I. Purpose and Intent

This Request for Proposals (RFP) is issued by the New Jersey Department of Human Services (DHS), Division of Mental Health and Addiction Services (DMHAS) for the development of an Evidence-Based Practice Initiative (EBPI). This RFP is funded through the Substance Abuse and Mental Health Services Administration’s (SAMHSA) State Opioid Response Grant (SOR). The SOR grant period is September 30, 2018 to September 29, 2020. The contract awarded as a result of this RFP is for one-time funding from award through September 29, 2020. Total funding for this RFP is $1,500,000 subject to federal appropriations. Through this initiative, the successful bidder will provide robust training and consultation services with the goal of full implementation of evidence-based practices (EBPs) within agencies across New Jersey that offer Substance Use Disorder (SUD) services. DMHAS anticipates making one (1) award.

The successful bidder will provide an array of consultative services leading to full implementation of the EBPs, Motivational Interviewing (MI) and Cognitive Behavioral Therapy (CBT). These services include, among others, needs assessment, training, ongoing consultation, workshops, supervised practice, learning communities, coaching and rating-based feedback.

EBPs have become central to the provision of all health services; however, in the behavioral health field, full implementation of them across the states has lagged behind traditional medical services. While clinician and supervisor competence in an EBP is critical to the delivery of quality care, clinicians cannot implement an EBP without the full support of provider agencies. An organization’s policies, procedures and quality improvement programs are critical to ensuring that clients receive an EBP with fidelity to the model.

The purpose of this grant is two-fold: 1) To improve agencies’ provision of MI and CBT and 2) To improve clinical staff skills in practicing therapeutic approaches that ensure outcomes meaningful to the people they serve. Through this EBPI, agencies will fully support staff efforts to provide enhanced and innovative services that sustain clients’ recovery.

No funding match is required; however, bidders will need to identify any other sources of funding, both in-kind and monetary, that will be used. Bidders may not fund any costs incurred for the planning or preparing of a proposal in response to this RFP from current DHS/DMHAS contracts.

II. Background and Population to be Served

SAMHSA’s Center for Substance Abuse Treatment released the Fiscal Year (FY) 2018 SOR funding opportunity for states and territories in June 2018. Funding was made available for grants to states and territories via a formula based on unmet needs for OUD treatment and drug poisoning. The goals of the SOR are to address the opioid crisis by increasing access to MAT using medications approved by the federal Food and Drug Administration (methadone, buprenorphine and naltrexone). SOR funding is also meant to reduce unmet treatment needs and opioid overdose-related deaths through the provision of prevention, treatment, and recovery activities for people addicted to, or at risk of becoming addicted to, prescription opioids, heroin, morphine, fentanyl and its analogs, and semi-synthetic opioids, such as oxycodone and hydrocodone.

Substance use and misuse continue to be a serious condition that have an impact on individuals, their family members, and success in school, work and other domains of a quality life. Opioid use has become a pervasive problem throughout New Jersey and cannot be neatly compartmentalized by specific race, ethnicity, age or socio-economic group. According to the 2015 Treatment Episode Data Set, New Jersey is fifth in the nation for primary heroin admissions for persons aged 12 and older and sixth in the nation for admissions related to other opiates. The rate of admissions per 100,000 people aged 12 and older was 360 for heroin and 64 for non-heroin opiates/synthetics. The New Jersey 2017 Substance Abuse Overview indicates that heroin and other opiates were the primary drugs in 52% of treatment admissions, with 45% due to heroin and 7% for other opiates.¹

As the number of individuals needing treatment continues to rise, the need for MAT, along with EBPs, also becomes exponentially greater, so that agencies providing SUD services in New Jersey can provide supportive environments that match the unique needs of the people they serve.

This statutory requirement does not apply to non-profit organizations, private colleges and universities, or state and municipal agencies.

IV. Contract Scope of Work

DMHAS expects that the funding awarded to the successful bidder will significantly improve SUD providers’ capacity, ability and commitment to sustained recovery for the people they serve through the use of MI and CBT. MI and CBT will be implemented fully across agencies’ organizational structure, including policies and practices related to workforce development, billing, supervision, workflow, recruiting, orientation and policies and practices related to eligibility of clients. The work must include plans for training and consultation with executive leadership, directors, managers, supervisors and clinical direct-care staff. The EBPI must include activities that address agency and staff obstacles to full implementation, develop solutions to overcome those obstacles and provide comprehensive technical assistance throughout the grant period to design feasible workplans that agencies can implement within the grant period and also continue to use to guide implementation afterward.

The successful bidder will provide training and consultation services designed to implement MI and CBT through state-of-the art strategies designed for adult learners including, but not limited to, in-person trainings, technology-based services, workshops, supervised practice, simulations, coaching, videotaped practice, and critique by fellow trainees.

The successful bidder will provide training and consultation services to providers around the state which DMHAS staff will identify. At each site, the bidder must design and deliver technical assistance plans for all levels within each agency’s organizational structure. Among clinical, direct-care staff, the bidder must offer training and consultation to a minimum of 300 participants, such that they will either earn certification in or demonstrate competence in both MI and CBT.

The successful bidder will provide training and consultation services at the provider agency in a way that minimizes impact on service delivery, while supporting individual staff members’ learning. Proposed plans must outline how the bidder will motivate continued participation in the EBPI among all levels of agencies’ organizational structure.
To fulfill the purpose and intent of this grant, bidders must demonstrate:

- Expertise and knowledge of MI and CBT
- Success with implementing EBPs within a treatment agency
- Success with implementing EBPs at multiple agencies throughout an entire state
- Experience with implementing and sustaining an EBP to fidelity. (Note that contract funds may be used for the purchase of fidelity assessment tools.)
- Ability to develop plans for certification (training time plus field experience) during the grant period
- Ability to develop plans, for staff who do not possess baseline skills, that measure improved competence during the grant period
- Ability to design training plans that support participants improved competency
- Capacity to respond to turnover of staff
- Ability to measure improvement in client outcomes within the grant period

The successful bidder is responsible for all training logistics, including but not limited to, training space, equipment, marketing, purchase of EBP copywritten training materials, registration and tracking of participants, refreshments, hiring and payment of consultants, and cost of electronic training and consultation tools.

All technical assistance activities must be sensitive to differences related to age, culture, religion/spirituality, language, gender, race/ethnicity, disabilities, behavioral health issues and gender identity. EBPI team members will have expertise in educating behavioral health providers about the validity and efficacy of MAT in cases where these staff have not yet come to accept that people take many different paths to recovery, including MAT.

The EBPI should embrace cultural appropriateness, which should be evident throughout the bidder’s proposal. EBPI staff must be representative of the diversity of both the participants and the people they serve in terms of cultural, economic, and linguistic backgrounds that complement the individuals to be served.

Bidders must email RFP.submissions@dhs.nj.gov no later than November 12, 2019 indicating their agency’s intent to submit a proposal. Submitting a notice of intent to apply does not obligate an agency to apply. Failure to submit a letter of intent by this deadline shall not disqualify a bidder from applying to this grant opportunity.

Any questions regarding this RFP should be directed via email to RFP.submissions@dhs.nj.gov no later than October 29, 2019. All questions and responses will be compiled and emailed to all those who provided a notice of intent to apply. Bidders are guided to rely upon the information in this RFP and the responses to questions that were submitted by email to develop their proposals. Specific guidance, however, will not be provided to individual applicants at any time.

Budget (20 points)
DMHAS will consider the cost efficiency of the proposed budget as it relates to all of the requirements in the Contract Scope of Work. In addition to the required budget forms, you must provide budget notes.

All costs associated with the completion of the EBPI must be delineated, and the budget notes must clearly articulate budget items including a description of miscellaneous expenses and other costs.

1. A detailed budget using the Annex B Excel template is required. The Excel budget template will be emailed to those who submit a written intent to apply. The Annex B Excel template must be uploaded as an Excel file onto the file transfer protocol site described in VIII. Submission of Proposal Requirements. Failure to submit the
budget as an Excel file may result in a deduction of points. The standard budget categories for expenses include: A. Personnel, B. Consultants and Professionals, C. Materials & Supplies, D. Facility Costs, E. Specific Assistance to Clients, and F. Other. Supporting schedules for Revenue and General and Administrative Costs Allocation are also required. The budget must include two (2) separate, labeled sections:

a. Section 1 – Full annualized operating costs to satisfy the scope of work detailed in the RFP and revenues; (which by formula will be included in total award) and

b. Section 2 - Proposed one-time costs up to $100,000 of total budget.

2. Budget Notes that detail and explain the proposed budget methodology and estimates and assumptions made for expenses and the calculations/computations to support the proposed budget. The State's proposal reviewers need to fully understand the bidder's budget projections from the information presented in its proposal. Failure to provide adequate information could result in lower ranking of the proposal. Budget Notes, to the extent possible, should be displayed on the Excel template itself.

3. The name and address of each organization – other than third-party payers – providing support and/or money to help fund the program for which the proposal is being submitted.

4. For all proposed personnel, the template should identify the staff position titles and staff names for current staff (only if being allocated to this program) and total hours per workweek.

5. Identify the number of hours per consultant and subcontractee.

6. Staff fringe benefit expenses, which may be presented as a percentage factor of total salary costs, should be consistent with the bidder's current fringe benefit package.

7. If applicable, General & Administrative (G&A) expenses, otherwise known as indirect or overhead costs, should be included if attributable and allocable to the proposed program. Since administrative costs for existing DMHAS programs reallocated to a new program do not require new DMHAS resources, a bidder that currently contracts with DMHAS should limit its G&A expense projection to “new” G&A only by showing the full amount of G&A as an expense and the off-set savings from other programs’ G&A in the revenue section.

8. Written assurance that if the bidder receives an award pursuant to this RFP, it will pursue all available sources of revenue and support upon award and in future contracts.

Appendices
The following items must be included as appendices with the bidder’s proposal, limiting appendices to a total of 50 pages. Omission of items #7-10 with proposal will exclude proposal from review.

1. Bidder mission statement;
2. Organizational chart as described in Staffing
3. Job descriptions of key personnel;
4. Resumes of proposed personnel if on staff, limited to two (2) pages each;
5. A description of all pending and in-process audits identifying the requestor, the firm’s name and telephone number, and the type and scope of the audit;
6. List of the board of directors, officers and terms;
7. Copy of documentation of the bidder’s charitable registration status (www.njconsumeraffairs.gov/charities);
8. Department of Human Services Statement of Assurances (RFP Attachment C);
9. Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion Lower Tier Covered Transactions (RFP Attachment D);
10. Disclosure of Investment in Iran (www.nj.gov/treasury/purchase/forms.shtml); and
11. Statement of Bidder/Vendor Ownership Disclosure (www.nj.gov/treasury/purchase/forms.shtml); and
12. Original and/or copies of letters of commitment/support.

Additional attachments that are requested in the written narrative section and not listed in items #1-12 under Appendices do not count towards the 50-page limit for appendices. Appendix information exceeding 50 pages will not be reviewed.

The documents listed below are also required with the proposal unless the bidder has a current contract with DMHAS and these documents are current and on file with DMHAS. Audits do not count towards appendices 50-page limit.
1. Most recent single audit report (A133) or certified statements (submit only two [2] copies); and
2. Any other audits performed in the last two (2) years (submit only two [2] copies).

VIII. Submission of Proposal Requirements

DMHAS assumes no responsibility and bears no liability for costs incurred by the bidder in the preparation and submittal of a proposal in response to this RFP. The narrative portion of the proposal should not exceed 10 pages, be single-spaced with one (1”) inch margins, and no smaller than twelve (12) point Arial, Courier New or Times New Roman font. For example, if the bidder's narrative starts on page 3 and ends on page 13 it is 11 pages long, not 10 pages. DMHAS will not consider any information submitted beyond the page limit for RFP evaluation purposes.

The budget notes and appendix items do not count towards the narrative page limit. Proposals must be submitted no later than 4:00 p.m. on November 19, 2019. All bidders are required to submit one (1) original and five (5) copies of the proposal narrative, budget and appendices (six [6] total proposal packages) to the following address:

For private delivery vendor such as UPS or FedEx:

Helen Staton  
Department of Human Services  
Division of Mental Health and Addiction Services  
120 South Stockton Street, 3rd Floor
The bidder may mail or hand deliver its proposal, however, DMHAS is not responsible for items mailed but not received by the due date. Note that U.S. Postal Service two-day priority mail delivery to the post office box listed above may result in the bidder's proposal not arriving timely and, therefore, being deemed ineligible for RFP evaluation. The bidder will not be notified that its proposal has been received. The State will not accept facsimile transmission of proposals.

**In addition to the required hard copies**, the bidder must also submit its proposal (including proposal narrative, budget, budget notes, and appendices) electronically. The proposal must be uploaded as a PDF file and the Excel budget template as an Excel file by the deadline using a file transfer protocol site. Username and password are case sensitive and must be typed exactly as shown below. Once logged in, the upload button is on the upper left side. Upload the proposal PDF file and budget Excel file separately, including the bidder's name in both file names. Click on the green check mark in order to submit the files. Once the upload is complete, click the red logout button at the top right of the screen.

**IX. Review of Proposals**

There will be a review process for all timely submitted proposals. DMHAS will convene a review committee of public employees to conduct a review of each proposal accepted for review.

The bidder must obtain a minimum score of 70 points out of 100 points for the proposal narrative and budget sections in order to be considered eligible for funding.

DMHAS will award up to 20 points for fiscal viability, using a standardized scoring rubric based on the audit, which will be added to the average score given to the proposal from
Evidence-Based Practice Initiative RFP - 17

the review committee. Thus, the maximum points any proposal can receive is 120 points, which includes the combined score from the proposal narrative and budget as well as fiscal viability.

In addition, if a bidder is determined, in DMHAS’ sole discretion, to be insolvent or to present insolvency within the twelve (12) months after bid submission, DMHAS will deem the proposal ineligible for contract award.

Contract award recommendations will be based on such factors as the proposal scope, quality and appropriateness, bidder history and experience, as well as budget reasonableness. The review committee will look for evidence of cultural competence in each section of the narrative. The review committee may choose to visit a bidder’s existing program(s), invite a bidder for interview, and/or review any programmatic or fiscal documents in the possession of DMHAS. The bidder is advised that the contract award may be conditional upon final contract and budget negotiation.

DMHAS reserves the right to reject any and all proposals when circumstances indicate that it is in its best interest to do so. DMHAS’ best interests in this context include, but are not limited to, loss of funding, inability of the bidder(s) to provide adequate services, an indication of misrepresentation of information and/or non-compliance with State and federal laws and regulations, existing DHS contracts, and procedures set forth in Policy Circular P1.04 (http://www.nj.gov/humanservices/olra/ocpm/resources/manuals/).

DMHAS will notify all bidders of contract awards, contingent upon the satisfactory final negotiation of a contract, by December 10, 2019.

An appeal of any award decision may be made only by a respondent to this RFP. All appeals must be made in writing and be received by DMHAS at the address below no later than 4:00 p.m. on December 17, 2019. The written appeal must clearly set forth the basis for the appeal.

STATE OF NEW JERSEY DEPARTMENT OF HUMAN SERVICES

ADDENDUM TO REQUEST FOR PROPOSAL FOR SOCIAL SERVICE AND TRAINING CONTRACTS

Executive Order No. 189 establishes the expected standard of responsibility for all parties that enter into a contract with the State of New Jersey. All such parties must meet a standard of responsibility that assures the State and its citizens that such parties will compete and perform honestly in their dealings with the State and avoid conflicts of interest.

As used in this document, "provider agency" or "provider" means any person, firm, corporation, or other entity or representative or employee thereof that offers or proposes to provide goods or services to or performs any contract for the Department of Human Services.

In compliance with Paragraph 3 of Executive Order No. 189, no provider agency shall pay, offer to pay, or agree to pay, either directly or indirectly, any fee, commission, compensation, gift, gratuity, or other thing of value of any kind to any State officer or employee or special State officer or employee, as defined by N.J.S.A. 52:13D-13b and e, in the Department of the Treasury or any other agency with which such provider agency transacts or offers or proposes to transact business, or to any member of the immediate family, as defined by N.J.S.A. 52:13D-13i, of any such officer or employee, or any partnership, firm, or corporation with which they are employed or associated, or in which such officer or employee has an interest within the meaning of N.J.S.A. 52:13D-13g.

The solicitation of any fee, commission, compensation, gift, gratuity or other thing of value by any State officer or employee or special State officer or employee from any provider agency shall be reported in writing forthwith by the provider agency to the Attorney General and the Executive Commission on Ethical Standards.

No provider agency may, directly or indirectly, undertake any private business, commercial or entrepreneurial relationship with, whether or not pursuant to employment, contract or other agreement, express or implied, or sell any interest in such provider agency to, any State officer or employee or special State officer or employee having any duties or responsibilities in connection with the purchase, acquisition or sale of any property or services by or to any State agency or any instrumentality thereof, or with any person, firm or entity with which he is employed or associated or in which he has an interest within the meaning of N.J.S.A. 52:13D-13g. Any relationships subject to this provision shall be reported in writing forthwith to the Executive Commission on Ethical Standards, which may grant a waiver of this restriction upon application of the State officer or employee or special State officer or employee upon a finding that the present or proposed relationship does not present the potential, actuality or appearance of a conflict of interest.

No provider agency shall influence, or attempt to influence or cause to be influenced, any State officer or employee or special State officer or employee in his official capacity in any manner which might tend to impair the objectivity or independence of judgment of said officer or employee.

No provider agency shall cause or influence, or attempt to cause or influence, any State officer or employee or special State officer or employee to use, or attempt to use, his official position to secure unwarranted privileges or advantages for the provider agency or any other person.

The provisions cited above shall not be construed to prohibit a State officer or employee or special State officer or employee from receiving gifts from or contracting with provider agencies under the same terms and conditions as are offered or made available to members of the general public subject to any guidelines the Executive Commission on Ethical Standards may promulgate.

Instructions for Certification

1. By signing and submitting this proposal, the prospective lower tier participant is providing the certification set out below.

2. The certification in this clause is a material representation of facts upon which reliance was placed when this transaction was entered into. If it is later determined that the prospective lower tier participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.

3. The prospective lower tier participant shall provide immediate written notice to the person to whom this proposal is submitted if at any time the prospective lower tier participant learns that its certification was erroneous when submitted or had become erroneous by reason of changed circumstances.

4. The terms covered transaction, debarred, suspended, ineligible, lower tier covered transaction, participant, person, primary covered transaction, principal, proposal, and voluntarily excluded, as used in this clause, have the meaning set out in the Definitions and Coverage sections of rules implementing Executive Order 12549.
