely and, therefore, being deemed ineligible for RFP evaluation. The bidder will not be notified that its proposal has been received. The State will not accept facsimile transmission of proposals.

In addition to the required hard copies, the bidder must also submit its proposal (including budget, budget notes, and appendices) electronically by the deadline using a
file transfer protocol site. Username and password are case sensitive and must be typed exactly as shown below. Once logged in, the upload button is on the upper left side. Upload the proposal and budget files separately, including the bidder’s name in both file names. Click on the green check mark in order to submit the files. Once the upload is complete, click the red logout button at the top right of the screen.

Go to: https://ftpw.dhs.state.nj.us.

IX. Review of Proposals

There will be a review process for all timely submitted proposals. DMHAS will convene a review committee of public employees to conduct a review of each proposal accepted for review.

The bidder must obtain a minimum score of 70 points out of 100 points for the proposal narrative and budget sections in order to be considered eligible for funding.

DMHAS will award up to 20 points for fiscal viability, using a standardized scoring rubric based on the audit, which will be added to the average score given to the proposal from the review committee. Thus, the maximum points any proposal can receive is 120 points, which includes the combined score from the proposal narrative and budget as well as fiscal viability.

In addition, if a bidder is determined, in DMHAS’ sole discretion, to be insolvent or to present insolvency within the twelve (12) months after bid submission, DMHAS will deem the proposal ineligible for contract award.

Contract award recommendations will be based on such factors as the proposal scope, quality and appropriateness, bidder history and experience, as well as budget reasonableness. The review committee will look for evidence of cultural competence in each section of the narrative. The review committee may choose to visit a bidder’s existing program(s), invite a bidder for interview, and/or review any programmatic or
fiscal documents in the possession of DMHAS. The bidder is advised that the contract award may be conditional upon final contract and budget negotiation.

DMHAS reserves the right to reject any and all proposals when circumstances indicate that it is in its best interest to do so. DMHAS’ best interests in this context include, but are not limited to, loss of funding, inability of the bidder(s) to provide adequate services, an indication of misrepresentation of information and/or non-compliance with State and federal laws and regulations, existing DHS contracts, and procedures set forth in DHS Policy Circular P1.04 (http://www.state.nj.us/humanservices/ocpm/home/resources/manuals/index.html).

DMHAS recognizes the invaluable perspective and knowledge that consumers, family members and County Mental Health Boards possess. Input from these groups is an integral component of a system that holds wellness and recovery principles at its core. Consequently, DMHAS will convene an advisory group consisting of consumers and family members to provide input to the review committee regarding the proposals submitted.

County Mental Health Board recommendations and comments must be received by DMHAS no later than July 19, 2017. This input will be incorporated in the final deliberations of the review committee.

X. Appeal of Award Decisions

An appeal of any award decision may be made only by a respondent to this RFP. All appeals must be made in writing and be received by DMHAS at the address below no later than 4:00 p.m. on August 3, 2017. The written appeal must clearly set forth the basis for the appeal.

Appeal correspondence should be addressed to:

Valerie Mielke, Assistant Commissioner
Division of Mental Health & Addiction Services
222 South Warren Street, 3rd Floor
PO Box 700
Trenton, NJ 08625-0700

Please note that all costs incurred in connection with appeals of DMHAS decisions are considered unallowable cost for the purpose of DMHAS contract funding.

DMHAS will review all appeals and render a final decision by August 10, 2017. Contract award(s) will not be considered final until all timely filed appeals have been reviewed and final decisions rendered.
XI. Post Award Required Documentation

Upon final contract award announcement, the successful bidder(s) must be prepared to submit (if not already on file), one (1) original signed document for those requiring a signature or copy of the following documentation (unless noted otherwise) in order to process the contract in a timely manner, as well as any other contract documents required by DHS/DMHAS.

ADDENDUM TO REQUEST FOR PROPOSAL FOR SOCIAL SERVICE AND TRAINING CONTRACTS

Executive Order No. 189 establishes the expected standard of responsibility for all parties that enter into a contract with the State of New Jersey. All such parties must meet a standard of responsibility that assures the State and its citizens that such parties will compete and perform honestly in their dealings with the State and avoid conflicts of interest.

As used in this document, "provider agency" or "provider" means any person, firm, corporation, or other entity or representative or employee thereof that offers or proposes to provide goods or services to or performs any contract for the Department of Human Services.

In compliance with Paragraph 3 of Executive Order No. 189, no provider agency shall pay, offer to pay, or agree to pay, either directly or indirectly, any fee, commission, compensation, gift, gratuity, or other thing of value of any kind to any State officer or employee or special State officer or employee, as defined by N.J.S.A. 52:13D-13b and e, in the Department of the Treasury or any other agency with which such provider agency transacts or offers or proposes to transact business, or to any member of the immediate family, as defined by N.J.S.A. 52:13D-13i, of any such officer or employee, or any partnership, firm, or corporation with which they are employed or associated, or in which such officer or employee has an interest within the meaning of N.J.S.A. 52:13D-13g.

The solicitation of any fee, commission, compensation, gift, gratuity or other thing of value by any State officer or employee or special State officer or employee from any provider agency shall be reported in writing forthwith by the provider agency to the Attorney General and the Executive Commission on Ethical Standards.

No provider agency may, directly or indirectly, undertake any private business, commercial or entrepreneurial relationship with, whether or not pursuant to employment, contract or other agreement, express or implied, or sell any interest in such provider agency to, any State officer or employee or special State officer or employee having any duties or responsibilities in connection with the purchase, acquisition or sale of any property or services by or to any State agency or any instrumentality thereof, or with any person, firm or entity with which he is employed or associated or in which he has an interest within the meaning of N.J.S.A. 52:13D-13g. Any relationships subject to this provision shall be reported in writing forthwith to the Executive Commission on Ethical Standards, which may grant a waiver of this restriction upon application of the State officer or employee or special State officer or employee upon a finding that the present or proposed relationship does not present the potential, actuality or appearance of a conflict of interest.

No provider agency shall influence, or attempt to influence or cause to be influenced, any State officer or employee or special State officer or employee in his official capacity in any manner which might tend to impair the objectivity or independence of judgment of said officer or employee.

No provider agency shall cause or influence, or attempt to cause or influence, any State officer or employee or special State officer or employee to use, or attempt to use, his official position to secure unwarranted privileges or advantages for the provider agency or any other person.

The provisions cited above shall not be construed to prohibit a State officer or employee or special State officer or employee from receiving gifts from or contracting with provider agencies under the same terms and conditions as are offered or made available to members of the general public subject to any guidelines the Executive Commission on Ethical Standards may promulgate.
