I. INTRODUCTION

The Department of Human Services (DHS), Division of Aging Services (DoAS) is publishing this request for proposals (RFP) to increase the number of low-income Medicare beneficiaries in New Jersey who know about and apply for Medicare Part D, the Medicare Part D Low Income Subsidy (LIS), and/or a Medicare Savings Program (MSP), and to increase beneficiaries’ awareness and use of free and reduced-cost preventive benefits covered by Medicare Part B.

It is anticipated that up to eleven (11) awards of $40,000 each will be available for Area Agencies on Aging/Aging and Disability Resource Connections (AAA/ADRCs) and State Health Insurance Assistance Program (SHIP) lead agencies. October 1, 2017 Anticipated grant start date

II. BACKGROUND

Millions of low-income older Americans struggle to pay their prescription, health care, food, and energy costs. The Medicare Improvements for Patients and Providers Act (MIPPA) of 2008 has been instrumental in helping these disadvantaged seniors to regain their economic footing and live healthy, independent lives.

Under MIPPA, New Jersey received grant funding in 2009, 2010, 2013 and 2014 from the U.S. Administration on Aging (AoA) and the U.S. Centers for Medicare and Medicaid Services (CMS) to help Medicare beneficiaries apply for Medicare Part D, the Part D Extra Help/Low-Income Subsidy (LIS), and the Medicare Savings Programs (MSPs). Since 2010 funding also includes support for efforts to educate beneficiaries of new, free and reduced-cost preventive benefits covered by Medicare Part B.
An estimated 14.6% (or over 239,000) of seniors in New Jersey live on less than $16,755 per year (150% of the 2012 federal poverty level). Over 32,500 Medicare beneficiaries in New Jersey are eligible for, but not receiving the Medicare prescription drug Low-Income Subsidy (LIS/Extra Help). These numbers may keep growing as more people age into Medicare. Nearly half a million adults will turn 65 in New Jersey over the next five years, and over 95,000 of these Baby Boomers may be eligible to receive benefits.

MIPPA grantees have worked to identify low-income older adults throughout New Jersey who may be missing out on these programs, and assist them with applying for the programs. More than 25,000 applications were generated through previous MIPPA grants. The primary application utilized was the Universal Application of the State Prescription Assistance Program (SPAP), known as the Pharmaceutical Assistance to the Aged and Disabled (PAAD) program. This one application enrolls and/or screens individuals for ten (10) state and federal assistance programs, including MSP and LIS.

For someone with very low income, the savings offered by public benefits can mean not having to make tough choices between paying for food or medicine, health care or utilities. The Social Security Administration (SSA) estimates the value of the LIS at $4,000 per year. MSPs save enrolled individuals, at a minimum, over $1,600 per year.

III. PURPOSE OF REQUEST

The purpose of these grants is to increase the number of low-income Medicare beneficiaries who know about and apply for the Medicare Part D Low Income Subsidy (LIS) and/or a Medicare Savings Program (MSP), and to increase the awareness and use of free and reduced-cost preventive benefits covered by Medicare Part B. Statewide, we intend to generate 3,000 new applications for LIS and/or MSP in FFY 18.

IV. REQUIRED SERVICE COMPONENTS (SCOPE OF SERVICE)

1. Applicants and their partners (see number 13 below if applicable) will participate in training on how to help clients 1) complete the SPAP applications, through which individuals can be enrolled in LIS and screened for MSP; 2) apply directly for LIS using on-line applications available on the SSA or National Council on Aging (NCOA) websites; and 3) complete the MSP-Only application sent directly to individuals based on possible eligibility for the program on the SPAP application, in response to periodic SSA data-feeds received by the SPAP, or upon request.

2. Applicants will use county and zip code specific data provided by CMS to target outreach efforts to beneficiaries who are likely eligible, but not enrolled in LIS.

3. Applicants will conduct a minimum of 20 community presentations/enrollment events (including 4 in rural areas of their counties) and three (3) in-service trainings for staff members at community-based health and/or social service agencies serving the target population.
4. MSP, LIS, and preventive benefits information will be part of each presentation and event.

5. Applicants will provide technical assistance to a minimum of two (2) staff members from two (2) separate partner agencies on how to help Medicare beneficiaries complete the SPAP/MSP/LIS applications.

6. Applicants will develop and distribute brochures, fact sheets, flyers, and/or other materials, and utilize press releases, media events, direct mail, paid print and/or broadcast advertising and other methods to promote benefits to targeted populations.

7. In addition to developing their own materials, applicants will also distribute grant-related materials produced by DoAS.

8. Applicants will work one-on-one with beneficiaries to complete applications for MSP and/or LIS. Each grantee will meet or surpass a goal of generating 350 applications from individuals likely to qualify for assistance.

9. Applicants will conduct follow-up activities (telephone calls, emails, mail and/or home or office visits) on each SPAP/LIS/MSP application distributed to individuals at one-on-one counseling sessions, presentations and/or enrollment events within one month to offer guidance with completing and submitting the applications.

10. Applicants will serve on a statewide project consortium and agree to meet monthly via conference call, and/or quarterly at in-person meetings in the Trenton area.

11. Applicants will report monthly on all programmatic grant activity using SHIP’s National Performance Report (NPR) system and/or using the NPR forms available in the DoAS-approved client tracking system software (currently Harmony’s Social Assistance Management System, or SAMS).

12. Applicants will submit financial reports quarterly via the SAGE system.

13. Applicants will be responsible for the outlined scope of work, including reporting requirements, but may conduct the activities themselves or contract with a community-based organization or other non-profit social service agency for some or all project activities.

14. Applicants must dedicate a minimum of 25 percent of their grant allocation for promotional (i.e. non-administrative) purposes.

V. APPLICANT QUALIFICATIONS

To be eligible for consideration for this RFP, the bidder must satisfy the following requirements:

1. The applicant must be one of New Jersey’s 21 Area Agencies on Aging/Aging and Disability Resource Connections (AAA/ADRCs) and/or the lead coordinating State Health Insurance Assistance Programs (SHIPs) in one of the 21 counties in the State. Any other agency interested in working on this grant program must partner with a lead AAA/ADRC or SHIP on their application.
2. The applicant must be a fiscally viable for-profit organization, non-profit organization, or governmental entity based upon an assessment of the bidder’s audited financial statements. If an applicant is determined, in DoAS’ sole discretion, to be insolvent or to present insolvency within the twelve (12) months after bid submission, DoAS will deem the proposal ineligible for grant award.

3. The applicant must not appear on the State of New Jersey Consolidated Debarment Report available on the Internet at http://www.state.nj.us/treasury/revenue/debarment/debarsearch.shtml or be suspended or debarred by any other State or Federal entity from receiving funds.

4. Applicants must have demonstrable experience in successfully operating grant programs.

5. The applicant must be duly registered to conduct business in the State of New Jersey.

6. Non-public applicants must demonstrate that they are incorporated through the New Jersey Department of State and provide documentation of their current non-profit status under Federal IRS (C) (3) regulations, as applicable.

VI. CLUSTERING, INCENTIVES, AND FISCAL CONSEQUENCES RELATED TO PERFORMANCE

Awards under this RFP will be clustered separately from other existing components for contract application and reporting. Funding will depend on the availability of funds. All application and expenditure data pertaining to these contract funds must be presented independently of any other DoAS or non-DoAS funded program of the applicant/contractee.

VII. CONTRACT OVERVIEW/EXPECTATIONS

All proposals for funding must be submitted through the State’s System for Administering Grants Electronically (SAGE) online system. Paper submissions will not be considered. Applicants may begin completing their applications online August 16, 2017. All applications must be submitted by 3:00 pm September 8, 2017.

In order to submit a proposal online, all applicants not already registered on SAGE must first request access to the SAGE system. Agencies already registered to use SAGE do not need to register again. Because it will take up to 48 hours to be approved, we strongly encourage applicants who are not yet using SAGE to request access immediately. To gain access to the SAGE system, first complete the SAGE registration form (Attachment B) and submit to DHS as instructed on the form. Then go to www.sage.nj.gov. Click ‘Request Access to SAGE’, complete all requested information and click ‘Save’. Be sure to write down the name, user name and password information you enter on SAGE. Password must be 7-20 characters, letters and numbers only; the
password is case sensitive. Please note that only the agency representative who registers on SAGE can access and complete the application.

The Department’s SAGE coordinator will approve you as an applicant within several business days of request. Upon approval, you will receive a temporary password from the SAGE system which you will change when you log in.

Once you receive your temporary password, online prompts will guide you through the submission process. In addition, step-by-step instructions for submitting a proposal through SAGE are included on pages 9-10, “Instruction for Completion of MIPPA Grant Application on SAGE”.

VIII. GENERAL CONTRACTING INFORMATION

The Department reserves the right to reject any and all proposals when circumstances indicate that it is in its best interest to do so. The Department’s best interests in this context include, but are not limited to, State loss of funding for the contract, insufficient infrastructure agency wide, inability of the applicant to provide adequate services, indication of misrepresentation of information and/or non-compliance with any existing Department contracts and procedures or State and/or Federal laws and regulations.

All applicants will be notified in writing of the State’s intent to award a contract. All proposals are considered public information and as such will be made available upon request after the completion of the RFP process.

Applicants must currently meet or be able to meet the terms and conditions of the Department of Human Services (DHS) contracting policies and procedures as set forth in Standard Language Document (SLD), the Contract Reimbursement Manual (CRM), and the Contract Policy and Information Manual (CPIM). These documents are available on the DHS website at: http://www.state.nj.us/humanservices/olra/ocpm/resources/manuals/index.html.

Budgets should be reasonable and reflect the scope of responsibilities in order to accomplish the goals of the project. The awardees will be required to negotiate contracts with DoAS upon award, and may also be subject to a pre-award audit survey.

Contract(s) awards, as a result of this RFP will be for twelve (12) months. Funds may only be used to support services that are specific to this award; hence, this funding may not be used to supplant or duplicate existing funding streams. These resources may not replace existing DoAS funding allocation.
