Addendum to Request for Proposal ......................................................................................................... 22
Statement of Assurances ......................................................................................................................... 24
I. Introduction

The New Jersey Division of Mental Health and Addiction Services (DMHAS) continues to implement the recommendations put forth in the Governor's Task Force on Mental Health final report (herein referred to as the Task Force report) issued March 2005. The recommendations of the Task Force serve as a catalyst for the transformation of the mental health system, focusing on treatment, wellness and recovery.

This current Request for Proposal (RFP) focuses on the Task Force’s recommendation for the expansion of permanent supportive housing and other community support opportunities for mental health individuals and is consistent with the U.S. Supreme Court Olmstead decision.

Within this initiative, the DMHAS is announcing the availability of funds to develop or expand enhanced Supportive Housing Services to address the housing and community support needs of discharge-ready individuals dually diagnosed with a co-existing developmental disability and mental illness as identified by the DMHAS and Division of Developmental Disabilities (DDD), in Greystone Park, Trenton, Ancora, and Hagedorn State Psychiatric Hospitals. The individuals to be served will have co-existing psychiatric and developmental disabilities, and have been found eligible for services by the DDD. Individuals served in the current initiative may also have co-existing medical conditions and/or substance abuse issues. Several have experienced extended periods of institutionalization (2+ years) and may require enhanced services to promote true community inclusion.

II. Background

While the Division has a long history of seeking to develop and expand the network of community housing opportunities for persons with serious mental illness, this current RFP is part of a larger initiative related to the Olmstead Settlement Agreement, under which the DMHAS has committed to effecting the timely discharge of persons in state hospitals determined to no longer require that level of care. These persons, given the status of “Conditional Extension Pending Placement” (CEPP) have experienced delays
in their discharge because of a lack of appropriate community housing and related support services, and/or reluctance to leave the hospital. The DMHAS is committed to discharging these persons as promptly as possible in compliance with its obligations under the Olmstead Settlement Agreement.

As part of the effort to meet the needs of this target population more effectively, the Division continues to collaborate with the DDD to identify strategies that facilitate discharge for these individuals into integrated, clinically appropriate supportive services in the community. While each Division’s (DDD and DMHAS) system of institutional and community services has evolved its own system of assessments and needs determinations, the Divisions have identified a common vehicle for service development and delivery through the issuance of this RFP and the development of community-based services within the general framework of the DMHAS’ community agency network. Activation of successful and comprehensive community support services for this population will require the selected agencies to engage key personnel from both systems. This will ensure that supports continue to be appropriate and that crucial feedback is provided regarding the success of this model. Ongoing oversight by the assigned DDD case manager as well as the DMHAS program and contract analysts will be essential for a successful outcome of these programs.

III. Purpose of Request

The Division of Mental Health and Addiction Services seeks proposals to develop Supportive Housing (SH) and related community support services for individuals, identified by DMHAS and DDD who are dually diagnosed with a developmental disability and a mental illness who are on CEPP status in State Psychiatric Hospitals, some of whom may also have co-existing medical conditions, co-occurring substance abuse disorders, have experienced periods of extended institutionalization, and/or are reluctant to leave the hospital.

This funding will provide new housing opportunities for a minimum of 16 individuals statewide. The DMHAS, in partnership with the DDD, will identify the individuals to be served through this funding, and will work with successful applicants in assessing service and support needs for successful community living. The provider agency must accept individuals identified by DMHAS and DDD as appropriate for the SH program, consistent with the consumer attributes delineated in this RFP, within the timeframes identified by DMHAS. Agency staff will begin working with identified individuals as soon as possible after contract award but prior to actual discharge to facilitate relationship building, determine housing preference and complete needs assessments.

Agencies responding to this RFP must articulate how they will provide Wellness and Recovery-oriented services to individuals they propose to serve. These services are
to be provided in accordance with the requirements and goals described later in this RFP. Supportive housing involves lease-based housing opportunities paired with flexible support services that meet the individual’s varying needs and preferences. The model is endorsed as an opportunity to support innovative, person-centered service provision and to champion the inclusion of individuals as full partners in treatment and recovery.

For persons leaving the state psychiatric hospital, enhanced Supportive Housing services can address the needs of individuals who may require intensive but varying degrees of support in the transition from hospital to community living. In so doing the consumer is assisted in maintaining permanency in their housing. It is expected these services will be provided in a manner that is flexible to an individual’s needs thereby avoiding having to relocate an individual in response to his or her change in service needs. This will promote community tenure and facilitate permanence in the living arrangement.

Successful service models must demonstrate the integration of individuals served into ongoing productive activities of daily living, including but not limited to employment, supported employment, focused day program activities, volunteer activities, appropriate use of leisure time, etc. The overall service focus will demonstrate the provision of supports that promote wellness, recovery and resiliency. Services will aim at achieving community integration, illness management, socialization, work readiness and employment, and developing peer support, and skills and opportunities that foster increased personal responsibility for one’s life.

Individuals, and, where relevant, their guardians, are considered full partners, in planning their own care and support service needs, in identifying and directing the types of activities which would most help them maximize opportunities for successful community living. Staff support is provided through a flexible schedule, which must be adjusted as consumer needs or interests change. The supportive housing model encourages consumer use of other community mental health treatment and/or developmental disability services, employment, rehabilitation services and natural supports, as needed and appropriate. In order to avoid duplication of services, individuals served by PACT (Programs for Assertive Community Treatment or ICMS (Integrated Case Management Services) are not eligible for supportive housing services under contracts awarded pursuant to this RFP. All consumers will continue to receive case management services through DDD.

Housing opportunities and program design will demonstrate the principles of supportive housing including lease-based or similar occupancy agreements that prohibit removal due to hospital admission or lack of service participation. Preservation of housing is primary and recognized as essential to overall wellness and recovery. The housing setting will provide private bedrooms, comfortable shared living space and adequate kitchen and bathroom facilities. Providers must fully comply with DMHAS Supportive

Housing licensure standards as enumerated within N.J.A.C. 10:37A, as well as all additional requirements contained in this RFP.

Proposals that seek to develop or access housing units by leveraging resources beyond the DMHAS are preferred. The objective is to encourage the creative coupling of Division funding for support services with housing program funds, such as the Department of Community Affairs-DDD Special Housing Initiative, Special Needs Partnership with the Department of Community Affairs, Section 811 housing, Department of Community Affairs and/or Housing Mortgage Finance Agency programs, Public Housing Authorities, private sector funding opportunities, and other mainstream housing resources. No capital funding is available from DMHAS or DDD through this initiative.

Each proposal will be expected to describe how the applicant will accommodate discharges so as to reach a full capacity no later than six months after service inception. Service phase-in timelines will be a significant factor in the evaluation of proposals. DMHAS expects that additional individuals will be served by the supportive housing programs funded through this initiative as the individuals who were initially enrolled achieve greater levels of self-sufficiency and competence, and utilize extended support networks, thus requiring consistently less support services from the staff.

IV. Funding Availability

Annualized funding of $1.68 million, subject to State appropriation, is available statewide to provide enhanced supportive housing and related community support services to serve a minimum of 16 individuals, who are CEPP and have a dual diagnosis (DD-MI). It is expected that costs for mental health and/or developmental disability services will be reimbursed through Medicaid and/or the Community Care Waiver (CCW). Priority consideration will be given to those agencies that have already leveraged capital funding and have the ability to place individuals into new supportive housing units by October 31, 2012.

As appropriate, DMHAS will support the net expenses after Medicaid revenue and consumer contributions to housing expenses are deducted. Providers must comply with the current DMHAS Rental Subsidy Program Policy Guidelines, including calculation of rental subsidy and consumer’s contribution to rent.

Applicants must include projected Medicaid revenues in their budget and comply with relevant DMAHS Medicaid Rules, including N.J.A.C. 10:76.
V. Provider Qualifications

1. The applicant must be a fiscally viable for-profit or non-profit organization or governmental entity and document demonstrable experience in successfully providing community support, rehabilitation, and treatment or housing services for adults with both serious and persistent mental illness and co-existing developmental disabilities.

2. The applicant must currently meet DMHAS residential licensing standards, or be capable of meeting such standards were a contract to be awarded. In addition, Providers will need to be Qualified Providers through the DDD ICSS (Individual Community Supports & Services) process. The Request for Qualifications questions may be found on the DDD website: http://www.state.nj.us/humanservices/ddd/providers/icss.html. Applicants must indicate in their proposal that they have already completed the ICSS process or that they have applied for the required qualification.

3. The applicant must be able to demonstrate the ability to provide, or must have experience and success in providing, housing and supportive services in permanent, lease-based housing settings to the targeted dually diagnosed population described in this RFP.

4. The applicant must be willing to accept into service those individuals identified by the DMHAS and DDD.

5. The applicant must currently meet, or be able to comply with, the terms and conditions of the Department of Human Services contracting rules and regulations as set forth in the Standard Language Document, the Contract Reimbursement Manual (CRM), and the Contract Policy and Information Manual (CPIM).

6. Any fiscally viable corporation, as noted above, which meets the qualifications of the Department of Human Services’ Contract Policy and Information Manual, N.J.A.C. 10:3, may apply. A copy of this manual can be accessed from the webpage of the Office of Contract Policy and Management webpage at: http://www.state.nj.us/humanservices/ocpm/home/resources/

   Applicants may contact the Division of Mental Health and Addiction Services Contract Unit at 609-777-0628 with general questions about the requirements in these manuals.
7. The applicant must demonstrate the ability to comply with all rules and regulations for any DMHAS program element of service proposed by the applicant.

8. Non-public applicants must demonstrate that they are incorporated through the New Jersey Department of State and provide documentation of their current non-profit status under Federal 501 (c) (3) regulations, as applicable.

9. The applicant must be a government entity or a corporation duly registered to conduct business in the State of New Jersey.

VI. Target Population

The DMHAS, as part of its approved Olmstead Settlement Agreement, has prioritized 16 individuals for discharge during FY 12 under this funding announcement. By submitting a proposal to develop supportive housing and related community support opportunities under this announcement, providers agree to accept without reservation all individuals referred jointly by DMHAS and DDD to the proposed program, subject to the terms of this announcement and subsequent services contract with DMHAS. Each proposal submitted may develop no more than five (5) housing opportunities as part of this funding announcement, in order to ensure sufficient agency resources, rigorous project focus, and timely acceptance of individuals into housing. Agencies may submit multiple proposals.

As of February 9, 2012, there were a total of 73 DDD service eligible individuals hospitalized in the DMHAS state hospital system. Of that total, 28 individuals were classified as CEPP (discharge ready) and were residing in the following state hospitals:

- Ancora Psychiatric Hospital (APH): 14
  County of residence prior to hospitalization:
  Atlantic 1  Cumberland 1
  Camden 5  Gloucester 4
  Ocean 3

- Greystone Park Psychiatric Hospital (GPPH): 6
  County of residence prior to hospitalization:
  Essex 2  Sussex 1
  Morris 1  Warren 2

- Hagedorn Psychiatric Hospital (HPH): 1
  County of residence prior to hospitalization:
  Bergen 1
The DMHAS and DDD jointly fund the Trinitas Regional Medical Center Statewide Clinical Consultation and Training (SCCAT) program. SCCAT clinicians can provide assistance for adult consumers in places of employment, day programs, and mental health and residential settings. SCCAT clinicians can provide face to face (outreach) assessments and/or telephone consultation. It is expected that agencies selected to provide residential support services as a result of this RFP will consult with the SCCAT program should crisis situations arise. The SCCAT program is also available to provide training for program staff and other provider agencies who may provide community services for consumers residing these residential programs.

Agencies must demonstrate evidence of affirmative linkage with primary medical care providers to ensure that individuals’ health needs are addressed holistically in cooperation with the agency. Agencies must also demonstrate evidence of effective linkage to existing services for the dually diagnosed population, including both mental health and developmental disabilities services. Additionally, applicants must describe how they will address the challenging behaviors and/or substance abuse issues manifested by some individuals under crisis conditions that may interfere with successful continued community tenure.

Staff of both Divisions will attempt to tailor referrals based on agency proposals, but any agency submitting a proposal under this announcement must be prepared to accept jointly made referrals as a condition of contracting. In no case will an agency receive a formal contract until it has accepted all referred individuals, to ensure that the Divisions’ obligations in this matter have been appropriately addressed. Following the final award of funding for this initiative, provider agencies will have 6 weeks to identify the individuals who they will serve as a result of this RFP.

VII. Housing Model and Supportive Housing Approach

Supportive Housing models can take a variety of forms, but all must be lease-based – whereby the consumer (or guardian as appropriate) holds a lease with the property owner (or sublease with the provider) with all the rights and privileges available as a tenant pursuant to New Jersey tenant-landlord laws – and each consumer must have their own bedroom. Housing can be offered in a range of building types, including

- Trenton Psychiatric Hospital (TPH): 7
  County of residence prior to hospitalization:
  - Burlington 1
  - Middlesex 2
  - Mercer 1
  - Monmouth 3
single-family homes, apartments, and condominiums. Within these housing types, individuals may be the sole occupant or share the housing with roommates. Sharing housing with other individuals is commonly called “shared living,” and involves an arrangement whereby each consumer has their own bedroom but share common living and eating space.

The proposal must discuss the targeted service population’s language, beliefs, norms, and values, as well as relevant socioeconomic factors affecting delivery of services and how the proposed service addresses issues of cultural competence and access.

Staff support is provided through a flexible schedule that is adjusted as consumer needs or interests change, up to and including 24/7 support. The supportive housing model encourages consumer use of community mental health and developmental disability resources, self-help centers, and employment and rehabilitation services, as needed and appropriate.

Applicants must include their rationale for choosing a particular housing model, including how the model will meet the needs of the individuals served, promote community inclusion and independence, adhere to supportive housing principles and support an individual’s wellness and recovery.

Agencies must tailor their offering of supportive housing with the needs and wishes of the intended individuals in mind. Since individuals’ wishes vary, agencies need to be prepared to offer an array of housing models tailored to the specific needs of specific individuals.

VIII. Service Outcome Requirements

The Division will monitor program outcomes, including timeliness of full service activation, and may include consumer satisfaction, community tenure, and achievement of identified wellness and recovery related goals. Successful applicants must agree to participate and respond to Division-generated data requests and evaluation protocols on a continuing basis. Successful applicants will be expected to participate and respond to data requests.

Additionally, program design must demonstrate how the agency will incorporate the following values and practices into ongoing operations:

- **Consumer driven and centered** - a fully collaborative partnership that encourages growth toward independence by recognizing consumer strengths and resources and addressing consumer-identified needs and priorities. Encouragement of
consumer development of Wellness and Recovery Action Plans (WRAP) is highly desirable.

- **Flexible, individualized services** – a mix of assistance, support and services provided in the individual’s home, including 24/7 (evening and weekends) on-site presence when needed; 24 hour on-call rapid response; and coordination with other programs (including but not limited to supported employment, self-help centers, outpatient, educational resources and day programs) to comprehensively support achievement of consumer goals.

- **Outcome orientation** – service provision will result in the attainment of measurable consumer outcomes;

- **Personal assistance approach** – a personal assistance style with an emphasis on education and skill development in activities of daily living, volunteer or paid employment, social relationships, recreation and appropriate use of primary mental health services.

- **Integration of primary healthcare, mental health treatment and developmental disability services** – addressing the medical conditions and healthcare needs of consumers in addition to the mental health, developmental disability, and psychosocial needs.

We anticipate that in the first 12 months of a consumer’s tenancy, the emphasis will be on the consumer’s adjustment to community living. Therefore, the program will minimally achieve the following outcomes:

i. Sustaining housing permanency is to be a main focus of services for all enrolled consumers. At least 85% of enrolled consumers will maintain this level of housing throughout the contract period.

ii. 100% of enrolled consumers will be linked to preferred and/or needed mental health and/or disability services, primary care, and dental services within 1 month of residency and/or one month of identification of the preference/need when need is not identified when individual is initially placed in housing. “Linked” shall mean referred to, accepted and actively participating in service.

iii. 100% of enrolled consumers will complete a Comprehensive Service Plan (CSP) as required by N.J.A.C. 10:37A. The program will incorporate the Wellness and Recovery Action Plan (WRAP) if the consumer has chosen to complete a WRAP into this CSP. The information gleaned through the WRAP will form the basis of the CSP. Consumers should be encouraged to share their WRAP plans with
other involved service providers to promote consistency and focus on the consumer’s stated needs, goals and preferences.

iv. 95% of consumers will engage in community living skills development activities towards attaining community integration.

As consumers achieve residential stability, the program will encourage goal attainment in areas that further the recovery process. Therefore, as consumers express interest and establish community tenure (9 - 12+ months), in addition to the above listed outcomes, the program minimally must achieve the following outcomes:

i. 80% of consumers will be linked to and use natural and community based social and enriching supports such as self-help centers/groups, friends and family, religious or other spiritual activities, etc. if identified as a need towards attaining one or more goals.

ii. 100% of enrolled consumers will be educated regarding Psychiatric Advance Directives (PAD) with a notation in the consumer’s records indicating his or her interest in completing a PAD. For those who indicate an interest, a PAD will be completed within a three-month timeframe from date of noted interest. As the DMHAS identifies system-wide benchmarks for completion of PADs, the program will achieve those targets.

IX. Clustering and Fiscal Consequences Related to Performance

Programs awarded pursuant to this RFP will be separately clustered until the DMHAS determines, at its discretion, that the program is stable in terms of service provision, expenditures, and, as applicable, revenue generation.

Contract commitments will be negotiated based upon representations made in response to this RFP. Failure to deliver contract commitments may result in a reduction of compensation.

Operating expenses for supportive services will be awarded no earlier than three months prior to commencement of service provision (including in-hospital consumer engagement activities). Should occupancy be delayed, through no fault of the service provider, funding continuation will be considered on a case-by-case basis based upon the circumstances creating the delay. In no case shall the Division be required to continue funding when service commencement commitments are not met and in no case shall funding be provided for a period of non- or incomplete occupancy in excess of 3 months. Should occupancy not be achieved and consequently services not rendered, funds provided pursuant to this agreement shall be returned to the Division.
X. Requirements for Submission

Proposals must address the following:

1. **Funding Proposal Cover Sheet.** Please use the Cover Sheet included in the RFP and place it on top of the entire RFP package.

2. **Indicate the number of consumers who will be placed into new permanent supportive housing units as a result of this initiative.**

3. **Provide your proposed admission criteria (inclusionary, and exclusionary if applicable).**

4. **Indicate your willingness to accept consumers referred by DMHAS/DDD staff and any barriers that you foresee in this process.**
   - Barriers may be related to housing funding sources that exclude consumers with certain criminal backgrounds, other residents of the program (i.e. domestic violence victims, age restrictions), etc.

5. **Please indicate the supportive housing services that will be provided with funding from this RFP, and which services will be arranged for elsewhere through other sources.**

6. **How will physical and behavioral health care needs (i.e. those listed below) be addressed by your Supportive Housing program?** Describe clear and effective strategies to address the identified consumers’ needs in a community setting as well as their fears, concerns, and reluctance regarding returning to the community. Describe how you will address the difficult behaviors such as the following, manifested by some consumers that may interfere with successful community tenure:
   - Incontinence
   - Challenging behavior
   - Catastrophic illness
   - Hepatitis
   - Diabetes with difficulties self-administering insulin/blood checks
   - Obesity
   - High Blood Pressure
   - Ambulation Impairment
   - Anger management
   - Fixed delusions
• Cognitive impairment (or brain injury)
• Metabolic Syndrome
• Legal issues
• Polydipsia
• Resistance to Hospital Discharge, and/or resistance to aftercare services

7. Describe an active plan to address consumers’ substance abuse issues, including how you would provide or access substance abuse services, incorporate substance abuse education, treatment, and support into a consumer’s array of services, and develop and maintain linkages and relationships with appropriate substance abuse services available in the community.

8. How will your Supportive Housing program promote/encourage Community Integration?

Supportive Housing services should be consumer driven and centered, increase self-direction and personal responsibility for one’s life, encouraging growth toward independence through education and skill development in activities of daily living, volunteer or paid employment, social relationships, recreation, transportation, and appropriate use of mental health and primary health care services.

9. How will Wellness & Recovery principles be integrated into the proposed service?

10. After reaching the full volume of consumer caseload, specify the number of additional consumers you expect to serve (and in what time period) if additional rental subsidies and one-time funds are provided.

Service needs are, over time, expected to decrease for the initial complement of consumers such that additional consumers can be added to the caseload in the future.

11. Provide a brief description of the housing model(s) that will be made available (single family homes, shared living, scattered site apartments, apartment building with mixed use, condominiums, etc).

Collaboration between service providers and housing developers is encouraged. Such collaborations must be evidenced by a Memorandum of Understanding (MOU) that delineates roles and responsibilities of the respective parties. Preference will be given to projects that demonstrate housing opportunities are already available, and to other similar projects.
already under development such as the Department of Community Affairs’ Special Needs Partnership and the NJ Housing Mortgage Finance Agency Initiative.

12. Include rationale for choosing this particular housing design (scattered site, single family, shared, mixed use, etc.) and how it comports with supportive housing principles.

13. Municipality (ies) and County (ies) where housing will be located

14. Provide a complete list of capital and operating funding to be used (source of capital and project or tenant-based rental assistance) if you are purchasing housing. If you are not purchasing housing, how will the rent be paid (do you need DMHAS funded subsidies, or are other subsidies available?)

- Purchased and project-based subsidized housing will be prioritized for award. If you plan project-based subsidized housing, a letter from the landlord with a promise of a five-year lease agreement for the units must be included.

15. Provide a detailed monthly timeline of activities from award notification, to engagement and placement of the target population.

16. Discuss the number of staff (direct service, administrative and support) that will be used for this initiative. Provide specific titles and qualifications for the staff as well as a rationale for selection of those staff persons.

17. Provide a work week schedule detailing how you will deploy the staff identified above to assure 24/7 on-site coverage in accordance with an individual’s assessed need so as to achieve optimum flexibility and responsiveness to consumers as his or her needs change.

18. Identify the units of service that you are committing to provide, defined in 15 contiguous minutes of face-to-face contact with the consumer, during the phase-in period and annually thereafter. Identify the average number of hours of service one client will receive per week at start-up.

19. Describe your experience and success in providing supportive services to, and the development of housing opportunities for individuals diagnosed with a mental illness and/or developmental disability in the community.

20. Statement of Assurances signed by Chief Executive Officer (Attachment C).

21. Signed Debarment Certification (Attachment D)
Applicants who do not currently contract with the DMHAS must also include the following:

a. Organization history including mission, and goals.
b. Overview of agency services.
c. Documentation of incorporation status.
d. Agency organization chart.
e. Agency code of ethics and/or conflict of interest policy.
f. Most recent agency audit.
g. Listing of current Board of Directors, officers and terms of each.
h. Documentation that agency meets qualifying requirements for DHS program contract.
i. Current Agency Licensure/Accreditation Status

Application program narratives must be no more than 15 pages in length, excluding budget detail and requested supporting documents, with a font size no smaller than 12. Pages must be clearly numbered.

XI. Budget Requirements

A program budget with the following characteristics must be submitted:

a. Provide a detailed budget using the Annex B categories for expenses and revenues, utilizing the Excel template that will be e-mailed based on the attendance list from the Bidders’ Conference. The budget must be presented in three clearly labeled separate columns:

   i. One to show the full annualized operating costs excluding one-time costs;
   ii. One to show only the one-time costs; and
   iii. One to show the phase-in amount excluding one-time costs.

b. Phase-in budget figures must be based on the date that the applicant proposes to commence services through the point at which the program is fully occupied. The budget must project revenues and explain assumptions of the methodology used to determine projections. The budget must also include funding needed (if any) to support rental subsidy costs.

c. All budget data, if approved and included in signed contracts, will be subject to the provisions of the DHS Contract Policy & Information Manual, and the DHS Contract Reimbursement Manual. These manuals can be accessed from the Office of Contract Policy and Management (OCPM) webpage at: http://dhs.state.nj.us/humanservices. The Contracting Manuals’ link is available from the webpage sidebar.
d. Budget Notes are often useful to help explain costs and assumptions made regarding certain non-salary expenses and the calculations behind various revenue estimates. Please note that reviewers will need to fully understand the budget projections from the information presented, and failure to provide adequate information could result in lower ranking of the proposal. Please provide Budget Notes if you believe such notes would assist the reviewers. Enter notes, to the maximum extent possible, on the budget template file itself.

e. Include name and addresses of any organization providing support other than third party payers.

f. For personnel line items, staff names should not be included, but the staff position titles and hours per workweek are needed.

h. Provide the number of hours associated with each line of any clinical consultant so that cost/hour may be considered by the evaluators.

i. Staff fringe benefit expenses may be presented as a percentage factor of total salary costs, and should be consistent with your organization’s current Fringe Benefits percentage.

j. If applicable, General & Administrative (G & A) expenses, otherwise known as indirect or overhead costs, should be included if attributable and allocable to the proposed program. Because administrative costs for existing DMHAS programs reallocated to a new program do not require new DMHAS resources, applicants that currently contract with DMHAS should limit your G & A expense projection to “new” G & A only by showing the full amount as an expense and the offsetting savings in other programs in the revenue section.

Please note that Supportive Housing is not currently reimbursable under Medicaid guidelines. When such reimbursement become available in the future, applicants successfully responding to this RFP will be required to enroll in the Medicaid program, bill for all covered services, for all covered individuals and to apply such revenue to their Supportive Housing programs. Applicants that are currently eligible to bill Medicaid for case management services are expected to do so, and should show projected Medicaid revenue in their proposed budget.

Required Respondent Assurances: Express written assurance that if your organization receives an award pursuant to this RFP you will pursue all available sources of revenue and support upon award and in future contracts including your agreement to obtain approval as a Medicaid-eligible provider. Failure to maintain certification may result in termination of the service contract.
XII. Mandatory Bidders Conference

All applicants intending to submit a proposal in response to this RFP must attend a mandatory Bidders’ Conference. Proposals submitted by an applicant not in attendance will not be considered. The Bidders’ Conference will be held at the following time and place:

Date: April 16, 2012  
Time: 10:00 A.M.  
Location: Division of Developmental Disabilities  
Conference Room 199 A and B  
5 Commerce Way  
Hamilton, NJ 08691

Agencies intending to submit proposals are asked to confirm their attendance with Ms. Cynthia Hamilton at 609-777-0678 (Cynthia.Hamilton@dhs.state.nj.us) at 609-777-0708, no later than two days prior to the Bidders’ Conference.

XIII. Submission of Proposals

All proposals are due to the offices below no later than 4PM, May 14, 2012. Submit your proposal in a single file PDF format via email to Al Glebocki, Division of Mental Health and Addiction Services at Al.Glebocki@dhs.state.nj.us and to Darlene Yannetta, Division of Developmental Disabilities, at Darlene.Yannetta@dhs.state.nj.us by 4 p.m. on May 14, 2012. Multiple PDF attachments and emails will not be accepted. Email a copy of the excel budget attachment to Elaine Welsh at Elaine.Welsh@dhs.state.nj.us and a copy to Joel Boehmler, Section Supervisor, DMHAS, at Joel.boehmler@dhs.state.nj.us. The email “subject” should include your agency name, and the proposal name and date. In addition, one original with signature page and six hard copies of the proposal narrative and budget must be submitted to the attention of Al Glebocki no later than 4:00 pm, May 14, 2012, at the following address:

Division of Mental Health and Addiction Services  
Capital Center, 50 E. State Street  
PO Box 727  
Trenton, NJ 08625-0727

You may mail or deliver your proposal, however, the DMHAS is not responsible for items mailed but not received by the DMHAS by the due date. Facsimile submissions will not be accepted. Any proposals received after the due date will not be considered.
Four hard copies and one electronic single file PDF format of the proposal must also be submitted by the same deadline to the County Mental Health Administrator(s) for the county (ies) in which housing is proposed for development. Please access the link below for the appropriate contact information of the County Mental Health Administrators: http://www.nj.gov/humanservices/dmhs/services/admin/.

**XIV. Review of Proposals and Notification of Preliminary Award**

There will be a review process for all timely submitted proposals that meet all the requirements outlined in this RFP.

A committee comprised of DMHAS and DDD Regional, Central Office and Contracts staff and DMHAS State Hospital staff will review the proposals. Recommendations from the County Mental Health Boards will be requested and carefully considered in the award determination process. Recommendations from the County Mental Health Boards should be submitted by no later than June 4, 2012 to ensure they are an integral part of the proposal evaluation process.

DMHAS and DDD recognize the invaluable perspectives and knowledge that consumers and family members possess regarding psychiatric services. Input from consumers and family members are integral components of a system that holds Wellness and Recovery principles at its core. Consequently, the Divisions will convene an advisory group consisting of consumers and family members to meet with members of the RFP review committee and provide their input regarding each of the proposals submitted. This input will be incorporated into the final deliberations of the review committee.

The DMHAS reserves the right to reject any and all proposals when circumstances indicate that it is in its best interest to do so. The Division’s best interests in this context include, but are not limited to, loss of funding, inability of the Applicant(s) to provide adequate services, and indication of misrepresentation of information and/or non-compliance with State and federal laws and regulations, existing Department Contracts, and procedures set forth in DHS CPIM Policy Circular P1.04.

The DMHAS will notify all applicants of preliminary award decisions by June 18, 2012.

**XV. Appeal of Award Decisions**

Appeals of any award determinations may be made only by the respondents to this request for proposals. All appeals must be made in writing and must be received by the DMHAS at the address below no later than 4:00p.m. on June 25, 2012. The written request must clearly set forth the basis for the appeal.
Appeal correspondence should be addressed to:

Lynn Kovich, Assistant Commissioner  
Division of Mental Health and Addiction Services  
Capital Center  
50 East State Street, P. O. Box 727  
Trenton, NJ 08625-0727

Please note that all costs incurred in connection with any appeals of DMHAS decisions are considered unallowable costs for purposes of DMHAS contract funding.

The DMHAS will review any appeals and render final decisions by July 3, 2012. Awards will not be considered final until all timely appeals have been reviewed and final decisions rendered.

Addendum to Request for Proposal
For Social Service and Training Contracts

Executive Order No. 189 establishes the expected standard of responsibility for all parties that enter into a contract with the State of New Jersey. All such parties must meet a standard of responsibility that assures the State and its citizens that such parties will compete and perform honestly in their dealings with the State and avoid conflicts of interest.

As used in this document, "provider agency" or "provider" means any person, firm, corporation, or other entity or representative or employee thereof that offers or proposes to provide goods or services to or performs any contract for the Department of Human Services.

In compliance with Paragraph 3 of Executive Order No. 189, no provider agency shall pay, offer to pay, or agree to pay, either directly or indirectly, any fee, commission, compensation, gift, gratuity, or other thing of value of any kind to any State officer or employee or special State officer or employee, as defined by N.J.S.A. 52:13D-13b and e, in the Department of the Treasury or any other agency with which such provider agency transacts or offers to transact business, or to any member of the immediate family, as defined by N.J.S.A. 52:13D-13i, of any such officer or employee, or any partnership, firm, or corporation with which they are employed or associated, or in which such officer or employee has an interest within the meaning of N.J.S.A. 52:13D-13g.

The solicitation of any fee, commission, compensation, gift, gratuity or other thing of value by any State officer or employee or special State officer or employee from any provider agency shall be reported in writing forthwith by the provider agency to the Attorney General and the Executive Commission on Ethical Standards.

No provider agency may, directly or indirectly, undertake any private business, commercial or entrepreneurial relationship with, whether or not pursuant to employment, contract or other agreement, express or implied, or sell any interest in such provider agency to, any State officer or employee or special State officer or employee having any duties or responsibilities in connection with the purchase, acquisition or sale of any property or services by or to any State agency or any instrumentality thereof, or with any person, firm or entity with which he is employed or associated or in which he has an interest within the meaning of N.J.S.A. 52:13D-13g. Any relationships subject to this provision shall be reported in writing forthwith to the Executive Commission on Ethical Standards, which may grant a waiver of this restriction upon application of the State officer or employee or special State officer or employee upon a finding that the present or proposed relationship does not present the potential, actuality or appearance of a conflict of interest.

No provider agency shall influence, or attempt to influence or cause to be influenced, any State officer or employee or special State officer or employee in his official capacity in any manner which might tend to impair the objectivity or independence of judgment of said officer or employee.
No provider agency shall cause or influence, or attempt to cause or influence, any State officer or employee or special State officer or employee to use, or attempt to use, his official position to secure unwarranted privileges or advantages for the provider agency or any other person.

The provisions cited above shall not be construed to prohibit a State officer or employee or special State officer or employee from receiving gifts from or contracting with provider agencies under the same terms and conditions as are offered or made available to members of the general public subject to any guidelines the Executive Commission on Ethical Standards may promulgate.
Attachment C

Department of Human Services

Statement of Assurances

As the duly authorized Chief Executive Officer/Administrator, I am aware that submission to the Department of Human Services of the accompanying application constitutes the creation of a public document that may be made available upon request at the completion of the RFP process. This may include the application, budget, and list of applicants (bidder’s list). In addition, I certify that the applicant:

- Has legal authority to apply for the funds made available under the requirements of the RFP, and has the institutional, managerial and financial capacity (including funds sufficient to pay the non Federal/State share of project costs, as appropriate) to ensure proper planning, management and completion of the project described in this application.

- Will give the New Jersey Department of Human Services, or its authorized representatives, access to and the right to examine all records, books, papers, or documents related to the award; and will establish a proper accounting system in accordance with Generally Accepted Accounting Principles (GAAP). Will give proper notice to the independent auditor that DHS will rely upon the fiscal year end audit report to demonstrate compliance with the terms of the contract.

- Will establish safeguards to prohibit employees from using their positions for a purpose that constitutes or presents the appearance of personal or organizational conflict of interest, or personal gain. This means that the applicant did not have any involvement in the preparation of the RLI, including development of specifications, requirements, statement of works, or the evaluation of the RLI applications/bids.

- Will comply with all federal and State statutes and regulations relating to non-discrimination. These include but are not limited to: 1) Title VI of the Civil Rights Act of 1964 (P.L. 88-352;34 CFR Part 100) which prohibits discrimination based on race, color or national origin; 2) Section 504 of the Rehabilitation Act of 1973, as amended (29 U.S.C. 794; 34 CFR Part 104), which prohibits discrimination based on handicaps and the Americans with Disabilities Act (ADA), 42 U.S.C. 12101 et seq.; 3) Age Discrimination Act of 1975, as amended (42 U.S.C. 6101 et. seq.; 45 CFR part 90), which prohibits discrimination on the basis of age; 4) P.L. 2975, Chapter 127, of the State of New Jersey (N.J.S.A. 10:5-31 et. seq.) and associated executive orders pertaining to affirmative action and non-discrimination on public contracts; 5) federal Equal Employment Opportunities Act; and 6) Affirmative Action Requirements of PL 1975 c. 127 (NJAC 17:27).

- Will comply with all applicable federal and State laws and regulations.
• Will comply with the Davis-Bacon Act, 40 U.S.C. 276a-276a-5 (29 CFR 5.5) and the New Jersey Prevailing Wage Act, N.J.S.A. 34:11-56.27 et seq. and all regulations pertaining thereto.

• Is in compliance, for all contracts in excess of $100,000, with the Byrd Anti-Lobbying amendment, incorporated at Title 31 U.S.C. 1352. This certification extends to all lower tier subcontracts as well.

• Has included a statement of explanation regarding any and all involvement in any litigation, criminal or civil.

• Has signed the certification in compliance with federal Executive Orders 12549 and 12689 and State Executive Order 34 and is not presently debarred, proposed for debarment, declared ineligible, or voluntarily excluded. The applicant will have signed certifications on file for all subcontracted funds.

• Understands that this provider agency is an independent, private employer with all the rights and obligations of such, and is not a political subdivision of the Department of Human Services.

• Understands that unresolved monies owed the Department and/or the State of New Jersey may preclude the receipt of this award.

READ THE ATTACHED INSTRUCTIONS BEFORE SIGNING THIS CERTIFICATION. THE INSTRUCTIONS ARE AN INTEGRAL PART OF THE CERTIFICATION.

Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion
Lower Tier Covered Transactions

1. The prospective lower tier participant certifies, by submission of this proposal, that neither it nor its principals is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by a Federal department or agency.

2. Where the prospective lower tier participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal.

Name and Title of Authorized Representative

Signature
Date

This certification is required by the regulations implementing Executive order 12549, Debarment and Suspension, 29 CFR Part 98, Section 98.510.
Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion

Lower Tier Covered Transactions

Instructions for Certification

1. By signing and submitting this proposal, the prospective lower tier participant is providing the certification set out below.

2. The certification in this clause is a material representation of facts upon which reliance was placed when this transaction was entered into. If it is later determined that the prospective lower tier participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.

3. The prospective lower tier participant shall provide immediate written notice to the person to whom this proposal is submitted if at any time the prospective lower tier participant learns that its certification was erroneous when submitted or had become erroneous by reason of changed circumstances.

4. The terms covered transaction, debarred, suspended, ineligible, lower tier covered transaction, participant, person, primary covered transaction, principal, proposal, and voluntarily excluded, as used in this clause, have the meaning set out in the Definitions and Coverage sections of rules implementing Executive Order 12549. You may contact the person to which this proposal is submitted for assistance in obtaining a copy of those regulations.

5. The prospective lower tier participant agrees by submitting this proposal that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is proposed for debarment under 48 CFR part 9, subpart 9.4, debarred, suspended, declared ineligible, or voluntarily excluded, unless authorized by the department or agency with which this transaction originated.

6. The prospective lower tier participant further agrees by submitting this proposal that it will include this clause titled “Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion--Lower Tier Covered Transaction,” without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.

7. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not proposed for debarment under 48 CFR part 9, subpart 9.4, debarred, suspended, ineligible, or voluntarily excluded from covered transactions, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the List of Parties Excluded from Federal Procurement and Non-procurement Programs.

8. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that
which is normally possessed by a prudent person in the ordinary course of business dealings.

9. Except for transactions authorized under paragraph 5 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is proposed for debarment under 48 CFR part 9, subpart 9.4, suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.
